2:30 Friday, February 10, 2023,

TESTIMONY IN SUPPORT OF HB 968 HD1

RELATING TO

THE UNIVERSITY OF HAWAI'I PAMANTASAN COUNCIL

SUBMITTED BY: Hawaii Friends of Civil Rights

Co-chairs, Amy Agbayani and Patricia McManaman

Aloha Chair Per

I am testifying on behalf of the Hawaii Friends of Civil Rights (HFCR) in strong support of HB 968, a bill that addresses access, equity and inclusiveness for Filipinos at UH. I would like to note that I am an Emeritus Assistant Vice Chancellor for Student Equity and Diversity and a member of the Pamantasan Council. Pamantasan is a Filipino word for higher education. HB 968 appropriates funds and 3 FTE to the Pamantasan Council. HB968 builds on Act 266 (2019) and SCR 132 (2022)

The SCR 132, report to the 2023 legislature includes “ information regarding the 2019 appropriation; resource and budgetary needs; recommendations on curriculum development; and representation and success of students, faculty, and staff.” The report clearly establishes the urgent need for the state legislature to support the long-term efforts of the UH Pamantasan Council and the University of Hawai'i to increase the number and success of Filipino Americans in the UH system. Filipino Americans continue to be underrepresented as students, staff, faculty administration and curriculum

My testimony in support of HB 968 references the Report to the 2023 Legislature on the Pamantasan Council Systemwide Efforts to Improve the Status of Filipino Americans at the University of Hawaii https://www.capitol.hawaii.gov/sessions/session2023/bills/DC246_.pdf

1. Act 266 approved two positions and \$155,000 for the Pamantasan Council in 2019 Due to position freeze during the pandemic, the two positions were not established but the appropriated funds were productively used to increase enrollment and enhance

the academic success of Filipino Americans in the UH system. Efforts are underway to develop and offer multi-campus Filipino courses and certificates.

2. Filipino Americans continue to be underrepresented as undergraduate students in the UH system (14.1 percent) in comparison to their proportion of public school students 2 | Executive Summary (23.7 percent) in Hawai'i, among which they are the largest ethnic group. Filipino American undergraduates have their highest percentage representation at Maui College (25.3 percent) and UH West O'ahu (22.3 percent). However, they persist in being considerably represented below parity at UH Manoa (10.8 percent) and UH Hilo (6.2 percent). Among graduate students, Filipino Americans are especially underrepresented at only 5.4 percent of such students at UH Manoa. At the UH community colleges, Filipino Americans (17.8 percent) are significantly underrepresented compared to their percentage of Hawai'i public school students. They have their greatest representation at Leeward (21.7 percent) and Honolulu (17.5 percent) Community Colleges. Filipino Americans who seek higher education in Hawai'i primarily enroll in the UH community colleges; however, sufficient transfer to the UH four-year universities continues to be an issue of concern.

Filipino faculty, particularly tenure track positions are severely underrepresented at all campuses (e.g. at Manoa there are only 22 tenure track Filipino faculty and represent 2.5% of Manoa and only two interim top administrators).

Many campuses do not offer Filipino/Philippine content courses. The Pamantasan Council is working to offer multi-campus Filipino courses and certificates.

3. Three positions requested in HB 968 are recommended in UH SCR 132 report to the 2023 legislature: Manoa Student Equity Excellence and Diversity office, Maui College Leeward Community College to develop and offer curriculum at all campuses. This bill request \$310,000 for 3 FTE and operating funds.

Since it was established in 1988, the UH Pamantasan Council as a systemwide organization has led and supported efforts to meet the University's goals of equity and inclusion, as well address workforce needs, curriculum, research and community service. I respectfully request you approve this bill to provide 3 FTE and funds for Pamantasan Council multicampus programs.

Amy Agbayani, Emeritus Assistant Vice Chancellor for Student Diversity

Co-chair Hawaii Friends of Civil Rights.

Testimony to the Committee on Higher Education

Re: House Bill (HB)

Aloha Chair Donna Mercado Kim, Vice Chair Michelle Kidani, and members of the Committee on Higher Education:

My name is Leon Fuimaono Florendo. I am member of the University of Hawai'i Pamantasan Executive Council and Leeward Community College Pamantasan Committee. I am also Associate Professor Counselor at Leeward CC Wai'anae Moku Education Center and I am testifying as an individual and do not represent the University of Hawai'i (UH). I am submitting this testimony in support of HB 968 HD1. The purpose of this measure is to appropriate funds to the UH Pamantasan Council for three full-time equivalent academic and support services specialist positions. ***I am strongly urging you all to support HB 968 HD1.***

On December 22, 2022, University of Hawai'i submitted a report to the legislature in response to passage of SCR 132, reporting on the status of Filipinos at the University of Hawai'i. The report highlights issues of Filipino representation in the areas of student enrollment, transfer, degree completion, faculty and administrative leadership, and curriculum representation.

