JOSH GREEN, M.D. GOVERNOR

OFFICE OF ENTERPRISE TECHNOLOGY SERVICES

P.O. BOX 119, HONOLULU, HAWAI'I 96810-0119 Ph: (808) 586-6000 | Fax: (808) 586-1922 ETS.HAWAII.GOV

June 13, 2023

The Honorable Ronald D. Kouchi President of the Senate and Members of the Senate Thirty-Second State Legislature State Capitol, Room 409 Honolulu, Hawai'i 96813 The Honorable Scott K. Saiki Speaker and Members of the House of Representatives Thirty-Second State Legislature State Capitol, Room 431 Honolulu, Hawai'i 96813

Aloha Senate President Kouchi, Speaker Saiki, and Members of the Legislature:

Pursuant to HRS section 27-43.6, which requires the Chief Information Officer to submit applicable independent verification and validation (IV&V) reports to the Legislature within ten days of receiving the report, please find attached the report the Office of Enterprise Technology Services received for the State of Hawai'i, Department of Transportation, Highways Division, Financial Management System Project.

In accordance with HRS section 93-16, this report may be viewed electronically at <u>http://ets.hawaii.gov</u> (see "Reports").

Sincerely,

Douglas Murdock Chief Information Officer State of Hawai'i

I. Introduction and Summary

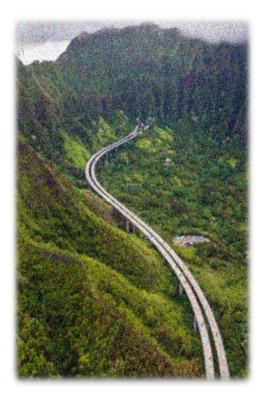

A. Introduction

Department of Transportation Highways (DOTH) manages the planning, construction, and maintenance of the State of Hawaii's approximate 2,675 lane miles of highway on Oahu, Kauai, Maui, Lanai, Molokai, and Hawaii. DOTH's mission is to provide a safe, efficient, and accessible highway system through the utilization of available resources in the maintenance, enhancement, and support of land transportation facilities. DOTH's primary function is to plan, design, and supervise the construction and maintenance of the State's highway system.

DOTH commissioned an ERP System Integrator (hereinafter referred to as "SI"), in March 2021 to provide an accounting system solution that would modernize certain State of Hawaii, Department of Transportation, Highways Division (DOTH) IT systems, associated systems, and business processes, including fully replacing DOTH's legacy Highways Financial Accounting System (HWYAC) and certain software components of DOTH Districts' AS400 systems.

The new DOTH Financial Management System (H4) will utilize SAP S/4HANA Cloud ERP and will cover DOTH Business Processes of Budget, General Ledger, Accounts Payable, Accounts Receivable, Lease Management, Fixed Assets, Procurement, Project & Grant, Federal Billing, Human Resources, Time and Labor, Payroll, Inventory Management, Plant Maintenance, Reporting, and Analytics.

DOTH also acquired a contract with IT Management Consulting Firm, Ohanasoft (hereinafter referred to as

"IV&V"), to provide information technology independent verification and validation consulting services for the implementation of the DOTH Highways Financial Management System. The IV&V contractor's role is to provide an objective, neutral, third-party view of the implementation of the Highways Financial Management System with the intent of protecting the State's interests for success of the project. Throughout the system implementation, the IV&V team will perform ongoing project IV&V activities and will identify issues/deficiencies/risks with the System implementation project, provide feedback and recommendations for mitigation and improvement, and provide on-going reporting on project activities.

The observation, feedback, and recommendations provided by IV&V are IV&V's own opinions, and IV&V is not a decision-maker of any activities in the H4 project implementation. IV&V makes no assurance, guarantee, or other promises as to the success of H4 project and is not responsible and not liable for the outcome of the H4 Project.

B. Summary

In April, the focused activities were to review Functional Specification Documents (FSDs), Configuration Design Documents (CDDs), and Knowledge Transfer (demonstration of H4/data entry practice). The total number of FSD submissions increased by only five, however, many meetings took place to make progress on the review and validation of the submitted FSDs.

The H4 Project has a new target Go-Live date of August 1st, 2023, more than 12 months later than the original Go-Live target date. However, this date is a tentative date and is not considered to be a firm planned Go-Live date, because the Project Plan is still not completed. Since the beginning of the H4 project, this issue has posed a significant risk and challenge that remains unresolved. Therefore, the project has limited visibility into project resources and timelines. It is our opinion that the new Go-Live date of August 1st, 2023 will not be met due to the remaining number of tasks and incomplete deliverables. When the project plan reflecting the current status is solidified and a firm Go-Live date is set, a written change order is suggested to document a revised project plan, schedule, requirements, scope, training, and any contractual consequences.

FSDs are continuing to be reviewed and updated for all WRICEF items. 101 FSDs were submitted for review and 79 FSDs were conditionally approved by DOTH as of the end of April. Functional FSDs rely heavily on prior deliverables such as Process Design Document (PDD), Data Conversion, Requirement Traceability Matrix (RTM), and Fit/Gap. It is observed that some FSDs require additional time and discussions due to insufficient details or missing information from the previous dependent work products.

Some deliverables have been conditionally approved because detailed information is missing and a lack of understanding and incomplete requirements analysis exist. The project is heading toward the actual setup and development of the System, where all the detail needs to be integrated into the configuration and workflow. There will be no further discovery and solution design times available. Therefore, it is recommended that there be no more conditional approval of a deliverable. Instead, the deliverables should be fully completed with all the details discussed and documented per Deliverable Expectation Documents (DED).

Deliverables review continues to be challenging because of the lack of SAP knowledge, terms, and processes. DOTH has continuously voiced this opinion in the meetings for SI to provide project team members with training. Knowledge Transfer sessions for project team members (not end users) have been conducted. However, there is no official structured training material provided during the sessions, and for DOTH personnel to recreate the scenarios, it has to be done by one's recollection and record or thoroughly reviewing the video recording of the session. As noted in the last report, DOTH has requested that project team training materials be provided for these knowledge transfer sessions. Still, no project team training materials have been provided yet.

SI and DOTH are currently discussing their testing methodologies and deciding which segments each will be responsible for. They have some disagreements to work through. SI states that Unit Testing be conducted with SI taking responsibility for completing the testing and producing a report on the results to present to DOTH. In contrast, DOTH states that DOTH needs to participate in the Unit Testing with test cases and scripts mapped to requirements in a structured manner.

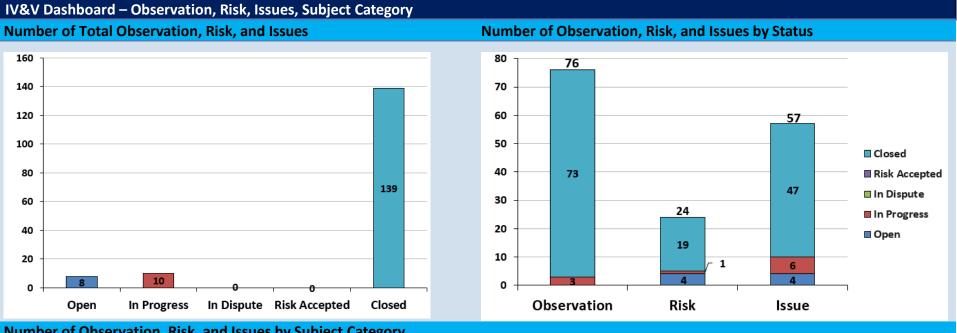

The project is currently being implemented with fewer consultants than the initial plan. We have highlighted a higher risk this poses for the project in previous reports where the remaining consultants must cover modules with DOTH requirements and processes even though they have not worked with DOTH subject matter experts as their counter-partner consultants from the beginning of the project.

H4 is in the Explore Phase. The Explore Phase has been extended and the current target date is "asap". New Go-Live date is August 1, 2023. A few Realize Phase activities are in progress. Wave 2 (SBP) activities have started.

- Prepare Phase: Define Strategy, Project Initiation, Project Standards, Technical Requirements.
- Explore Phase: Business Workshops and Requirements, Fit-Gap Analysis, Technical Solution Design, Testing Strategy, Training Strategy
- Realize Phase: Functional Specification, Organization Alignment, Knowledge Transfer, Build, Development, Unit Test, Integration Test
- Deploy Phase: Support Plan, Training Delivery, Cutover Plan, User Acceptance, Simulations, Go/No-Go Decision
- Production: Cutover, Go-Live, Hypercare Support, Transition to Operations, Project Closeout

III. IV&V Findings – Observations, Risk, Issue and Feedback/Mitigation

A. Subject Category: Schedule Management

Schedule Management: Observation, Risk, Issue and Feedback/Mitigation

Issue

ORI ID: I-210531-02

The final Project Plan/Implementation Schedule has not been approved by DOTH and the deliverable is not completed. This is a foundational document for a project management and scheduling, and it is one of the most critical deliverables. Delay in the Project Plan and Implementation Schedule pose decreased confidence in being able to manage project resources efficiently and meet the final Go-Live date. Also, without the Project Plan and the Implementation Schedule DOTH has limited project visibility and it will impact schedule and resource management. It is currently unknown, at a detail level, if the number of resources are adequate to complete the project on schedule. Earlier versions of the Project Plan were not accepted partly because of oversubscribed resources and incorrect dates (i.e., one consultant or DOTH team member working more than 40 hours in a week, etc.)

Feedback/Mitigation/Updates

It is recommended that SI complete Project Plan/Implementation Schedule as soon as possible.

Project Plan/Implementation Schedule Submission History:

11/16/2020, 12/21/2020, 4/26/2021: The initial project plan was submitted and returned back to SI after DOTH review due to incompleteness.

6/3/2021: The New Target Date for Project Plan/Implementation Schedule is set to 6/11/21 by SI.

6/14/2021: Updated project plan was submitted by SI but returned back to SI due to incompleteness.

7/1/2021: It is currently unknown, at a detail level, if the number of resources are adequate to complete the project on schedule. Earlier versions of the Project Plan were not accepted partly because of oversubscribed resources and incorrect dates (i.e. one consultant or DOTH team member working more than 40 hours in a week, etc.). Updated project plan was submitted by SI but returned back to SI after DOTH review due to incompleteness. Revised Acceptance Date: 8/31/2021

9/02/2021: No updates have been submitted to DOTH.

9/16/2021: DOTH interviewed an assistant project manager candidate on 9/7/2021.

9/30/2021: No updates have been submitted to DOTH.

10/5/2021: SI Assistant Project Manager submitted the revised project plan. DOTH has a meeting with the SI Assistant Project Manager and requested a revision due to the project plan being incomplete.

10/13/2021: SI Assistant Project Manager submitted the revised project plan and DOTH will hold a review meeting on 10/22/2021.

10/25/2021: DOTH had a meeting with the SI Assistant Project Manager to review Project Plan/Implementation Schedule. Progress has been made, however some data such as the dates and % completion need to be corrected.

11/10/2021: SI Assistant Project Manager submitted the revised project plan and DOTH will hold a review meeting on 11/24/2021.

11/24/2021: SI Assistant Project Manager and DOTH Project Manager worked together via Teams and updated and fixed the Project Plan. There will be a follow up meeting.

12/31/2021: SI Assistant Project Manager and DOTH Project Manager worked together via Teams and updated and fixed the Project Plan. It is still not complete.

1/31/2022: No new major update. The document is making incremental progress, however it is not completed yet.

2/28/2022: No new major update. It is still incomplete.

Schedule Management: Observation, Risk, Issue and Feedback/Mitigation

3/31/2022: The Assistant Project Manager left H4 implementation project. The Project Manager will continue to work on Project Plan/Implementation Schedule.

4/29/2022: No major updates. A new Go-Live date will be set after PDDs are approved by DOTH.

5/31/2022, 6/30/2022, 7/31/2022: No major updates.

8/31/2022: The new assistant project manager will be revising Project Plan/Implementation Schedule with updated Go-Live Date of 7/1/2023. 9/30/2022: No major updates. 10/31/2022: It is recommended that SI complete the Project Plan/Implementation Schedule as soon as possible since the absence of the Project Plan/Implementation Schedule prevents from proper resource planning, meeting schedules, and integrated solution development and this causes issues and inefficiency. The project meetings are not being held cohesively and the project focus is scattered.

