
A BILL FOR AN ACT

RELATING TO WILDFIRES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 PART I

2 SECTION 1. The legislature finds that as the risk of
3 catastrophic wildfires in Hawaii has increased, so has the
4 threat of property damage from these fires. Although most
5 property owners have insurance, some do not, and others have
6 insurance that may not fully cover their losses.

7 The legislature further finds that when the cause of a
8 wildfire is uncertain or contested, costly and protracted
9 litigation ensues. Litigation regarding wildfire damages can
10 impose massive costs, including on the State, counties,
11 utilities, landowners, and other defendants that may be alleged
12 to have contributed to catastrophic wildfires. Those costs can
13 overwhelm major institutions in the community, undermining their
14 ability to make investments that the State needs. Indeed, even
15 the possibility of litigation regarding a future catastrophic
16 wildfire can create a cloud of uncertainty that can impair an
17 entity's ability to attract capital on reasonable terms--capital

1 that is vital for making investments in wildfire prevention,
2 among other priorities that may affect the health and safety of
3 the State's residents.

4 The legislature also finds that the risk of property damage
5 stemming from catastrophic wildfires may lead property insurers
6 to raise rates or refuse to provide coverage for certain losses
7 or certain high-risk areas of Hawaii--as occurred in the wake of
8 hurricane Iniki with respect to hurricane insurance.

9 The legislature additionally finds that it is in the public
10 interest to take steps to ensure that property insurance remains
11 available to cover losses associated with wildfires by providing
12 benefits to property insurers. Furthermore, the legislature
13 finds that it is in the public interest to ensure that the
14 threat of wildfires does not make investment in Hawaii's public
15 utilities so financially risky that it becomes too costly or
16 impossible for them to raise capital to implement vital plans,
17 including plans to mitigate wildfire risk, and to provide safe,
18 reliable, and affordable service to the people of the State.

19 Moreover, the legislature finds that it is in the public
20 interest to avoid the costs of litigation arising out of
21 catastrophic wildfires in order to protect Hawaii's economy and

1 encourage investment in the State. Therefore, the purpose of
2 this Act is to serve the public interest in the event of a
3 devastating wildfire by establishing a means to provide
4 compensation for property damage resulting from wildfires.

5 SECTION 2. The Hawaii Revised Statutes is amended by
6 adding a new chapter to be appropriately designated and to read
7 as follows:

2 administrator through a majority vote.

3 (f) At the direction of the board, the administrator shall
4 prepare and present for approval a plan of operations related to
5 the operations, management, and administration of the wildfire
6 relief fund on an annual basis. At least annually and at the
7 direction of the board, the administrator shall present the plan

9 The plan shall include but not be limited to reporting on the
10 wildfire relief fund's assets and projections for the duration
11 of the fund.

12 (g) At the direction of the board, the administrator shall
13 at least annually prepare and publish on the corporation's
14 website a public-facing report that describes the operations and

17 condition of the wildfire relief fund.

18 **§ -6 Wildfire relief fund and corporation; audit.** (a)

19 The auditor shall conduct an annual financial audit of the
20 corporation and wildfire relief fund pursuant to chapter 23. As

1 part of this audit, the auditor may contract with a firm
2 qualified to perform an independent actuarial review.

3 (b) The auditor shall determine the scope of the review
4 required by this section, which shall include but not be limited
5 to:

6 (1) A review of the sources and uses of the moneys in the
7 wildfire relief fund;

8 (2) A reconciliation of changes in actuarial assumptions
9 and reserve values from the preceding year;

10 (3) An examination of the development of claim reserve
11 inadequacies or redundancies over time; and

12 (4) An assessment of the future financial viability of the
13 wildfire relief fund.

14 (c) The corporation shall cooperate with the actuarial
15 firm in all respects and shall permit the firm full access to
16 all information the firm deems necessary for a true and complete
17 review. Information provided to the actuarial firm conducting
18 the annual review shall be subject to the same limitations on
19 public inspections as are required for the records of the
20 corporation.

1 (d) The audit required by this section shall be conducted
2 using both generally accepted accounting principles and the
3 statutory accounting principles published by the National
4 Association of Insurance Commissioners.

5 (e) The cost of the audit required by this section shall
6 be paid by the corporation.

7 (f) The auditor shall issue an annual report to the
8 legislature and governor on the results of the audit and review.
9 The audit and report of the review performed by the independent
10 actuarial firm shall be available for public inspection, in
11 accordance with the auditor's established rules and procedures
12 governing public disclosure of audit documents.

13 (g) The legislature shall consider, after reviewing the
14 annual report required by subsection (f), whether any
15 adjustments to the wildfire relief fund should be implemented.