Filipinos are the second largest ethnic group in Hawai'i make up 25% of the state's population. Filipinos are the largest ethnic group in the Hawai'i Department of Education system making up 23.7% of the HIDOE population. In the UH system, Filipino students are disproportionately underrepresented at only 14.1%.

In the UH system, Filipinos are overrepresented in the community college system and not transferring. According to UHIRO 2019 data, out of the total 6,828 Filipinos in the UH system, the majority (63%) are enrolled in the UH community college system and are most likely not to transfer to the 4-year UH campuses.

In closing, your support for HB 968 HD1 will directly ensure that the UH Pamantasan Council will be able to address the UH student enrollment, transfer, degree completion, faculty and administrative leadership, and curriculum representation issues. Thank you for your time and consideration.

Mahalo, Salamat po
Leon Fuimaono Florendo

Filipinos for Affirmative Action

TESTIMONY IN STRONG SUPPORT OF HB 968, HD1 Committee on Higher Education and Technology

February 10, 2022, 2:30 pm

Hawai'i State Legislature

Hawai'i State Capitol, Conference Room 309

To: Chair Amy A. Perruso
Vice-Chair Jeanne Kapela
Committee on Higher Education and Technology Members:
Rep. Diamond Garcia, Rep. Lisa Marten, Rep. Rose Martinez, Rep. Scot Z. Matayoshi,
Rep. Sean Quinlan, Rep. Chris Todd, Rep. Justin H. Woodson

From: Agnes Malate, PhD
armalate@yahoo.com

My name is Agnes Malate and I am in full support of House Bill 968, HD1 to fund three full-time equivalent academic and support services specialist positions for the system-wide Pamantasan Council. I am a member of the Filipinos for Affirmative Action and have worked 30 years to increase diversity in education from high school to college. As a Faculty Specialist who was able to earn a PhD in Educational Foundations at the University of Hawai'i at Mānoa (UHM) with the incredible support of professors, mentors, colleagues, and students, I am a beneficiary of the transformative power that a college degree has for an individual, family, and community. I can also attest to the direct impact that affirmative action and diversity programs have had on improving the lives of the students who participated in these programs.

The Pamantasan Council was established in 1987 to address the academic success and careers of Filipinos and the quality of education for all students at the University. As a young professional who had just joined the staff at the University of Hawai'i at Hilo, I was excited to be part of the planning committee for the first system-wide Pamantasan conference that included students, staff and faculty the following year. For the first time there was a unified effort to understand and address the needs of Filipinos in education and the workforce.

The Council convenes every year, rotating among the UH campuses, to share our efforts on increasing the student, staff, and faculty representation throughout the system. We also are concerned with the underrepresentation of Filipino teachers and administrators in the department of education, especially in comparison to the disproportionately higher enrollment of the Filipinos in the public school system. Incremental steps have been made in offering Philippine and Filipino-American courses in the curriculum. However, after over 35 years it is critical that funding is provided to implement the recommendations and strategies set forth in previous Pamantasan reports. Activities proposed by the different campuses, require funds and positions to ensure adequate faculty, student service personnel, lecturers, graduate assistants, and student staff.

According to the UH Institutional and Research Office Fall 2022 enrollment data (<https://www.hawaii.edu/institutionalresearch/home.action>), Filipino students enrolled in the UH Community Colleges is 17.8% but are only 9.3% at UHM (10.6% of all undergraduates and 5.4% of all graduates). These figures continue to be lower than Filipino students' public school enrollment (22.6%) (<http://arch.k12.hi.us/reports/hidoe-data-book>). Examining selected majors, 9.4% of Filipinos are in education, 4.4% in law, and 6.5% in medicine. The only major that Filipinos have consistently been well represented is nursing (24.3%). It is the most popular major that Filipinos are encouraged to pursue. In large part due to the high percentage of Filipino nurses in the workforce and access to them via a network of family and friends, a career in nursing has been a proven career path for Filipinos. For many Filipinos who are first-generation college students they lack role models, support systems, and university services to help them successfully navigate the higher education setting. However, they possess the ingredients to excel in education, contribute as professionals in Hawai'i's workforce, and be outstanding leaders.

As the second largest ethnic group in Hawai'i, it is critical that attention be given to the challenges faced by this population and funding be provided to support the efforts of the University of Hawai'i. I am grateful to the Committee for strengthening the University of Hawai'i's and the Pamantasan Council's ability to respond to the growing needs of the second largest ethnic group in the State and urge you to pass HB 968, HD1.

