November 1, 2022

The Honorable Ronald D. Kouchi President of the Senate and Members of the Senate Thirty-First State Legislature State Capitol, Room 409 Honolulu, Hawai'i 96813 The Honorable Scott K. Saiki Speaker and Members of the House of Representatives Thirty-First State Legislature State Capitol, Room 431 Honolulu, Hawai'i 96813

Aloha Senate President Kouchi, Speaker Saiki, and Members of the Legislature:

Pursuant to HRS section 27-43.6, which requires the Chief Information Officer to submit applicable independent verification and validation (IV&V) reports to the Legislature within ten days of receiving the report, please find attached the report the Office of Enterprise Technology Services received for the State of Hawai'i, Department of Transportation, Highways Division, Financial Management System Project.

In accordance with HRS section 93-16, this report may be viewed electronically at <u>http://ets.hawaii.gov</u> (see "Reports").

Sincerely,

1 mulas

Douglas Murdock Chief Information Officer State of Hawai'i

I. Introduction and Summary

A. Introduction

Department of Transportation Highways (DOTH) manages the planning, construction, and maintenance of the State of Hawaii's approximate 2,675 lane miles of highway on Oahu, Kauai, Maui, Lanai, Molokai, and Hawaii. DOTH's mission is to provide a safe, efficient, and accessible highway system through the utilization of available resources in the maintenance, enhancement, and support of land transportation facilities. DOTH's primary function is to plan, design, and supervise the construction and maintenance of the State's highway system.

DOTH commissioned an ERP System Integrator (hereinafter referred to as "SI"), in March 2021 to provide an accounting system solution that would modernize certain State of Hawaii, Department of Transportation, Highways Division (DOTH) IT systems, associated systems, and business processes, including fully replacing DOTH's legacy Highways Financial Accounting System (HWYAC) and certain software components of DOTH Districts' AS400 systems.

The new DOTH Financial Management System (H4) will utilize SAP S/4HANA Cloud ERP and will cover DOTH Business Processes of Budget, General Ledger, Accounts Payable, Accounts Receivable, Lease Management, Fixed Assets, Procurement, Project & Grant, Federal Billing, Human Resources, Time and Labor, Payroll, Inventory Management, Plant Maintenance, Reporting, and Analytics.

DOTH also acquired a contract with IT Management Consulting Firm, Ohanasoft (hereinafter referred to as

"IV&V"), to provide information technology independent verification and validation consulting services for the implementation of the DOTH Highways Financial Management System. The IV&V contractor's role is to provide an objective, neutral, third-party view of the implementation of the Highways Financial Management System with the intent of protecting the State's interests for success of the project. Throughout the system implementation, the IV&V team will perform ongoing project IV&V activities and will identify issues/deficiencies/risks with the System implementation project, provide feedback and recommendations for mitigation and improvement, and provide on-going reporting on project activities.

The observation, feedback, and recommendations provided by IV&V are IV&V's own opinions, and IV&V is not a decision-maker of any activities in the H4 project implementation. IV&V makes no assurance, guarantee, or other promises as to the success of H4 project and is not responsible and not liable for the outcome of the H4 Project.

B. Summary

The H4 Project has a new target Go-Live date of July 1st, 2023. This is 12-months later than the original Go-Live target date. SI plans to reassess the timeline once all Process Design Documents (PDD) are approved. Currently, most of the PDDs are approved with FHWA PDDs remaining. The Project Plan has not been submitted yet and SI is deferring the task to post-PDD completion.

There is a high level of concern that the new Go-Live date will not be met with the remaining number of tasks, however the Project will have better accountability once the Project Plan is established. It will be easier to determine the status of the Project once the Realize Phase activity has progressed with deliverables that can be reviewed.

The Requirements Traceability Matrix (RTM) document continues to be presented module by module and Purchasing RTM was reviewed in September.

The Plant Maintenance (PM) module scope discussion and full requirements analysis sessions have taken place. SI submitted two change orders regarding the implementation scope and timeline of the PM module for DOTH review. Initial discussion of PM implementation in November 2021 led to the consideration of a full AS400 replacement. SI requested DOTH gather requirements and DOTH held sessions to collect the full set of requirements needed to replace AS400. After SI analyzed the presented requirements, however, SI stated there were more requirements than anticipated and implementing all the gathered requirements and entirely replacing AS400 might be beyond the project scope and would require a change to the project.

Functional Specification Documents (FSD) are being developed, however the Deliverable Expectation Document (DED) has not been agreed on and approved yet. This poses some risk or re-work with the FSD.

Situations continue to arise where DOTH requirements and processes need to be re-explained. Continued efforts are required for more feedback, participation, and collaboration during the meetings and deliverable reviews. Since meeting sessions are being recorded, H4 Project Team members should take advantage of these recordings to further understand DOTH processes and the upcoming H4 system.

As stated in previous reports, many changes to the H4 Project have been discussed and new announcements were made. It is recommended that SI and DOTH come to an agreement on the future direction of the project -- including a revised project plan, schedule, requirements, scope, training, and any contractual consequences on delaying the Go-Live date -- and prepare a written change order.

The SI Project Manager has taken on the role of project management for another project with the State of Hawaii Financial Management System and this poses a potential risk to the H4 Project, specifically not being able to fully concentrate on the H4 Project.

H4 is in the Explore Phase. The Explore Phase has been extended and the current target date is "asap". New Go-Live date is July 1, 2023. A few realize phase activities have been started.

- Prepare Phase: Define Strategy, Project Initiation, Project Standards, Technical Requirements.
- Explore Phase: Business Workshops and Requirements, Fit-Gap Analysis, Technical Solution Design, Testing Strategy, Training Strategy
- Realize Phase: Organization Alignment, Knowledge Transfer, Build, Development, Unit Test, Integration Test
- Deploy Phase: Support Plan, Training Delivery, Cutover Plan, User Acceptance, Simulations, Go/No-Go Decision
- Production: Cutover, Go-Live, Hypercare Support, Transition to Operations, Project Closeout

III. IV&V Findings – Observations, Risk, Issue and Feedback/Mitigation

A. Subject Category: Schedule Management

Schedule Management: Observation, Risk, Issue and Feedback/Mitigation

Issue

ORI ID: I-210531-02

The final Project Plan/Implementation Schedule has not been approved by DOTH and the deliverable is not completed. This is a foundational document for a project management and scheduling, and it is one of the most critical deliverables. Delay in the Project Plan and Implementation Schedule pose decreased confidence in being able to manage project resources efficiently and meet the final Go-Live date. Also, without the Project Plan and the Implementation Schedule DOTH has limited project visibility and it will impact schedule and resource management. It is currently unknown, at a detail level, if the number of resources are adequate to complete the project on schedule. Earlier versions of the Project Plan were not accepted partly because of oversubscribed resources and incorrect dates (i.e., one consultant or DOTH team member working more than 40 hours in a week, etc.)

Feedback/Mitigation/Updates

It is recommended that SI complete Project Plan/Implementation Schedule as soon as possible.

Project Plan/Implementation Schedule Submission History:

11/16/2020: The initial project plan was submitted and returned back to SI after DOTH review due to incompleteness.

12/21/2020, 4/26/2021, 6/14/2021, 7/1/2021: Updated project plan was submitted by SI but returned back to SI after DOTH review due to incompleteness.

8/4/2021: Updated project plan was submitted by SI but DOTH requested a revision.

9/02/2021: No updates have been submitted to DOTH. Revised Acceptance Date: 9/30/2021.

9/16/2021: DOTH interviewed an assistant project manager candidate on 9/7/2021.

9/30/2021: No updates have been submitted to DOTH.

10/5/2021: SI Assistant Project Manager submitted the revised project plan. DOTH has a meeting with the SI Assistant Project Manager and requested a revision due to the project plan being incomplete.

10/13/2021: SI Assistant Project Manager submitted the revised project plan and DOTH will hold a review meeting on 10/22/2021.

10/25/2021: DOTH had a meeting with the SI Assistant Project Manager to review Project Plan/Implementation Schedule. Progress has been made, however some data such as the dates and % completion need to be corrected.

11/10/2021: SI Assistant Project Manager submitted the revised project plan and DOTH will hold a review meeting on 11/24/2021.

11/24/2021: SI Assistant Project Manager and DOTH Project Manager worked together via Teams and updated and fixed the Project Plan. There will be a follow up meeting.

