
A BILL FOR AN ACT

RELATING TO PROCUREMENT PREFERENCES AND RECIPROCITY.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Hawaii service
2 businesses are an important aspect of the State's economy. They
3 boost the economy by employing Hawaii residents who spend their
4 earnings in the State. Therefore, when expending public funds,
5 the term "buy local" should apply to the State's purchase of
6 services in the same way as it does to the purchase of goods.

7 The legislature further finds that many of the State's
8 residents who earn college degrees either leave the State or do
9 not return due to the lack of career opportunities. Public
10 accounting firms with offices in the State help to address these
11 needs by offering professional career paths that allow residents
12 to remain in the State. These public accounting firms are
13 committed to helping residents develop the professional and
14 technical skills necessary to succeed in the public accounting
15 industry; however, the high cost of operating a business and the
16 high cost of living in Hawaii makes it difficult to compete for

1 government contracts against firms without offices in Hawaii
2 that operate out of low-cost jurisdictions.

3 The legislature also finds that procurement preferences can
4 encourage the growth and sustainability of businesses that
5 employ Hawaii residents by providing them with a competitive
6 advantage in government contracts. This, in turn, can lead to
7 the creation of new jobs or the retention of existing ones and
8 increase economic activity within the State.

9 Accordingly, the purpose of this Act is to:

- 10 (1) Establish accounting services procurement preferences
11 for certain Hawaii accounting service businesses; and
12 (2) Clarify that the existing reciprocity procurement
13 preference includes offerors under section 103D-303,
14 Hawaii Revised Statutes.

15 SECTION 2. Chapter 103D, Hawaii Revised Statutes, is
16 amended by adding a new section to part X to be appropriately
17 designated and to read as follows:

18 "§103D- Accounting service businesses. (a) In any
19 expenditure of public funds for accounting services, the use of
20 Hawaii accounting service businesses shall be preferred. Where
21 a package bid or response to a request for proposal contains

1 Hawaii and non-Hawaii accounting service businesses, for the
2 purpose of selecting the lowest bid or purchase price only, the
3 bid or offer by a non-Hawaii accounting service business shall
4 be increased by a preference percentage of twenty per cent;
5 provided that the Hawaii accounting service business shall
6 provide a self-certification that:

7 (1) No less than eighty per cent of the labor for
8 accounting services, with respect to time and expenses
9 incurred, will be performed in the State by persons
10 domiciled in the State; and

11 (2) With respect to the size of the physical location, the
12 commercial place of business is of sufficient capacity
13 to accommodate every person performing accounting
14 services under any contract subject to chapter 103D.

15 (b) This section shall not apply when precluded by federal
16 requirements for competitive bidding or offers."

17 SECTION 3. Section 103D-1001, Hawaii Revised Statutes, is
18 amended by adding three new definitions to be appropriately
19 inserted and to read as follows:

20 "Accounting services" means the art of recording,
21 classifying, and summarizing, in a significant manner and in

1 terms of money, transactions and events that are, at least in
2 part, of a financial character, and interpreting the results.

3 "Accounting services" shall include assurance services, such as
4 the performance of an audit.

5 "Commercial place of business" means a physical location in
6 the State, such as an office, suite, or unit, where business is
7 regularly conducted. A "commercial place of business" shall not
8 include a dwelling or any physical location in which a person
9 resides or a physical location being used for business purposes
10 in violation of the applicable land use or zoning laws.

11 "Hawaii accounting service business" means any person,
12 agency, corporation, or other business entity engaged in the
13 business of accounting services with a commercial place of
14 business located in the State."

15 SECTION 4. Section 103D-304, Hawaii Revised Statutes, is
16 amended by amending subsection (e) to read as follows:

17 "(e) The selection criteria employed in descending order
18 of importance shall be:

19 (1) Experience and professional qualifications relevant to
20 the project type;

- 1 (2) Past performance on projects of similar scope for
2 public agencies or private industry, including
3 corrective actions and other responses to notices of
4 deficiencies;
- 5 (3) Capacity to accomplish the work in the required time;
6 [and]
- 7 (4) For accounting services, whether the accounting
8 service business is located in Hawaii or not, with a
9 preference for Hawaii accounting service businesses;
10 provided that the Hawaii accounting service business
11 shall provide a self-certification that:
- 12 (A) No less than eighty per cent of the labor for
13 accounting services, with respect to time and
14 expenses incurred, will be performed in the State
15 by persons domiciled in the State; and
- 16 (B) With respect to the size of the physical
17 location, the commercial place of business is of
18 sufficient capacity to accommodate every person
19 performing accounting services under any contract
20 subject to this chapter; and

1 [~~4~~] (5) Any additional criteria determined in writing by
2 the selection committee to be relevant to the
3 purchasing agency's needs or necessary and appropriate
4 to ensure full, open, and fair competition for
5 professional services contracts."

6 SECTION 5. Section 103D-1004, Hawaii Revised Statutes, is
7 amended by amending subsection (a) to read as follows:

8 "(a) To ensure fair and open competition for Hawaii
9 businesses engaged in contracting with other states, the chief
10 procurement officer may impose a reciprocal preference against
11 bidders and offerors pursuant to sections 103D-302 and 103D-303
12 from those states which apply preferences. The amount of the
13 reciprocal preference shall be equal to the amount by which the
14 non-resident preference exceeds any preference applied by this
15 State.

16 In determining whether a bidder or offeror qualifies as a
17 resident bidder~~[r]~~ or offeror, the definition used by the other
18 state in applying a preference shall apply."

19 SECTION 6. Statutory material to be repealed is bracketed
20 and stricken. New statutory material is underscored.

1 SECTION 7. This Act shall take effect on July 1, 3000.
