
A BILL FOR AN ACT

RELATING TO ENVIRONMENTAL PROTECTION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that perfluoroalkyl and
2 polyfluoroalkyl substances (PFAS) are persistent, toxic
3 substances that can contaminate drinking water, bioaccumulate in
4 fish and wildlife, and have multiple adverse health effects on
5 humans. PFAS are utilized in a broad range of products,
6 including clothing, textiles, food packaging, and cosmetic
7 products, such as lotions, nail polish, shaving cream, and
8 mascara.

9 The legislature further finds that PFAS are often called
10 "forever chemicals" due to the fact that they do not naturally
11 break down in the environment and can continue to pollute the
12 environment for thousands of years. PFAS can enter the human
13 body when consumed, applied directly on skin, and after eating
14 food packaged in materials that contain PFAS. In 2022, Act 152,
15 Session Laws of Hawaii 2022, was enacted to prohibit, by the end
16 of 2024, PFAS in certain types of food packaging and

1 firefighting foam. However, it is evident that further action
2 is needed.

3 As an island state, when these forever chemicals are
4 brought here, they never leave. Instead, they make their way
5 into residents' bodies and the State's wastewater, landfills,
6 and eventually groundwater and drinking water supply. Hawaii
7 can no longer afford to import toxic substances that contaminate
8 the State's finite resources and risk residents' health.

9 Accordingly, the purpose of this Act is to prohibit the
10 manufacture, sale, offer for sale, distribution for sale, and
11 distribution for use of any food packaging, food service ware,
12 cosmetic, or personal care product that contains intentionally
13 added PFAS.

14 SECTION 2. Chapter 321, Hawaii Revised Statutes, is
15 amended by adding a new section to part XLVII to be
16 appropriately designated and to read as follows:

17 "§321- Food packaging, food service ware, cosmetics,
18 personal care products; prohibited items. (a) Beginning
19 December 31, 2026, it shall be unlawful to manufacture, sell,
20 offer for sale, distribute for sale, or distribute for use in
21 the State any food packaging, food service ware, cosmetic, or

1 personal care product that contains intentionally added PFAS;

5 or dietary supplement by the United States Food and

8 Supplement Health and Education Act of 1994; and

9 (3) A combination product as defined under title 21 Code
10 of Federal Regulations section 3.2(e).

11 (b) For the purposes of this section:

15 spoons, knives, napkins, utensils, chopsticks, cup sleeves,
16 condiment packets and saucers, stirrers, splash sticks, cocktail
17 sticks, toothpicks, and other like items that are designed for a
18 single use for or alongside prepared foods, including but not
19 limited to service ware for takeout foods or leftovers from
20 partially consumed meals prepared by food vendors.

21 "Intentionally added PFAS" means either of the following:

1 (1) PFAS chemicals that a manufacturer has intentionally
2 added to a product and that have a functional or
3 technical effect on the product; or

4 (2) PFAS chemicals that are intentional breakdown products
5 of an added chemical.

6 "Manufacturer" means:

7 (1) Any entity that produces or manufactures a product
8 covered under this section; or

9 (2) In the case of a cosmetic, any person whose name
10 appears on the label of a cosmetic product pursuant to
11 the requirements of title 21 Code of Federal
12 Regulations section 701.12.

13 "Perfluoroalkyl and polyfluoroalkyl substances" or "PFAS"
14 has the same meaning as in section 321-601.

15 "Personal care product" has the same meaning as in section
16 321-30.5."

17 SECTION 3. Section 321-602, Hawaii Revised Statutes, is
18 repealed.

19 ~~["§321-602] Food packaging; prohibited items. (a)~~

6 SECTION 4. Statutory material to be repealed is bracketed
7 and stricken. New statutory material is underscored.

8 SECTION 5. This Act shall take effect on July 1, 3000;
9 provided that section 3 shall take effect on January 1, 2027.