11/30/2022: It was expected that after the new Go-Live date was set a revised Project Plan/Implementation Schedule would be prepared, however there is no update to the Project Plan. It is recommended that SI complete the Project Plan/Implementation Schedule as soon as possible. 12/31/2022: Project Plan/Implementation Schedule still has not been submitted to DOTH.

1/31/2023: A high-level project plan was presented during the PMO on 1/26/2023 but the detailed Project Plan/Implementation Schedule has not been submitted to DOTH.

2/28/2023: The Project Plan/Implementation Schedule was submitted to DOTH for review and approval. DOTH reviewed it internally and scheduled a meeting for further review and discussion with SI on 3/1/2023.

3/31/2023: SI submitted the Project Plan/Implementation Schedule for discussion on 3/1/2023 and it was observed that task durations and dates need to be completed based on the current availability of resources and time constraints. DOTH and SI disagree with approaches regarding the resource loading to the Project Plan. They are in the process of working through the details and finalizing the Project Plan/Implementation Schedule.

4/30/2023: There are still disagreements between DOTH and SI regarding the resource plan, task duration and deliverables due dates, as well as the Go-Live date.

Schedule Management: Observation, Risk, Issue and Feedback/Mitigation

Issue

ORI ID: I-220331-02

The Go-Live date of Wave 2 for Budget and Planning (SBP) has not been set yet.

Feedback/Mitigation/Updates

The Go-Live of Wave 2 for Budget and Planning (SBP) needs to be set as soon as possible because it impacts the project plan, resource scheduling, and project management. It is recommended to weigh the pros and cons of merging Wave 1 and Wave 2 given that there is significant delay in the project progress. 4/29/2022: No major updates. In accordance with meetings and discussions, it should be carefully considered that SBP goes live with other modules at once because it will eliminate any additional reconciliation process and streamline the whole end-to-end budget procedures if SBP goes live at the same time as FM.

5/31/2022: The issue of not discovering SBP functions and incorporating them into the current solution design was discussed again during the Project System PDD review. It is recommended that SBP functions and features need to be reviewed and considered when developing solution designs for Fund Management, Project System, FHWA requirements.

6/30/2022: No major updates.

Schedule Management: Observation, Risk, Issue and Feedback/Mitigation

7/31/2022: No major updates.

8/31/2022: No major updates.

9/30/2022: SI will provide additional information for SBP or its replacement application, because SBP is planned to be unsupported in the near future.

10/14/2022: SI stated that Wave 2 would start in November 2022. However, the Go-Live date of Wave 2 has yet to be determined.

11/15/2022: SI is working with DOTH resources and preparing for a Kickoff meeting.

12/21/2022: Wave 2 SPB Budgeting Kick-off meeting was held.

1/31/2023: SI is working on the Prepare Phase deliverables and preparing project team member training, however the Project Plan for Wave 2 has not been submitted yet and Go-Live date still has not been determined.

2/28/2023: SI provided training on 2/23/2023. No SBP project plan has been submitted to DOTH.

3/31/2023: SI submitted the Project Plan/Implementation Schedule for the Wave 2 Budget and Planning (SBP). It is being reviewed and updated.

4/30/2023: Project Plan/Implementation Schedule for Wave 2 is still being reviewed and updated.

Schedule Management: Observation, Risk, Issue and Feedback/Mitigation

Risk

ORI ID: R-221031-01

New Go-Live date is set to 7/1/2023 but it is at high risk due to many deliverables remaining and delay in implementation.

Feedback/Mitigation/Updates

11/30/2022: New Go-Live date of 7/1/2023 appears to be at risk; DOTH and SI should discuss feasibility of the Go-Live date.

12/31/2022: It is recommended to discuss the Go-Live date of 7/1/2023 as it is an improbable target date to achieve.

1/31/2023: It is recommended for DOTH and SI to review the feasibility of 7/1/2023 Go-Live date and the Project Plan to be submitted as soon as possible.

2/28/2023: The Project Plan/Implementation Schedule was submitted to DOTH for review and approval. DOTH reviewed it internally and scheduled a meeting for further review and discussion with SI on 3/1/2023.

Impact

3/31/2023: SI and DOTH are reviewing and trying to reach an agreement on the Project Plan/Implementation Schedule with a new Go-Live date.

4/30/2023: SI and DOTH are currently in the process of reviewing and working out a new Project Plan/Implementation Schedule in order to establish a revised Go-Live date.

B. Subject Category: Resource Management

Resource Management: Observation, Risk, Issue and Feedback/Mitigation

Observation

ORI ID: 0-230309-01

It is observed that three SI rolled-off consultants without replacement are impacting the project deliverables and this leads to ongoing rediscovery sessions and changes in solution design and processes.

Feedback/Mitigation/Updates

4/30/2023: It is continuously observed that deliverables are being re-worked due to the resource change. This could potentially raise the level of risk for the project.

C. Subject Category: Quality Management

Quality Management: Observation, Risk, Issue and Feedback/Mitigation	
Issue	Impact
ORI ID: I-221025-01	
SI deliverables have tended to contain errors and misinformation such as incorrect project name, other client's system architecture,	H
missing/incomplete contents, etc. DOTH recently received a DED from SI, but it turned out that the DED was for another client. These errors and	-
missing information are causing delays in the deliverable review and approval process.	

Feedback/Mitigation/Updates

It is recommended that deliverables are more carefully prepared, reviewed and proofread by SI document quality team before submitting to DOTH for review. 12/31/2022: Formatting and content issues that could be easily prevented (e.g., big gaps in the document without good reasons, improper bullet pointing, inconsistency between sections, and incorrect/incomplete information thus impacting legibility and accuracy) are continuously observed. 1/31/2023: No major updates.

2/28/2023: Some minor errors are still observed: missing sections, outdated/incorrect information, etc.

3/31/2023: No major updates.

4/30/2023: It has been observed that a few errors, such as duplicate information, incomplete sections, and missing information discovered during the FSD sessions and CDD review, need to be addressed and corrected.

D. Subject Category: Risk/Issue Management

Risk/Issue Management: Observation, Risk, Issue and Feedback/Mitigation	
Issue	Impact
ORI ID: I-221130-02	
Some items from Issue/Risk Log are being discussed without detailed resolution or follow-up.	
Feedback/Mitigation/Updates	
The risks and issues of the H4 Project need to be more proactively managed and respective SMEs should be more engaged regarding the de	tails to ensure the
success of the project.	
12/31/2022: No major updates.	
1/31/2023: It is recommended that all outstanding issues and risks be discussed during the PMO meeting, not just new items.	
2/28/2023: No major updates.	
3/15/2023: There are 13 unresolved outstanding issues and one new issue found.	
4/30/2023: Progress has been made, however there are items that are aging and a quicker follow up and resolution to those issues will help	with the project
timeline.	

E. Subject Category: Communication Management

Issue	Impact
ORI ID: I-220131-08 There are some requirements and processes that impact multiple modules, including waterfall funding, FHWA, etc. However, information often are siloed and it seems to be not communicated to the other consultants frequently. This results in multiple consultants asking for the information on a same topic each time at different meetings. This item also impacts the subject category of Solution Design and Configuration.	H
Feedback/Mitigation/Updates	
It is recommended: More coordination and collaboration is needed to design and develop an integrated solution. Proactively communicate with other consultants on topics that may be relevant for another consultant. Meeting recordings should be utilized to understand the relevant topic for the related process in another module. All key project team members to attend the meetings related to critical core requirements such as waterfall funding. Analyze each meeting's agenda to see if there are other consultants that should attend for related information. 2/28/2022: There is another consultant who is leaving the project and a replacement consultant has not participated in a meeting, and these turnover adding difficulty to the current communication issue.	ted

Communication Management: Observation, Risk, Issue and Feedback/Mitigation

3/31/2022: More collaboration is expected among SI consultants where it requires integrated solutions such as Waterfall Funding, FHWA Billing, Labor, etc. When DOTH staff inquiries about solutions that integrate across two or more functions between H4 modules, DOTH staff should also be provided with the integrated solution answer as opposed to separate or siloed bits of information of each H4 module.

4/29/2022: Efforts were made to improve communication and collaboration. (E.g., Rules of Engagement prepared by SI)

5/31/2022: Collaboration made progress. For example, some requirements that impact multiple areas have been referenced by multiple PDDs of different areas. However, there are still some communication improvements to be made between SI consultants.

6/30/2022: More coordination and collaboration could be made where cross module interaction is needed.

7/31/2022: More coordination and collaboration were present during the PDD reviews.

8/31/2022: Some DOTH requirements that were presented and discussed previously were asked to be revisited again in the meetings.

9/30/2022: Improvements still need to be made in communication and collaboration between SI consultants.

10/31/2022: Communication and collaboration still need to improve between SI consultants, especially with three consultants leaving the project.

11/30/2022: It has been observed that during FSD meetings information is not being shared between modules, including basic information which impacts multiple modules. Since this information is not being shared among team members, DOTH has to re-explain basic information multiple times.

12/31/2022: More communication and collaboration are needed for integrated solution design. There have been siloed activities and approaches observed. 1/31/2023: Designing an integrated solution for FHWA and other modules will require additional collaboration effort, teamwork, and cooperation. The issues of siloed information and ununified solution design are still observed between models and cross-business areas where tight integration is needed.

2/28/2023: It is observed that more communication and collaboration are still needed for an integrated solution design. DOTH is still not clear on the end-toend FHWA System solution.

3/31/2023: The issue regarding an integrated solution design was brought up in a PMO meeting. It was decided that there will be an integration checklist developed to keep track of issues and action items coming out of meetings that impact integration of modules.

4/30/2023: It is observed that additional communication, collaboration, and comprehensive solution architecture are necessary to achieve a fully integrated solution design as there are information gaps between the modules where the transactions impact each other.

F. Subject Category: Contract Management

Contract Management: Observation, Risk, Issue and Feedback/Mitigation

Issue

ORI ID: I-230309-03

SI stated that the unit testing will be conducted by SI consultants only and there will be no participation from DOTH. SI will provide reports showing test results with screenshots instead of unit testing scripts.

Feedback/Mitigation/Updates

It is recommended for SI and DOTH come to an agreement on how the unit testing will be conducted. It may be beneficial for DOTH to be involved in unit testing to ensure requirements are implemented as expected.

3/9/2023: SI stated according to its methodology: 1. unit testing will be conducted based on T-Codes in Business Process Master List (BPML), not by each requirement of DOTH with test scripts and 2. DOTH will participate in the unit testing for WRICEF, but not for standard functionalities. DOTH disagrees and believes that DOTH should participate in all testing regardless of standard function or WRICEF, as defined in the project documents. 4/30/2023: DOTH and SI are in a discussion and working towards finding a mutual agreement.

Contract Management: Observation, Risk, Issue and Feedback/Mitigation

Risk

ORI ID: R-230309-01

There are various deliverables that are conditionally approved due to missing or incomplete requirements analysis or process discovery and the project team has to engage in rediscover of information for the Project.

Feedback/Mitigation/Updates

It is recommended that DOTH avoid conditional approval on any remaining deliverables because many deliverables are interdependent, and some of them are built upon the previous ones. These conditionally approved deliverables could require rework and fixing when errors and omissions are found later, and it could further complicate the project deliverable management and updates.

4/30/2023: No major deliverables this month were impacted by this issue. However, there are few individual FSDs that are conditionally approved and this may increase project risk.