12/31/2021: SI Assistant Project Manager and DOTH Project Manager worked together via Teams and updated and fixed the Project Plan. It is still not complete.

1/31/2022: No new major update. The document is making incremental progress, however it is not completed yet.

2/28/2022: No new major update. It is still incomplete.

3/31/2022: The Assistant Project Manager left the H4 implementation project. The Project Manager will continue to work on the Project Plan/Implementation Schedule. 4/29/2022: No major updates. A new Go-Live date will be set after PDDs are approved by DOTH.

5/31/2022: No major updates.

6/30/2022: No major updates.

7/31/2022: No major updates.

8/31/2022: The new assistant project manager will be revising Project Plan/Implementation Schedule with updated Go-Live Date of 7/1/2023.

9/30/2022: No major updates.

Schedule Management: Observation, Risk, Issue and Feedback/Mitigation

Issue

ORI ID: I-210930-01

SI extended the Explore Phase one month to complete the explore workshops and deliverables including Document Fit/Gap Analysis, Process Design Documents (PDD), and Requirements Traceability Matrix. This item also impacts the subject category of Risk/Issue Management and Data Conversion.

Feedback/Mitigation/Updates

Schedule should be reviewed and adjusted as needed.

10/15/2021: No major updates.

10/31/2021: It is extended again to the middle of November 2021.

11/18/2021: The Explore Phase has not been completed yet.

12/2/2021: The Explore Phase has not been completed yet. There is no specific target date forecasted by SI.

12/31/2021: The Explore Phase has not been completed yet. There is no specific target date forecasted by SI.

1/31/2022: There is progress made with PDD, however Fit/Gap and RTM are being worked on as lower priority. Not completing RTM is leading to missed requirements that need additional explore sessions.

2/28/2022: PDD priorities were created and PDD reviews and validations are in progress.

3/31/2022: PDD reviews and validations are in progress. There is no specific target date forecasted by SI.

4/29/2022: A target date for Explore Phase closure was determined to be 5/31/2022. SI will schedule RTM meetings starting on the week of 5/9/2022.

5/31/2022: PDDs are still being reviewed. The first RTM review was held on 5/25/2022.

6/30/2022: Plant Maintenance, FHWA, and AR PDDs are still being reviewed and updated. The RTM review is in progress.

7/15/2022: Plant Maintenance and FHWA are still being reviewed and updated. The RTM review is in progress.

8/15/2022: Plant Maintenance PDDs have been conditionally approved. RTM is making progress.

9/30/2022: FHWA PDD is being reviewed and updated. RTM and Fit/Gap documents still need to be completed.

Schedule Management: Observation, Risk, Issue and Feedback/Mitigation

Issue

ORI ID: I-220114-03

According to the project timeline, Wave 2 was supposed to start in December 2021. However, there are currently no Wave 2 activities that IV&V team is aware of, including Wave 2 Kick-off meeting.

Feedback/Mitigation/Updates

At the current rate of progress, a Go-Live date of August 1st, 2022 will be extremely difficult to meet.

The project schedule is planned will be revisited in mid-February for possible updates in the schedule. Wave 2 is planned after the completion of the Wave I Explore phase. The Wave 2 schedule should be revisited at the same time as the Wave I schedule update.

Section: IV&V Findings – Observations, Risk, Issue and Feedback/Mitigation

11 | Page

STATE OF HAWAII, DEPARTMENT OF TRANSPORTATION, HIGHWAYS DIVISION

Schedule Management: Observation, Risk, Issue and Feedback/Mitigation

2/28/2022: The new Go-live date was tentatively planned to be updated in mid-February, however it was not announced by SI and it will be discussed after PDDs are complete. Wave 2 is also postponed, however the new time frame has not been proposed yet. Currently, there are no Go-Live date or Wave 2 timeline.

3/31/2022: SI needs to set a new Wave 1 Go-Live date and Wave 2 timeline.

4/29/2022: New Go-Live date will be re-assessed after PDDs are completed and accepted by DOTH in the Explore Phase.

5/31/2022: No major updates. The project may need a change order to accommodate the current status of the project.

6/30/2022: SI mentioned that Wave 2 will start in July, 2022.

7/31/2022: No major updates.

8/31/2022: No major updates.

9/15/2022: SI shared information about SBP being replaced with a newer application in the near future and mainstream support will end in 2025 with optional two-year support extension.

9/30/2022: SI stated that additional information about SBP or its possible replacement application will be provided soon for DOTH review.

Schedule Management: Observation, Risk, Issue and Feedback/Mitigation

Issue

ORI ID: I-220331-01

SI stated during the PMO meeting in February 2022 that a Go-Live date of Plant Maintenance will be reassessed and proposed with consideration of a phased approach (going live without PM) instead of the Big-Bang approach.

Feedback/Mitigation/Updates

SI needs to propose if the Plant Maintenance module will be included in the Wave 1 Go-Live given the project is delayed and Plant Maintenance could take away the needed resources to be able to focus and complete Wave 1 implementation which will replace HWYAC.

4/29/2022: DOTH started to collect and compile Plan Maintenance, Inventory, and other AS400 requirements per SI's request.

5/27/2022: DOTH presented AS400 requirements and is working on the finalization of the RTM including DMR, Inventory, Complaints, Litigation, Meals, Overtime Requests, Gas & Oil, Motor Pool, etc.

6/30/2022: SI is analyzing Plant Maintenance Requirements and will present a few options to DOTH.

7/31/2022: SI stated during the PMO that PM Requirements analysis will be presented after PM PDDs are approved.

8/31/2022: Multiple Plan Maintenance meetings were held and H4 Project Team reviewed PM requirements. The H4 Project Team started to review the requirements marked Wave III and most of them were changed to Wave I by reassessing the requirements or by identifying workaround solutions.

9/30/2022: SI submitted two change orders with two different time lines and two different scopes for DOTH to evaluate.

Schedule Management: Observation, Risk, Issue and Feedback/Mitigation

Issue

ORI ID: I-220331-02

The Go-Live date of Wave 2 for Budget and Planning (SBP) has not been set yet.

Feedback/Mitigation/Updates

Impact H

Impact

The Go-Live of Wave 2 for Budget and Planning (SBP) needs to be set as soon as possible because it impacts the project plan, resource scheduling, and project management. It is recommended to weigh the pros and cons of merging Wave 1 and Wave 2 given that there is significant delay in the project progress. 4/29/2022: No major updates. In accordance with meetings and discussions, it should be carefully considered that SBP goes live with other modules at once because it will eliminate any additional reconciliation process and streamline the whole end-to-end budget procedures if SBP goes live at the same time as FM.

5/31/2022: The issue of not discovering SBP functions and incorporating them into the current solution design was discussed again during the Project System PDD review. It is recommended that SBP functions and features need to be reviewed and considered when developing solution designs for Fund Management, Project System, FHWA requirements.

6/30/2022: No major updates.

7/31/2022: No major updates.

8/31/2022: No major updates.

9/30/2022: SI will provide additional information for SBP or its replacement application, because SBP is planned to be unsupported in the near future.

Schedule Management: Observation, Risk, Issue and Feedback/Mitigation

Risk

ORI ID: R-220930-01

Functional Specification Documents are being developed before DED is approved by DOTH.

Feedback/Mitigation/Updates

It is recommended that SI and DOTH come to mutual agreement of DED before starting FSD.

B. Subject Category: Resource Management

Resource Management: Observation, Risk, Issue and Feedback/Mitigation

Issue

ORI ID: I-220131-02

A few SI consultants are missing some DOTH requirements and PDD documents are not covering all the DOTH processes and requirements. Certain information is incorrect in the PDDs and it is unsure whether SI consultants have a full understanding of DOTH processes and requirements. Some consultants seemed to have limited experience with DOTH and FHWA and need more time to understand information related to DOTH and FHWA processes.

Feedback/Mitigation/Updates

SI and DOTH should confirm that the consultants meet the qualifications as stated in the RFP equivalent work experience.