Although I am an employee of UHM, this testimony reflects my personal position and is not the official position of the University of Hawai'i.

February 8, 2023

House Committee on Higher Education & Technology

In strong support of HB 968 HD1

Feb. 10, 2023, House Conference Room 309, Hawai'i State Capitol

To: Rep. Amy A Perruso, Chair

Rep. Jeanne Kapela, Vice Chair

Members: Rep. Lisa Marten, Rep. Rose Martinez, Rep. Scot Z. Matayoshi, Rep. Sean Quinlan, Rep. Chris Todd, Rep. Justin H. Woodson, Rep. Diamond Garcia

Dear Chair Amy A. Perruso, Vice Chair Jeanne Kapela, and Members of the House Committee on Higher Education and Technology:

Kumustakayo amin (greetings)! My name is Rouel Velasco and **I submit this testimony in strong support of HB 968 HD1**, a bill to appropriate funds to the University of Hawai'i (UH) Pamantasan Council for three full-time equivalent academic and support services specialist positions. **I am urging you to support this measure.**

I provide this testimony on behalf of myself as a Hawai'i-Born Filipino private citizen from Kapolei, O'ahu. I am a proud graduate of the University of Hawai'i at Manoa, twice (with a bachelor and master's degrees). I am honored to share my thoughts and story with you.

Since 1987, UH Pamantasan Council strives to enhance the Filipino experience in higher education by bringing together faculty, staff and students to advance issues on access to higher education, representation among university faculty and staff, as well as Filipino-related curriculum. Through its grassroots and voluntary efforts, the Pamantasan Council made advances to increase Filipino student enrollment, retention and degree completions. Yet, much more can be accomplished. While we celebrate that Filipinos are the second largest ethnic group in Hawai'i and largest ethnic group in the Hawai'i Department of Education system, Filipinos are disproportionately underrepresented in the UH system. In the midst of underrepresentation, there is hope and promise.

My story of college success moves from shame to pride and empowerment. While having been born and raised along the Wai'anae Coast, I was not always proud to call myself Filipino, specifically Ilokano. I grew up during a time when racist local jokes attacked Filipinos and Filipino culture. It was not until enrolling in college and attending a Pamantasan Conference that I met positive role models that look like me. I have personally benefited from the connections and opportunities Pamantasan has provided to me as a student (undergrad and grad) and as a professional staff member. The Filipino community within the University of Hawai'i voluntarily with little to no resources provides programs and experiences to empower and affirm the identities of Filipino college students. These connections and experiences allowed me to further my participation in the Filipino community beyond the university. I carry this pride with me in my

involvement with community-based organizations focusing on Filipino empowerment. This affirmation in my identity and being valued at the university allowed me to find home, meaningful connection and belonging to the university. For this, I am eternally grateful.

As a student affairs professional at one of the University of Hawai'i campuses, I see the potential and opportunities to better support Filipino student success. While existing resources exist at UH Mānoa and Leeward, I see the growing need for programs and resources to be available across the 10 campus UH system. This measure, HB 968 HD1, will provide opportunities across the UH system to further explore and affirm Filipino students' identities, culture, language and ancestral knowledge, meanwhile, making connections with other students and professional staff culminating in achieving student success and advancing community empowerment.

I thank the House for introducing HB 968 HD1 and hope that through its passage, current and future Filipino students continue to thrive and reach new levels of success. Through my storytelling, I strongly urge you to support this measure to appropriate funds for three full-time positions to support the important work of the UH Pamantasan Council.

Thank you for your time and consideration. Agyamanak! (I am grateful!)

Respectfully submitted,
Rouel Velasco

February 8, 2023

Testimony to the Committee on Higher Education & Technology

Re: HB 968, HD 1

Dear Chair Amy Perruso, Vice Chair Jeanne Kapela, and members of the Committee on Higher Education and Technology:

My name is Jeanne Batallones and **I submit this testimony in strong support of HB 968/HD 1**, a bill to appropriate funds to the University of Hawai‘i (UH) Pamantasan Council for three full-time equivalent academic and support services specialist positions. **I am urging you to support this measure.**

I am a Counselor at a UH Community College and a member of the UH Pamantasan Council. I have worked as a counselor within the UH system for the last eight years, and in the community college system for the last 19 years. I provide this testimony on behalf of myself as an Filipina educator and community advocate.

In response to passage of SCR 132, the University of Hawai‘i submitted a report to the legislature on December 13, 2022, to report on the status of Filipinos at UH. The report highlights significant issues of Filipino representation in the areas of student enrollment, transfer, degree completion, faculty and administrative leadership, and curriculum representation. Your support for HB 968 will directly support staffing to address these issues.

