### **II. Background and Summary**

This section shall clearly and concisely summarize and highlight the contents of the request in such a way as to provide the State Legislature with a broad understanding of the request. Please include the following:

#### **1. A brief description of the applicant's background;**

Founded in 2009, the Hawaii Softball Foundation (HSF) is a Hawaii based 501 (c)(3) nonprofit organization dedicated to supporting the development of softball activities in the State of Hawaii. HSF does this by:

- Organizing, encouraging, and educating student-athletes, families, coaches, teams and organizations.
- Promoting all phases of amateur softball including youth, women, men, coed and seniors;

- Assisting Hawaii communities in developing softball programs and facilities through clinics and seminars.
- Assisting Hawaii communities in building and maintain facilities for the safety and welfare of all participants; and
- Awarding academic and athletic based scholarships to deserving student-athletes.

Since 2021, HSF serves as the sole steward and lessee of a 10 acre six-field softball complex located within the Sand Island Recreation Area under a 10-year lease agreement with the Department of Land and Natural Resources, State of Hawaii. Under the agreement, HSF provides general management and maintenance of the softball complex and immediate surrounding areas.

2. The goals and objectives related to the request;

As of 2021, HSF is a 10-year lessee of the 10 acres Sand Island Softball Complex. As part of this agreement, HSF will provide all general maintenance for the six-field complex and the immediate surrounding areas. Through this request, HSF is requesting funding from the State of Hawaii, through its Grant-in-aid program to:

- Essential field equipment including field liners, field chalk and other essential equipment necessary to ready the fields for sanctioned games and practices,
- Purchase general maintenance products to maintain proper field conditions, such as grass fertilizer and infield additives and conditioners -- amendments, conditioners, and clay bricks.
- Purchase bleachers for participants and spectators to view games in a safe environment.
- Official score boards for each field for participants and spectators to view.
- Purchase energy solar systems.
- Purchase area mats for complex carts to drive on without getting mud and debris on the vehicles.
- Upgrade vendor area entrance area.
- Purchase batting cages.
- Purchase security fencing for maintenance yard and moving access gates.

As it relates to this request, HSF's organizational goals and objectives for the Sand Island Softball Complex include:

- Goal 1 -** Ensuring that all fields and surrounding areas are maintained properly for the safety of the softball participants and the community.
- Goal 2 -** Managing the facilities to ensure that all organizations and community groups are unbiasedly considered for the use of the softball complex.

**Goal 3 -** To promote all phases of amateur softball including youth, high school, collegiate and senior programs by conducting sanctioned games, clinics, and seminars at the softball complex.

3. The public purpose and need to be served;

Over the past decade, college softball has grown faster in revenue and viewership than other college sports. Simultaneously, the State of Hawaii produced some of the top NCAA softball All Americans. The Hawaii Softball Foundation aims to create opportunities and pathways for Hawaii female student athletes to college and beyond.

Once fully completed, the 10-acre, six field Sand Island Complex will serve as a venue for teams across the State, from 8 under to college athletes to compete and train under regulation size fields and offer them batting cages, bull pens and public restrooms, as well as open areas for families to watch sanctioned games and enjoy the outdoors near the beach.

4. Describe the target population to be served; and

In 2023 Hawaii Softball Foundation provided opportunities to over 2,000 youth softball players through quality sports training and competitions through different softball entities. HSF works collaboratively with entities such as Hawaii Special Olympics, providing them with training opportunities for their volunteer coaches and fields and other venues where they are able to conduct their practices and competition.

According to USA Softball of Hawaii, a Nationally affiliated governing body, registered softball players come from all over the State. HSF is an allied member of USA Softball and works in collaboration with the State of Department of Education, assisting community schools that do not have on campus softball facilities. HSF also works in collaboration with the Interscholastic League of Honolulu and provides practice and game venues for Maryknoll High School, Damien High School, and other private schools.

5. Describe the geographic coverage

The 10-acre Sand Island Softball Complex is easily accessible to all communities across Oahu. Located a short 4.3 mile drive from the Daniel K. Inouye International Airport (HNL), the Sand Island Softball Complex is ideally located to host state-wide and potentially national and international sanctioned events. As the gateway to the Pacific, HNL Airport serves as a hub for international softball teams as they travel across the Pacific enroute to final destinations. Hawaii

student-athletes all ages will benefit from a number of softball events to be held at the Sand Islan softball Complex..

Since 2010, the Hawaii Softball Foundation entered into an adopt-a-park agreement with DLNR State Parks to renovate two derelict baseball/softball fields. HSF privately funded the renovations and in 2011 opened one field for games and one for practice. Over the past 9 years, HSF has illustrated its ability to manage the various responsibilities that will be required once the complex is completed. The foundation has maintained the playability of the fields despite being in use 80% of the year, managed user profiles without public complaints, and have become a great asset to the park by driving away the criminal activities that existed in the public park.

Based on our past collaborative partnership under the adopt-a-park agreement with the State of Hawaii DLNR, HSF presently has a ten (10) year lease agreement since 2021 with the State of Hawaii Department of Land and Natural Resources for the Sand Island Softball Complex Site.

The 10-acre Sand Island Softball Complex will serve as the foundation for HSF's public programs. The facility will serve the first youth softball complex in the State and provide a quality venue to improve participation in Hawaii. It will enhance our registration in our youth programs and help keep our youth engaged and on a positive path. The educational and programming opportunities that the Sand Island Softball Complex will bring will help to further our mission to use softball as a vehicle to develop Hawaii's youth into contributing members of society and community leaders.

Additionally, the six-field complex will allow multi-generations of softball athletes to engage with one another in a safe and welcoming setting. College student-athletes will have opportunities to engage with and inspire younger generations of softball student-athletes.