G. Subject Category: Requirement Management (Processes, Requirements and Fit/Gap)

Requirement Management: Observation, Risk, Issue and Feedback/Mitigation Impact Issue ORI ID: I-211028-02 The Requirements Traceability Matrix was delayed and has not been completed. Feedback/Mitigation/Updates It is recommended that SI complete the deliverable as soon as possible. 11/18/2021: No major updates. 12/2/2021: No major updates. 12/31/2021: No major updates. 1/31/2022: No major updates. Not going through the full DOTH requirements and not completing RTM before PDDs are completed is causing some requirements to be missed and it is causing multiple issues. 2/28/2022: No major updates. 3/31/2022: No major updates. 4/29/2022: SI is targeting RTM to be completed by 5/31/2022. 5/31/2022: The first RTM review was held on 5/25/2022 and topics covered were HR, Payroll, and Time Sheets. 6/30/2022: No major updates. 7/31/2022: The AR RTM was reviewed. 8/2/2022: The Purchasing RTM was reviewed. 9/16/2022: Feedback was provided for multiple-modules RTM. The PO RTM was reviewed. 10/31/2022: FHWA RTM was reviewed. 11/30/2022: FHWA RTM is being reviewed and updated. It is noticed that RTM is still being updated by SI. Therefore, it is recommended that SI finalize RTM first and submit it officially for DOTH's review. 12/31/2022: The RTM review for Federal Billing and Projects and Grants were conducted and DOTH is waiting for the updates. 1/31/2023: The RTM review was held for FHWA and Project System. It is being reviewed and updated. 2/28/2023: The RTM was conditionally approved on 2/2/2023. However, FA, HR, FHWA are being reviewed and updated. It is recommended that RTM be fully completed prior to Fit/Gap. 3/31/2023: The RTM review was held for FA on 3/22/2023 and it is being updated. 4/30/2023: There are still some unresolved RTM items that need to be reviewed and clarified. It is recommended that DOTH and SI agree on the resolution of these remaining RTM items.

Impact

Requirement Management: Observation, Risk, Issue and Feedback/Mitigation

Risk

ORI ID: R-230228-01

FSDs are prepared without in-depth discussion during the RTM and Fit/GAP. An FSD is a final document before the System configuration, therefore it should be as complete as possible. However, there are a lot of discoveries still being made during the FSD sessions.

Feedback/Mitigation/Updates

It is recommended that the H4 Project Team work on detailed and complete discovery of DOTH requirements without postponing any elements to development and testing. All the details should be discovered by the completion of FSDs.

4/30/2023: There were some meetings where detailed information for configuration or reports was suggested to be discovered during the testing phase. It is recommended that all granular details be discovered and documented with the FSDs now rather than postponing until the integration testing. Developers need clear guidance on creating reports and customizing applications, which is why it's crucial for FSDs to be comprehensive and detailed.

H. Subject Category: Solution Design and Configuration

Solution Design and Configuration: Observation, Risk, Issue and Feedback/Mitigation

Observation

ORI ID: O- 230302-01

DOTH requested changes in the number of characters in Fund account assignment based on the FM Budgeting Knowledge Transfer meeting took place on 2/28/2023.

Feedback/Mitigation/Updates

3/30/2023: DOTH made a decision with ten-digit fund assignment based on the discussion and analysis with SI during the Weekly FM Budgeting Discussion & Knowledge Transfer meeting on 3/30/2023.

4/30/2023: A change order is being prepared by SI.

Solution Design and Configuration: Observation, Risk, Issue and Feedback/Mitigation

Observation

ORI ID: 0-230331-01

The main project activities with DOTH were Functional Specification Document (FSD). As of 3/31/2023, out of 211 FSDs total, SI submitted 96 FSDs, and DOTH approved 79 FSDs. More meeting sessions, such as for Security and Definition/Roles and Responsibilities, and Knowledge Transfer took place simultaneously.

Feedback/Mitigation/Updates

It is recommended that Project Plan and Implementation Schedule be completed as soon as possible for the visibility of the timeline, Go-Live date, task dependencies, and resource plan.

4/28/2023: Out of 211 FSDs total, SI submitted 101 FSDs, and DOTH approved 79 FSDs.

I. Subject Category: Reports and Analytics

Reports and Analytics: Observation, Risk, Issue and Feedback/Mitigation

Risk

ORI ID: R-221130-03

RTM and FSD are being prepared without in-depth reports discussion and Analysis of Reporting Requirements (ARR) does not provide sufficient information to cover all the details of the reports. Reports are often the final desired outcome of an activity and detail discovery is essential.

Feedback/Mitigation/Updates

It is recommended that SI conduct detailed discovery of DOTH reports to ensure all the necessary information for input and output are covered. 12/31/2022: During the FSD discussions, additional details that need to be on the reports have been discovered.

1/31/2023: H4 project team is having deep-dive discussions on WRICEF's requirements, processes, and functional specifications.

2/28/2023: Reports WRICEF FSDs are being reviewed and new discoveries are being made. FSDs are being updated based on discussions.

3/31/2023: New discoveries on reports requirements continue to be found.

4/30/2023: Reports are constantly undergoing new discoveries.

J. Subject Category: Data Conversion

Data Conversion: Observation, Risk, Issue and Feedback/Mitigation

Risk

ORI ID: R-221130-04

Data Conversion strategy and plan documents have not covered the details such as source/target, cleansing, dependencies, and validations. These activities have been deferred to the Realize Phase from the Explore Phase causing delays, rework, or additional work later. WRICEF and detailed data conversion work deferred from the Explore Phase are discussed and performed during FSD sessions.

Feedback/Mitigation/Updates

It is recommended to catch up on work deferred from the Explore Phase and to explore Data Conversion materials in detail to finalize the Data Conversion WRICEF in FSD.

12/31/2022: Data conversion discussions are making progress. However, familiarity of H4 terminologies, functions, and processes by DOTH will be needed to adequately review and complete data conversion FSDs.

1/31/2023: FSD meetings are continuously being held to review data conversion specifications, especially to identify source of data that needs to be extract from.

2/28/2023: Data conversion discussions have been held and are making progress.

3/31/2023: It is observed that more explanation and data conversion details, such as sequences and impacts of data conversion upload from various modules, need to be provided by SI for DOTH's better understanding and preparation.

4/30/2023: As FSDs and data conversion are being reviewed, new information about data conversion is constantly being discovered and revealed. However, it is important to note that certain details should have been discussed and clarified during the Explore Phase.

Impact

Impact

K. Subject Category: Documentation

Documentation: Observation, Risk, Issue and Feedback/Mitigation

Issue

ORI ID: I-221130-03

It is observed that meeting minutes or action items from the project discussions are not always provided. To-Do lists and summaries of the meetings may have been gathered on individual levels, but this makes it difficult to track the progress as a project team and also challenging to collaborate between project team members.

Feedback/Mitigation/Updates

It is recommended to prepare meeting summaries and/or to-do lists from the meetings to efficiently prepare, plan, and navigate the follow up activities and hold efficient meetings.

12/31/2022: No major updates.

1/31/2023: PMO meeting minutes and agenda for weekly standing meetings have been provided. It will help to have meeting minutes for other Realize Phase meetings as well.

2/28/2023: Meeting minutes are required to track action items and to-do tasks. For example, PO match options, H4 values for FAMIS project/Ph/Act fields, Workflow routings, source/object codes, fixed asset funds, payroll accounting entries, etc. Currently, it is difficult to track who needs to perform what task by when without meeting minutes.

3/31/2023: A document such as meeting minutes or an action items list should be compiled after each meeting--as opposed to each individual tracking their own tasks--to share with DOTH and have a cohesive follow up for the various meetings that are taking place.

4/30/2023: No major updates. It is recommended that DOTH and SI develop a standardized procedure for meeting minutes or task lists to track action items effectively.

L. Subject Category: Training and Knowledge Transfer

Training and Knowledge Transfer: Observation, Risk, Issue and Feedback/Mitigation

Risk

ORI ID: R-221031-01

DOTH project team members have not been sufficiently provided instruction and training to actively access H4 and familiarize themselves with H4 functions and processes.

Feedback/Mitigation/Updates

It is recommended that SI provide training and instruction on how to navigate and process basic transactions so that the project team members can be more experienced with H4 and get ready for the System testing, verification, and validation.

Impact

Impact

Training and Knowledge Transfer: Observation, Risk, Issue and Feedback/Mitigation

11/15/2022: No major updates. It is recommended that DOTH test availability of Dev environment from on and off DOTH network.

12/21/2022: Orientation meeting for Subject Matter Leader Knowledge Transfer was held. No dates for the trainings have been set yet.

1/31/2023: Weekly standing meetings have been started to provide project team member trainings.

2/28/2023: Knowledge Transfer sessions are taking place and training is being provided. However, it is observed that there is a lack of instruction (training material) for the training sessions.

Impact

3/31/2023: DOTH requested many times for documented training material to be provided for Knowledge Transfer sessions and SI is working on it.

4/30/2023: There have been additional discussions during PMO meetings for project team member training materials and SI will follow up on it.

M. Subject Category: Production Migration

Production Migration: Observation, Risk, Issue and Feedback/Mitigation

Issue

ORI ID: I-211028-07

The Initial Deployment Plan was delayed and has not been completed.

Feedback/Mitigation/Updates

It is recommended that SI complete the deliverable as soon as possible.

11/18/2021: No major updates. 12/2/2021: No major updates.

12/31/2021: No major updates. 1/31/2022: No major updates.

2/28/2022: No major updates.

3/31/2022: No major updates.

4/29/2022: No major updates.

5/31/2022: No major updates.

6/30/2022: No major updates.

7/31/2022: No major updates.

8/31/2022: No major updates.

9/30/2022: No major updates.

10/31/2022: SI stated that they will follow up and get back to DOTH with updates.

11/30/2022: No major updates.

12/31/2022: The Initial Deployment Plan still has not been submitted to DOTH.

1/31/2023: No major updates.

2/28/2023: No major updates.

3/31/2023: No major updates.

4/30/2023: No major updates.

IV. Meetings and Discussions Participated for the Month of April 2023

_	d Discussions		Masting Description
Meeting ID	Meeting Date	Meeting Title	Meeting Description
M230403-1	4/3/2023	Internal meeting - discuss Federal Appropriations & data conversions	An internal DOTH meeting was held to discuss Federal Appropriations for data conversion.
M230403-2	4/3/2023	Weekly Meeting for GL/CM/CO/AP	A meeting was held to discuss how to record bills for collection/POs and JV payment in H4.
M230404-1	4/4/2023	HCM Overview	A meeting was held and SI demonstrated Temporary Assignments, Time Sheets, and TA Reasons.
M230404-2	4/4/2023	Discuss FAMIS Interface File Directory Axway PCard	A meeting was held to discuss FAMIS interface file directories.
M230404-3	4/4/2023	Utility Reimbursement Process Overview	A meeting was held for DOTH to present and explain how Utility Agreement is processed in DOTH.
M230404-4	4/4/2023	Weekly Fixed Asset discussion	A meeting was held to discuss 17A.
M230405-1	4/5/2023	Weekly FM Budgeting Discussion	A meeting was held and SI demonstrated budget entry and explained document status: Posted, Preposted Posted, Preposted, Undone, and Held.
M230405-2	4/5/2023	Discuss Data Conversion Excel Files from Tim & Srini	An internal DOTH meeting was held to discuss PS data conversion.
M230405-3	4/5/2023	Highways -Accounting Procedures & Procedures (Internal Control)	An internal DOTH meeting was held to discuss fixed asset procedures and controls.
M230405-4	4/5/2023	Wave 2 SBP Discussion	A meeting was held to discuss the Wave 2 implementation plan.
M230406-1	4/6/2023	Internal pre-PMO	An internal DOTH meeting was held to discuss the current issues of the project.
M230406-2	4/6/2023	FMS weekly PMO Huddle	A Weekly Project Status meeting was held to report project management status, key milestones, high-level activities, and deliverable status.
M230406-3	4/6/2023	HCM Overview	A meeting was held for SI to walk through data entry profile, maintain HR master data, maintaining users (Defaults, Parameters), Time Sheet, Display Action, Organizational Assignment, Planned over time quota, Absence quota, and others.
M230410-1	4/10/2023	H4 FHWA Status meeting	A meeting was held with FHWA for SI to answer questions and provide project updates and timelines.
M230410-2	4/10/2023	Weekly Meeting for GL	A meeting was held to discuss Inter-Department JVs, bills for collection, and workflow logs.
M230411-1	4/11/2023	onsite - Weekly Fixed Asset discussion	A meeting was held to discuss how CIP/AUC assets are created, expenses are collected, and the assets are turned into fixed assets.