Although Filipinos are the second largest ethnic group in Hawai‘i and make up 25% of the state's population and also the largest ethnic group in the Hawai‘i Department of Education system making up 23.7% of the HIDEOE population, we are disproportionately underrepresented in the UH system, and consist of only 14.1% of students in the UH system.

Within the UH system, Filipinos are overrepresented in the community college system and not transferring. According to UHIRO 2019 data, out of the total 6,828 Filipinos in the UH system, the majority (63%) are enrolled in the UH community college (UHCC) system and are highly unlikely to transfer to the 4-year UH campuses.

Data from 2018–2019 obtained from the UH Institutional Research Office have shown disproportionate rates of Filipino degree completion have continued to persist, especially at the graduate degree levels (UHIRO, 2019). According to these data, 12% of all Filipino students attending the 4-year UH campus earned a baccalaureate degree, 4% earned a master’s degree, and 1% earned a doctoral degree. In comparison, 31% of Caucasian students and 25% of

Japanese students earned a master's degree, while 44% of Caucasian students earned a doctorate degree.

The 4-year UH campuses offer most of the courses related to the Philippines or Filipinos. However, at the UHCC, where the majority of Filipinos are enrolled, students do not have access to these courses. Among the UHCCs, Leeward Community College offers the most courses dedicated solely to the Philippine and Filipino experience, with the only academic subject certificate in Philippine Studies. However, resources previously allocated for the sole tenured faculty position assigned to the only Philippine Studies program in the UHCC system at Leeward CC were swept during COVID-19, leaving the program without adequate staffing to sustain and support the program's growth and expansion.

It is hoped that by reporting on UH efforts to address Filipino educational equity gaps, direct support for efforts such as the modification and expansion of Leeward Community College's Philippine Studies Certificate program to serve as a "hub" which can offer Filipino courses online to "spoke" campuses across the UHCC system, can be realized to address the UHCC Filipino curriculum gap. **Passage of HB 968/HD 1 will support such efforts through the appropriation of funds to restore the only tenure track faculty position teaching Philippine Studies in the UHCC system at Leeward CC.**

For the reasons stated above and towards the goal of addressing Filipino educational equity gaps in the UH system, **I strongly urge you to support this measure to appropriate funds for three full-time positions to support the important work of the UH Pamantasan Council.**

Thank you for your time and consideration.

Respectfully submitted,
Jeanne Batallones, Ed.D

Comments:

Dear Committee in Higher Education and Technology,

Please support HB 968 HB 1. Funding Pamantasan to hire 3 staff will help with outreach and retention efforts to increase Filipino student enrollment at the 4 year colleges, and into advanced degrees. Filipino students are a large population in our public education system. But, our community needs the support in promoting investment into higher education as an avenue toward uplifting family living conditions, civic engagement, and professional leadership.

Thank you,

Ellen-Rae Cachola

My name is Dr. Lorenzo Perillo and I submit this testimony in strong support of HB 968, a bill to appropriate funds to the University of Hawai'i (UH) Pamantasan Council for three full-time equivalent academic and support services specialist positions. I am urging you to support this measure.

I am a Filipino American, born here in Hawai'i. I provide this testimony on behalf of myself as an individual citizen.

In response to passage of SCR 132, the University of Hawai'i submitted a report to the legislature on December 13, 2022, to report on the status of Filipinos at UH. The report highlights significant issues of Filipino representation in the areas of student enrollment, transfer, degree completion, faculty and administrative leadership, and curriculum representation. Your support for HB 968 will directly support staffing to address these issues.

Although Filipinos are the second largest ethnic group in Hawai‘i and make up 25% of the state's population and also the largest ethnic group in the Hawai‘i Department of Education system making up 23.7% of the HDOE population, we are disproportionately underrepresented in the UH system, and consist of only 14.1% of students in the UH system.

Within the UH system, Filipinos are overrepresented in the community college system and not transferring. According to UHIRO 2019 data, out of the total 6,828 Filipinos in the UH system, the majority (63%) are enrolled in the UH community college (UHCC) system and are highly unlikely to transfer to the 4-year UH campuses.

Data from 2018–2019 obtained from the UH Institutional Research Office have shown disproportionate rates of Filipino degree completion have continued to persist, especially at the graduate degree levels (UHIRO, 2019). According to these data, 12% of all Filipino students attending the 4-year UH campus earned a baccalaureate degree, 4% earned a master’s degree, and 1% earned a doctoral degree. In comparison, 31% of Caucasian students and 25% of Japanese students earned a master’s degree, while 44% of Caucasian students earned a doctorate degree.

