
HOUSE RESOLUTION

REQUESTING THE EXECUTIVE OFFICE OF AGING TO CONDUCT A STUDY ON
THE ADEQUACY OF ELDER CARE ON MOLOKAI AND LANAI, AND IN
EAST MAUI.

1 WHEREAS, as Hawaii's population ages, the need for long-
2 term care services and supports is also increasing; and
3

4 WHEREAS, elder care serves the needs and requirements of
5 seniors to live comfortably and independently while receiving
6 assistance with daily activities and health care; and
7

8 WHEREAS, on the neighbor islands, there are often few
9 options for senior care facilities, with family members living
10 miles, or even islands, apart; and
11

12 WHEREAS, Lanai, Molokai, and East Maui are some of the most
13 rural communities in the State and may not currently have
14 adequate facilities and services to meet their growing elderly
15 populations; and
16

17 WHEREAS, the significant increase in Hawaii's elder
18 population and increase in demand for facilities and services
19 will require an ongoing commitment to ensure that Hawaii's
20 kupuna, especially those who live on the neighbor islands, can
21 receive adequate care; and
22

23 WHEREAS, an assessment on the adequacy of elder care
24 services on the neighbor islands, particularly on Lanai and
25 Molokai, and in East Maui, and how to improve elder care
26 services will help the State meet the ongoing present and future
27 needs of Hawaii's kupuna; now, therefore,
28