2/28/2022: A high turnover on top of the limited DOT experiences of the consultants has been an issue that makes the project more challenging to be implemented. Another consultant (FHWA Billing) left the H4 project. SI found a replacement consultant, but he has not come to DOTH on-site yet.
3/31/2022: A new FHWA Billing consultant joined the H4 project and started to work on AR and FHWA Billing. Waterfall funding and FHWA solution are still in development. If there is turnover, it should be ensured that the consultant meets the qualification stated in the RFP. Consultants who are unfamiliar with FHWA and DOTH requirements should attend other relevant meetings, especially including FHWA, to bridge the FHWA and DOTH knowledge gaps.
4/29/2022: No major updates. Consultants including the new FHWA Billing resource continue to develop FHWA solution design.
5/31/2022: RTM review started on 5/25/2022 with HCM, Payroll, and Timesheets. RTM review will ensure that consultants cover all the requirements.
6/30/2022: The limited DOTH experience on FHWA and the high turnover of consultants are causing multiple and duplicate discovery sessions over and over again, e.g., there were DOTH lead whiteboard/discussion sessions explaining Waterfall Funding, Split, End to End Process, FHWA scenario-based

requirements, etc. on 9/14/2021, 11/17/2021, 12/8/2021, 1/31/2022, 4/12/2022.

7/31/2022: Progress has been made through additional meetings and discussions.

8/31/2022: Meetings for Plant Maintenance, FHWA PDD, and Charge Codes mapping were held and more requirements were discovered and discussed. 9/30/2022: A few consultants still do not seem to fully understand DOTH business requirements and terminologies.

Resource Management: Observation, Risk, Issue and Feedback/Mitigation

Risk

ORI ID: R-220825-01

The Project Manager is supposed to be a full-time project manager for H4 Project. However, the current Project Manager will be managing another project - State of Hawaii Financial Management System (FAMIS Replacement Project).

Feedback/Mitigation/Updates

The H4 contract states the project manager position to be a full-time position. It is recommended that SI and DOTH have a discussion to see if this is allowable/acceptable and it does not cause conflict of interest and schedule.

9/30/2022: SI Project Manager is attending fewer meetings than before.

Resource Management: Observation, Risk, Issue and Feedback/Mitigation	
Risk	Impact
ORI ID: R-220930-03 Procurement Consultant left the H4 project.	
Feedback/Mitigation/Updates	
It is recommended that SI find replacement consultant.	

C. Subject Category: Quality Management

 Quality Management: Observation, Risk, Issue and Feedback/Mitigation
 Impact

 Issue
 ORI ID: I-220617-01

 There are some discrepancies between the DED and the deliverable document from time to time and thus those documents are considered incomplete based on DED. The deliverable documents should be cross checked with the approved DED to ensure all planned content is covered.

 This item also impacts the subject category of Documentation.
 Feedback/Mitigation/Updates

 It is recommended that DEDs are properly followed in order for both parties to have accurate mutual expectations.
 7/31/2022: H4 Project Team is working together to reach an agreement.

 8/31/2022: DEDs are being reviewed and updated.
 9/30/2022: DEDs are being reviewed and updated.

Quality Management: Observation, Risk, Issue and Feedback/Mitigation

Risk

ORI ID: R-220930-02

SI stated that CRP will mainly consist of H4 functions and features demonstrations. It will not include DOTH hands on testing as part of the CRP.

Feedback/Mitigation/Updates

It is recommended that SI and DOTH come to mutual agreement of DED of CRP. It is recommended that there are more opportunities for DOTH to provide feedback for the developing H4 System during the CRP process.

D. Subject Category: Communication Management

Communication Management: Observation, Risk, Issue and Feedback/Mitigation

Issue

ORI ID: I-220131-8

There are some requirements and processes that impact multiple modules, including waterfall funding, FHWA, etc. However, information often are siloed and it seems to be not communicated to the other consultants frequently. This results in multiple consultants asking for the information on a same topic each time at different meetings.

Feedback/Mitigation/Updates

More coordination and collaboration is needed to design and develop an integrated solution.

Proactively communicate with other consultants on topics that may be relevant for another consultant.

Meeting recordings should be utilized to understand the relevant topic for the related process in another module.

All key project team members to attend the meetings related to critical core requirements such as waterfall funding.

Analyze each meeting's agenda to see if there are other consultants that should attend for related information.

2/28/2022: There is another consultant who is leaving the project and a replacement consultant has not participated in a meeting, and these turnovers are adding difficulty to the current communication issue.

3/31/2022: More collaboration is expected among SI consultants where it requires integrated solutions such as Waterfall Funding, FHWA Billing, Labor, etc. When DOTH staff inquiries about solutions that integrate across two or more functions between H4 modules, DOTH staff should also be provided with the integrated solution answer as opposed to separate or siloed bits of information of each H4 module.

4/29/2022: Efforts were made to improve communication and collaboration. (E.g., Rules of Engagement prepared by SI)

5/31/2022: Collaboration made progress. For example, some requirements that impact multiple areas have been referenced by multiple PDDs of different areas. However, there are still some communication improvements to be made between SI consultants.

6/30/2022: More coordination and collaboration could be made where cross module interaction is needed.

7/31/2022: More coordination and collaboration were present during the PDD reviews.

8/31/2022: Some DOTH requirements that were presented and discussed previously were asked to be revisited again in the meetings.

9/30/2022: Improvements still need to be made in communication and collaboration between SI consultants.

E. Subject Category: Contract Management

Contract Management: Observation, Risk, Issue and Feedback/Mitigation

Risk

ORI ID: R-220617-01

SI is analyzing Plant Maintenance (PM) requirements that DOTH created to assess which requirements can be implemented for Wave 1 and later phase. SI proposed the following options and H4 Project Team decided to implement Proposal 1.

Contract Management: Observation, Risk, Issue and Feedback/Mitigation

- Proposal 1: Implement Plant (PM) features and functionalities in SAP

- Proposal 2: Continue using AS400 for Maintenance, Build an Accounting interface (only Time, Costs, Material) to SAP for posting to various Cost Centers / Projects / General Ledgers

Feedback/Mitigation/Updates

It is recommended to come to a scope agreement asap to ensure there are focused efforts toward the implementation with what is inside the scope. 6//17/2022: DOTH elected Proposal 1 for the PM implementation and AS400 replacement, however after reviewing DOTH requirements for AS400 replacement SI suggested that full implementation to meet all the PM requirements defined by DOTH is not doable with the current budget. SI is assessing the requirements that DOTH prepared and will be presenting with options on how to move forward. 7/31/2022: SI stated during the PMO that PM Requirements analysis will be presented after PM PDDs are approved. 8/31/2022: Plant Maintenance requirements are being reviewed and discussed during the multiple meetings this month. 9/16/2022: Multiple PM meetings were held to review and discuss PM requirements. 9/30/2022: SI submitted two change orders for DOTH to evaluate regarding the scope of Plant Maintenance implementation.

Contract Management: Observation, Risk, Issue and Feedback/Mitigation

Observation

ORI ID: O-220930-01

SI submitted two Change Orders regarding implementation scope and timeline of Plant Maintenance module.

Feedback/Mitigation/Updates

It is recommended that SI and DOTH come to a mutual agreement regarding Change Orders to continue making progress on the H4 Project without any additional delay.

F. Subject Category: Requirement Management (Processes, Requirements and Fit/Gap)

Requirement Management: Observation, Risk, Issue and Feedback/Mitigation

Issue

ORI ID: I-211021-03

It is difficult for DOTH users to understand and validate PDD because:

Requirement Management: Observation, Risk, Issue and Feedback/Mitigation

- Some requirements were not reviewed and some were not discussed in detail. Clarification and SAP solutions for requirements have not been properly documented.

- The project team training was conducted, however it was a generic introduction to SAP using PowerPoint slides. It didn't address DOTH requirements directly.

- There were not enough hands-on trainings to understand SAP functions and features. Therefore, DOTH users are having a difficult time applying them to DOTH requirements.

- Some DOTH critical core requirements were not discussed early enough in detail and not documented properly.

This item also impacts the subject categories of Documentation and Training and Knowledge Transfer.

Feedback/Mitigation/Updates

It is recommended that:

- SI and DOTH should confirm whether all the requirements are reviewed, clarified, and included in PDD.

- More training catered to DOTH should be provided.

- Core requirements should be considered to be a higher priority.

11/18/2021: No major updates.

12/2/2021: No major updates.

12/31/2021: No major updates.