16 **§ -7 Wildfire relief fund; participation.** (a) The
17 following entities may participate in the wildfire relief fund
18 as contributors:

19 (1) The State;

20 (2) Electric utilities;

- 1 (3) Public utilities that are not electric utilities that
2 contribute to the risk of occurrence or severity of a
3 catastrophic wildfire, including public utilities for
4 the production, conveyance, transmission, delivery, or
5 furnishing of gas;
- 6 (4) Other governmental entities; and
- 7 (5) Private property owners who own, or whose affiliated
8 persons or entities own in the aggregate, at least one
9 thousand acres of land in Hawaii.
- 10 (b) To participate in the wildfire relief fund, an entity
11 shall:
- 12 (1) Notify the administrator that it intends to
13 participate in the wildfire relief fund by a date set
14 by the administrator in the year preceding the year in
15 which the entity seeks to participate in the wildfire
16 relief fund; and
- 17 (2) Make required contributions to the wildfire relief
18 fund pursuant to section -8.
- 19 By making the election under paragraph (1), a participant shall
20 be required to make an initial contribution.

1 (c) A contributor that is also a property owner may make a
2 claim to the wildfire relief fund for compensation in the same
3 manner provided for in section -13 as other property owners;
4 provided that the contributor:

5 (1) Retains all of the rights, privileges, and obligations
6 of a contributor; and

7 (2) Notwithstanding any other provisions of this chapter
8 and regardless of the existence of a depletion event
9 under section -16(c), is bound by the limitation on
10 claims under section -18.

11 (d) Any person or entity that poses a risk of causing or
12 exacerbating the severity of a catastrophic wildfire that is not
13 eligible to participate as a contributor in the wildfire relief
14 fund may submit an application to the board for participation.

15 (e) The board shall adopt rules pursuant to chapter 91 and
16 issue criteria for applications submitted under subsection (d).

17 (f) The board shall include in its annual report to the
18 legislature and governor under section -4 all applications
19 submitted under subsection (d) and shall recommend to the
20 legislature whether participation criteria for contributors
21 should be broadened.

1 (g) Notwithstanding any provision to the contrary, an
2 electric utility that is a defendant in a civil action, as of
3 the effective date of this chapter, related to an event that, if
4 it occurred on or after the operation date, would qualify as a
5 catastrophic wildfire, may participate in the fund only if the
6 utility provides, and the commission approves, a plan that
7 satisfies the following conditions:

- 8 (1) The plan minimizes the burden on the ratepayers of the
9 electric utility;
- 10 (2) The plan provides for a review of the organizational
11 structure of the electric utility and its lines of
12 business;
- 13 (3) The plan provides for a review of local governance and
14 accountability, including a potential modification of
15 the governance structure and the management and board
16 of directors of the electric utility to emphasize
17 safety and customers' interests;
- 18 (4) The plan includes a framework for addressing wildfire
19 safety and risk management, including monitoring,
20 review, oversight, and enforcement by the public
21 utilities commission, and performance-based utility

1 regulation, as defined by the public utilities
2 commission; provided that executive compensation shall
3 exclude any incentives associated with this chapter;

4 (5) The plan permits periodic performance-based management
5 audits of the public utility;

6 (6) The plan is consistent with meeting the public
7 utility's and the State's renewable portfolio
8 standards, mandates, and obligations; and

9 (7) The utility has an approved wildfire risk mitigation
10 plan approved by the public utilities commission;
11 provided that the public utilities commission shall
12 determine the timeline for the plan and when utility
13 participation may begin within the timeline.

14 (h) If any agency of the State requires any contributor
15 other than an electric utility to submit a plan to mitigate
16 wildfire risk, the agency may prohibit a contributor from
17 participating in the wildfire relief fund as a contributor until
18 the agency approves the contributor's plan.

19 (i) An electric utility that is required to submit for
20 approval a plan under subsection (g) may make the election under
21 subsection (b) (1) before approval of a plan pursuant to

1 subsection (g) but shall not make any monetary contribution
2 before such approval. The electric utility shall not be deemed
3 to have failed to make a required payment under
4 section -10(b); provided that it otherwise complies with this
5 subsection.

6 If the commission approves the plan after the upfront
7 payment date but within one year of the operation date, the
8 electric utility that submitted the plan may participate in the
9 wildfire relief fund as a contributor and shall be afforded all
10 rights and privileges of a contributor under this chapter as of
11 the operation date by making an upfront payment within thirty
12 days of that approval, notwithstanding any earlier deadlines
13 pursuant to this chapter.

14 If the commission approves the plan more than one year
15 after the operation date, the electric utility that submitted
16 the plan may elect to participate as a contributor only under
17 section -8(e) and shall not be considered a contributor
18 before that election date.

19 The wildfire relief fund shall have no claim against an
20 electric utility for failing to make any monetary contribution

1 on the basis that the commission has not yet approved a plan
2 pursuant to subsection (g).

