
HOUSE RESOLUTION

REQUESTING THE HAWAI‘I COUNTY DEPARTMENT OF WATER SUPPLY TO
CONVENE A WORKING GROUP TO EXAMINE OPPORTUNITIES FOR
INCREASING WATER ACCESS AND STRENGTHENING WATER
INFRASTRUCTURE FOR UNDERSERVED COMMUNITIES ON HAWAI‘I
ISLAND.

1 WHEREAS, water is life; and

2

3 WHEREAS, access to reliable water infrastructure and clean
4 drinking water is essential for personal and public health; and

5

6 WHEREAS, a lack of access to a consistent water supply
7 prevents the development of basic infrastructure in rural and
8 remote areas, including the establishment of public schools,
9 medical and community health centers, grocery stores, and
10 financial institutions; and

11

12 WHEREAS, many communities located on the southwestern side
13 of Hawai‘i Island, including Ocean View, Miloli‘i, and other
14 nearby subdivisions, lack access to county water infrastructure;
15 and

16

17 WHEREAS, in 2012, the Hawai‘i County Department of Water
18 Supply launched the Hawaiian Ocean View Estates Water Facilities
19 Project in Ocean View, which involved the construction of a
20 standpipe well for the community; and

21

22 WHEREAS, despite the establishment of the well, water
23 access remains a significant challenge for residents of Ocean
24 View, Miloli‘i, and neighboring communities, most of whose
25 residents continue to rely on catchment systems; and

26

27 WHEREAS, areas that receive much less rainfall than the
28 southwestern part of Hawai‘i Island, such as Waikoloa, have
29 reliable county water infrastructure which receives
30 approximately nine inches of rainfall per year on average in

H.R. NO. 56

1 comparison to the twenty-six inches of rainfall experienced each
2 year on average in Ocean View; and

3

4 WHEREAS, inadequate water infrastructure represents a
5 glaring example of structural inequality for the southwestern
6 part of Hawai'i Island, which ranks below the state average in
7 household income, educational attainment, and other key social
8 and economic indicators; now, therefore,

9

10 BE IT RESOLVED by the House of Representatives of the
11 Thirty-second Legislature of the State of Hawaii, Regular
12 Session of 2023, that the Hawai'i County Department of Water
13 Supply is requested to convene a working group to examine
14 opportunities for increasing water access and strengthening
15 water infrastructure for underserved communities on Hawai'i
16 Island; and

17

18 BE IT FURTHER RESOLVED that the Hawai'i County Department of
19 Water Supply is urged to invite to participate in its working
20 group individuals with expertise in the development of water
21 resources in barren areas, faculty at the University of Hawai'i
22 who conduct research into water resource management, and
23 community members; and

24

25 BE IT FURTHER RESOLVED that the working group is requested
26 to submit a report on its efforts to increase access to water on
27 Hawai'i Island, including any findings, recommendations, and
28 proposed legislation, to the Legislature no later than twenty
29 days prior to the convening of the Regular Session of 2024; and

30

31 BE IT FURTHER RESOLVED that certified copies of this
32 Resolution be transmitted to the Mayor of Hawai'i County,
33 Chairperson of the Hawai'i County Council, Chairperson of the
34 Hawai'i County Water Board, and Manager-Chief Engineer of the
35 Hawai'i County Department of Water Supply.