The 4-year UH campuses offer most of the courses related to the Philippines or Filipinos. However, at the UHCC, where the majority of Filipinos are enrolled, students do not have equal access to these courses. Among the UHCCs, Leeward Community College offers the most courses dedicated solely to the Philippine and Filipino experience, with the only academic subject certificate in Philippine Studies. However, resources previously allocated for the sole tenured faculty position assigned to the only Philippine Studies program in the UHCC system at Leeward CC were swept during COVID-19, leaving the program without adequate staffing to sustain and support the program's growth and expansion.

It is hoped that by reporting on UH efforts to address Filipino educational equity gaps, direct support for efforts such as the modification and expansion of Leeward Community College's Philippine Studies Certificate program to serve as a "hub" which can offer Filipino courses online to "spoke" campuses across the UHCC system, can be realized to address the UHCC Filipino curriculum gap. Passage of HB 968 will support such efforts through the appropriation of funds to restore the only tenure track faculty position teaching Philippine Studies in the UHCC system at Leeward CC.

For the reasons stated above and towards the goal of addressing Filipino educational equity gaps in the UH system, I strongly urge you to support this measure to appropriate funds for three full-time positions to support the important work of the UH Pamantasan Council.

Thank you for your time and consideration.

Respectfully submitted,

Dr. Lorenzo Perillo

Testimony to the House of Representative: Committee on Higher Education and Technology

Re: HB 968 HD1

Aloha Chair Perruso, Vice Chair Kapela, and members of the Committee on Higher Education and Technology:

My name is Leon Fuimaono Florendo. I am member of the University of Hawai'i Pamantasan Executive Council and Leeward Community College Pamantasan Committee. I am also Associate Professor Counselor at Leeward CC Wai'anae Moku Education Center and I am testifying as an individual and do not represent the University of Hawai'i (UH). I am submitting this testimony in support of HB 968 HD1. The purpose of this measure is to appropriate funds to the UH Pamantasan Council for three full-time equivalent academic and support services specialist positions. ***I am strongly urging you all to support HB 968 HD1.***

On December 22, 2022, University of Hawai'i submitted a report to the legislature in response to passage of SCR 132, reporting on the status of Filipinos at the University of Hawai'i. The report highlights issues of Filipino representation in the areas of student enrollment, transfer, degree completion, faculty and administrative leadership, and curriculum representation.

Filipinos are the second largest ethnic group in Hawai'i make up 25% of the state's population. Filipinos are the largest ethnic group in the Hawai'i Department of Education system making up 23.7% of the HIDOE population. In the UH system, Filipino students are disproportionately underrepresented at only 14.1%.

In the UH system, Filipinos are overrepresented in the community college system and not transferring. According to UHIRO 2019 data, out of the total 6,828 Filipinos in the UH system, the majority (63%) are enrolled in the UH community college system and are most likely not to transfer to the 4-year UH campuses.

In closing, your support for HB 968 HD1 will directly ensure that the UH Pamantasan Council will be able to address the UH student enrollment, transfer, degree completion, faculty and administrative leadership, and curriculum representation issues. Thank you for your time and consideration.

Re: HB968 HD1

Dear Chair Amy Perruso, Vice Chair Jeanne Kapela and members of the Committee on Higher Education and Technology:

My name is Winona Lee and I submit this testimony in strong support of HB968 HD1, a bill to appropriate funds to the University of Hawai'i (UH) Pamantasan Council for three full-time equivalent (FTE) academic and support services specialist positions. I am urging you to support this measure.

Your support for HB968 HD1 will directly impact the staffing necessary to advocate and address issues related to the underrepresentation of Filipino students within the overall UH system and challenges with having Filipino students successfully transfer from community colleges to 4 year University campuses. These positions will ensure a collective effort will be sustained to address these critical educational and equity gaps.

Respectfully submitted,

Winona Lee

Testimony to House Committee on Higher Education and Technology
in Support of HB 968

Representative Amy A. Perruso, Chair
Representative Jeanne Kapela, Vice Chair

February 10, 2023

My name is Jonathan Y. Okamura, and I am professor emeritus in ethnic studies at the University of Hawai'i at Mānoa. I have done research and published on Filipino Americans in Hawai'i for thirty-five years and used to teach the Ethnic Studies course on Filipinos in Hawai'i. I also contributed to organizing the University of Hawai'i Pamantasan Council when it began in 1988.

Fully aware of some of the difficulties that Filipinos have experienced in attaining a college education in Hawai'i, I express my complete support of HB 968. The bill provides for three full-time equivalent positions for the UH Pamantasan Council, which has never had any designated full-time staff since it was established. The director and coordinator positions will provide for overall administrative leadership, planning and coordination with the council's representatives at each UH campus.