1/31/2022: All the initially planned PDD documents are submitted at least once. Most of them are going through rounds of DOTH's reviews and discussions. There were difficulty with understanding the PDD from each of the module having a different style and format for the process description and it was not standardized. Most of the PDD documents were showing incomplete information and DOTH asked for a revision. PDDs for Waterfall Funding, FHWA Billing and Plant Maintenance are still not submitted.

2/28/2022: More PDD sessions took place and SI showed SAP functionalities and processes in Sandbox, which helped DOTH understand PDDs better.

However, there are still concerns about not being able to fully understand the document and SAP functionalities.

3/31/2022: PDD sessions continued to take place but DOTH users were still having difficult time understanding PDDs. More training and knowledge transfer need to be delivered to the DOTH Project Team.

4/29/2022: PDDs review and discussion sessions continued to take place regarding Waterfall Funding/Split, Payroll, Billing including Flexible Match, Taper Match, Central Federal Land, and County Pass Through, etc. More training and knowledge transfer are needed.

5/31/2022: All PDDs including FHWA Billing and Waterfall Funding are submitted and they are being reviewed.

6/30/2022: DOTH is having difficulty understanding and reviewing Plant Maintenance and FHWA PDDs.

7/31/2022: Improvements have been made, but there are a few remaining PDDs.

8/31/2022: All PDDs are conditionally approved except FHWA and it is currently being reviewed and updated.

9/30/2022: A few more meetings were held to review and validate FHWA PDD, which is still in progress.

Impact

Requirement Management: Observation, Risk, Issue and Feedback/Mitigation

Issue

ORI ID: I-211028-09

The Document Fit/Gap Analysis was delayed and has not been completed.

Feedback/Mitigation/Updates

It is recommended that SI complete the deliverable as soon as possible.

11/18/2021: No major updates.

12/2/2021: No major updates.

12/31/2021: No major updates.

1/31/2022: No major updates. This is directly impacting the project schedule.

2/28/2022: No major update.

Requirement Management: Observation, Risk, Issue and Feedback/Mitigation

3/31/2022: No major updates.

4/29/2022: SI is targeting Fit/Gap Analysis to be completed by 5/31/2022.

5/31/2022: No major updates.

6/30/2022: No major updates.

7/31/2022: No major updates.

8/31/2022: No major updates.

9/30/2022: No major updates.

Requirement Management: Observation, Risk, Issue and Feedback/Mitigation

Observation

ORI ID: 0-220328-01

Journal Entries (JE) that H4 generates in the various business areas, such as procurement, payable, receivable, billing, fixed asset, payroll, etc., had not been reviewed. DOTH recently asked journal entry questions by submitting journal entry forms with DOTH business scenarios "Procure to Fixed Assets," and SI filled out the forms and did a presentation on 3/28/2022.

Feedback/Mitigation/Updates

4/29/2022: DOTH needs to follow up on a few outstanding items. (E.g., Fixed Asset Appropriations, Sub-Divisions, etc.)

5/31/2022: H4 Project Team needs to discuss and resolve any issues or concerns regarding journal entries.

6/30/2022: Journal Entries are being reviewed and verified.

7/18/2022: DOTH submitted questions and comments regarding Procure to Fixed Assets journal entries to SI.

8/31/2022: No major updates.

9/14/2022: DOTH received responses to the questions DOTH submitted regarding Fixed Asset journal entries.

9/30/2022: DOTH submitted additional questions and provided comments.

Requirement Management: Observation, Risk, Issue and Feedback/Mitigation

Issue

ORI ID: I-220731-01

RTM reports are being submitted by each module. There is difficulty cross-checking the information with supporting documents because of missing information. This item also impacts the subject category of Reports and Analytics.

20 | Page

Requirement Management: Observation, Risk, Issue and Feedback/Mitigation

Feedback/Mitigation/Updates

WRICEF ID Number information does not specify what PDD document the WRICEF item is in and it is difficult to cross check and find the corresponding WRICEF information in PDD. It is not possible to review and validate the Reports items because the reports information such as column fields names or sample reports have not been provided to DOTH.

8/31/2022: PDDs and RTM are being updated so that WRICEF items are cross-checked efficiently.

9/30/2022: No major updates.

G. Subject Category: Solution Design and Configuration

Solution Design and Configuration: Observation, Risk, Issue and Feedback/Mitigation

Issue

ORI ID: I-220114-01

SI presented the Waterfall Funding solution with three options: Front-End Split, Back-End Split, and Hybrid. These options were already presented and discussed during the procurement process and, currently, nine-months into the project there is still no solid resolution or decision regarding the Waterfall Funding requirement.

Feedback/Mitigation/Updates

Waterfall funding is a Critical Core Requirement and design solution should be completed as soon as possible, especially since it impacts multiple areas of the System, and it may also impact the schedule.

2/10/2022: A Waterfall Funding meeting was held and the H4 Project Team discussed three options, improvement types, and programs codes. Review and updates are in progress.

3/31/2022: No major updates. SI and DOTH need to collaborate to decide on the solution design.

4/27/2022: More Waterfall Funding and Billing meetings were held. DOTH is waiting for FHWA PDD.

5/24/2022: FHWA and Waterfall Funding PDD meeting was held and the PDD is being reviewed.

6/30/2022: FHWA PDD is being reviewed and updated.

7/26/2022: FHWA PDD meeting was held and the PDD is being updated.

8/31/2022: FHWA PDD meeting were held and the PDD is being reviewed and updated.

9/8/2022: FHWA PDD meeting was held and utility agreement was discussed.

9/30/2022: FHWA PDD meeting was held and FHWA solution designs for various business cases were reviewed and discussed.

H

IV. Meetings and Discussions Participated for the Month of September 2022

	d Discussions		
Meeting ID	Meeting Date	Meeting Title	Meeting Description
M220901-1	9/1/2022	Weekly Project Status Meeting	A Weekly Project Status meeting was held to report project management status, key milestones, high-level activities, and deliverable status.
M220901-2	9/1/2022	Discuss Journal Entries for FHWA PDD	A meeting was held to review In-Kind accounting entries.
M220902-1	9/2/2022	Discuss AS400 requirements for H4	A meeting was held to review AS400 requirements: inventory, meal entry.
M220902-2	9/2/2022	Discuss updates to PO RTM DOTH comments	A meeting was held to review PO RTM comments.
M220906-1	9/6/2022	continued - Discuss AS400 requirements for H4	A meeting was held to review AS400 requirements: mileage, overtime request, personnel.
M220907-1	9/7/2022	continued - Discuss AS400 requirements for H4	A meeting was held to review AS400 requirements: motor pool, PR, store issue.
M220907-2	9/7/2022	Discuss Fixed Assets reports for LSI	An internal DOTH meeting was held to discuss Fixed Asset reports.
M220908-1	9/8/2022	Weekly Project Status Meeting	A Weekly Project Status meeting was held to report project management status, key milestones, high-level activities, and deliverable status.
M220908-2	9/8/2022	continued - Discuss Journal Entries for FHWA PDD	A meeting was held to review in-kind match journal entries and Utility Agreements.
M220912-1	9/12/2022	Overview of DOTH H4 SAP System	A meeting was held with FHWA for SI to present H4 design and major functionalities.
M220912-2	9/12/2022	continued - Discuss AS400 requirements for H4	A meeting was held to review AS400 requirements: Wave I WRICEF.
M220913-1	9/13/2022	continued - Discuss AS400 requirements for H4	A meeting was held to review AS400 requirements: Wave I WRICEF.
M220915-1	9/15/2022	Weekly Project Status Meeting	A Weekly Project Status meeting was held to report project management status, key milestones, high-level activities, and deliverable status.
M220915-2	9/15/2022	Internal PMO follow up	An internal DOTH meeting was held to discuss PM options.
M220916-1	9/16/2022	Discuss CIP Labor journal entries	An internal DOTH meeting was held to discuss CIP labor journal entries.
M220920-1	9/20/2022	Discuss FAMIS reconciliation of Purchase Orders	A meeting was held to discuss FAMIS reconciliation of PO.
M220920-2	9/20/2022	Discuss Fixed Asset Reports and Conversions	A meeting was held to discuss Fixed Asset reports requirements.
M220921-1	9/21/2022	Discuss DEDs	A meeting was held to discuss DEDs: CRP, FSD.
M220921-2	9/21/2022	AS400/ HIPP File format Discussion	A meeting was held to discuss file formats of AS400 and HIPP.

