Statement of Objectives

The Medicaid Fraud Control Unit (MFCU) conducts a statewide program for the criminal and civil investigation and prosecution of provider fraud against the Medicaid Program and fraud in the administration of the Medicaid Program. Multi-disciplinary investigative teams consisting investigators, auditors, and attorneys with the MFCU work collaboratively to investigate and prosecute cases of fraud, abuse, and neglect throughout the State of Hawaii. MFCUs operate in each of the 50 States, usually as part of the State Attorney General's office, and are constituted as single, identifiable entities separate and distinct from the State Medicaid agency. The federal Office of the Inspector General, in exercising oversight for the MFCUs, annually recertifies each MFCU, assesses each MFCU's performance and compliance with federal requirements, and administers a federal grant award to fund 75% of each MFCU's operating costs. This fund was established to provide for the state's 25% matching share of the MFCU's operating costs and to provide a fund into which all monies that the Unit recovers shall be deposited.

| No monies from this fund were appropriated to the Medicaid Fraud Control Unit (MFCU) for FY23 because, in recent years, the amount in the fund has been insufficient to fulfill the state's mandated 25% share of the MFCU operating costs and the MFCU has instead been operating off of the general fund. Recently, contributions have been made to the fund such that it now contains sufficient monies to perform its intended role. Accordingly, sufficient appropriations have been made from this fund to provide the state's mandated 25% share of the MFCU's operating costs beginning in FY24. As the purpose of this fund is to provide the state's 25% share of the MFCU's operating costs and to provide a fund into which all monies that the Unit recovers shall be deposited, the effectiveness of this fund is determined by its continued ability to provide the 25% matching share of the MFCU's operating costs. | 735,771* | 772,560 | 811,188 | 851,747 | 894,334 | 939,051 |

Statement of Objectives

Objectives include the timely processing of forfeiture petitions and disposition of property as set forth in Chapter 712A, HRS. Pursuant to Chapter 712A, HRS, the funds in this account cover all program expenses including personnel, storage, maintenance, transport of seized property, utilities and distributions to seizing and prosecuting agencies. The program does not have control over the number of petitions filed and the amount of forfeited properties. Accordingly, factors such as effectiveness and size of the program as applied to this account, are not projectable.

Current Program Activities/Allowable Expenses:

There are approximately 5,344 Notaries currently regulated by the Notary Public Program. The program responds to countless inquiries from consumers, applicants, notaries, and those who work with notaries - banks, mortgage companies, lawyers, etc. The program also administers notary examinations, including flying to neighbor islands; processes notary commissions and renewals; investigates complaints about notaries; and maintains notary record books. The Notary Public Program is also in the process of drafting rules to facilitate a more thorough and comprehensive regulatory program for notaries; and seeks to computerize its thousands of records that are now manually kept on index cards. Lastly, in light of the current COVID-19 pandemic, efforts are being made to reach out to notaries public remotely by way of offering opportunities for remote online notaries public commissions, remote training, and exams.

Statement of Objectives

The Attorney General administers and enforces all aspects of Hawaii's Charitable Solicitations law, chapter 467B, Hawaii Revised Statutes ("HRS"). The Tax and Charities Division ("Division") represents the Attorney General as parens patriae in proceedings relating to charitable trusts, monitors and provides ongoing oversight of charitable trusts and public charities, and if warranted, commences an investigation or takes appropriate action related to such charitable trusts, public charities, and nonprofit entities. The Division also provides donor and charitable organization education and promotes awareness of important charitable issues through educational and resource materials, amongst others. Revenues derived from annual report filing fees, fines, and other penalties assessed and collected by the Division support this educational component as well as the oversight and regulation of charitable trusts, public charities, including private foundations, to ensure that such organizations are properly informed and fulfilling their charitable purposes.

Statement of Objectives

The Medicaid Fraud Control Unit (MFCU) investigates and prosecutes Medicaid provider fraud and fraud in the administration of the Medicaid Program, as well as the abuse, neglect, or financial exploitation of residents in health care facilities, residents of board and care facilities, and of Medicaid beneficiaries in noninstitutional or other settings. MFCUs operate in each of the 50 States, usually as a part of the State Attorney General's office, employing multi-disciplinary teams of investigators, attorneys, and auditors, and are constituted as single, identifiable entities separate and distinct from the State Medicaid agencies. The federal Office of the Inspector General, in exercising oversight for the MFCUs, annually recertifies each MFCU, assesses each MFCU's performance and compliance with federal requirements, and administers a federal grant award to fund 75% of each MFCU's operating costs. This fund was established to deposit the 75% federal share of the Medicaid Fraud Control Unit's operating costs recieved through the federal grant.