3 **§ -8 Wildfire relief fund; funding.** (a) Total
4 capitalization. The total capitalization amount of the wildfire
5 relief fund shall be \$. Neither the board nor the
6 administrator may modify the total capitalization amount, except
7 as otherwise expressly provided in this chapter.

8 (b) Time to total capitalization. The administrator shall
9 recommend to the board, and the board shall, by majority vote,
10 approve initial contribution amounts for potential contributors,
11 other than the State and investor-owned electric utilities,
12 based on any actuarial factors and with the goal, to the extent
13 reasonably possible, of having the wildfire relief fund have the
14 financial capacity to cover claims equal to the total
15 capitalization amount within five years of the operation date,
16 taking into consideration reasonably expected investment
17 returns, actual and expected contributions to the wildfire
18 relief fund, contingent guarantees, insurance purchased by the
19 wildfire relief fund, and any other mechanisms that increase the
20 financial capacity of the wildfire relief fund, and assuming no

1 payments will be made by the wildfire relief fund during that
2 time period.

3 (c) Capitalization amounts. With the exception of the
4 State's monetary contribution and pledge as described in
5 paragraph (4), initial contribution amounts may be divided by
6 the administrator, at a contributor's request, into an upfront
7 contribution amount to be made by the upfront payment date as
8 specified in subsection (n), and annual contribution amounts to
9 be made over the first five-year period after the operation
10 date, subject to the interest payment identified in subsection
11 (m) and the administrator's ability to increase payments under
12 the insufficient funding provision in subsection (f).

13 The wildfire relief fund shall be capitalized by the
14 following initial contributions:

15 (1) From public utilities other than investor-owned
16 electric utilities, private property owners, and other
17 governmental entities that are eligible to participate
18 in the wildfire relief fund:

- 19 (A) Collectively, \$;
- 20 (B) From other governmental entities that are
- 21 eligible to participate in the wildfire relief

1 fund, a fraction of the amount determined by the
 2 administrator based on an actuarial assessment of
 3 the risk of payments to these entities by the
 4 fund resulting from catastrophic wildfires
 5 created by these entities, as well as the risk of
 6 potential payments made by the fund resulting
 7 from catastrophic wildfires created by these
 8 entities; and

9 (C) For public utilities other than investor-owned
 10 electric utilities and from private property
 11 owners, a fraction of such amount determined by
 12 the administrator based on an actuarial
 13 assessment of the risk of potential payments by
 14 the wildfire relief fund resulting from
 15 catastrophic wildfires created by such entity;

16 (2) From investor-owned electric utilities, \$;
 17 and

18 (3) From the State, \$, consisting of a
 19 \$ monetary contribution and a pledge of
 20 \$ pursuant to subsection (1).

1 (d) The board shall determine the initial contribution
2 amounts of eligible contributors by thirty days before the date
3 by which participants are required to notify the administrator
4 of their intention to participate in the wildfire relief fund
5 pursuant to section -7(b). If an eligible contributor
6 declines to notify the administrator that the eligible
7 contributor wishes to participate in and become a contributor to
8 the wildfire relief fund during the fund's first year of
9 operation, the board shall reduce the total capitalization
10 amount by subtracting the amount the board allocated to that
11 eligible contributor.

12 (e) If an electric utility, public utility other than an
13 electric utility, other governmental entity, or private property
14 owner elects to become a contributor after the operation date,
15 the board shall determine required contribution amounts, which
16 may be, at the discretion of the board, made in upfront and
17 annual payments, based on an up-to-date consideration of any
18 actuarial factors, and the board shall increase the total
19 capitalization amount in accordance with those contribution
20 amounts.

1 (f) Insufficient funding. If the administrator determines
2 that payments made by the wildfire relief fund, and expected
3 future contributions by contributors and investment returns,
4 will result in the fund's: failing to reach the total
5 capitalization amount, as adjusted, as applicable, under
6 subsection (a), by the fifth year of operation after the
7 operation date; or falling below the total capitalization amount
8 after the fifth year of operation after the operation date,
9 including, in either case, as a result of the legislature's
10 increasing the total capitalization amount, the administrator
11 shall recommend that the board establish a supplemental
12 contribution to be contributed to the wildfire relief fund.
13 Responsibility among contributors for the supplemental
14 contribution shall be allocated as follows:

15 (1) The administrator shall recommend to the board, and
16 the board shall determine by majority vote, the
17 respective portions of the supplemental contribution
18 amount to be paid by each contributing electric
19 utility, public utility other than an electric
20 utility, other governmental entity, and private

1 property owner contributor, based on an up-to-date
2 assessment of any actuarial factors; and

3 (2) The remaining amount of the supplemental contribution,
4 but not more than the largest contribution by other
5 contributors, shall be paid by the State, subject to
6 legislative appropriation.

