#### HOUSE OF REPRESENTATIVES THIRTY-SECOND LEGISLATURE, 2024 STATE OF HAWAII

# H.B. NO. 1612

### A BILL FOR AN ACT

RELATING TO UNEMPLOYMENT COMPENSATION.

#### BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Hawaii's cost of 2 living continues to be burdensome for island residents. According to the National Low Income Housing Coalition's "Out of 3 4 Reach 2023" report, a minimum-wage employee must work one 5 hundred seven hours per week to afford a one-bedroom rental home 6 at fair market prices. To afford a two-bedroom residence 7 without being cost-burdened, the National Low Income Housing 8 Coalition estimates that a person must earn \$41.83 per hour. 9 Hawaii's electricity prices are also the highest in the nation, 10 while the cost of other essential items, like food and clothing, 11 has risen significantly in recent years.

12 The legislature further finds that taxing unemployment 13 compensation worsens the financial hardship faced by individuals 14 who have lost their jobs. Fifteen states, including Alabama, 15 Alaska, California, Florida, Montana, Nevada, New Hampshire, New 16 Jersey, Pennsylvania, South Dakota, Tennessee, Texas, Virginia, 17 Washington, and Wyoming, do not tax unemployment compensation;

2024-0343 HB HMSO

1 nine of those states do not impose personal income taxes. 2 Moreover, Hawaii was one of only thirteen states that levied its 3 personal income tax on the first \$10,200 of unemployment income 4 received by individuals in 2020, when the first emergency public 5 health orders related to the COVID-19 pandemic went into effect. 6 The legislature additionally finds that on August 8, 2023, 7 wildfires swept across Maui and killed at least one hundred 8 persons, making it one of the nation's deadliest natural 9 disasters. The wildfires destroyed over two thousand two 10 hundred structures, including homes and businesses. According 11 to a report issued by the University of Hawaii economic research 12 organization on September 22, 2023, the unemployment rate on 13 Maui was expected to soar above eleven per cent by the end of 14 2023 and remain above four per cent through 2026. A total of 15 10,448 new claims for unemployment in Maui county were filed in 16 the four weeks following the wildfires, about nine thousand nine 17 hundred more than in the preceding four weeks. As displaced 18 families and workers who lost their jobs attempt to recover from 19 the disaster, eliminating the state income tax on unemployment compensation would boost their ability to regain financial 20 21 security.
