
A BILL FOR AN ACT

RELATING TO THE HAWAII BROADBAND AND DIGITAL EQUITY OFFICE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that digital equity in
2 every community across the State is essential to the well-being
3 and economic reality of the State's residents. The need for
4 digital equity is significant, highlighted by the devastating
5 impacts of the recent coronavirus pandemic. The lack of digital
6 equity has had a tremendous adverse effect in many areas, but
7 particularly for rural and socio-economically disadvantaged
8 communities.

9 The legislature also finds that digital equity has meant
10 the difference between an employee being able to work remotely
11 and an employee possibly facing unemployment. Additionally,
12 digital literacy and broadband access are critical tools for
13 persons seeking to access social services such as unemployment
14 claims; Supplemental Nutrition Assistance Program (SNAP)
15 benefits; vital records; and other essential government,
16 educational, and medical services.