7 (g) The administrator may allow contributors to pay
8 supplemental contributions via annual contributions, or in part
9 via an upfront contribution followed by annual contributions,
10 unless the administrator determines that a contribution schedule
11 will create a material risk that the wildfire relief fund will
12 not reach or return to its total capitalization amount within a
13 reasonable period of time to perform the functions identified in
14 this chapter.

15 The administrator may permit annual supplemental
16 contributions, instead of a single upfront contribution, subject
17 to the payment of interest at the rate set under subsection (m).

18 (h) If the board establishes a supplemental contribution
19 pursuant to subsection (g), before the wildfire relief fund
20 receives the supplemental contribution, the wildfire relief fund
21 may issue revenue bonds up to the amount of the supplemental

1 contribution, which shall be backed by future contributions to
2 the wildfire relief fund.

3 (i) The board may order supplemental contributions under
4 this chapter even if an investigation under the replenishment
5 process under section -9 is ongoing. In the event that
6 payments are later made under that replenishment process, the
7 board, provided that other conditions of the refunds section are
8 met pursuant to section -11, may refund supplemental
9 contributions in whole or in part.

10 (j) Utility contribution. An electric utility's
11 contributions to the wildfire relief fund shall not be recovered
12 from its customers in rates.

13 (k) If the total amount of payments that the administrator
14 determines should be paid in connection with a catastrophic
15 wildfire pursuant to sections -13, -14, and -15 exceeds
16 the current balance of the wildfire relief fund, the State may
17 provide a loan to the wildfire relief fund in an amount up to
18 the depletion percentage, as determined by section -16(d).
19 The loan shall be repaid over time through annual contributions
20 by contributors.

1 (1) The State shall make its initial monetary contribution
2 of \$ to the wildfire relief fund as soon as
3 practicable after the effective date of this Act, to be used to
4 pay for the operations of the wildfire relief fund in advance of
5 the operation date.

6 The State shall irrevocably pledge to appropriate and
7 provide up to \$ in the following manner:

8 (1) In the event that a catastrophic wildfire occurs and
9 the administrator determines that the amount the
10 wildfire relief fund is obligated to pay to property
11 owners, property insurers, the State, and other
12 governmental entities has exceeded or will exceed the
13 total moneys in the wildfire relief fund, the
14 administrator shall demand, and the State shall be
15 obligated to provide, a contribution to the wildfire
16 relief fund;

17 (2) The administrator shall demand, and the State shall
18 provide, the contribution required under paragraph (1)
19 before the administrator seeks additional funding
20 through supplemental contributions under subsection
21 (f) or loans under subsection (k);

1 (3) The obligation to provide the contribution required
2 under paragraph (1) if the conditions of this
3 subsection are met shall constitute an irrevocable
4 guarantee of the State, backed by the full faith and
5 credit of the State;

6 (4) At no time shall the aggregate amount of the State's
7 financial responsibility to the wildfire relief fund,
8 contingent or otherwise, under this subsection exceed
9 \$; and

10 (5) The administrator, in making the calculations under
11 subsection (f) and sections -11(a) and -16,
12 shall treat the amount remaining on the State's pledge
13 as capital in the wildfire relief fund for purposes of
14 computing the total capitalization of the wildfire
15 relief fund.

16 (m) A contributor may request that the administrator
17 permit the contributor to pay the contributor's initial
18 contribution over a five-year period via upfront and annual
19 payments; provided that the contributor shall pay interest on
20 all amounts deferred beyond the upfront payment date at a rate

1 equal to the State's average incremental borrowing rate plus two
2 hundred basis points.

3 (n) The upfront payment date shall be the date on which
4 the upfront portion of all contributors' initial contributions
5 shall be paid to the wildfire relief fund. The administrator
6 shall determine the upfront payment date and announce it at
7 least ninety days in advance. The upfront payment date shall be
8 at least thirty days after the operation date and in no event
9 earlier than April 15, 2025; provided that if a catastrophic
10 wildfire occurs before March 15, 2025, the administrator may
11 accelerate the upfront payment date to thirty days after the
12 administrator provides notice of the acceleration to all
13 contributors.

14 § -9 Replenishment of wildfire relief fund;

15 **determination of prudence.** (a) If the administrator, or an
16 agency of the State with responsibility for determining the
17 causes of wildfires, informs the public utilities commission
18 that the facilities of a public utility that is a contributor
19 may have caused the occurrence or contributed to the severity of
20 a catastrophic wildfire, the public utilities commission shall
21 initiate a proceeding to review the public utility's conduct

1 leading to the catastrophic wildfire and make findings. The
2 public utilities commission may, even without formal notice from
3 the administrator or the agency, initiate this proceeding of its
4 own accord.

