
A BILL FOR AN ACT

RELATING TO COASTAL ROADS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the department of
2 transportation estimates the cost of at least \$15,000,000,000 to
3 protect the State's low-lying roads and highways from the rising
4 ocean and resulting erosion and flooding due to climate change.
5 Many roads will need to be elevated, pushed back, and, for some,
6 moved entirely. The department has already begun assessing the
7 dangers to the nine hundred and seventy-one linear miles of
8 state roads and highways and in 2021 issued the Hawai'i Highways
9 Climate Adaptation Action Plan.

10 The purpose of this Act is to appropriate funds for the
11 department of transportation to engage in necessary climate
12 change adaptation for the State's coastal roads and highways.

13 SECTION 2. There is appropriated out of the general
14 revenues of the State of Hawaii the sum of \$500,000,000 or so
15 much thereof as may be necessary for fiscal year 2023-2024 and
16 the same sum or so much thereof as may be necessary for fiscal
17 year 2024-2025 for the department of transportation to engage in

H.B. NO. 1169

1 climate change adaptation measures for the State's coastal roads
2 and highways.

3 The sums appropriated shall be expended by the department
4 of transportation for the purposes of this Act.

5 SECTION 3. This Act shall take effect on July 1, 2023.

6

INTRODUCED BY:

JAN 24 2023

H.B. NO. 1169

Report Title:

Climate Change; Department of Transportation; Coastal Roads and Highways; Coastal Adaptation; Appropriation

Description:

Appropriates funds for the Department of Transportation to engage climate change adaptation measures for the State's low-lying roads and highways.