STATE OF HAWAII, DEPARTMENT OF TRANSPORTATION, HIGHWAYS DIVISION

Meetings an	d Discussions		
Meeting ID	Meeting Date	Meeting Title	Meeting Description
M220921-3	9/21/2022	Discuss Project Systems Reports	A meeting was held to discuss custom reports requirements for Project System.
M220922-1	9/22/2022	Weekly Project Status Meeting	A Weekly Project Status meeting was held to report project management status, key milestones, high-level activities, and deliverable status.
M220922-2	9/22/2022	continued - Discuss AS400 requirements for H4	A meeting was held to review AS400 requirements: inventory, litigation, master data, mileage entry, motor pool, purchase requisitions,
M220922-3	9/22/2022	Discuss the FAMIS Interface Integration	A meeting was held with ETS to discuss how FAMIS files can be interfaced to FAMIS from H4.
M220926-1	9/26/2022	Finalize FHWA PDD	A meeting was held to review FHWA PDD.
M220928-1	9/28/2022	Review Grant Master Data in H4 Test System	A meeting was held to review Grants Master data. SI demonstrated Grants Master data and attributes in H4 Development Environment.
M220928-2	9/28/2022	continued - Finalize FHWA PDD	A meeting was held to review FHWA PDD.
M220928-3	9/28/2022	H4 SAP Project: Monthly Change Network Meeting	Monthly Change Network Meeting was held to discuss SAP Master Data.
M220929-1	9/29/2022	Weekly Project Status Meeting	A Weekly Project Status meeting was held to report project management status, key milestones, high-level activities, and deliverable status.
M220929-2	9/29/2022	Discuss Mapping of project / WBS Element fields for Data Conversion	A meeting was held to discuss mapping of project information in D08 table to WBSE in H4.

VII. Appendix

A. Impact Definition

Value	Legend	Description
N/A	N/A	Not Applicable
No Impact		No Impact
Low	L	A priority of Low is assigned if there is a possibility of low impact to product quality, scope, cost, and/or schedule. Minimal disruption is possible and some monitoring is likely needed to ensure priority does not increase.
Medium	M	A priority of Medium is assigned if there is a possibility of moderate impact to product quality, scope, cost, and/or schedule. Some disruption is likely and a different approach may be required. Mitigation strategies should be implemented as soon as feasible.
High	H	A priority of High is assigned if there is a possibility of substantial impact to product quality, scope, cost, and/or schedule. A major disruption is likely and the consequences would be unacceptable. A different approach is required. Mitigation strategies should be evaluated and acted upon immediately.

B. Status Definition

Status	Description
Open	Observation, risk, or issue is created.
In Progress	Observation, risk, or issue is addressed and is being worked on by the implementation team.
In Dispute	Observation, risk, or issue is not acknowledged or accepted by the implementation team.
Risk Accepted	Observation, risk, or issue is acknowledged or accepted by implementation team but is not being worked on now.
Closed	Observation, risk, or issue is closed.

C. Subject Category Definition

Subject	Subject Category	Description
Project Management	Schedule Management	Identify and assess risks and issues that may impact the project completion schedule. This may include analysis of the scale and complexity required, work breakdown and assignments, and assessment of proper planning regarding scope, budget, resources, etc.
	Resource Management	Identify and assess risks and issues associated with allocating proper resources (e.g. time and expertise) necessary to complete the project.
	Quality Management	Identify and assess risks and issues to quality, specifically software, functionality, testing, documents, etc. via implementation of internal and external measures and processes established to regulate quality level as needed.
	Risk/Issue Management	Identify and assess risks and issues to software and deliverables. This may include considering and/or implementing processes to identify, monitor, communicate regarding, and mitigate potential items that could negatively impact the project.
	Organization Change Management	Identify and assess risks and issues involved in implementing changes necessary to optimize benefits of the new system. This may include end-user education of updated procedures, roles, responsibilities, technology, etc.
	Communication Management	Identify and assess risks and issues that prevent stakeholders from communicating effectively by assessing their key objectives, developing, and implementing procedures to communicate purposes clearly, and analyzing methods to obtain feedback.
	Contract Management	Identify and assess risks and issues that could impact the project team's ability to deliver on its contractual commitments such as cost, scope, size, etc.
	External Impact Management	Identify and assess risks and issues external to DOTH, IV&V, and SI that could impact the following: subcontractors, regulatory, market, customer, weather, etc.
Implementation	Requirement Management (Processes, Requirements and Fit/Gap)	Identify and assess risks and issues to business process, system software requirements, and fit/gap of process and available functionalities of the software.
	Solution Design and Configuration	Identify and assess risks and issues to solution design and configuration of the software implementation of the system.
	Interface and Integration	Identify and assess risks and issues that relate to functionalities that interact with outside system or software.
	Reports and Analytics	Identify and assess risks and issues to reporting and analytics functionality of the system.
	Security	Identify and assess risks and issues to security of the system such as authentication, user access control, encryption, or any other items that relate to keeping the information secure.
	Data Conversion	Identify and assess risks and issues to data conversion process or resulting data when moving data from the old system to the new system.

STATE OF HAWAII, DEPARTMENT OF TRANSPORTATION, HIGHWAYS DIVISION

Subject	Subject Category	Description
	Documentation	Identify and assess risks and issues in documentation deliverables.
	System Testing	Identify and assess risks and issues related to testing the functionalities of the system for the requirements.
	Training and Knowledge Transfer	Identify and assess risks and issues with training and knowledge transfer of the new system and its use for DOTH business.
	Production Migration	Identify and assess risks and issues to the system migrating from test environment to production environment.