5 (b) The public utilities commission shall evaluate the
6 prudence of the conduct of the public utility in connection with
7 a catastrophic wildfire in the following manner: The public
8 utilities commission shall determine whether the public utility
9 acted prudently, considering only acts that may have caused the
10 occurrence or contributed to the severity of the catastrophic
11 wildfire, and evaluating the public utility's actions in the
12 context of the public utility's overall systems, processes, and
13 programs, such that an error by a public utility employee would
14 not be a basis for a finding of imprudence, unless that error
15 was the result of an imprudent system, process, or program.

16 (c) In evaluating prudence under this section, the public
17 utilities commission shall determine whether the actions of the
18 public utility were prudent and in the public interest.

19 (d) If the public utilities commission determines that
20 imprudent conduct by the public utility caused the catastrophic
21 wildfire, the public utilities commission shall determine

1 whether to order the public utility to reimburse the wildfire
2 relief fund in whole or in part for payments from the fund made
3 in connection with the catastrophic wildfire. In determining
4 the amount of reimbursement, if any, the public utilities
5 commission shall consider the extent and severity of the public
6 utility's imprudence and factors within and beyond the public
7 utility's control that may have led to or exacerbated the costs
8 from the catastrophic wildfire, including but not limited to
9 humidity, temperature, winds, fuel, merged wildfires with
10 independent ignitions, third-party actions that affected the
11 spread of the wildfire, and fire suppression activities.

12 (e) The public utilities commission shall not order the
13 public utility to reimburse the wildfire relief fund in an
14 amount that exceeds the lesser of:

- 15 (1) The costs that the public utilities commission
16 determines were due to the public utility's
17 imprudence; or
- 18 (2) Twenty per cent of the public utility's transmission
19 and distribution equity rate base minus the amounts
20 the public utility has reimbursed, or is required to
21 reimburse, the wildfire relief fund during the period

1 of three consecutive calendar years ending on December
2 31 of the year in which the calculation is being
3 performed.

4 (f) If the public utilities commission orders the public
5 utility to reimburse the wildfire relief fund, the public
6 utility shall not recover the amount of the reimbursement in
7 rates charged to ratepayers.

8 (g) If the administrator, or an agency of the State with
9 responsibility for determining the causes of wildfires or
10 catastrophic wildfires, concludes that the conduct of an other
11 governmental entity or property owner that is a contributor may
12 have caused the occurrence or contributed to the severity of a
13 catastrophic wildfire, the administrator shall assess the
14 prudence of the contributor's conduct, applying the same
15 standard of prudence applied to public utilities pursuant to
16 subsection (c).

17 (h) If the administrator determines that the contributor
18 acted imprudently and that the imprudence caused the occurrence
19 or contributed to the severity of the catastrophic wildfire, the
20 administrator shall recommend that the board require such
21 contributor to reimburse the wildfire relief fund in whole or in

1 part for payments that the fund made in connection with the
2 catastrophic wildfire, considering the factors set forth in
3 subsection (d), subject to a cap of ten per cent of the
4 contributor's assets within Hawaii, measured over a rolling
5 three-year period.

6 § -10 **Failure to make contributions to wildfire relief**

7 **fund.** (a) Contributors shall notify the administrator if they
8 will make, or fail to make, a supplemental contribution to the
9 wildfire relief fund at least thirty days before the
10 supplemental contribution is due.

11 (b) If a contributor fails to make a required contribution
12 to the wildfire relief fund, that contributor shall no longer be
13 a contributor as of the date that the contribution was due.
14 That entity may, however, rejoin the fund under the process for
15 joining the fund after initial capitalization set forth in
16 section -8.

17 (c) The administrator shall not refund to an entity that
18 fails to make a contribution any previous payments made to the
19 wildfire relief fund. However, the administrator shall credit
20 all previous contributions when determining the amount of

1 payment to be made if a participant rejoins the fund under
2 subsection (b).

3 § -11 Refunds. (a) In the event that the total amount
4 in the wildfire relief fund exceeds one hundred twenty per cent
5 of the total capitalization amount, the administrator may
6 recommend that the board authorize refunds to be made to the
7 contributors; provided that the refunds do not deplete the
8 wildfire relief fund below one hundred twenty per cent of the
9 total capitalization amount.

10 (b) Refunds shall be made in proportion to the total money
11 contributed by the contributors to the wildfire relief fund as
12 of the date of the refund, excluding any payments made under the
13 replenishment provisions under section -9.

14 (c) The administrator has no obligation to recommend, and
15 the board has no obligation to authorize, a refund. The board
16 shall make a refund only if it takes into consideration all
17 relevant factors and circumstances and determines that making a
18 refund will be unlikely to result in the wildfire relief fund's
19 falling below one hundred twenty per cent of total
20 capitalization within three years after the refund.