Besides teaching in the Philippine Studies program, the faculty position at Leeward Community College (LCC) will be devoted to coordinating the online offering of such courses to students at the other UH community colleges, so that they can earn LCC's certificate in Philippine Studies. Despite the lack of administrative staff for the Pamantasan Council, through the voluntary efforts of Filipino staff, faculty and students, it has accomplished much in advancing their academic success and status in the UH system, including increasing four-year and six-year graduation rates at the four-year campuses.

However, underrepresentation of undergraduate students at UH Manoa, UH Hilo, and most of the community colleges remains a continuing problem. As Filipinos have recently emerged as the largest group of students in our public schools at almost one-fourth, the critical need for administrative staff to lead and coordinate the Pamantasan Council's activities, including recruitment to and retention in the UH campuses, has gained in importance.

I kindly request that you support HB 968 because it will provide for equal educational opportunity for Filipinos in Hawai'i. Thank you for your attention to this request.

Chair Perruso, Vice Chair Kapela, and Members of the Committee Representatives Marten, Martinez, Matayoshi, Todd, Woodson, Garcia, and Quinlan.

Thank you for the opportunity to submit testimony on HB 968 HD1. As a member of the Hawaii community and the daughter of Filipino immigrants, I submit this testimony in support of HB 968 HD1 appropriating funds to the University of Hawaii Pamantasan Council.

The UH Pamantasan Council works to improve the status of Filipinos throughout the UH system and the state of Hawaii. Through my experience working in community organizations and in education, I see the value of perspectives and representation throughout all aspects of learning, mentoring, and empowerment that occur in higher education. Filipinos have and continue to make an impact on the state of Hawaii which makes the need for further representation of Filipinos as student, faculty, and staff, and in the curriculum, important. An appropriation of funding for these positions would enhance the Pamantasan Council's efforts to address and advocate for representation of Filipinos and to improve Filipino American success throughout the UH system. Thank you for your consideration.

Dear Chair Adrian Tam, Vice Chair Rose Martinez, and members of the Committee on Culture, Arts, and International Affairs

My name is Erica Balbag-Gerard and I submit this testimony in full support of HB 968, a bill to appropriate funds to the University of Hawai‘i (UH) Pamantasan Council for three full-time equivalent academic and support services specialist positions. I am urging you to support this measure. In response to passage of SCR 132, the University of Hawai‘i submitted a report to the legislature on December 13, 2022, to report on the status of Filipinos at UH. The report highlights significant issues of Filipino representation in the areas of student enrollment, transfer, degree completion, faculty and administrative leadership, and curriculum representation. Your support for HB 968 will directly support staffing to address these issues. Although Filipinos are the second largest ethnic group in Hawai‘i and make up 25% of the state's population and also the largest ethnic group in the Hawai‘i Department of Education system making up 23.7% of the HDOE population, we are disproportionately underrepresented in the UH system, and consist of only 14.1% of students in the UH system. Within the UH system, Filipinos are overrepresented in the community college system and not transferring. According to UHIRO 2019 data, out of the total 6,828 Filipinos in the UH system, the majority (63%) are enrolled in the UH community college (UHCC) system and are highly unlikely to transfer to the 4-year UH campuses. Data from 2018–2019 obtained from the UH Institutional Research Office have shown disproportionate rates of Filipino degree completion have continued to persist, especially at the graduate degree levels (UHIRO, 2019). According to these data, 12% of all Filipino students attending the 4-year UH campus earned a baccalaureate degree, 4% earned a master’s degree, and 1% earned a doctoral degree. In comparison, 31% of Caucasian students and 25% of Japanese students earned a master’s degree, while 44% of Caucasian students earned a doctorate degree. The 4-year UH campuses offer most of the courses related to the Philippines or Filipinos. However, at the UHCC, where the majority of Filipinos are enrolled, students do not have equal access to these courses. Among the UHCCs, Leeward Community College offers the most courses dedicated solely to the Philippine and Filipino experience, with the only academic subject certificate in Philippine Studies. However, resources previously allocated for the sole tenured faculty position assigned to the only Philippine Studies program in the UHCC system at Leeward CC were swept during COVID-19, leaving the program without adequate staffing to

sustain and support the program's growth and expansion. It is hoped that by reporting on UH efforts to address Filipino educational equity gaps, direct support for efforts such as the modification and expansion of Leeward Community College's Philippine Studies Certificate program to serve as a "hub" which can offer Filipino courses online to "spoke" campuses across the UHCC system, can be realized to address the UHCC Filipino curriculum gap. Passage of HB 968 will support such efforts through the appropriation of funds to restore the only tenure track faculty position teaching Philippine Studies in the UHCC system at Leeward CC. For the reasons stated above and towards the goal of addressing Filipino educational equity gaps in the UH system, I strongly urge you to support this measure to appropriate funds for three full-time positions to support the important work of the UH Pamantasan Council. Thank you for your time and consideration.

