
A BILL FOR AN ACT

RELATING TO AN ECONOMIC DEVELOPMENT DISTRICT PLANNING
ORGANIZATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that being designated as
2 an economic development district by the United States Economic
3 Development Administration offers opportunities to advance
4 coordinated and locally developed goals that leverage and build
5 upon interrelated community assets, such as workforce,
6 infrastructure, and housing. An economic development district
7 advances a long-term established relationship with the United
8 States Economic Development Administration that includes annual
9 federal funding to support the development and implementation of
10 the Hawaii comprehensive economic development strategy. The
11 United States Economic Development Administration is much more
12 likely to invest federal funds in a designated economic
13 development district than in an area that is not covered by an
14 economic development district.

15 The legislature further finds that, pursuant to Title 13
16 Code of Federal Regulations section 304.1, an economic

1 development district designation by the United States Economic
2 Development Administration requires:

- 3 (1) A comprehensive economic development strategy, which
4 has been approved by the Assistant Secretary for
5 Economic Development of the United States Department
6 of Commerce, that includes a specific program for
7 intra-district cooperation, self-help, and public
8 investment;
- 9 (2) Commitments from a majority of counties within the
10 proposed district;
- 11 (3) A district organization, which may be organized under
12 state law as a multi-jurisdictional area-wide planning
13 organization; and
- 14 (4) That the district organization meet requirements
15 established in Title 13 Code of Federal Regulations
16 section 304.2, including that the organization's
17 governing body be broadly representative of the
18 principal economic interests of the region by
19 involving the private sector, public officials,
20 community leaders, representatives of workforce

1 development boards, institutions of higher learning,
2 minority and labor groups, and private citizens.

3 The purpose of this Act is to ensure that Hawaii is
4 eligible for the substantial benefits of a United States
5 Economic Development Administration-designated economic
6 development district by:

- 7 (1) Establishing within the office of planning and
8 sustainable development the Hawaii economic
9 development district planning organization and
10 governing board; and

12 positions to support the Hawaii economic development district
13 planning organization; provided that the positions shall be
14 exempt from chapters 76 and 89, Hawaii Revised Statutes;
15 provided further that the positions shall be funded using

1 2024-2025 to carry out the purposes of this Act, including the