1 (d) Any contributor may request that the board make a
2 refund whenever the conditions under this section are met.

3 (e) If the board elects to issue a refund or elects not to
4 do so after receiving a request under subsection (d), the
5 administrator shall issue an order explaining the board's
6 decision.

7 § -12 Processing of claims. (a) With the approval of
8 the board, the administrator shall establish and approve
9 procedures for the review, approval, and timely payment of
10 claims for reimbursement from the wildfire relief fund. The
11 procedures may be revised from time to time by the administrator
12 with the approval of the board.

13 (b) In the event of a catastrophic wildfire within the
14 State, the administrator shall process claims made for
15 compensation against the wildfire relief fund related to the
16 catastrophic wildfire, consistent with the requirements of this
17 chapter.

18 § -13 Claims by property owners. (a) To be eligible
19 for compensation from the wildfire relief fund for recovery of
20 uninsured damage to property from a catastrophic wildfire, a
21 property owner shall not have opted out from participation in

1 the wildfire relief fund before the occurrence of the
2 catastrophic wildfire.

3 (b) County tax assessors shall include, with each real
4 property tax assessment sent to an owner of real property in the
5 State, a prominent notice regarding participation in the
6 wildfire relief fund. The notice shall be in a form prescribed
7 by the administrator and shall clearly explain the property
8 owner's right to opt out of participation in the wildfire relief
9 fund by submitting a request to opt out to the administrator
10 within a specific time. A property owner who does not submit a
11 timely request to opt out shall be deemed to participate in the
12 wildfire relief fund as of the deadline for submitting a request
13 to opt out.

14 (c) Any costs of administering the process described in
15 subsection (b) shall be reimbursed by the wildfire relief fund.

16 (d) To opt out of participation in the wildfire relief
17 fund with regard to property in areas within the State that have
18 been assigned extreme, high, and moderate wildfire risk classes
19 by the department of land and natural resources, a property
20 owner shall submit documentation of insurance coverage for the
21 property along with the property owner's request to opt out of

1 the wildfire relief fund, and the administrator shall approve
2 the documentation as adequate evidence of insurance for the
3 applicable property.

4 (e) Following a catastrophic wildfire, to make a claim for
5 compensation from the wildfire relief fund for uninsured damage
6 to real or personal property from the catastrophic wildfire, a
7 property owner shall submit to the administrator documentation
8 establishing:

9 (1) That the catastrophic wildfire damaged the owner's
10 property;

11 (2) The extent of the losses to the owner's property
12 caused by that catastrophic wildfire; and

13 (3) Any insurance policy providing coverage for those
14 losses.

15 (f) Within ninety days after a property owner submits a
16 claim for compensation from the wildfire relief fund, including
17 the documentation required in this section, the administrator
18 shall determine whether the documentation is adequate and, if
19 so, the appropriate amount of the payment to the property owner
20 from the wildfire relief fund. If the administrator determines
21 that the property owner has not submitted sufficient

1 documentation for the administrator to evaluate the claim, the
2 administrator may request additional documentation from the
3 property owner and may set a date by which the additional
4 information shall be provided.

5 (g) If no insurance policy provides coverage for the
6 losses for which a property owner seeks compensation from the
7 wildfire relief fund, the property owner shall be eligible to
8 receive as compensation from the wildfire relief fund a maximum
9 of \$.

10 (h) If an insurance policy provides coverage for the
11 losses for property damage incurred by an eligible property
12 owner who seeks compensation from the wildfire relief fund, the
13 property owner shall be eligible to receive as compensation from
14 the wildfire relief fund only compensation for uninsured real or
15 personal property damage, in an amount up to the lesser of:

16 (1) per cent of the amount by which the
17 property owner's losses exceed the amount of insurance
18 coverage for the losses; or

19 (2) per cent of the property owner's insurance
20 coverage applicable to the losses;

1 provided that the property owner submits adequate documentation
2 of those losses, as required by this section.

3 **§ -14 Claims by property insurers.** (a) To be eligible
4 for compensation from the wildfire relief fund, a property
5 insurer shall have elected to participate in the fund before the
6 annual policy period in which the catastrophic wildfire
7 occurred. The administrator shall establish a process for
8 property insurers to annually submit an election to participate
9 in the fund to the administrator within a specified time. The
10 date for submission of that election shall be the same as the
11 date for property owners to submit a request to opt out pursuant
12 to section -13(b).

13 (b) All property insurers who elect to participate in the
14 wildfire relief fund shall be eligible to receive as
15 compensation from the wildfire relief fund per cent
16 of their total payments for property damage claims, including
17 real or personal property, in Hawaii as a result of a
18 catastrophic wildfire.

