RE: Testimony for S.B. 826 – Relating to the School Facilities Authority

DATE: February 3, 2023

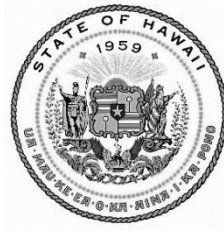

Thank you for the opportunity to provide testimony in **strong support of S.B. 826** which transfers \$200 million of general funds previously appropriated to the School Facilities Authority of the Department of Education to the school facilities special fund.

The Legislature passed Act 257, Session Laws of Hawaii 2022 which appropriated \$200 million for fiscal year 2022 – 23 for the School Facilities Authority to expand access to pre-Kindergarten to eligible children in our state. The changes proposed in H.B. 960 make technical amendments to designate that the funds be deposited into the school facilities special fund and clarify that the appropriation shall lapse on June 30, 2024.

Thank you for the opportunity to provide testimony in support of S.B. 826.

SENATE COMMITTEE ON EDUCATION

Hearing Date: 02/03/2023

Room Number 229

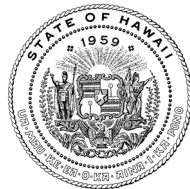

The School Facilities Authority (SFA) is in **support** of S.B. 826, RELATING TO THE SCHOOL FACILITIES AUTHORITY.

The need for increasing the available pre-kindergarten facilities in the State is important to the education, welfare, and economic future of our working families. The SFA is committed to doing its part in reaching the goals set by the Legislature through Act 46 SLH2020 in utilizing the funds appropriated through Act 257 SLH2022.

The SFA appreciates the flexibility and consideration by the Legislature to move the fund appropriated in Act 257 SLH2022 into the SFA special fund. Doing so would provide flexibility and timing to allow the SFA to work with our program partners to determine how best to serve our keiki through the construction of pre-kindergarten classrooms.

Thank you for the opportunity to provide testimony.

**RELATING TO THE SCHOOL FACILITIES AUTHORITY**

The Department of Budget and Finance (B&F) offers comments on Senate Bill (S.B.) No. 826, which amends Act 257, SLH 2022, by depositing the \$200,000,000 in general funds appropriated to the School Facilities Authority into the School Facilities Special Fund (SFSF) and appropriating the same amount out of the SFSF in FY 23.

S.B. No. 826 as drafted would adversely impact the State of Hawai'i's efforts to meet American Rescue Plan Elementary and Secondary School Emergency Relief program maintenance of effort (MOE) requirements which extends through FY 23. State funds appropriated for school facilities construction and renovation are not counted as support for elementary and secondary education in the MOE formula. Consequently, it is strongly recommended that the deposit be made in FY 24 instead.

B&F also notes that the present special fund allowable uses may not accommodate all of the developing plans to increase pre-kindergarten classroom capacity. Amendments to Section 302A-1706, HRS, "School facilities special fund" may be necessary.

Thank you for your consideration of our comments.

**EXECUTIVE OFFICE ON EARLY LEARNING'S POSITION: Support Intent**

EOEL supports the intention of S.B. No. 826 and defers to the School Facilities Authority.

EOEL is committed to increasing access to affordable and high-quality early learning opportunities and is working collaboratively across stakeholders, including the School Facilities Authority (SFA) to expand options and availability of pre-kindergarten programs for all three-and four-year olds across the State. We appreciate the intention of this bill recognizing the flexibility it affords the SFA regarding construction of pre-kindergarten classrooms and defer to the SFA on the provisions in this bill.

We look forward to continuing to work with the Legislature to support increasing access to affordable quality early learning programs and services in the State. Thank you for the opportunity to testify on this bill.

### SB 826 – RELATING TO THE SCHOOL FACILITIES AUTHORITY

Chair Kidani, Vice Chair Kim, and Members of the Committee:

Thank you for the opportunity to testify on this measure, which transfers \$200,000,000 of general funds previously appropriated to the School Facilities Authority of the Department of Education to the school facilities special fund. The University of Hawai'i (UH) supports recent efforts to expand access to affordable and quality early care and education opportunities throughout the State. In collaboration with key stakeholders, including the School Facilities Authority, UH is working on expanding its availability and offerings of early learning programs on a number of its campuses. And while we are still developing how these facilities and programs can be sustained, we believe that State support of early childhood programs and facilities – wherever they may be located – are valuable to advancing educational development and learning for Hawai'i keiki.

Providing additional flexibility in the timeline will allow the School Facilities Authority to continue the construction, renovation, improvement and expansion of prekindergarten classrooms across the State. The measure could also contemplate enabling the School Facilities Authority to either contract, or transfer to, other state agencies appropriation in order to further accelerate the development of new facilities.

Mahalo for the opportunity to provide testimony on this bill.
