# A BILL FOR AN ACT

RELATING TO ACUPUNCTURE.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that the regulation of  
2 medical professionals is important to ensure public safety and  
3 promote access to quality care. Acupuncture is one of the  
4 fastest growing fields in American health care due to expanded  
5 benefits under health insurance policies and medicare and is a  
6 popular treatment among patients seeking an alternative to  
7 prescription opioids and those with other medical conditions.  
8 The legislature further finds that a number of state laws  
9 regarding acupuncturists have not been updated in over twenty  
10 years, despite the growing demand for acupuncturists, changes to  
11 standards for national certifications, and expanded accredited  
12 educational programs, which now include master's and doctoral  
13 level degrees.

14           Accordingly, the purpose of this Act is to make  
15 comprehensive updates to chapter 436E, Hawaii Revised Statutes,  
16 regarding acupuncture practitioners, to reflect modernized  
17 scopes of practice and licensing requirements.

1 SECTION 2. Chapter 436E, Hawaii Revised Statutes, is  
2 amended by adding three new sections to be appropriately  
3 designated and to read as follows:

4 "§436E-A Requirements for initial licensure. (a) To  
5 qualify for licensure after July 1, 2023, an applicant shall  
6 submit evidence satisfactory to the board that the applicant  
7 meets the following educational and examination requirements:

8 (1) An individual applying for initial licensure shall  
9 have successfully completed an acupuncture medicine  
10 program from an accredited acupuncture medicine  
11 institution; provided that those applicants who  
12 graduated with an earned master's degree may apply to  
13 the board for the "L.Ac." license designation, and  
14 those applicants who graduated with an earned  
15 doctorate degree may apply to the board for the  
16 "D.Ac." license designation; and

17 (2) All applicants for initial licensure shall pass  
18 examinations and be certified by the National  
19 Certification Commission for Acupuncture and Oriental  
20 Medicine, or its successor entity.

1       (b) Applicants who have earned a bachelor's, master's, or  
2 doctoral degree from a foreign university or college shall  
3 demonstrate curricula and standards equivalent to or higher than  
4 accredited acupuncture medicine institutions in the United  
5 States, which have been recognized and approved by the board.  
6 The board may contract with a third-party agency to determine  
7 equivalency, at cost to the applicant.

8       **§436E-B Legacy exemptions.** Any current acupuncture  
9 licensees in the State as of July 1, 2023, shall be designated  
10 legacy status by the board for their current license  
11 designation, allowing for the practice of acupuncture medicine.  
12 If a license that was issued before July 1, 2023, lapses and is  
13 not restored within two years of its expiration date, the  
14 licensee shall be subject to the licensure requirements pursuant  
15 to section 436E-A.

16       **§436E-C Reciprocity.** (a) The board may issue a license  
17 by reciprocity if the applicant:

18       (1) Files an application and pays fees as prescribed by  
19 the board;

20       (2) Holds a current, unencumbered, active license pursuant  
21 to the laws of any state or territory of the United

1 States with qualifications for licensure that are  
2 equal to or exceed those of the State, as specified in  
3 section 436E-A; and

4 (3) Holds a current certification with the National  
5 Certification Commission for Acupuncture and Oriental  
6 Medicine, or its successor entity.

7 (b) For applicants who graduated before September 1, 2000,  
8 the board may issue a license by reciprocity if the applicant:

9 (1) Files an application and pays fees as prescribed by  
10 the board;

11 (2) Holds a current, unencumbered, active license from any  
12 state or territory of the United States; and

13 (3) Holds a current certification with the National  
14 Certification Commission for Acupuncture and Oriental