D. Observation, Risk, and Issues List

								Observat	ion, Risk	and Is	sues (ORI) 9/30/2022				FOLDOIH	internal discussion
ORI ID	Туре	SI Deliverable / ORI Source	Creation Date	Subject Area	Modules	Summary	Description	Responsible Party	Status	Impact	Probab		Updates	Review / Target	Close Date	Reference ID/Doc	Comments
D-210330-01	Observation	M210330-1	3/30/2021	Schedule Management	N/A	Aggressive Project Plan and Go Live Date	The Prepare Phase was started in March 2021. The major activities in the Prepare Phase are the Project Charter, the Project Phan, the Droject Team Training, the COA Design Workshop, the Organization Charge Management Phan, and the EVN Preparation. After competition of the Prepare Phase, starting the Explore plane in lune leves only 13 months to Go-Live and this can be an aggressive project plan.	Party DOTH/SI	Closed	N/A	n/A	PMO and IV&V should check and monitor project status and activities to ensure the project is on schedule. June is the busiest monitor IOTDI progening for Fiscal Year end and SI should be cognizant of it when scheduling the Explore Phase tasks.		0/30/2021	6/30/2021		
0-210407-01	Observation	Email-Ron- 210407	4/7/2021	Resource Management	N/A	Replacement of SI Project Manager	The project manager, Matthew was replaced by John on 4/7/2021. Matthew was involved in contract scope of work, project plan and discussions with DOTH until he left SI.	SI	Closed	N/A	N/A	PMO and IV&V should check and monitor if there's a smooth transition in roles and responsibility of SI PM.		5/31/2021	5/31/2021		
-210429-01	Observation	M210429-1	4/29/2021	Resource Management	N/A	In progress of identifying SI Organization Change Management Lead	SI is currently trying to secure an Organization Change Management Lead personnel.	SI	Closed	N/A	N/A	PMO and IV&V should check and monitor to ensure SI brings the Organization Change Management Lead into the project as soon as possible according to the staffing plan (June).	7/1/2021: Organization Change Management Lead will join the implementation team on 7/6/2021.	6/30/2021	6/30/2021		
)-210429-02	Observation	M210429-1	4/29/2021	Schedule Management	N/A	Updating SI project plan	SI is currently updating project plan with correct date and resource assignment. "Updated Project Plan and implementation Schedule" was returned to SI for more completed document with updates to dates and resource assignment, etc.	51	Closed	N/A	N/A	PMO and IV&V should check and monitor SI project plan updates.	5/14/2021: IV&V Mid Month Meeting: IV&V and DOTH agreed that the project plan should be delivered as soon as possible for project management and schedule. Per meeting, expected updated Project Plan delivery date is 5/21/2021. 5/28/2021: This observation became an issue.	5/31/2021	5/31/2021	I-210531-02	
0-210505-01	Observation	M210504-1	5/5/2021	Contract Management	N/A	FMS Kick Off Meeting	Kick Off meeting was held on 5/5/2021 and the presentation was well organized and delivered nicely.	si	Closed	N/A	N/A	N/A		5/31/2021	5/31/2021		
D-210505-02	Observation	M210504-2	5/5/2021	Training and Knowledge Transfer	GL	SAP S/4 ERP Essential Concepts for the DOTH FMS	Overall training went well, however, there were some people who couldn't big in and were not able to follow the training and that was not addressed during the training. There also were some mitor technical difficulty with switching screen (or may have been switching between presentation decks).	DOTH/SI	Closed	N/A	N/A	There needs to be a process in place where participants are monitored for questions or issues during training. There may need some general training for MS teams presentation (including meeting settings setup, monitoring participants, sharing screen, muting/unmuting participants) usage.		5/31/2021	5/31/2021		
-210505-08	Observation	M210505-1	5/5/2021	Resource Management	PG	Retirement of HYWAC Resource in Dec 2021	A key DOTH personnel, Chuck for HYWAC will retire in Dec 2021.	DOTH	Closed	N/A	N/A	DOTH should ensure to have a proper knowledge transfer and transition to his successor. DOTH already hired another employee and site getting trained and prepared to be responsible for HYWAC maintenance and support.		5/31/2021	5/31/2021		
-210512-01	Observation	M210512-2	5/12/2021	Training and Knowledge Transfer	N/A	Generic Training without focus of DOTH requirements	Project Team Training were conducted by Si based on geneti- functionalities of Ber However, SY spronosi stated "functional project team training will take place as a Dpiore activity, and will be delivered by Si functional consultants. This is a differentiator, because the training is not centered on a genetic system with a universe of capabilities, but will be focused on DDTH's system functionality as delivered"	si	Closed	N/A	N/A	SI project manager stated that there would be more Discovery Workshop that will review and discuss DDTV's specific requirements and learn how SAP's functionalities will meet DDTV's requirements. It needs to be confirmed in which deliverable that these workshop will be performed in the plan.		5/31/2021	5/31/2021		
0-210513-01	Observation	M210513-1	5/13/2021	Resource Management	N/A	In progress of identifying SI Payroll/HR/Time & Attendance Lead	SI is currently trying to secure a SI Payroll/HR/Time & Attendance Lead.	si	Closed	N/A	N/A	The Payroll/HR/Time & Labor Leads are currently not identified and PMO and IV&V should check and monitor to ensure SI brings resources into the project by July according to the staffing plan.		7/31/2021	7/31/2021		
0-210513-02	Observation	Email-Ron- 20210513	5/13/2021	Schedule Management	N/A	Project Team Training Plan document hasn't submitted by SL	Project Team Training (SI Wave1/Seq Id: 9) was started without Project Team Training Plan Document submitted to DOTH (SI Wave1/Seq ID: 10).	SI	Closed	N/A	N/A	PMO and IV&V should check and monitor to ensure SI delivers Team Training Plan Document (SI Wave1/Seq ID: 10).	DOTH and SI agreed to skip the training plan since SI conducted the Project Team Training already.	5/31/2021	5/31/2021	0-210617-01	
0-210514-01	Observation	M210514-2	5/14/2021	Training and Knowledge Transfer	N/A	SAP Terminology	DOTH project team members stated that during the SAP project team training (Introduction to SAP), DOTH project team members and dirolarly understanding SAP3 terminology and relating SAP3 terminology and standard functions to DOTH's requirements. The introduction to SAP training was mostly centered around SAP standard functionality and did not strongly correlate to DOTH's requirements.	DOTH/SI	Closed	N/A	N/A	SI consultants need to learn and be more familiar with DDTr's business requirements along with DDTr's terminology and processes as listed in RP and ST's proposal. Also DDTH project team members should learn and be more familiar with SDTH's requirements and conduct the training with DDTH's specific requirements, not only generic SAP standard functions. Cross reference demonlogy (LSP & DDTH terminology glossary) would help DDTH project team members to understand how SAP functionality will work for DDTH's requirements.		5/31/2021	5/31/2021		
D-210514-02	Observation	M210520-1	5/14/2021	Resource Management	N/A	DDTH Project Team Availability	DOTh project team members stated that June through September are the buests month of the year and expressed concerns on project participation. Fixed (HWY-S9) is the buester hin June and July, Budget (HWY-S9) is the buester in September and October, and Project/Grants (HWY-S9) buester in August and September. Each department of DOTH has particularly buey times in a year, but not all at the same time.	DOTH/SI	Closed	N/A	N/A	S and DOTH should determine the busy season of the year and the availabilities of SMEs to schedule the meetings around those availabilities of SMEs for efficient and effective use of meeting time without impacting DOTH's regular basiness activity. DOTH is waiting for the Project Plan so that DOTH can schedule their time accordingly.		6/30/2021	6/30/2021		
0-210527-01	Observation	Email-Ron- 210527	5/27/2021	Quality Management	N/A	SAP Support Website	DOTH purchased SAP software license. As of 5/26, there is no established account and access for SAP support website. 0-211028-08	Observation	M211028-1	10/28/2021	Training and Knowledge Transfer	N/A	Training	DOTH project team members are not familiar with H4 system functions and elaures for PDD redue and having difficulty applying them to DOTH's requirements.	DOTH/SI	Closed	N/A	N/A	It is recommended that DOTI project team members request DOTI-specific one-on-one, hands-on training and question and answer sessions for more familiarity with H4 because the project team training conducted by 5 in May 2021 was based on generic and high-level non- DOTI specific requirements without much detail, nor live system demo with exercises.	11/18/2021: No requests' for trainings have been made. Training for the project team members should be conducted as soon as possible 12/2/2021: No major updates. 1/31/2022: This item will be tracked with I-211021-03.	1/31/2022	1/31/2022	+211021-03	
D-211031-01	Observation	M211028-1	10/31/2021	Resource Management	N/A	Resource Qualification	There are turnovers in SI project team members. Some team members need more time to understand information related to FHWA and DOT processes.	DOTH/SI	Closed	N/A	N/A	SI and DOTH should confirm that the consultants meet the qualifications as stated in the RFP, which includes FHWA experience and DOTH equivalent work experience.	11/18/2021: No major updates. 12/2/2021: No major updates. 12/31/2021: No major updates. 1/31/2022: This item will be triaged to I-220131-02 as issue.	1/31/2022	1/31/2022	1-220131-02	
0-211103-01	Observation	M211103-1	11/3/2021	Requirement Management (Processes, Requirements and Fit/Gap)	PM	PM Implementation	Plant Maintenance implementation should not affect Go-Live on 7/1/2021.	DOTH/SI	Closed	N/A	N/A	It is recommended that Plant Maintenance development is scheduler in order to not negatively impact Go-live date for Waye I. It can go live with Waye II (or it can here its own schedule/Waye). Meanwhile, a manual upload of plant maintenance finandial data to GL may need to be considered.	12/2/2021: SI in reviewing a solution for Plant Maintenance Go- Live date. 12/31/2021: No major updates. 13/31/2022: No major updates. Add to current standing of the project irrespective of Plant Maintenance module. This item will be closed and re-addressed if necessary in thure.	1/31/2022	1/31/2022		
-211108-01	Issue	M211108-1	11/8/2021	Requirement Management (Processes, Requirements and Fit/Gap)	BD	Budget and Planning (SBP)	Budget and Flaming (30) is a part of the 44 solution and it is supported meconisms budget transitions, including DOTH's budget press, execution, A.15, A-19, and A-21. However, Si proposed that solution design for A-15, A-16, and A-21 will remain in frunds Management until Budget and Planning consultant is subalble in the Hutter. The 14P Project Taem with the SBP consultant will determine the best solution for processing budget maintenance requirements: A- 15, A-19, and A-21.	DOTH/SI	Closed	Medium	N/A	It is recommended that 14F regist Team disign a permanent solution that will be Rf. (DOTI budget requirements. from its. find design by engaging the SBP consultant, instead of postporing designing the solution.	12/2/2012: No major updates. 12/3/2021: No major updates. 12/3/2022: No major updates and S plans to start SBP in a later date. Wave 2 was planned to start hy now, however schedule is postponed. Siplans to start Wave 2 after Wave 15/PDD is completed and Explore plans is done. It is recommended to emgage 3BP consultant in the designing Budget related process and module. 2/28/2022: No major updates.	2/28/2022	2/28/2022		There was a discussi session for FM and S and implementation will take both modu in account. More details will be discussed in the futu especially since Wav implementation is delayed and direct
>211115-01	Observation	M211115-1	11/15/2021	Requirement Management (Processes, Requirements and Fit/Gap)	PG	Waterfall Funding Solution	A back-out optil waterfall finding solution for FMAA billing is generally more common in the Department of Transportation Highways, However, the Department of Transportation Highways in Nasairu runs on front-end spill waterfall funding with mary fund/appropriations. During the procurement process of a new DOTH Financial Management System, 3 proposed and confirmed that a front-end spill waterfall funding would fit DOTH's requirements the best. When R4 solutions that the solution of the solution of the solution and the solution of the solution of the solution of the solution of the solution of the solution of the solution waterfall funding could work in SAP. Soon after, the financial lead left 14 project and S confirmed agains that a front-end spill waterfall funding is still the best solution for DOTH.	SI	Closed	N/A	N/A	NA	12/2/2012: No major updates. 12/3/2021: Young updates. 1/14/2022: This item is triaged to issue: F220114-01 with the current status and update.	1/31/2022	1/31/2022	1-220114-01	
-211115-01	lssue	M211115-1	11/15/2021	Resource Management	FB	Consultants for FHWA	Waterfull funding/Spill is a core critical requirement for HA however Waterful funding/Spill was not discussed as much as it should be throughout the Explore Phase. It only started to be discussed recently as an integrated solution during FWWA Billing session.	SI	Closed	Medium	N/A	It is recommended that waterfall funding/Split solution be designed by S1 as soon as possible.	12/2/2021. A whiteboard session is scheduled on 12/8/2021. DOTH hold a workhop and presented again how DOTH processes Waterfall funding/Spill. 1/31/2022. This item stems from Requirements not being discussed and that will be tracked with #121023-02. Waterfall funding solution is being discussed is tracked with F220114-01.	1/31/2022	1/31/2022	-211028-02, - 220114-01.	
-211115-02	Issue	M211115-1	11/15/2021	Resource Management	FB	Consultants for FHWA	Workshops related to Split/Waterfall funding require all consultants to participate because this requirement impacts the various DOT waterments, including procuments, invoice, payroll, timesheet, project, etc. However, some consultants did not attend the Split/Waterfall-related workshops.	Si	Closed	Medium	N/A	FWUA Billing Process starts from cost collection where participation costs are incurred. It involves Fund Minagement, Requiritions, Paruhae I deven, Accounts Payable, and General Ledger. Therefore, respective collaborate and to develop an integrated solution for waterfall funding and FHWA billing.	12/2/2021: No major updates. 12/8/2021: Most consultants stended the 12/8 Split/Waterfall whiteboard meeting. Because this topic is a critical topic, continuous participation in the meetings related to this topic is a must. 1/31/2022: No major updates. 2/28/2022: Some progress has been made. However, continuous participation is needed to keep making progress. 3/31/2022: Continuous participation is needed to keep making progress.	4/29/2022	4/29/2022		This issue is closed because progress h been made. Howev H4 Project Team wi keep monitoring.

