# A BILL FOR AN ACT

RELATING TO PHARMACISTS.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that there is currently a  
2 statewide physician shortage. According to the federal Health  
3 Resources and Services Administration, each county in the State  
4 contains a region that is a medically underserved area, as  
5 defined by the Public Health Service Act of 1944, P.L. 78-410.

6           The legislature further finds that pharmacists can help  
7 bridge the gaps created by the physician shortage. A  
8 pharmacist's skill set includes educating patients on how and  
9 when to check blood sugar, ways to avoid and manage  
10 hypoglycemia, how to take their medications correctly to avoid  
11 adverse effects, and various medication utilization techniques.  
12 Additionally, patients are three times more likely to stay out  
13 of the hospital when pharmacists provide clinical services after  
14 a hospital discharge.

15           Accordingly, the purpose of this Act is to mandate  
16 reimbursement for services provided by pharmacists within their

1 scope of practice by private and public health plans in the  
2 State.

3 SECTION 2. Chapter 431, Hawaii Revised Statutes, is  
4 amended by adding a new section to article 10A to be  
5 appropriately designated and to read as follows:

6 "§431:10A- Services provided by participating  
7 registered pharmacists; coverage. (a) Each individual or group  
8 policy of accident and health or sickness insurance delivered or  
9 issued for delivery in this State after July 1, 2025, shall  
10 include coverage for care provided by a participating registered  
11 pharmacist practicing within the scope of the pharmacist's  
12 license for purposes of health maintenance or treatment to the  
13 extent that the policy provides benefits for identical services  
14 rendered by another health care provider.

15 (b) For the purposes of this section, "participating  
16 registered pharmacist" means a pharmacist licensed pursuant to  
17 chapter 461 who has contracted with the insurer to provide  
18 health care services to its insureds."

19 SECTION 3. Chapter 432, Hawaii Revised Statutes, is  
20 amended by adding a new section to article 1 to be appropriately  
21 designated and to read as follows:

1           "§432:1- Services provided by participating registered  
2 pharmacists; coverage. (a) Each individual or group hospital  
3 or medical service plan contract delivered or issued for  
4 delivery in this State after July 1, 2025, shall include  
5 coverage for care provided by a participating registered  
6 pharmacist practicing within the scope of the pharmacist's  
7 license for purposes of health maintenance or treatment to the  
8 extent that the plan contract provides benefits for identical  
9 services rendered by another health care provider.

10           (b) For the purposes of this section, "participating  
11 registered pharmacist" means a pharmacist licensed pursuant to  
12 chapter 461 who has contracted with the mutual benefit society  
13 to provide health care services to its members."

14           SECTION 4. Section 346-53.64, Hawaii Revised Statutes, is  
15 amended by amending subsection (a) to read as follows:

16           "(a) Services eligible for prospective payment system  
17 reimbursement are those services that are furnished by a  
18 federally qualified health center or rural health clinic that  
19 are:

- 1           (1) Within the legal authority of a federally qualified  
2           health center to deliver, as defined in section 1905  
3           of the Social Security Act;
- 4           (2) Actually provided by the federally qualified health  
5           center, either directly or under arrangements;

10          benefits;

2           under its fee-for-service medicaid program and its  
3           medicaid managed care program, on and after August  
4           1994, and as amended from time to time."

5           SECTION 5. Section 346-59, Hawaii Revised Statutes, is  
6           amended by amending subsection (b) to read as follows:

7           "(b) Rates of payment to providers of medical care who are  
8           individual practitioners, including doctors of medicine,  
9           dentists, podiatrists, psychologists, osteopaths, optometrists,  
10          pharmacists, and other individuals providing services, shall be  
11          based upon the Hawaii medicaid fee schedule. The amounts paid  
12          shall not exceed the maximum permitted to be paid individual  
13          practitioners or other individuals under federal law and  
14          regulation, the medicare fee schedule for the current year, the  
15          state limits as provided in the appropriation act, or the  
16          provider's billed amount.

18          medicare fee schedule for the year 2000 to be used as the basis  
19          for establishing the Hawaii medicaid fee schedule. For any