Respectfully submitted,

Erica Balbag-Gerard

H.B. 968 HD1 – Relating to the University of Hawaii

Chair Perruso, Vice Chair Kapela, and members of the Committee:

My name is Clement Bautista, and I am a retired educational specialist and former director of the Office of Multicultural Student Services at the University of Hawaii at Manoa. I am also president of the Filipino-American Historical Society of Hawaii. However, today I am testifying as an individual and do not represent the University of Hawaii or the Filipino-American Historical Society of Hawaii.

I strongly support H.B. 968 HD1 appropriating funds to the University of Hawaii Pamantasan Council for three full-time equivalent (3.0 FTE) academic and support services specialist positions. This Council, formed in 1987, is a systemwide group of individuals – students, staff, faculty and administrators – committed to address issues of representation, curriculum and research, partnerships with public schools, universities in the Philippines, workforce development and community services. While an annual conference and periodic workshops are organized, much of this has been done on an ad hoc basis. There is a need to properly staff the council for it to effectively accomplish its mission as well as the University's wider mission to diversify its research, teaching and workforce.

It is no secret that a large segment of Hawaii's population has ties or identifies with the Philippines and/or the Filipino immigration experience. This connection has neither been adequately recognized nor embraced by either Hawaii's government, business or education sectors. As we all surely know from the past neglect of recognizing our Native Hawaiian legacy and presence, simply ignoring a significant component of our population and history undermines the ethical development of our governmental, business and educational systems.

H.B. 968 HD1 will help the Pamantasan Council better coordinate and expand its activities throughout the University of Hawaii system, the Department of Education and into our communities. It is woefully clear from any examination of Hawaii history texts, museums, and media that the Filipino experience in Hawaii is either mostly unknown or misunderstood. Only by acknowledging and understanding the true diversity of who we, in Hawaii, are – as a culturally pluralistic community – can we forge a society that truly embodies the best of all our diverse social and cultural backgrounds.

Thank you for the opportunity to testify.

Sincerely,

Clement Bautista

Comments:

Aloha to the Chair, Rep. Amy A. Perruso, Vice-Chair, Rep. Jeanne Kapela, and members of the Committee on Higher Education and Technology:

HB 968 is a consequential bill, that if passed, would positively and more substantively instill and strengthen faculty and staff equity in the UH system, particularly at the campuses for which the three positions are proposed. Approving the teaching position at Leeward Community College would restore the former FT position to the Filipino/Philippine Studies Program that was held by a longtime faculty member before he had to retire due to medical reasons in February 2020. When the pandemic hit, the newly vacant position was somehow taken away and should be restored to run the program at LCC. The two Pamantasan positions were approved by the Legislature in 2019, but again the pandemic affected follow-through on the approval. Now is the time to move forward!

We in the Filipino community strongly support and would look forward to the restoration of all three positions.

Salamat and Mahalo,

Wayland Quintero

Testimony to the Committee on Culture, Arts, & International Affairs

Re: HB 968

Dear Chair Adrian Tam, Vice Chair Rose Martinez, and members of the Committee on Culture, Arts, and International Affairs:

My name is Amy Amper and I submit this testimony in strong support of HB 968, a bill to appropriate funds to the University of Hawai'i (UH) Pamantasan Council for three full-time equivalent academic and support services specialist positions. I am urging you to support this measure.

In response to passage of SCR 132, the University of Hawai'i submitted a report to the legislature on December 13, 2022, to report on the status of Filipinos at UH. The report highlights significant issues of Filipino representation in the areas of student enrollment, transfer, degree completion, faculty and administrative leadership, and curriculum representation. Your support for HB 968 will directly support staffing to address these issues.

Although Filipinos are the second largest ethnic group in Hawai'i and make up 25% of the state's population and also the largest ethnic group in the Hawai'i Department of Education system making up 23.7% of the HDOE population, we are disproportionately underrepresented in the UH system, and consist of only 14.1% of students in the UH system.

Within the UH system, Filipinos are overrepresented in the community college system and not transferring. According to UHIRO 2019 data, out of the total 6,828 Filipinos in the UH system, the majority (63%) are enrolled in the UH community college (UHCC) system and are highly unlikely to transfer to the 4-year UH campuses.

