SENATE CONCURRENT RESOLUTION

URGING THE DEPARTMENT OF EDUCATION TO RECOGNIZE AND REMEDY
STATEWIDE SCHOOL TRANSPORTATION INEQUITIES BY INCREASING
AND PRIORITIZING SCHOOL BUS SERVICES FOR SCHOOLCHILDREN
FROM LOW- TO MODERATE-INCOME FAMILIES.

1 WHEREAS, the United States Constitution requires that all
2 children be given equal educational opportunities regardless of
3 their race, ethnicity, religion, sex, socioeconomic status, or
4 citizenship; and

5
6 WHEREAS, access to safe and efficient transportation to and
7 from school is a fundamental part of public education's mission
8 to ensure all children have access to equal educational
9 opportunities; and

10
11 WHEREAS, a lack of school transportation services leads to
12 tardiness, absenteeism, and poor educational performances and
13 outcomes for schoolchildren; and

14
15 WHEREAS, students on the free or reduced meals program who
16 rely on receiving school meals are also negatively impacted by
17 lack of transportation services because an absence or tardy
18 could mean students missing crucial meals; and

19
20 WHEREAS, parents and guardians without reliable
21 transportation often must make difficult choices to ensure their
22 child can get to and from school, including having their child
23 stay with a relative or close family friend, resulting in
24 disruptions to the child's home life; and

25
26 WHEREAS, higher income families have the resources to
27 transport their children to and from school on time, which
28 dramatically decreases the likelihood of tardiness and
29 absenteeism, resulting in better student performances; and

WHEREAS, using personal vehicles to transport children to and from school increases traffic congestion in communities and delays families from completing their household and financial responsibilities on time; and

WHEREAS, while school bus route shortages existed before the current pandemic, COVID-19 has reduced the size of the school bus driver workforce by fifteen percent and has resulted in the suspension of at least thirty statewide school bus routes; and

WHEREAS, these critical statewide school bus service disruptions, specifically on the neighbor islands, widen the equity gap between low- and high-income families and contribute to learning loss amongst students who are chronically absent or tardy; and

WHEREAS, previous attempts to remedy the lack of school bus services, such as the Hele-On partnership with Hawaii County public schools to provide students with free monthly bus passes, have proven to be inadequate, unsafe for unaccompanied elementary schoolchildren, take longer than traditional school bus routes, and still transport students to school late; and

WHEREAS, to ensure children have equal opportunities to attend public school, it is urgent that the Department of Education increase school bus routes and services, particularly on neighbor islands and in rural areas; now, therefore,

BE IT RESOLVED by the Senate of the Thirty-first Legislature of the State of Hawaii, Regular Session of 2022, the House of Representatives concurring, that the Department of Education is urged to remedy transportation inequity by increasing more school bus routes, with priority given to the creation of routes that serve students from low- to moderate-income families; and

BE IT FURTHER RESOLVED that the Department of Education is urged to hire more school bus drivers to help remedy the lack of school bus service, especially on the neighbor islands and in rural areas; and