Meeting ID	Meeting	Meeting Title	Meeting Description
	Date		
M230411-2	4/11/2023	Weekly FM Budgeting Discussion	A meeting was held to review and demonstrate budget workbench and reports.
			CIP data conversion was also discussed.
M230412-1	4/12/2023	Weekly MVSO GM Discussion	A meeting was held to discuss GM MVSO master data.
M230412-2	4/12/2023	CIP Budget Conversion - Cont'd	A meeting was held to discuss CIP budget data conversion.
M230412-3	4/12/2023	onsite - Weekly Fixed Asset discussion	A meeting was held for SI to demonstrate creating Asset Class and DOTH created them in the Sandbox.
M230413-1	4/13/2023	onsite - Weekly Fixed Asset discussion	A meeting was held to review GL codes of Asset Class. SI demonstrated uploading asset data to the Sandbox to create assets and how depreciation was created.
M230413-2	4/13/2023	BUDGET UPLOADS TO H4 MEETING (30 MIN)	An internal DOTH meeting was held to discuss the process of A-19.
M230413-3	4/13/2023	Weekly AR Discussion	A meeting was held to discuss test scenarios.
M230414-1	4/14/2023	internal pre-PMO	An internal DOTH meeting was held to discuss the current issues of the project.
M230414-2	4/14/2023	FMS weekly PMO Huddle	A Weekly Project Status meeting was held to report project management status, key milestones, high-level activities, and deliverable status.
M230414-3	4/14/2023	Finalize decision for Issue 38	A meeting was held to review and discuss A-15 and A-19 process.
M230414-4	4/14/2023	Weekly Federal Billing & Project Systems Discussion	A meeting was held to discuss FHWA testing scenarios.
M230417-1	4/17/2023	Onsite - Weekly Federal Billing & Project Systems Discussion	A meeting was conducted to discuss the review guidelines of FHWA and to demonstrate and practice creating projects.
M230417-2	4/17/2023	On-site Logistics Knowledge Transfer session	A meeting was conducted to discuss, demonstrate, and practice entering PRs.
M230418-1	4/18/2023	Discuss shipping and taxes on requisitions and purchase orders	A meeting was conducted to discuss shipping and taxes.
M230418-2	4/18/2023	On-site Logistics Knowledge Transfer session	A meeting was conducted to discuss, demonstrate, and practice entering PRs special clauses.
M230418-3	4/18/2023	Pcard custom mapper file from Bank of America and Emergency transactions	A meeting was conducted to discuss Pcard and emergency transactions.
M230418-4	4/18/2023	Weekly Meeting for AP	A meeting was held to review and discuss payment batch criteria.
M230418-5	4/18/2023	Discuss SBP Budgeting workshops & participants	A meeting was held to review and discuss SBP workshop plan.
M230419-1	4/19/2023	PO conversion data for finalizing the specs - POs	A meeting was held to review and discuss PO data conversion.

Meeting ID	d Discussions Meeting	Meeting Title	Meeting Description
Meeting iD	Date		
M230419-2	4/19/2023	On-site Logistics Knowledge Transfer session	A meeting was held to review, demonstrate, and practice entering PRs and Contract POs.
M230419-3	4/19/2023	Onsite- Weekly AR Discussion	A meeting was held to review, demonstrate, and practice entering los and 99 charge type invoices.
M230419-4	4/19/2023	Onsite - Weekly Federal Billing & Project Systems Discussion	A meeting was held to review, demonstrate, and practice creating projects.
M230419-5	4/19/2023	Change Order	An internal DOTH meeting was held to discuss change order.
M230420-1	4/20/2023	internal Pre-PMO	An internal DOTH meeting was held to discuss the current issues of the project.
M230420-2	4/20/2023	FMS weekly PMO Huddle	A Weekly Project Status meeting was held to report project management status, key milestones, high-level activities, and deliverable status.
M230420-3	4/20/2023	PO conversion data for finalizing the specs - Contracts	A meeting was held to review and discuss PO data conversion.
M230420-4	4/20/2023	HCM Overview	A meeting was held to review and demonstrate Master Data and HCM functions.
M230420-5	4/20/2023	Weekly FM Budgeting Discussion	A meeting was held to review, demonstrate, and practice entering budgets.
M230420-6	4/20/2023	Weekly MVSO GM Discussion	A meeting was held to discuss GM MVSO master data.
M230421-1	4/21/2023	Discuss LSI issue #64	DOTH had a meeting to discuss JV printing. They have concluded that JVs would be printed only after journal entries have been posted, instead of being parked in H4.
M230421-2	4/21/2023	HCM Overview	A meeting was held to review and demonstrate Master Data and HCM functions.
M230421-3	4/21/2023	Weekly Meeting for GL/CM/CO/AP	A meeting was held to discuss GL data conversion.
M230424-1	4/24/2023	Onsite - Discuss CIP Budget Conversion - Cont'd (FM-C001)	A meeting was held to discuss CIP budget data conversion.
M230424-2	4/24/2023	Onsite - Discuss County Budget	A meeting was held to discuss County budget data conversion.
M230424-3	4/24/2023	onsite - Discuss Workflow Integrations	A meeting was held to discuss workflow standardization.
M230425-1	4/25/2023	Onsite - Discuss CIP Budget Conversion - Cont'd (FM-C001)	A meeting was held to discuss project number schema and CIP federal budgets.
M230425-2	4/25/2023	Onsite - Weekly FM Budgeting Discussion	A meeting was held to discuss, demonstrate, and practice entering budgets.
M230425-3	4/25/2023	Discuss W2 OCM & PTT	A meeting was held to review W2 Project Team Training & Knowledge Transfer Strategy.
M230426-1	4/26/2023	Weekly MVSO GM Discussion - MVSO Aiea & Teams	A meeting was held to discuss GM MVSO master data.

Meetings an	d Discussions		
Meeting ID	Meeting Date	Meeting Title	Meeting Description
M230426-2	4/26/2023	Onsite - O&M/SMP Appropriation Warrant - Migration Data for Budget Conversion (FM-C001)	A meeting was held to discuss O&M/SMP appropriation warrant data conversion.
M230427-1	4/27/2023	Discuss the data format for interface	A meeting was held to discuss CSV file format in inbound interface from Datamart.
M230427-2	4/27/2023	Discuss AP Workflow	A meeting was held to review FSD: FAMIS Outbound.
M230427-3	4/27/2023	Onsite - Weekly Meeting for GL	A meeting was held to review FSD: FAMIS Inbound.
M230427-4	4/27/2023	Weekly AR Discussion	A meeting was held to discuss AR customer, invoice data conversion.
M230427-5	4/27/2023	Weekly Meeting for GL/CM/CO/AP	A meeting was held to discuss FSD: AP-I002 FAMIS Inbound.
M230427-6	4/27/2023	HCM Overview	A meeting was held to review overtime, sub-divisions, and time sheet entry.
M230428-1	4/28/2023	internal pre-PMO meeting	An internal DOTH meeting was held to discuss the current issues of the project.
M230428-2	4/28/2023	FMS weekly PMO Huddle	A Weekly Project Status meeting was held to report project management status, key milestones, high-level activities, and deliverable status.
M230428-3	4/28/2023	Weekly Fixed Asset discussion	A meeting was held to review FSDs: Certificate of Disposal and Disposal Application Form.
M230428-4	4/28/2023	Weekly Federal Billing & Project Systems Discussion	A meeting was held to discuss defining project managers for workflow and BUS budgets.

VII. Appendix

A. Impact Definition

Value	Legend	Description
N/A	N/A	Not Applicable
No Impact	\checkmark	No Impact
Low	L	A priority of Low is assigned if there is a possibility of low impact to product quality, scope, cost, and/or schedule. Minimal disruption is possible and some monitoring is likely needed to ensure priority does not increase.
Medium	M	A priority of Medium is assigned if there is a possibility of moderate impact to product quality, scope, cost, and/or schedule. Some disruption is likely and a different approach may be required. Mitigation strategies should be implemented as soon as feasible.
High		A priority of High is assigned if there is a possibility of substantial impact to product quality, scope, cost, and/or schedule. A major disruption is likely and the consequences would be unacceptable. A different approach is required. Mitigation strategies should be evaluated and acted upon immediately.

B. Status Definition

Status	Description
Open	Observation, risk, or issue is created.
In Progress	Observation, risk, or issue is addressed and is being worked on by the implementation team.
In Dispute	Observation, risk, or issue is not acknowledged or accepted by the implementation team.
Risk Accepted	Observation, risk, or issue is acknowledged or accepted by implementation team but is not being worked on now.
Closed	Observation, risk, or issue is closed.

C. Subject Category Definition

Subject	Subject Category	Description						
Project Management	Schedule Management	Identify and assess risks and issues that may impact the project completion schedule. This may include analysis of the scale and complexity required, work breakdown and assignments, and assessment of proper planning regarding scope, budget, resources, etc.						
	Resource Management	Identify and assess risks and issues associated with allocating proper resources (e.g. time and expertise) necessary to complete the project.						
	Quality Management	Identify and assess risks and issues to quality, specifically software, functionality, testing, documents, etc. via implementation of internal and external measures and processes established to regulate quality level as needed.						
	Risk/Issue Management	Identify and assess risks and issues to software and deliverables. This may include considering and/or implementing processes to identify, monitor, communicate regarding, and mitigate potential items that could negatively impact the project.						
	Organization Change Management	Identify and assess risks and issues involved in implementing changes necessary to optimize benefits of the new system. This may include end-user education of updated procedures, roles, responsibilities, technology, communication, etc.						
	Communication Management	Identify and assess risks and issues that prevent stakeholders from communicating effectively by assessing their key objectives, developing, and implementing procedures to communicate purposes clearly, and analyzing methods to obtain feedback.						
	Contract Management	Identify and assess risks and issues that could impact the project team's ability to deliver on its contractual commitments such as cost, scope, size, etc.						
	External Impact Management	Identify and assess risks and issues external to DOTH, IV&V, and SI that could impact the following: subcontractors, regulatory, market, customer, weather, etc.						
Implementation	Requirement Management (Processes, Requirements and Fit/Gap)	Identify and assess risks and issues to business process, system software requirements, and fit/gap of process and available functionalities of the software.						
	Solution Design and Configuration	Identify and assess risks and issues to solution design and configuration of the software implementation of the system.						
	Interface and Integration	Identify and assess risks and issues that relate to functionalities that interact with outside system or software.						
	Reports and Analytics	Identify and assess risks and issues to reporting and analytics functionality of the system.						
	Security	Identify and assess risks and issues to security of the system such as authentication, user access control, encryption, or any other items that relate to keeping the information secure.						
	Data Conversion	Identify and assess risks and issues to data conversion process or resulting data when moving data from the old system to the new system.						

Subject	Subject Category	Description
	Documentation	Identify and assess risks and issues in documentation deliverables.
	System Testing	Identify and assess risks and issues related to testing the functionalities of the system for the requirements.
	Training and Knowledge Transfer	Identify and assess risks and issues with training and knowledge transfer of the new system and its use for DOTH business.
	Production Migration	Identify and assess risks and issues to the system migrating from test environment to production environment.