19 (c) Following a catastrophic wildfire, to make a claim for
20 compensation from the wildfire relief fund based on claims
21 resulting from the catastrophic wildfire, an eligible property

1 insurer shall submit to the administrator documentation
2 establishing the number, nature, and total value of insurance
3 claims that the property insurer paid pursuant to its policies
4 for damage resulting from the catastrophic wildfire as well as
5 documentation sufficient to assess the reasonableness of the
6 property insurer's payment of claims.

7 (d) After receipt of a property insurer's claim for
8 compensation from the wildfire relief fund, including the
9 documentation required in this section, the administrator shall:

10 (1) Review via an expedited procedure the property
11 insurer's claim for compensation from the wildfire
12 relief fund; and

13 (2) Determine:

14 (A) Whether the documentation provided is adequate;
15 and

16 (B) The appropriate amount of the payment to the
17 property insurer from the fund.

18 **§ -15 Claims by the State and other governmental**

19 **entities.** (a) The State may submit claims for compensation
20 from the wildfire relief fund for damages it incurred resulting
21 from a catastrophic wildfire, including damage to infrastructure

1 or other property, costs of fire suppression, and natural
2 resource damages, to the extent recovery of the losses is
3 authorized by law.

4 (b) Other governmental entities may submit claims for
5 compensation from the wildfire relief fund for damages they
6 incurred resulting from a catastrophic wildfire, including
7 damage to infrastructure or other property and other losses, to
8 the extent recovery of the losses is authorized by law; provided
9 that to be eligible for compensation from the wildfire relief
10 fund related to a catastrophic wildfire, an other governmental
11 entity shall elect to be a contributor pursuant to
12 section -7(b)(1) before the occurrence of the catastrophic
13 wildfire.

14 (c) To make a claim under this section, the State or other
15 governmental entity shall submit to the administrator
16 documentation establishing:

- 17 (1) That the catastrophic wildfire caused the damages;
- 18 (2) The extent of the damages caused by the catastrophic
19 wildfire; and

1 (3) Any other documentation necessary to establish the
2 State's or other governmental entity's right to
3 recover the losses pursuant to law.

4 (d) After receipt of a claim for compensation from the
5 wildfire relief fund pursuant to this section, the administrator
6 shall determine whether the State or other governmental entity
7 is authorized to recover damages under applicable law and, if
8 so, the appropriate amount of the payment.

9 § -16 **Fund depletion.** (a) Within thirty days of a
10 catastrophic wildfire, the administrator shall assess whether
11 the total payments that the wildfire relief fund is projected to
12 make to eligible property owners, property insurers, the State,
13 and other governmental entities under sections -13, -14,
14 and -15, respectively, are expected to exceed seventy-five
15 per cent of the total available money in the wildfire relief
16 fund. The board shall adopt rules pursuant to chapter 91
17 regarding the performance of this assessment.

18 (b) If the administrator assesses pursuant to subsection
19 (a) that the total payments that the wildfire relief fund is
20 projected to make to eligible property owners, property
21 insurers, the State, and other governmental entities under

1 sections -13, -14, and -15, respectively, are expected
2 to exceed seventy-five per cent of the total available money in
3 the wildfire relief fund, the administrator shall seek to
4 increase the total amount of money in the fund using all
5 available methods under this chapter.

6 (c) Depletion event. If the administrator is unable,
7 despite taking the steps under subsection (b), to secure
8 sufficient additional funding for the wildfire relief fund,
9 including credible pledges for future funding, to reverse the
10 administrator's assessment under subsection (b) within
11 forty-five days, the administrator shall declare the existence
12 of a depletion event. The administrator may, for good cause,
13 extend this time period by an additional thirty days.

14 (d) Depletion percentage. If the administrator declares
15 the existence of a depletion event, the administrator shall
16 determine what percentage of total eligible payments the
17 wildfire relief fund can make without the likelihood that the
18 payments will exceed seventy-five per cent of the total
19 available money in the wildfire relief fund. This percentage
20 shall be deemed the depletion percentage.

1 (e) Depletion payment. The administrator shall thereafter
2 offer all property owners, property insurers, the State, and
3 other governmental entities that submit claims for compensation
4 from the wildfire relief fund and would otherwise, under
5 sections -13, -14, and -15, respectively, be entitled
6 to a particular payment amount, that amount multiplied by the
7 depletion percentage. This amount shall be deemed the depletion
8 payment.

9 (f) All claimants that are offered the depletion payment
10 may choose to accept or decline the payment. Any property owner
11 or property insurer, other than a contributor, that declines to
12 accept the depletion payment shall:

13 (1) Be ineligible for any payments by the wildfire relief
14 fund with respect to the catastrophic wildfire for
15 which the claim was made; and

16 (2) Not be bound by the limitation on claims under
17 section -18 with respect to only that catastrophic
18 wildfire.

