Comments:

I write as an individual in strong support of this measure. Closing public streets for events during which alcohol is sold and consumed on public streets benefits selective businesses at the expense and risk of the greater community. In addition, revenue generated from the use of public resources (streets and sidewalks) is not subject to the standard measures and restrictions which normally insure transparency and accountability for the use of public resources.

I suggest, in order to promote equal treatment and access among applicants for liquor licenses, that under the section relating to nonprofits that the language be changed from

"A nonprofit organization granted a temporary license shall restrict the sale and consumption of liquor to confined and demarcated areas that shall not be located on any public road, street, sidewalk, or pedestrian walkway..."

to "**Any organization or business** granted..."

Mahalo for your consideration.

E. Lee Stack

Aloha Committee Members

My name is Chu Lan Shubert- Kwock, long time Chinatown volunteer and president of Chinatown Business & Community Association (CBCA).

I also serve on the Downtown Chinatown Neighborhood Board 13 .since 2012.

We support SB910 to have legal-enforceable noise levels during block parties which tended to be a nuisance for the community for hours creating a great deal of negative impact.

Since noise enforcement with liquor license has been delegated to the Honolulu Liquor Commission who responds only if there are complaints and often times these inspectors are unable to measure nor monitor the loud illegal noises passing State noise law decibels.

This SB910 is an attempt to help regular and enforce these nuisance illegal Noise levels during alcohol block parties .

Please pass Sb910 to help our Downtown Chinatown community.

Respectfully,

Chu Lan Shubert- Kwock  
Chinatown Resident  
CBCA President  
NB13 Board Member.
