
A BILL FOR AN ACT

RELATING TO HEALTH.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that in 2018, the State
2 passed the Our Care, Our Choice Act to ensure that all
3 terminally ill individuals have access to the full-range of end-
4 of-life care options. The Our Care, Our Choice Act allows
5 mentally capable, terminally ill individuals with six months or
6 less to live to voluntarily request and receive prescription
7 medication that allows the person to die in a peaceful, humane,
8 and dignified manner.

9 The legislature further finds that Hawaii's unique
10 geography and the State's shortage of physicians create barriers
11 to access for qualified terminally ill individuals. Finding a
12 physician may be burdensome, especially for individuals on the
13 neighbor islands. Hawaii gives advanced practice registered
14 nurses full scope of practice licensure; however, they do not
15 have authority to administer medical aid in dying, thereby
16 further limiting access to care for many individuals.
17 Furthermore, evidence from other states that authorize medical

1 aid in dying demonstrates that even with full access to a
2 supportive health care facility and providers, a high percentage
3 of terminally ill individuals die while waiting to complete the
4 regulatory requirements to qualify for medication under the
5 respective state laws. Hawaii has the longest mandatory waiting
6 period amongst all ten medical aid in dying authorized states
7 and the District of Columbia. Many patients are not surviving
8 the mandatory twenty days.

9 The purpose of this Act is to amend the Our Care, Our
10 Choice Act to:

- 11 (1) Authorize advanced practice registered nurses to
12 practice medical aid in dying in accordance with their
13 scope of practice and prescribing authority;
- 14 (2) Authorize advanced practice registered nurses with a
15 psychiatric or clinical nurse specialization in
16 addition to psychiatrists, psychologists, and clinical
17 social workers, to provide counseling to a qualified
18 patient;
- 19 (3) Reduce the mandatory waiting period between oral
20 requests from twenty days to five days; and

1 (4) Provide an expedited pathway for terminally ill
2 qualified patients who are not expected to survive the
3 mandatory waiting period.

4 SECTION 2. Section 327L-1, Hawaii Revised Statutes, is
5 amended as follows:

6 1. By adding a new definition to be appropriately inserted
7 and to read:

8 "Advanced practice registered nurse" means a registered
9 nurse licensed to practice in the State who has met the
10 qualifications of chapter 457 and who, because of advanced
11 education and specialized clinical training, is authorized to
12 assess, screen, diagnose, order, utilize, or perform medical,
13 therapeutic, preventive, or corrective measures, including
14 prescribing medication."

15 2. By amending the definition of "attending provider" to
16 read:

17 "Attending provider" means a physician licensed pursuant
18 to chapter 453 or advanced practice registered nurse licensed
19 pursuant to chapter 457 who has responsibility for the care of
20 the patient and treatment of the patient's terminal disease."

13 467E, or advanced practice registered nurse with a psychiatric
14 or clinical nurse specialization licensed under chapter 457 and

17 from undertreatment or nontreatment of depression or other
18 conditions [~~which~~] that may interfere with the patient's ability
19 to make an informed decision pursuant to this chapter."

4 the time the qualified patient makes the second oral request,
5 the attending provider shall offer the qualified patient an
6 opportunity to rescind the request."

7 SECTION 5. Section 327L-11, Hawaii Revised Statutes, is
8 amended to read as follows:

9 "~~[§]~~**§327L-11**~~[§]~~ **Waiting periods.** [~~Not~~] (a) Except as