1-220331-02	Issue	M220331-1	3/31/2022	Schedule Management	GENERAL	Go-Live Date	The Go-Live date of Wave 2 for Budget and Planning (SBP) his not set yet.	3	In Progress	High	N/A	The Go-Live of Wave 2 for Budget and Planning (SBP) recess to be set as soon as possible because it impacts on the project plan, resource scheduling, and project management. It is recommended to weigh the pros and cons of merging wave 1 and Wave 2 given that there is significant delay in the project progress.	4/29/2022. No major updates. In accordance with meetings and discussions, it should be carefully considered that S20 goes live with other modules at once because this eliminate any additional reconciliation process and streamline the whole end- bend budge procedures (ISB goes live) we at the same time as no. 39/12/2021; The state of not discovering S3P functions and streamback and the state stream time as no. 59/12/2022; The state of not discovering S3P functions and streamback and the stream stream time as non- covering stream stream stream stream stream stream stream to consider and the stream stream stream stream stream to consider and the developing solution designs for Fund Management. Project System, FNNA requirements. 6/30/2022: No major updates. 8/31/2022: No major updates. 9/30/2022: Stream stream stream stream stream stream stream stream stream replacement application, because SBP is planned to be unsupported in the near future.	9/30/2022					
0-220407-01	Observation	M220407-1	4/7/2022	Contract Management	GENERAL	PDD	There were discussions around approval of PDD. There was a supplementary DED providing additional information and conditions to make progress in finalizing PDDs.	DOTH/SI	Closed	N/A	N/A	N/A		4/29/2022	4/29/2022		The new DED was approved by DOTH		
0-220412-01	Observation	M220412-1	4/12/2022	Solution Design and Configuration	PG	Program Codes	DOTH and SI discussed a new Fund structure and decided not to combine Appropriations and Program Codes into the Fund field. Program Codes will be captured as part of Project Codes.	DOTH	Closed	N/A	N/A	NA		4/29/2022	4/29/2022		Previously this item was identified as Ri R-220131-02 and th risk item is closed.		
R-220418-01	Risk	M220418-2	4/18/2022	Solution Design and Configuration	PO	PR Approval Hierarchy	The current approval hierarchy of Purchase Requisitions are complicated and has more than 10 levels. This may cause delays in approval and needs high maintenance.	DOTH/SI	Closed	High	High	It is recommended that DOTH review the process flow with SI and consider streamlining the approval process.	5/31/2022: No major updates. 6/30/2022: No major updates.	7/31/2022	7/31/2022		The PR PDD has be conditionally appro- by DOTH and the P approval hierarchie can be revisited du the Realize Phase.		
1-220427-01	Issue	M220427-2	4/27/2022	Requirement Management (Processes, Requirements and Fit/Gap)	FA	FA PDD	Some basic standard functionality in Fixed Assets were not able to be presented due to Sandbox errors. E.g., Fixed Assets Transactions.	SI	Closed	High	N/A	It is recommended that Sandbox systems are maintained to be in working order to be able to review as needed to help PDD discussions.	5/15/2022: FA PDD was reviewed and approved by DOTH with a few open items. E.g., 1. Journal Entries from Procure to FA (Equipment/Vehicles), 2. Barcode process, etc.	5/31/2022	5/31/2022		5/31/2022: PDD document was continually approv thus closing the is		
-220428-01	Issue	M220428-1	4/28/2022	Requirement Management (Processes, Requirements and Fit/Gap)	FA	Barcode Solution	Barcode solution for physical inventory in H4 is still pending. Barcode software and hardware have not been proposed yet by SI.	SI	Closed	Low	N/A	It is recommended that Barcode solution needs to be developed as soon as possible.	5/31/2022: No major updates. 6/30/2022: Barcode solution for physical inventory is set as an open item in a PDD.	6/30/2022	6/30/2022				
-220428-01	Observation	M220428-1	4/28/2022	Resource Management	GENERAL	New Resources	DOTH recently hired two additional system accountants and they are engaged with the H4 project.	DOTH	Closed	N/A	N/A	N/A		4/29/2022	4/29/2022				
0-220513-01	Observation	M220512-1	5/13/2022	Training and Knowledge Transfer	GENERAL	Training Project Team Members	DOTH and SI had multiple discussions regarding training guide for project team member training. DOTH's and SI's request and offering do not line up currently and they are working on coming to an agreement in PMO meetings.	SI	Closed	N/A	N/A	NA	5/31/2022: The DED for training project team members is being reviewed.	6/30/2022	6/30/2022		DED has been approved.		
D-220513-02	Observation	M220505-1	5/13/2022	Resource Management	N/A	Replacement of DOTH Procurement Officer	DOTH Procurement Officer departed the H4 Project.	DOTH	Closed	N/A	N/A	PMO and IV&V should check and monitor if there's a smooth transition in roles and responsibility of DOTH Procurement Officer.	5/31/2022: The position has not been filled but DOTH is managing it by allocating work to other HWY-SF personnel.	5/31/2022	5/31/2022				
0-220531-01	Observation	M220519-1	5/31/2022	Communication Management	GENERAL	Project Team Members	More participation and feedback from DOTH during the PDD review and meetings with SI will help identify and improve inefficient processes, automate the repetitive manual processes, and prioritize the functional capabilities of the SAP system.	DOTH	Closed	N/A	N/A	NA		6/30/2022	6/30/2022				
0-220531-02	Observation	M220519-1	5/31/2022	Schedule Management	GENERAL	Postpone Tasks to Realize Phase	Some tasks that need to be completed in the Explore Phases are pushed to the Realize Phase such as demonstrating functionality, solution design, and reports.	DOTH/SI	Closed	N/A	N/A	It is recommended that H4 Project Team conforms to the phase gate process and ensure that all of deliverables and tasks are completed before moving to the Realize Phase.	6/07/022: There is progress being made. 7/31/2022: There is incremental progress being made on demonstrating functionality and solution design but not on reports. 8/31/2022: Review and assessment of H4 standard and custom reports were pushed to the Realize phase. IV&V sees this as a risk of rework and incorrect configuration in Realize phase.	8/31/2022	8/31/2022		Analysis of Reportin Requirements was approved.