19 The limitation period for any cause of action arising out
20 of the catastrophic wildfire that could be asserted by the
21 property owner or property insurer that declines to accept the

1 depletion payment shall be tolled for the period from the date
2 of the catastrophic wildfire to the date the administrator
3 offers claimants the depletion payment.

4 (g) Any property owner or property insurer, other than a
5 contributor, that accepts the depletion payment shall not be
6 bound by the limitation on claims under section -18 with
7 respect to only that catastrophic wildfire. Any contributor
8 against whom a claim is brought by a recipient of a depletion
9 payment shall be entitled to a credit against the contributor's
10 financial liability as to that claimant, in an amount equal to
11 the depletion payment received by the claimant multiplied by the
12 contributor's proportion of contribution to the wildfire relief
13 fund relative to the other contributors.

14 (h) After the payments to all claimants who accepted the
15 depletion payment have been made, and within three years from
16 the date of the catastrophic wildfire, the administrator shall
17 make additional payments to each claimant who accepted the
18 depletion payment. These additional payments, added to the
19 depletion payment, shall be equal to the full value of the
20 administrator's determination of the amount of payment due to
21 each claimant.

1 (i) Multiple catastrophic events. The board shall adopt
2 rules pursuant to chapter 91 regarding how to pay claims in the
3 event that one or more catastrophic wildfires occur while the
4 corporation is in the process of assessing, receiving,
5 determining, or paying claims from an earlier catastrophic
6 wildfire.

7 § -17 **Hearings and appeals of determinations.** (a)

8 Within thirty days after the administrator's determination of
9 the amount of payment due to any claimant from the wildfire
10 relief fund pursuant to sections -13, -14, and -15,
11 respectively, or the board's determination of a contributor's
12 allocation for any contribution, the affected person or entity
13 may request a contested case hearing on that determination
14 before the department of commerce and consumer affairs, pursuant
15 to chapter 91.

16 (b) Upon receipt of a request for hearing on the
17 administrator or board's determination, the office of
18 administrative hearings shall schedule a hearing date no later
19 than thirty days after its receipt of the request for hearing.

20 (c) Following the conclusion of any hearing or before the
21 conclusion of the hearing, with the concurrence of the parties,

1 the office of administrative hearings shall promptly, and no
2 later than thirty days after the hearing, decide the matter and
3 issue findings of fact, conclusions of law, and a decision in
4 accordance with the hearings officer's determination.

5 (d) Within thirty days after the date on which a copy of
6 the office of administrative hearings' order is mailed to the
7 parties, a party may seek judicial review of the order by filing
8 a petition for review in the applicable circuit court, with a
9 right of appeal as allowed by law. If no petition is timely
10 filed, the order of the office of administrative hearings shall
11 be final.

12 § -18 **Limitations on claims.** (a) No suit, claim, or
13 other civil legal action may be instituted or maintained against
14 contributors or their affiliates, employees, agents, or
15 insurers:

16 (1) For recovery of losses or damages of a type for which
17 compensation may be sought from the wildfire relief
18 fund; and

19 (2) By persons or entities:

20 (A) Who are contributors, property owners who do not
21 opt out of the wildfire relief fund, or property

1 insurers who elect to participate in the wildfire
2 relief fund; or

3 (B) Who seek indemnity or contribution for amounts
4 paid, or that may be paid, to contributors,
5 property owners who do not opt out of the
6 wildfire relief fund, or property insurers who
7 elect to participate in the wildfire relief fund;

8 provided that the rights of a property insurer to sue as
9 subrogee of its policyholder shall not be affected by a
10 property owner's participation in the wildfire relief fund
11 and eligibility to seek uninsured property damages from the
12 wildfire relief fund, but instead such subrogation rights
13 shall be affected only if the property insurer elects to
14 participate in the wildfire relief fund.

15 (b) Persons or entities who are eligible to seek
16 compensation from the wildfire relief fund for property damage
17 arising from a catastrophic wildfire may not seek to recover for
18 damage from electric utilities, public utilities other than
19 electric utilities, the State, or private property owners who
20 are contributors, notwithstanding that the claimed property

1 damage may exceed the amount of payment by the wildfire relief
2 fund for the damage.

3 (c) The wildfire relief fund shall be subrogated to the
4 rights of the contributors, property owners who do not opt out
5 of the wildfire relief fund, and property insurers who elect to
6 participate in the wildfire relief fund, to the extent of any
7 payment made by the wildfire relief fund to those persons or
8 entities, and may pursue claims against a person or entity that
9 is not a contributor for damages resulting from the catastrophic
10 wildfire."

12 amended by amending subsection (b) to read as follows:
