Your Committees note that the State lacks a consolidated, singular strategy for the provision of mental health programs. Currently the State's support for mental health is provided through programs located in many different agencies. The Infant and Early Childhood Mental Health Program established by this measure is intended to improve accessibility, capacity, and quality of services by establishing an overall coordinator to work across the various agencies and with relevant nonprofit organizations to address the unmet mental health needs of the State's children.

Your Committees have amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$800,000 for fiscal year 2023-2024 and an appropriation amount of \$1,700,000 for fiscal year 2024-2025.

As affirmed by the records of votes of the members of your Committees on Human Services and Health & Homelessness that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1053, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1053, H.D. 1, and be referred to your Committee on Finance.