Data from 2018–2019 obtained from the UH Institutional Research Office have shown disproportionate rates of Filipino degree completion have continued to persist, especially at the graduate degree levels (UHIRO, 2019). According to these data, 12% of all Filipino students attending the 4-year UH campus earned a baccalaureate degree, 4% earned a master's degree, and 1% earned a doctoral degree. In comparison, 31% of Caucasian students and 25% of Japanese students earned a master's degree, while 44% of Caucasian students earned a doctorate degree.

The 4-year UH campuses offer most of the courses related to the Philippines or Filipinos. However, at the UHCC, where the majority of Filipinos are enrolled, students do not have equal access to these courses. Among the UHCCs, Leeward Community College offers the most courses dedicated solely to the Philippine and Filipino experience, with the only academic subject certificate in Philippine Studies. However, resources previously allocated for the sole tenured faculty position assigned to the only Philippine Studies program in the UHCC system at Leeward CC were swept during COVID-19, leaving the program without adequate staffing to sustain and support the program's growth and expansion.

It is hoped that by reporting on UH efforts to address Filipino educational equity gaps, direct support for efforts such as the modification and expansion of Leeward Community College's Philippine Studies Certificate program to serve as a "hub" which can offer Filipino courses online to "spoke" campuses across the UHCC system, can be realized to address the UHCC Filipino curriculum gap. Passage of HB 968 will support such efforts through the appropriation of funds to restore the only tenure track faculty position teaching Philippine Studies in the UHCC system at Leeward CC.

For the reasons stated above and towards the goal of addressing Filipino educational equity gaps in the UH system, I strongly urge you to support this measure to appropriate funds for three full-time positions to support the important work of the UH Pamantasan Council.

Thank you for your time and consideration.

UNIVERSITY OF HAWAII

Pamantasan Executive Committee

DATE: February 9, 2023

TO: House Committee on Higher Education & Technology
Representative Amy Perruso, Chair
Representative Jeanne Kapela, Vice Chair

FROM: Christine Quemuel
UH Pamantasan Executive Committee

RE: Testimony in SUPPORT of HB 968

HEARING: Friday, February 10, 2023 at 2:30 pm
Conference Room 309

HB 968, HD1 – RELATING TO THE UNIVERSITY OF HAWAII

My name is Christine Quemuel, and I am a member of the University of Hawai'i Pamantasan Executive Committee. I submit this testimony in strong SUPPORT of HB 968, which would appropriate funds to the University of Hawai'i systemwide Pamantasan Council for three full-time equivalent academic and support services specialist positions. I am urging you to support this measure.

The Pamantasan Executive Council is the University of Hawai'i systemwide organization concerned with the status of Filipinx participation on all UH campuses throughout the state. The Pamantasan Council was established in 1987 to address Filipinx representation and success on campus and to ensure that Filipinx American and Philippine courses are represented in the curriculum. The Executive Council is also charged with issues concerning Filipinx representation in the Department of Education, Filipinx workforce participation, and international relations between colleges in Hawai'i and the Philippines. The Pamantasan Council currently has no budget and is a volunteer organization comprised of University of Hawai'i students, staff, faculty, and administrators who are committed to access and diversity issues.

Funding for Pamantasan positions and projects will ensure that the state champions educational equity and diversity in higher education. We thank the Legislature for introducing this important bill and for your continued commitment to access and diversity to ensure that underrepresented communities in Hawai'i are supported.

This testimony does not represent the official testimony of the University of Hawai'i, but reflects the support of the Pamantasan Council. We strongly SUPPORT the passage of HB 968, relating to the University of Hawai'i and Pamantasan.

HOUSE BILL 968, HD1: Relating to University of Hawai'i

Testimony in Support of HB 968, HD1

Submitted by: Noemi Arceo Caacbay Tsamous
2039 Haiki Pl
Honolulu, HI 96822

To: Chair Amy A. Perruso, Vice-Chair Jeanne Kapela, Committee on Higher Education and Technology Members: Rep. Diamond Garcia, Rep. Lisa Marten, Rep. Rose Martinez, Rep. Scot Z. Matayoshi, Rep. Sean Quinlan, Rep. Chris Todd, Rep. Justin H. Woodson

My name is Noemi Arceo Caacbay Tsamous and I am a Filipino student pursuing a Masters in Public Health at the University of Hawai'i at Manoa. I am testifying in strong support of HB 968, HD1

As a child of immigrants and first-generation college student I have first-hand benefitted from the support of caring Filipino faculty in my academic journey. House Bill 968, HD1 is a critical step to ensuring the largest ethnic group in Hawai'i is given spotlight and aid in higher education to make certain that students like me are able to receive quality higher education.

I respectfully request your support of House Bill No. 968, HD1: Relating to University of Hawai'i