-220531-01	Risk	M220519-1	5/31/2022	Contract Management	PM	Plant Maintenance Module Scope	The detailed requirements of the Flant Maintenance module replacing A560 are being identified and created by DOTH as Si requested.	DOTH/SI	Closed	Medium	Mediur	It is recommended that H4 Project team define requirements and scope as soon as possible to minimize the overall project impact. The scope of Plant Maintenance implementation and the Go-Live approach need to be strategically versived and acrired out to achieve the DOTH's intended goals and objectives of the H4: HWYAC replacement and Federal Billing.	6/39/2022: Requirements have been presented to 3.	6/30/2022	6/30/2022			
-220601-01	Risk	M220601-1	6/1/2022	Solution Design and Configuration	GENERAL	Reports Analysis	Reports analysis - SI suggested that any report that can not be done will be handled as a WRICEF item during the Realize Phase.	21	Closed	Medium	Mediur	It is recommended to have a thorough analysis of reports to set up WRICEF items during the Explore Phase.	6/28/2022: Analysis of Reporting Requirements was submitted for DOTM's review. There was no separate meeting and discussion with DOTM and S1 to confirm the analysis of the reports. There may be some items that will require additional development among the ones that are identified as standard/configurable reports. 7/31/2022: Areview meeting for Analysis of Reporting Requirements was held. SI submitted updated version and DOTH is in the process of reviewing it for approval.	7/31/2022	7/31/2022			
R-220617-01	Risk	M220616-1	6/17/2022	Contract Management	PM	Plant Maintenance Module Scope	Si a analysing Plant Maintenance (PM) requirements that ODT receted to asses which requirements can be implemented for Wave 3 and later phase. Si proposed the following option and HP Project Tam Gedded to implement Proposal 1. - Proposal 1. - Proposal 1. - Proposal 2. - Proposal	DOTH/SI	Open	Medium	High	It is recommended to come to a scope agreement usap to ensure there are focused efforts toward the implementation with what is inside the scope.	6/17/2022: 2017H elected Proposal 1 for the PM implementation and ASIO replacement, however after reviewing DDTH requirements for ASIO preplacement 3 suggested that full implementation to meet all the PM requirements defined by DDTH is not doable with the current budget. SI is assessing the requirements that DDTH prepared and will be presenting with options on how to more forward. 7/31/2022: Stated during the PMO that PM Requirements analysis will be presented after PM TODs are approved. 8/31/2022: Plant Maintenance requirements are being reviewed and discussed during the multiple meetings this month. 9/30/2022: Stated PM requirements. 9/30/2022: State Maintenance implementation.	9/30/2022				
220617-01	Issue	M220616-1	6/17/2022	Quality Management	GENERAL	DED and Deliverable discrepancy	There are some discrepancies between the DED and the deliverable document from time to time and thus those documents are considered incomplete based on DED. The deliverable documents should be cross checked with the approved DED to ensure all planned content is covered.	SI	Open	Medium	N/A	It is recommended that DEDs are properly followed in order for both parties to have accurate mutual expectations.	7/31/2022: H4 Project Team is working together to reach an agreeneer. BG/12020.3EDs are being reviewed and updated. 9/30/2022: DEDs are being reviewed and updated.	9/30/2022				
1-220617-02	Issue	M220616-1	6/17/2022	Resource Management	GENERAL	Vacation Notice	Vacation notice should be provided at least two weeks in advance, if possible, to the related team members for meetings and resources planning purposes.	DOTH/SI	Closed	Medium	N/A	It is recommended that any SMEs and consultants provide vacation notice in advance for the meetings to be scheduled accordingly without holding inefficient meetings.		6/30/2022	6/30/2022		Vacation calendar available in Teams	
R-220630-01	Risk	M220616-1	6/30/2022	Contract Management	GENERAL	Go-Live Date	SI needs to set a new Wave 1 Go-Live date and Wave 2 timeline. A change order is needed to address not being able to go-live on 7/1/2022 as originally scheduled.	DOTH/SI	Closed	Medium	N/A	It is recommended that SI and DOTH come to an agreement on future direction of the project including new Go-Live date, contractual consequences, etc. This agreement needs to be reflected on a written change order.	7/31/2022: No major updates. 8/31/2022: The new Go-Live date has been set to 7/1/2023.	9/30/2022	9/30/2022			
1-220731-01	Issue	Wave 1 Deliverable 16	7/31/2022	Requirement Management (Processes, Requirements and Fit/Gap)	GENERAL	RTM reports	RTM reports are being submitted by each module. There is difficulty cross-checking the information with supporting documents because of missing information.	SI	Open	High	N/A.	WREET ID Number Information does not specify what PDD document the WREEF item is in and it is difficult to cross check and find the corresponding WREEF information in PDD. It is not possible to review and validate the Reports item because the reports information such as column fields names or sample reports have not been provided to DDT and additional columns in RTM to provide WREEF description and WREEF justification information in order to efficiently track and manage WREEF in reliation to requirements.	8/31/2022: 2020 and TR1 are being updated so that WRICEF Items are cross-checked efficiently. 9/30/2022: No major updates.	9/30/2022				
D-220818-01	Observation	M220818-1	8/18/2022	Resource Management	GENERAL	Assistant Project Manager	Assistant Project Manager left the H4 project and a new Assistant Project Manager has joined the project.	SI	Closed	N/A	N/A	NA		9/30/2022	9/30/2022		Assistant Project Manager is engage and attending H4 meetings.	
3-220825-01	Risk	M220825-1	8/25/2022	Resource Management	GENERAL	Full Time Project Manager	The Project Manager is supposed to be a full-time project manager for N4 Project. However, the current Project Manager will be managing another project - State of Hawaii Financial Management System (FAMIS Replacement Project).	SI	Open	Medium	Mediur	The H4 contract states the project manager position to be a full-time position. It is recommended that SI and DOTH have a discussion to see if this is allowable/acceptable and it does not cause conflict of interest and schedule.	9/30/2022: SI Project Manager is attending fewer meetings than before.	9/30/2022				
8-220930-01	Risk	M220929-1	9/30/2022	Schedule Management	GENERAL	Function Specification Documents	Functional Specification Documents are being developed before DED is approved by DOTH.	SI	Open	Medium	Mediur	It is recommended that SI and DOTH come to mutual agreement of DED before starting FSD.						
R-220930-02	Risk	M220929-1	9/30/2022	Quality Management	GENERAL	Conference Room Pilot	SI stated that CRP will mainly consist of H4 functions and features demonstrations. It will not include DOTH hands on testing as part of the CRP.	SI	Open	High	High	It is recommended that Si and DOTH come to mutual agreement of DED of CRP. It is recommended that there are more opportunities for DOTH to provide feedback for the developing H4 System during the CRP process.						
R-220930-03	Risk	M220929-1	9/30/2022	Resource Management	GENERAL	Procurement Consultant	Procurement Consultant left the H4 project.	SI	Open	High	High	It is recommended that SI find replacement consultant.						
0-220930-01	Observation	M220929-1	9/30/2022	Contract Management	GENERAL	Change Orders	SI submitted two Change Orders regarding implementation scope and timeline of Plant Maintenance module.	SI	Open	N/A	N/A	It is recommended that SI and DOTH come to a mutual agreement regarding Change Orders to continue making progress on the H4 Project without any additional delay.