D. Observation, Risk, and Issues List

For DOTH internal discussion Only

0-210330-01	Observation	ORI Source M210330-1	3/30/2021	Schedule Management	N/A	Aggressive Project Plan and Go Live Date	The Prepare Phase was started in March 2021. The major activities in the Prepare Phase are the Project Charter, the Project Phan, the Droject Team Training, the CoA Design Workshop, the Organization Change Management Pian, and the DV Preparation. After competion of the Prepare Phase, activity the Explore Jane In June Week on Vi 31 months to Go the and this can be an aggressive project plan.	Party DOTH/SI	Closed	N/A	N/A	PMO and IV&V should check and monitor project status and activities to ensure the project is on schedule. June to the busiest moth the IOOTI preparing for fault Year end and 51 should be cognizent of it when scheduling the Explore Phase tasks.		Date 6/30/2021	6/30/2021		
O-210407-01	Observation	Email-Ron- 210407	4/7/2021	Resource Management	N/A	Replacement of SI Project Manager	The project manager, Matthew was replaced by John on 4/7/2021. Matthew was involved in contract scope of work, project plan and discussions with DOTH until he left SI.	SI	Closed	N/A	N/A	PMO and IV&V should check and monitor if there's a smooth transition in roles and responsibility of SI PM.		5/31/2021	5/31/2021		
O-210429-01	Observation	M210429-1	4/29/2021	Resource Management	N/A	In progress of identifying SI Organization Change Management Lead	SI is currently trying to secure an Organization Change Management Lead personnel.	21	Closed	N/A	N/A	PMO and IV&V should check and monitor to ensure SI brings the Organization Change Management Lead into the project as soon as possible according to the staffing plan (lune).	7/1/2021. Organization Change Management Lead will join the implementation team on 7/6/2021.	6/30/2021	6/30/2021		
0-210429-02	Observation	M210429-1	4/29/2021	Schedule Management	N/A	Updating SI project plan	SI is currently updating project plan with correct date and resource assignment. "Updated Project Plan and Implementation Schedule" was returned to SI for more completed document with updates to dates and resource assignment, etc.	si	Closed	N/A	N/A	PMO and IV&V should check and monitor SI project plan updates.	5/14/2021: NRV Mid Month Meeting: NRV and DOTN agneed that the project plan should be delivered as soon apposible for project management and schedule. Per meeting, expected updated Project Plan delivery date is 5/21/2021. 5/28/2021: This observation became an issue.	5/31/2021	5/31/2021	I-210531-02	
0-210505-01	Observation	M210504-1	5/5/2021	Contract Management	N/A	FMS Kick Off Meeting	Kick Off meeting was held on 5/5/2021 and the presentation was well organized and delivered nicely.	si	Closed	N/A	N/A	N/A		5/31/2021	5/31/2021		
0-210505-02	Observation	M210504-2	5/5/2021	Training and Knowledge Transfer	GL	SAP S/4 ERP Essential Concepts for the DOTH FMS	Overall training went well, however there were some people who couldn't log in and were not able to follow the training and that was not addresed drug the training. There also were some minor technical difficulty with switching screen (or may have been switching between presentation decks).	DOTH/SI	Closed	N/A	N/A	There needs to be a process in place where participants are monitored for questions or issues during training. There may need some general training for MS teams presentation (including meeting setting setup, monitoring participants, sharing screen, muting/umuting participants) usage.		5/31/2021	5/31/2021		
O-210505-08	Observation	M210505-1	5/5/2021	Resource Management	PG	Retirement of HYWAC Resource in Dec 2021	A key DOTH personnel, Chuck for HYWAC will retire in Dec 2021.	DOTH	Closed	N/A	N/A	DOTH should ensure to have a proper knowledge transfer and transition to his successor. DOTH already hired another employee and she's getting trained and prepared to be responsible for HYWAC maintenance and support.		5/31/2021	5/31/2021		
0-210512-01	Observation	M210512-2	5/12/2021	Training and Knowledge Transfer	N/A	Generic Training without focus of DOTH requirements	Project Team Training were conducted by SI based on generic functionalities of SAP. However, SY proposal stated "functional project team training will be place as a Supfore activity, and will be delivered by SI functional consultants. This is a differentiator, because the training in one centered on a generic system with a universe of capabilities, but will be focused on DOTH's system functionality as delivered"	51	Closed	N/A	N/A	SI project manager stated that there would be more Discovery Workshop that will review and discuss DOTH's specific requirements and learn how SAP's functionalities will meet DOTH's requirements. It needs to be confirmed in which deliverable that these workshop will be performed in the plan.		5/31/2021	5/31/2021		
0-210513-01	Observation	M210513-1	5/13/2021	Resource Management	N/A	In progress of identifying SI Payroll/HR/Time & Attendance Lead	SI is currently trying to secure a SI Payroll/HR/Time & Attendance Lead.	si	Closed	N/A	N/A	The Payroll/HR/Time & Labor Leads are currently not identified and PMO and IV&V should check and monitor to ensure SI brings resources into the project by July according to the staffing plan.		7/31/2021	7/31/2021		
0-210513-02	Observation	Email-Ron- 20210513	5/13/2021	Schedule Management	N/A	Project Team Training Plan document hasn't submitted by SL	Project Team Training (SI Wave1/Seq Id: 9) was started without Project Team Training Plan Document submitted to DOTH (SI Wave1/Seq ID: 10).	si	Closed	N/A	N/A	delivers Team Training Plan Document (SI Wave1/Seq ID:10).	DOTH and SI agreed to skip the training plan since SI conducted the Project Team Training already.	5/31/2021	5/31/2021	O-210617-01	
0-210514-01	Observation	M210514-2	5/14/2021	Training and Knowledge Transfer	N/A	SAP Terminology	DOTH roject team members stated that during the SAP project team training (introduction to SAP). DOTH project team members had afficulty understanding SAP's terminology and relatist SAP's terminology and strandard functions to DOTH's requirements. The introduction to SAP taxing was mostly centered avourd SAP standard functionality and did not strongly correlate to DOTH's nequirements.	DOTH/SI	Closed	N/A	N/A	SI consultants need to learn and be more familiar with DOT's business requirements along with DOT's terminology and processes as lited in RFP and STs proposal. Alos DOT's project team members should learn and be more familiar with SPA terminologies as well. Should start to be inite DOT's sequeline sand conduct the training with DOT's specific requirements, no droit product SPA terminologies (SAP and SAP) specific SPA and submitted terminology discars), you do alsho DOT negreta team members to understand how SAP functionality will work for DOTY's requirements.		5/31/2021	5/31/2021		
O-210514-02	Observation	M210520-1	5/14/2021	Resource Management	N/A	DOTH Project Team Availability	DOTH project team members stated that June through September are the busiest month of the year and expressed concerns on project participation. Fiscal (HWY-SP) is the busiest in June and July, Budget (HWY-SP) is the busiest in September and October, and Project/Grants (HWY-SN) is busiest in August and September: Each department of DOTH has particularly busy times in a year, but not all at the same time.	DOTH/SI	Closed	N/A	N/A	S and DDTH should determine the busy season of the year and the availabilities of SMEs to schedule the meetings around those availabilities of SMEs for efficient and effective use of meeting time without impacting DDTH's regular business schwity. DDTH is waiting for the Project Plan so that DDTH can schedule their time accordingly.		6/30/2021	6/30/2021		
0-210527-01	Observation	Email-Ron- 210527	5/27/2021	Quality Management	N/A	SAP Support Website	NOTI purchased SAP software licence. As of 52,06, there is no established scional and access to SAP support website. NRW brought up that BOTI purchased software licence and that they should be provided access to the SAP support website that induding product information, troubleshooting and direct SAP support.	si	Closed	N/A	N/A	It is recommended that SI support and follow up with SAP for DOTH to gain access to the SAP support website.	9/7/D21: As of 9/7/D21; there is no established account and access for SAP support website. 51 statistication and the available after Development environment is installed. 9/8/2021: SI provided DOTH with access to SAP support website.	9/16/2021	9/16/2021	O-210923-01	
1-210531-01	lssue	M210527-1	5/31/2021	Schedule Management	N/A	Delay in Deliverables	As of 5/17/2021, the deliverables of the Communication Plan, the Chart of Accounts Design, the business Process Organizational Change Management (OCM) Plan, the Project Management Plan (PMP) and the Project Team Training have not been submitted to DDTH or completed yet. They were due on or prior to 5/17/2021, which was the end of the Prepare Plase.	51	Closed	Low	N/A	SI should complete the Communication Plan, the Chart of Accounts Design, the Business Process Organizational Change Management (OCM) Plan, and the Project Management Plan and submit to DOTH for review as soon as possible.	6/1/021: The Hear Target Dures for the following deliverables are set to by St - communication Pana: 6/1/2021 - Ohart of Accounts Design: 7/2023 - Business Process Organizational Change Management (OCM) Plan: 6/11/2021 - Project Management Plan (PMP): 6/18/2021 - Project Team Training: 6/18/2021	6/30/2021	6/30/2021	0-210615-01	Closed and recreated as I-210615-01

									Observ	ation, F		d Issues (ORI) 4/30/2023					
ORI ID	Туре	SI Deliverable / ORI Source	Creation Date	Subject Area	Modules	Summary	Description	Responsible Party	Status	Impact	Probab ility	Feedback / Mitigation	Updates	Review / Target Date	Close Date	Reference ID/Doc	Comments
+210531-02	bsue	M210527-1	5/31/2021	Schedule Management	GENERAL	Proget Plan and Implementation Schedule	Ihe fruit Project Plan/Ingenematistics Schedule has not been completed ond volvemented to DOTH. This is a foundational document for a project management and scheduling and one of the most critical devolveds. Delay in the Project Plan and ingenematistics Schedule poor decreased confidence in being able to meet finding G-in editation. Also, without the Project Plan and the Implementation Schedule DOTH has limited project volubility and it will impact schedule and resource management.	3	In Progress	High	N/A	S should complete Project Blay/implementation Schedule as soon as possible. This is a result of not going over DOTI requirements first in the beginning of the project. This issue task been raised multiple times but suggesting the review of DOTI requirements before or together with POD was not accepted. Currently PDD is being developed before RTM is completed.	21	Closed	Medium	N/A	RTM needs to be completed as soon as possible to eliminate any requirements that may need more discovery and to confirm that all the requirements went through a proper explore process.	2/1/2022: There was a discussion on the topic and POD is being developed.	2/28/2022	2/28/2022		
0-220216-01	Observation	M220216-2	2/16/2022	Training and Knowledge Transfer	N/A	Navigation Training	S provided H4 Navigation training on 2/9/2022. This was the first hands on training provided by S1. There were Project Team Training sessions in the beginning of the project, however these were overview of SAP (introduction to SAP) rather than hands on training for each module.	DOTH/SI	Closed	N/A	N/A	It is recommended to have continuous hands on training sessions.		2/28/2022	2/28/2022	It merged with I- 211021-03.	
R-220223-01	Risk	M220223-2	2/23/2022	Requirement Management (Processes, Requirements and Fit/Gap)	AP	Decentralizing AP Process	It was discussed that employees she initiate purchase also enter AP invoices in the Branch. There are a few concerns with this approach: - training issue - employees have to learn new process and task resource concern - resource shifting/expropriation may need to take place from change in workload - over decentralisation and additional support - if there are any error or if traubishooting is needed then the System Accountant needs to support multiple people - control losse	DOTH	Closed	Low	Low	Further discussion is recommended to ensure the new process will be enangeable for the Purchase Requisitioner position.	10/13/2022: No major updates. 20/22/2022: No major updates. 20/22/2022: No outputs 20/22/2022: No updates. 20/13/2022: No updates. 20/13/2022: No updates. 20/2022: No updates.	7/31/2022	7/31/2022		Invoice matching was addressed as an open item in AP PDD and will be discussed again during the Realize Phase.

1-220224-01	Issue	M220224-1	2/24/2022	Requirement Management (Processes, Requirements and Fit/Gap)	PO	Accounting Assignments	The project team discovered that expenditures cannot be charged to both Coal Center and Project at the same time. The current system allows to charge both Coal Center and Project simultaneously and tracks expenditures by Appropriation, Cost Center, Object Codes, and Charge Codes.	SI	Closed	High	N/A	Further discussions are recommended to ensure the expenditures are charged correctly according to DOTH's requirements.	3/31/2022: 35 stated that Sub Division and Projects are recorded in Fund Center and WBSE respectively.	3/31/2022	3/31/2022		
0-220224-01	Observation	M220224-1	2/24/2022	Resource Management	GENERAL	Vacation Notice	Vacation notice should be provided at least two weeks in advance, if possible, to the related team members for meetings and resources planning purposes.	DOTH/SI	Closed	N/A	N/A	N/A	3/31/2022: No major updates.	3/31/2022	3/31/2022		
1-220301-01	Issue	M220301-1	3/1/2022	Requirement Management (Processes, Requirements and Fit/Gap)	AP	AP Invoice Matching	According to 3/1/2022 AP meeting, the current H4 does not have a functionality of matching invokes to a specific PO/Contract Suffix line(b) based on the sure's need. SI proposed that DOTH creates PO/Contract line with only one suffix line.	SI	Closed	High	N/A	A single suffix line approach does not appear to be a feasible workaround for DOTH business process. An enhancement is needed if a standard functionality cannot meet invoice matching requirement.	3/31/2022: A solution is still being developed by 9. 4/26/2022: Two options for AP limvice matching were presented by 9. The pros and cons were discussed and the option 1 seems preferable but customization is required to put data entry validation and to make data entry more user friendly. 5/31/2022: The issue was addressed as an open item in the PDD.	6/17/2022	6/17/2022		The PDDs open item will be reviewed duri the realize phase.
I-220301-02	Issue	M220303-1	3/1/2022	Contract Management	GENERAL	New Go-Live Date	Original Go-Live date was no longer feasible and a new date was supposed to be set in mid-February. However, no revision has been done for the Go-Live date and currently there is no target date for Go-Live.	si	Closed	Medium	N/A	A Go-Live date should be set to track progress and to allocate resource accordingly.		3/31/2022	3/31/2022		Consolidated with R- 211028-01
1-220303-01	Issue	M220303-1	3/3/2022	Training and Knowledge Transfer	GENERAL	Training	DOTH requested weekly SAP training from SI, but SI stated that it is difficult due to resource constraints. SI suggested to bring up questions as needed to each respective consultant.	51	Closed	High	N/A	One of the issues is the lack of SAP understanding that DOTH members have, and this makes it challenging to review PDDs and to make progress with the project. It is recommended that SI and DOTH both proactively work on bridging the knowledge app for H4 by SI defining additional training sessions and DOTH requesting system training and information as needed. The training dees not have to be a formal structured classroom session, but it could be an informal structured classroom once a week to keep DOTH users more familiar with H4 functionalities and features and to manitain the implementation momentum throughout the H4 project.	3/31/2022: SI started to have a standing meeting every week for discussion and Q&A on Fund Management module. For non-PAI related questions and discussion, PAI consultant will bring respective module consultants as needed and provide anawars or resolutions. The first FAI Q&A resistion took place on 31/3/2022. 41/5/2022: Weekly Q&A resisions have been held to discuss open items, questions, and issues. 47/9/2022: Weekly Q&A resisions have been containing. 53/1/2022: Thewest Q&A resisions have been held to discuss open items, questions, and issues. 47/29/2022: Weekly Q&A resisions have been held to file. 47/2022: Weekly Q&A resisions have been held during the first three weeks of hune. 47/12/2022: Q&A sessions have not been held during the first three weeks of June. 7/15/2022: Q&A sessions have not been held since the middle of June. 7/15/2022: Q&A sessions have not been held since the middle of June. 7/15/2022: Q&A sessions have not been held since the middle of June. 7/12/2022: Q&A sessions have not been held since the middle of June. 7/12/2022: Q&A sessions have not been held since the middle of June. 7/12/2022: Q&A sessions have not been held since the middle of June. 7/12/2022: Q&A sessions have not been held since the middle of June. 7/12/2022: Q&A sessions have not been held since the middle of June. 7/12/2022: Q&A sessions have not been held since the middle of June. 7/12/2022: Q&A sessions have not been held since the middle of June. 7/12/2022: Q&A sessions have not been held since the middle of June. 7/12/2022: Q&A sessions have not been held since the middle of June. 7/12/2022: Q&A sessions have not been held since the middle of June. 7/12/2022: D&A sessions have not been held since the middle of June. 7/12/2022: D&A sessions have not been held since the middle of June. 7/12/2022: D&A sessions have not been held since the middle of June. 7/12/2022: D&A sessions have not been held since the middle of June. 7/12/2022: D&A sessions have not been held since the middle of June. 7/	8/31/2022	8/31/2022		SI stated Q&A will resume during the Realize phase because PDDs and RTM need more attention and they need to abe prioritized over other deliverables.
0-220310-01	Observation	M220310-2	3/10/2022	Requirement Management (Processes, Requirements and Fit/Gap)	AP	AP Invoice Payment	According to 3/10/2022 AP meeting, H4 does not have a standard functionality of selecting invoices to be paid based on a branch or a district.	SI	Closed	N/A	N/A	An enhancement is needed if a standard functionality cannot meet invoice selection requirement.	3/30/2022: 3 consultant demonstrated how invoices can be selected for payment based on Business Area or user specific invoice selection criteria.	3/31/2022	3/31/2022		
0-220314-01	Observation	M220314-1	3/14/2022	Requirement Management (Processes, Requirements and Fit/Gap)	РМ	Journals	DOTH currently finit expenses out inventories and equipment purchases, and then the equipment is reactishifet to fixed assets at the fixed year-end, inventories are not reflected on the Balance Sheet. SI proposed that purchases of inventories and equipment as charged to Asset account in F1 and charged to Expense account in FM for the budgetary control purpose.	DOTH/SI	Closed	N/A	N/A	This proposed solution needs to be reviewed and validated by DOTH.	3/13/2022: No major updates. 4/29/2022: No major updates. 5/31/2022: HA Project Team needs to review journal entries and come to an agreement. 6/30/2022: Journal Entries were included in PODs as a question or comment. They are being reviewed and discussed in POD. 7/31/2022: PIOS are being reviewed by DOTH. 8/37/2022: PIOS are being reviewed by DOTH. 8/37/2022: PIOS conditionally approved, which includes inventory and equipment journal entries.	8/15/2022	8/15/2022		Conditionally approv by DOTH
O-220316-01	Observation	M220316-2	3/16/2022	Requirement Management (Processes, Requirements and Fit/Gap)	NT	Material Group	SI and DOTH need to work together to design UNSPSC values and level of detail as Material Group for both inventory and non-inventory items including goods and services in H4.	DOTH/SI	Closed	N/A	N/A	NA	3/31/2022: No major updates. 4/29/2022: No major updates. 5/31/2022: No major updates.	6/30/2022	6/30/2022		UNSPSC will be implemented during the Realize Phase.
O-220328-01	Observation	M220328-2	3/28/2022	Requirement Management (Processes, Requirements and Fit/Gap)	G.	Journals	Journal Entries (JE) that H4 generates in the various business areas, such as procurement, payable, receivable, billing, fixed ascie, payrold, etc., and no been reviewed. DOI'n recently abled portant entry questions by submitting parallel entry Accessive," and SI filled out the forms and did a presentation on 3/28/2022.	DOTH/SI	Closed	N/A	N/A	NA	3/28/2022: SI and DOTH reviewed journal entries for procure to fixed asset cycle. O-220407-01	Observation	M220407-1	4/7/2022	Contract Management	GENERAL	PDD	There were discussions around approval of PDD. There was a supplementary DED providing additional information and conditions to make progress in finalizing PDDs.	DOTH/SI	Closed	N/A	N/A	NA		4/29/2022	4/29/2022		The new DED was approved by DOTH.
	Observation	M220412-1	4/12/2022	Solution Design and Configuration	PG	Program Codes	DOTH and SI discussed a new Fund structure and decided not to combine Appropriations and Program Codes into the Fund field. Program Codes will be captured as part of Project Codes.	DOTH	Closed	N/A	N/A	N/A		4/29/2022	4/29/2022		Previously this item was identified as Risk: R-220131-02 and the risk item is closed.
R-220418-01	Risk	M220418-2	4/18/2022	Solution Design and Configuration	PO	PR Approval Hierarchy	The current approval hierarchy of Purchase Requisitions are complicated and has more than 10 levels. This may cause delays in approval and needs high maintenance.	DOTH/SI	Closed	High	High	It is recommended that DOTH review the process flow with SI and consider streamlining the approval process.	5/31/2022: No major updates. 6/30/2022: No major updates.	7/31/2022	7/31/2022		The PR PDD has been conditionally approved by DOTH and the PR approval hierarchies can be revisited during the Realize Phase.
1-220427-01	Issue	M220427-2	4/27/2022	Requirement Management (Processes, Requirements and Fit/Gap)	FA	FA PDD	Some basic standard functionality in Fixed Assets were not able to be presented due to Sandbox errors. E.g., Fixed Assets Transactions.	51	Closed	High	N/A	It is recommended that Sandbox systems are maintained to be in working order to be able to review as needed to help PDD discussions.	S/IS/2022: FA POD was reviewed and approved by BOTH with a few open items. E.g., 1. Journal Entries from Procure to FA (Equipment/Vehicles), 2. Barcode process, etc.	5/31/2022	5/31/2022		5/31/2022: PDD document was continually approved thus closing the issue.
1-220428-01	lssue	M220428-1	4/28/2022	Requirement Management (Processes, Requirements and Fit/Gap)	FA	Barcode Solution	Barcode solution for physical inventory in H4 is still pending. Barcode software and hardware have not been proposed yet by SI.	51	Closed	Low	N/A	It is recommended that Barcode solution needs to be developed as soon as possible.	5/31/2022: No major updates. 6/30/2022: Barcode solution for physical inventory is set as an open item in a PDD.	6/30/2022	6/30/2022		
O-220428-01	Observation	M220428-1	4/28/2022	Resource Management	GENERAL	New Resources	DOTH recently hired two additional system accountants and they are engaged with the H4 project.	DOTH	Closed	N/A	N/A	N/A		4/29/2022	4/29/2022		
0-220513-01	Observation	M220512-1	5/13/2022	Training and Knowledge Transfer	GENERAL	Training Project Team Members	DOTH and SI had multiple discussions regarding training guide for project team member training. DOTH's and St's request and offering do not line up currently and they are working on coming to an agreement in PMO meetings.	SI	Closed	N/A	N/A	NA	5/31/2022: The DED for training project team members is being reviewed.	6/30/2022	6/30/2022		DED has been approved.
0-220513-02	Observation	M220505-1	5/13/2022	Resource Management	N/A	Replacement of DOTH Procurement Officer	DOTH Procurement Officer departed the H4 Project.	DOTH	Closed	N/A	N/A	PMO and IV&V should check and monitor if there's a smooth transition in roles and responsibility of DOTH Procurement Officer.	5/31/2022: The position has not been filled but DOTH is managing it by allocating work to other HWY-SF personnel.	5/31/2022	5/31/2022		
0-220531-01	Observation	M220519-1	5/31/2022	Communication Management	GENERAL	Project Team Members	More participation and feedback from DOTH during the PDD review and meetings with SI will help identify and improve inefficient processes, automate the repetitive manual processes, and prioritize the functional capabilities of the SAP system.	DOTH	Closed	N/A	N/A	N/A		6/30/2022	6/30/2022		
0-220531-02	Observation	M220519-1	5/31/2022	Schedule Management	GENERAL	Postpone Tasks to Realize Phase	Some tasks that need to be completed in the Explorer Phases are pushed to the Realize Phase such as demonstrating functionality, solution design, and reports.	DOTH/SI	Closed	N/A	N/A	It is recommended that H4 Project Team conforms to the phase gate process and ensure that all of deliverables and tasks are completed before moving to the Realize Phase.	6/30/2022: There is progress being made. 7/31/2022: There is incremental progress being made on demonstrating functionality and solution design but not on reports. 8/31/2022: Review and assessment of H4 standard and custom reports were pushed to the Realize phase. IV&V sees this as a risk of rework and incorrect configuration in Realize phase.	8/31/2022	8/31/2022		Analysis of Reporting Requirements was approved.
	Risk	M220519-1	5/31/2022	Contract Management	PM	Plant Maintenance Module Scope	The detailed requirements of the Plant Maintenance module replacing AS400 are being identified and created by DOTH as Strequested.	DOTH/SI	Closed	Medium	Mediu	It is recommended that H4 Project team define requirements and scope as soon as possible to minimize the overall project impact. The scope of Plant Maintenance implementation and the Go-Use approach need to be strategically vericeved and acried out to achieve the DDTH's intended goals and objectives of the H4: HWYAC replacement and Federal Billing.	6/30/2022: Requirements have been presented to 3.	6/30/2022	6/30/2022		
R-220601-01	Risk	M220601-1	6/1/2022	Solution Design and Configuration	GENERAL	Reports Analysis	Reports analysis - SI suggested that any report that can not be done will be handled as a WRICEF Item during the Realize Phase.	si	Closed	Medium	Mediu	It is recommended to have a thorough analysis of reports to set up WRICEF items during the Explore Phase.	6/28/2022. Analysis of Reporting Requirements was submitted for DOTH review. There was no separate meeting and discussion with DOTH and S1 to confirm the analysis of the reports. There may be some items that will require additional development among the ones that are identified as standard/configurable reports. 73/21/2022. Areven meeting for Analysis of Reporting Requirements was held. SI submitted updated version and DOTH is in the process of reviewing it for approval.	7/31/2022	7/31/2022

I-220617-02	Issue	M220616-1	6/17/2022	Resource Management	GENERAL	Vacation Notice	Vacation notice should be provided at least two weeks in advance, if possible, to the related team members for meetings and resources planning purposes.	DOTH/SI	Closed	Medium	N/A	It is recommended that any SMEs and consultants provide vacation notice in advance for the meetings to be scheduled accordingly without holding inefficient meetings.		6/30/2022	6/30/2022		Vacation calendar is available in Teams.
8-220630-01	Risk	M220616-1	6/30/2022	Contract Management	GENERAL	Go-Live Date	Si needs to set a new Wave 1 Go-Live date and Wave 2 timeline. A change order is needed to address not being able to go-live on 7/1/2022 as originally scheduled.	DOTH/SI	Closed	Medium	Medium	It is recommended that SI and DOTH come to an agreement on future direction of the project including new Go-Live date, contractual consequences, etc. This agreement needs to be reflected on a written change order.	7/31/2022: No major updates. 8/31/2022: The new Go-Live date has been set to 7/1/2023.	9/30/2022	9/30/2022		
1-220731-01	Issue	Wave 1 Deliverable 16	7/31/2022	Requirement Management (Processes, Requirements and Fit/Gap)	GENERAL	RTM reports	RTM reports are being submitted by each module. There is difficulty cross-checking the information with supporting documents because of missing information.	SI	Closed	High	N/A	WRCEF ID Number information does not specify what PD0 document the WRCEF item is in and it is difficult to cross offset and find the corresponding WRCEF information in PD0. Its ont possible to review and validate the Reports items because the reports information such as down meldes manes or sample reports have not been provided to DOTH. 9/4/2022: It is recommedies to add additional columns in RTM to provide WRCEF description and WRCEF jurification information in order to efficiently track and manage WRCEF in relation to requirements.	N/31/2022: PDDs and RTM are being updated so that WRICEF items are cross-checked difficiently. //30/2022: No major updates. //31/2022: No major updates. //31/2022: No major updates. //31/2022: Reviewing and validating RTM continues to be an issue because of missing or inadequate references for cross-checking between RTM and PDDs. 1/31/2022: Reviewing individual string RTM continues to be challenging. //31/2022: Reporting requirements are demanding more discovery sessions and time when reviewing RTM. //32/2023: Reporting requirements are demanding more discovery sessions and time when reviewing RTM. //31/2023: Reporting requirements as business logic, layouts, sources, etc., are being reviewed and discussed during the FSD meetings. //31/2023: Custom reports requirements continue to be discussed.	3/31/2023	3/31/2023		RTM deliverable was conditionally approved.
0-220818-01	Observation	M220818-1	8/18/2022	Resource Management	GENERAL	Assistant Project Manager	Assistant Project Manager left the H4 project and a new Assistant Project Manager has joined the project.	si	Closed	N/A	N/A	N/A		9/30/2022	9/30/2022		Assistant Project Manager is engaged and attending H4 meetings.
R-220825-01	Risk	M220825-1	8/25/2022	Resource Management	GENERAL	Full Time Project Manager	The Project Manager is supposed to be a full-time project manager for 148 Project. However, the current Project Manager will be managin another project - Sate of Nawii Financial Management System (FAMS Replacement Project).	SI	Closed	Medium	Mediun	The H4 contract states the project manager position to be a full-time position. It is recommended that SI and DOTTIMare a discussion to see if this is allowable/acceptable and it does not cause conflict of interest and schedule.	9/30/2022: SI Project Manager is attending fewer meetings than before. 10/31/2022: No mixior updates. 11/31/2022: Onther SI consultants have filled in the gap for PMO meetings due to PM unvanisability. 1/32/2023: SI Project Manager is now available and started to attend more meetings. 2/28/2023: Its recommended that SI and DOTH come to an agreement on full-time/part-time status of the Project Manager.	3/31/2023	3/31/2023		State of Hawaii Financial Management System (FAMIS Replacement Project) project is no longer active.
R-220930-01	Risk	M220929-1	9/30/2022	Schedule Management	GENERAL	Function Specification Documents	Functional Specification Documents are being developed before DED is approved by DOTH.	SI	Closed	Medium	Medium	It is recommended that SI and DOTH come to mutual agreement of DED before starting FSD.	10/14/2022: FSD and Technical Final Documents (TFD) DEDs were approved by DOTH. However, SI stated that 67% of FSDs were already completed. These FSDs need to be updated according to the approved DEDs.	11/15/2022	11/15/2022		FSD DED is approved by DOTH.
R-220930-02	Risk	M220929-1	9/30/2022	Quality Management	GENERAL	Conference Room Pilot	S stated that CRP will mainly consist of H4 functions and features demonstrations. It will not include DOTH hands on testing as part of the CRP.	51	Closed	High	High	It is recommended that SI and DOTH come to mutual agreement of DED of CRP. It is recommended that there are more opportunities for DOTH to provide feedback for the developing H4 System during the CRP process. It is recommended that hands on testing is incorporated as part of the CRP process.	10/31/2022: No major updates.	11/30/2022	11/30/2022		Deliverable Expectatio Document (DED) of CRP has been approved by DOTH.
R-220930-03	Risk	M220929-1	9/30/2022	Resource Management	GENERAL	Procurement Consultant	Procurement Consultant left the H4 project.	Si	Closed	High	High	It is recommended that SI find replacement consultant.	10/31/2022: No major updates. 11/30/2022: No major updates. 1/32/32: S1 stated that resource planning and allocation is determined by the state of the 1/33/2023: S1 stated that resource planning and allocation is determined by the state of the project. It is recommended that 33 and DOH should come to an agreement whether H4 needs a new consultant for the vacant procurement position. 2/28/2023: No major updates.	3/31/2023	3/31/2023	0-230309-01	This issues has been merged with O-230305 01.
0-220930-01	Observation	M220929-1	9/30/2022	Contract Management	GENERAL	Change Orders	SI submitted two Change Orders regarding implementation scope and timeline of Plant Maintenance module.	si	Closed	N/A	N/A	It is recommended that SI and DOTH come to a mutual agreement regarding Change Orders to continue making progress on the H4 Project without any additional delay.	10/6/2022: Two change orders were rejected due to the additional funding request beyond DOTH's acceptable budget threshold. The original scope of requirements and utilizing interface have been requested by DOTH.	10/14/2022	10/14/2022

R-221006-01	Risk	M221006-1	10/6/2022	Resource Management	GENERAL	PM, HR, Timesheet Consultants	Three St consultants are rolling off the H4 project.	Si	Closed	High	High	It is recommended that DOTH requests additional resources from SI to adequately support the project.	10/31/2022: H4 project started with 12 consultants and now there are eight consultants asagened to the H4 project even though the project's scope of work did not change. These may be insufficient records for the project. This may overlaad the menaning consultants with the quantity of work and also consultants; may need to work with modules that fail actisate of their 11/30/2022; It is recommended to monitor that project inovidege transfer takes place and to find registerment mounts for the H4 regists. Still have not been filled. 12/31/2022. The three vacant consultant positions is determined by the state of the project. It is recommended that 3 and DOTH should come to an agreement whether H4 needs a new consultant to the vacant processment position. 2/28/2023. No major updates.	3/31/2023	3/31/2023	0-230309-01	This issues has been merged with O-230309- 01.
R-221020-01	Risk	M221020-1	10/20/2022	Resource Management	GENERAL	Assistant Project Manager	Assistant Project Manager is rolling off the H4 project on 11/4/2022	si	Closed	Medium	Mediu	it is recommended that \$1 find replacement Assistant Project Manager.	11/20/2022: It is recommended that S search for a replacement for Assistant Project Manager. 21/25/2022: A proteinal Assistant Project Kanager was found but was assigned to another project. It is recommended that SI continue searching for a replacement for the Assistant Project Manager position. 12/21/2022: Sproposed an Assistant PM candidate, however qualifications were not met and SI is continuing to search for a candidate. 1/31/2023: Studmitted a resume for a deputy project manager candidate and DOTH is reviewing and charding the reference. 2/28/2023: A prospective Assistant Project Manager is identified and is going through the HR process.	3/31/2023	3/31/2023		Assistant Project Manager started working with the H4 project in early March 2023.
1-221025-01	lssue	M221027-1		Quality Management	GENERAL	Deliverable Quality	3 delayerables have tended to contain errors and misiaformation usin scincerce typicet anne, other clients nystem architecture, missing/incomplete content, etc. DOTH recently neoved as DDE from SJ, but it tumord out that the DED was for another client. These errors and missing information are causing delays in the deliverable review and approval process.	SI	Open	High	N/A	It is incommended that deliverable, are more carefully oppravel, reviewed and prodored by by document quality team before submitting to DOTH for review.	12/17/12/22: Formatting and contern tisses that could be easily prevented (e.g., big pags in the document without good reason, importe holder pointing, inconsistency between sections, and incorrect/incomplete information thus impacting legibility and accuracy) are continuously observed. L/31/2023: No major updates. 22/82/2023: Sho major updates. 2/31/2023: This been observed that a few errors, such as duplicate information, incomplete sections, and missing information discovered during the FSD essistons and CDD review, need to be addressed and corrected.	4/30/2023			
R-221031-01	Risk	M221027-1	10/31/2022	Schedule Management	GENERAL	New Go-Live Date	New Go-Live date is set to 7/1/2023 but it is at high risk due to many deliverables remaining and delay in implementation.	DOTH/SI	Open	High	High	It is recommended that DOTI and 3 discuss a resolution for delyade delyarables and sevelop a detailed plan to meet the new Go-Live date.	11/J0/2022: New Go-Live date of 7/J/2023 appears to be at risk; DOTH and SI should discuss feasibility of the Go-Live date. 11/J1/2023 as it is an improbable target date to achieve. 11/J1/2023: It is recommended to discuss the Go-Live date of 7/J2/2023 as it is an improbable target date to achieve. 11/J1/2023: It is recommended for DOTH and SI to review the feasibility of 7/J2/2023 Go-Live date and the Project Plan In be solutimed as soon as possible. 2/28/2023: The Project Plan/Implementation Schedule was submitted to DOTH for review and discussion with SI on 31/J2/2023. 15/J2/2023: The Project Plan/Implementation Schedule meetings held for discussion on 3/1 and 3/J2/2023: The Project Plan/Implementation Schedule meetings held for discussion on 3/1 and 3/J2/2023: The Project Plan/Implementation Schedule meetings held for discussion on 1/1 and 3/J2/2023: The Project Plan/Implementation Schedule meetings held for discussion on 1/1 and 3/J2/2023: The OD-Live date of 11/2/2023 Go-Live will be not met. 15/J2/2023: Bo ODH are reviewing and trying to reak an agreement on the Project Plan/Implementation Schedule with a new Go-Live date. 4/20/2023: Shi ODH are covering and trying to reak an agreement on the Project Plan/Implementation Schedule in order to establish a revised Go-Live date. 4/20/2023: Shi ODH are covering the process of reviewing and working out a new Project Plan/Implementation Schedule in order to establish a revised Go-Live date.	4/30/2023			
+221031-01	Issue	M221027-1	10/31/2022	Training and Knowledge Transfer	GENERAL	Team Training	OOTH project team members haven't been sufficiently provided instruction and training to actively access H4 and familiarize themselves with H4 functions and processes.	SI	Open	High	N/A	It is recommended that SJ provide training and instruction on how to navigate and process basic transactions on but the project tarm members can be more experiences with h4 and get ready for the System testing, verification, and validation.	11/15/2022: No major updates. It is recommended that DOTH test availability of Dev environment from on and of DOTH network. 12/12/2022: Orientiation meeting for subject Matter Leader Knowledge Transfer was held. No dates for the trainings have been set yet. 13/12/2023: Weelly standing meetings have been started to provide project Learn member training. 12/28/2023: Nonlowledge Transfer sessions are taking place and training is being provided. However, it is observed that there is a lack of instruction (training material) for the training essions. 3/13/2023: There bave been additional discussions during M. M. energing to the provided for Knowledge Transfer sessions and Sit working on it. 4/30/2023: There have been additional discussion during M/D meetings for project team member training materials and SI will follow up on it.	4/30/2023			
I-221130-02	Issue	M221117-1		Risk/Issue Management		Go-Live Date	Some items from Issuel Risk Log are being discussed without detailed resolution or follow-up.	DOTH/SI	Open	Medium	N/A	The risks and issues of the H4 Project need to be more proactively managed and respective SMEs should be more engaged regarding the details to ensure the success of the project.	12/12/12/22: No major updates. 12/12/2022: No major updates. 12/12/2022: No major updates. 12/28/2023: No major updates. 12/28/2023: No major updates. 13/5/2023: The are 13 unresolved outstanding issues and one new issue found. 4/30/2023: Progress has been made, however there are items that are aging and a quicker follow up and resolution to those issues will help with the project timeline.	4/30/2023			
R-221130-02	Risk	M221117-1	11/30/2022	Contract Management	GENERAL	Contract Schedule and Scope	The groups Lis extended beyond the original due data. There was a lot of work does for terms outside the origiest cooper- such as Pant Maintenance Inventory, which did not mainlest. There have been no charge ores for these terms that are impacting important parts of the H4 Project.	DOTH/SI	Closed	High	High	It is incommended to examine the contract, the schedule, and analysis the file/gap to make necessary adjustments with change orders as needed.	12/12/12/22: Yo major updates. 12/12/2023: Yo major updates. 2/28/2023: Yo major updates. It is recommended that SI and DOTH discuss the need for a change order due to scope change and schedule change.	3/31/2023	3/31/2023		DOTH stated that change orders may be created once the Project Plan/Implementation Schedule is approved by DOTH, which sets an official Go-Live date.
R-221130-03	Risk	M221117-1	11/30/2022	Reports and Analytics	GENERAL	Reports Requirements	RTM and FSD are being prepared without in-depth reports discussion and Analysis of Reporting Requirements (ARI) does not provide sufficient information to cover all the details of the reports. Reports are often the final desired outcome of an activity and detail discovery is essential.	SI .	Open	High	High	It is recommended that SI conduct detailed discovery of DOTH reports to ensure all the necessary information for input and output are covered.	12/17/12/022. During the FSD discussions, additional details that need to be on the reports have been discovered. 1/31/2023: 144 project team is having deep-dive discussions on WRICFF's requirements, processes, and functional ageditationation 2/28/2023: Reports WRICFF FSDs are being reviewed and new discoveries are being made. FSDs are beeing updated based on discussions. 1/31/2023: New discoveries on reports requirements, continue to be found. 4/30/2023: New tai constantly underging meet discoveries.	4/30/2023

R-221130-04	Risk	M221117-1	11/30/2022	Data Conversion	GENERAL	Data Conversion Preparedness	Data Conversion strategy van dijen documents have not convered the details such as source/harge, Classina, dependencies, and validations. These activities have been deterred to the Raitze Phase form the Explore Phase acusing detsyr, rework, or additional work later. WRICEF and detailed data conversion work deterred from the Explore Phase are discussed and performed during FSD sessions.	DOTH/SI	Open	High	High	E a maximumedia to catch up on work deferred from the Epdore Phase of the epdore Data conversion materials in detail to finalize the Data Conversion WRICEF in FSD.	12/17/10/20:2: Data conversion discussions are making progress. However, Hamilturity of M4 terminologies, functions, and processes by ODT will be needed to adequately review and complete data conversion 570s. 1/3/20/20:3: The observed fatta that needs to be extract from. 2/28/2023: The observed fatta makes there here data and are making progress. 3/3/2023: It is observed fatta more explanation and data conversion details, such as expensional statistic of data conversion updated from viscous modules, need to be provided by S for DDTY's better understanding and preparation. 4/3/2023: A statistic of data conversion updated from viscous modules, need to be provided by S for DDTY's better understanding and preparation. 4/3/2023: A statistic of data conversion are being reviewed, new information about data conversion is constantly being discovered and revealed. However, it is important to note that certain details should have been discussed and darified during the Explore Phase.	4/30/2023				
1-221130-03	Issue	M221117-1	11/30/2022	Documentation	GENERAL	Meeting Minutes/Follow Up Lists	It is observed that meeting minutes or action items from the project discussions are not always provided. To Do lists and individual levels, but this makes it difficult to track the progress as a project team and also challenging to collaborate between project team members.	DOTH/SI	Open	Medium	N/A	It is recommended to prepare meeting summaries and/or to do lists from the meetings to efficiently prepare, plan, and narighte the follow up activities and hold efficient meetings.	12/11/2022: No major updates. 12/12/2023: Mol meeting, minutes and agenda for weekly standing meeting: have been 12/12/2023: Moeting minutes are required to track action items and took tasks. For example, 12/12/2023: Moeting minutes are required to track action items and took tasks. For example, 12/12/2023: Moeting minutes are required to track action items and took tasks. For example, 12/12/2023: Moeting minutes are required to track action items and took tasks. For example, 12/12/2023: A document such as wheteing minutes are action items in thouse the complete 13/12/2023: A document such as meeting minutes or an action items in should be completed there each meeting—soopsod to each individual tracking there on task-to-state with DOTH and have a cohesive follow up offs the various meetings that are taking place. 13/20/2023: No my outplates. It is recommended that DOTH and S levedops a standardized procedure for meeting minutes or task lists to track action items effectively.	4/30/2023				
-221206-01	Observation	M221206-1	12/6/2022	Solution Design and Configuration	GENERAL	FSD Review	There was a meeting to discuss how to improve FSD process, because there are more than 200 documents that need discussion and approval. The proposed method is to group similar topic FSDs in a batch to discuss in a same meeting.	doth/si	Closed	N/A	N/A	It is recommended to create a plan with FSD groups in advance for efficient and prioritized reviews and meetings.	1/15/2023: No major updates. 1/15/2023: FXD documents are being reviewed by SI consultants who are covering multiple modules. The proposed method to group similar topic FXDs in a batch is not being utilized yet and the FXD discussions are being held as the documents are submitted and easier ones are being handled first. Will help to have FXD discussions to follow process flow instead of the current al do capproach. 2/28/2023: Meetings are not being grouped into similar topic FXDs.	3/31/2023	3/31/2023		It was closed becaus almost half of the FS were already discuss and grouping FSDs b process flow may no be necessary at this point.	
R-230228-01	Risk	M230223-1	2/28/2023	Requirement	GENERAL	PSD	FSDs are prepared without in-depth discussion during the	SI	Open	High	High	It is recommended that the H4 Project Team work on	4/30/2023: There were some meetings where detailed information for configuration or reports	4/30/2023				
				Management (Processes, Requirements and Fit/Gap)			RTM and Fit/GAP. An FSD is a final document before the System configuration, therefore it should be as complete as possible. However, there are a lot of discoveries still being made during the FSD sessions.					detailed and complete discovery of DOTH requirements without postponing any elements to development and testing. All the details should be discovered by the completion of FSDs.	was suggested to be discovered during the testing phase. It is recommended that all granular details be discovered and documenter with the FSS nor variater than postposing until the integration testing. Developers need clear guidance on creating reports and customizing applications, which is why It's crucial for FSDs to be comprehensive and detailed.					
D-230228-01	Observation	M230223-1	2/28/2023	Contract Management	GENERAL	Fit/Gap	SI submitted a change order for Fit/Gap based on all requirements. DOTH and SI are reviewing and making adjustments to come to an agreement. It is observed that the credit (hours) provided to DOTH for the various requirements appear to be underestimated.	DOTH/SI	Closed	N/A	N/A	It is recommended for SI and DOTH to review Fit/Gap together and come to an agreement.		3/31/2023	3/31/2023		The Fit/Gap deliverable was conditionally approv with a change order.	
D-230302-01	Observation	M230302-1	3/2/2023	Solution Design and Configuration	GL	Design of Fund Account Assignment	DOTH requested changes in the number of characters in t Fund account assignment based on the FM Budgeting Knowledge Transfer meeting took place on 2/28/2023.	DOTH/SI	In Progress	N/A	N/A	DOTH requested changes in the number of characters in Fund account assignment based on the FM Budgeting Knowledge Transfer meeting took place on 2/28/2023.	3/30/2023: DOTH made a decision with ten-digit fund assignment based on the discussion and analysis with SI during the Weekly FM Budgeting Discussion & Knowledge Transfer meeting on 3/30/2023: A change order is being prepared by SI.	4/30/2023				
D-230307-01	Observation	M230307-4	3/7/2023	Training and Knowledge Transfer	GENERAL	KT Sessions	There was an issue of who could participate in KT sessions. SI and DOTH decided that key project team members could attend KT sessions even though they are registered in the KT roster.	DOTH/SI	Closed	N/A	N/A	NA		3/31/2023	3/31/2023			
1-230309-03	Issue	M230309-2	3/9/2023	Contract Management	GENERAL	Unit Testing	Si stated that the unit testing will be conducted by SI consulants only and there will be no participation from DDTH. Si will provide reports showing test results with screensheds instead of unit testing scripts.	DOTH/SI	In Progress	High	N/A	It is recommended for SI and DOTH come to an agreement on how the unit testing will be conducted. It may be beneficial for DOTH to be involved in unit testing to ensure requirements are implemented as expected.	3/6/2023: Stated according to its methodology: 1 unit testing will be conducted based on T- Codes in Basiness Process Master Liss (BMAL), not by each requirement of DDTH with test functionalities. DDFH disappears and Batter Hab DDTH should participant in all testing regardless of standard function or WHICLE, as defined in the project documents. 4/30/2023: DDTH and SI are in a discussion and working towards finding a mutual agreement.	4/30/2023				
R-230309-01	Risk	M230302-1	3/9/2023	Contract Management	GENERAL	Conditional Approva	If There are various deliverables that are conditionally approved due to unsing or incompatient enguinements analysis or process discovery and the project team has to engage in rediscover of information for the Project.	DOTH/SI	In Progress	High	High	It is recommended that DDTA avoid conditional approval on any remaining deliverables because many deliverables are interdependent, and some of them are built upon the previous oner. These conditionally approved deliverables could require rework and fluing when errors and omissions are found later, and it could further complicate the project deliverable management and updates.	4/30/2023: No major deliverables this month were impacted by this issue. However, there are few individual FSDs that are conditionally approved and this may increase project risk.	4/30/2023				
O-230309-01	Observation	M230309-2	3/9/2023	Resource Management	GENERAL	Resource Planning	It is observed that three SI rolled-off consultants without replacement are impacting the project deliverables and this leads to ongoing rediscovery sessions and changes in solution design and processes.	DOTH/SI	In Progress	N/A	N/A	N/A	4/30/2023: It is continuously observed that deliverables are being re-worked due to the resource change. This could potentially raise the level of risk for the project.	4/30/2023				
O-230331-01	Observation	M230331-5	3/312023	Solution Design and Configuration	GENERAL	Project Activities	The main project activities with DOTH were Functional specification Document (FSD). As of 3/31/2023, out of 211 FSDs total, 33 submitted 95 FSDs, and DOTH approved 79 FSDs. More meeting sessions, such as for Security and Definition/Robes and Responsibilities, and Knowledge Transfer took place simultaneously.	DOTH/SI	In Progress	N/A	N/A	It is recommended that Project Plan and Implementation Schedule be completed as soon as possible for the visibility of the timeline, Go-Live date, task dependencies, and resource plan.	4/28/2023: Out of 211 FSDs total, SI submitted 101 FSDs, and DOTH approved 78 FSDs.	4/30/2023
