14 undue delay, but in all cases within forty-five days
15 of receipt of the request submitted pursuant to the
16 methods described in subsection (a). The response
17 period may be extended once by forty-five additional
18 days when reasonably necessary, taking into account
19 the complexity and number of the consumer's requests,
20 so long as the controller informs the consumer of the

- 1 extension within the initial forty-five-day response
2 period, together with the reason for the extension;
- 3 (2) If a controller declines to take action regarding the
4 consumer's request, the controller, without undue
5 delay, but no later than forty-five days of receipt of
6 the request, shall inform the consumer in writing of
7 the justification for declining to take action and
8 instructions for appealing the decision pursuant to
9 subsection (c);
- 10 (3) Information provided in response to a consumer request
11 shall be provided by a controller free of charge, up
12 to twice annually per consumer. If requests from a
13 consumer are manifestly unfounded, excessive, or
14 repetitive, the controller may charge the consumer a
15 reasonable fee to cover the administrative costs of
16 complying with the request or decline to act on the
17 request. The controller shall bear the burden of
18 demonstrating the manifestly unfounded, excessive, or
19 repetitive nature of the request; and
- 20 (4) If a controller is unable to authenticate the request
21 using commercially reasonable efforts, the controller

1 shall not be required to comply with a request to
2 initiate an action under subsection (a) and may
3 request that the consumer provide additional
4 information reasonably necessary to authenticate the
5 consumer and the consumer's request; provided that no
6 controller shall be required to authenticate an
7 opt-out request, except that a controller may deny an
8 opt-out request if the controller has a good faith,
9 reasonable and documented belief that the request is
10 fraudulent; provided further that if a controller
11 denies an opt-out request because the controller
12 believes that the request is fraudulent, the
13 controller shall send a notice to the person who made
14 the request disclosing that the controller believes
15 the request is fraudulent, why the controller believes
16 the request is fraudulent, and that the controller
17 shall not comply with the request.

18 (d) A controller shall establish a process for a consumer
19 to appeal the controller's refusal to take action on a request
20 within a reasonable period of time after the consumer's receipt
21 of the decision pursuant to subsection (c)(2); provided that the

1 appeal process shall be similar to the process for submitting
2 requests to initiate action pursuant to subsection (a). Within
3 sixty days of receipt of an appeal, a controller shall inform
4 the consumer in writing of its decision, including a written
5 explanation of the reasons for the decision. If the appeal is
6 denied, the controller shall also provide the consumer with an
7 online method, if available, or other method through which the
8 consumer may contact the department to submit a complaint.

9 **§ -4 Authorized agent; designation; powers.** A consumer
10 may designate another person to serve as the consumer's
11 authorized agent, act on the consumer's behalf, or opt-out of
12 the processing of the consumer's personal data for one or more
13 of the purposes specified in subdivision section -3(a)(5).
14 The consumer may designate an authorized agent by way of, among
15 other things, a technology, including an internet link, browser
16 setting, browser extension, or global device setting, indicating
17 the consumer's intent to opt-out of the processing. A
18 controller shall comply with an opt-out request received from an
19 authorized agent if the controller is able to verify, with
20 commercially reasonable effort, the identity of the consumer and

1 the authorized agent's authority to act on the consumer's
2 behalf.

3 **§ -5 Data controller responsibilities; transparency.**

4 (a) A controller shall:

5 (1) Limit the collection of personal data to data that is
6 adequate, relevant, and reasonably necessary in
7 relation to the purposes for which the data is
8 processed, as disclosed to the consumer;

9 (2) Except as otherwise provided in this chapter, not
10 process personal data for purposes that are neither
11 reasonably necessary to nor compatible with the
12 disclosed purposes for which the personal data is
13 processed, as disclosed to the consumer, unless the
14 controller obtains the consumer's consent;

15 (3) Establish, implement, and maintain reasonable
16 administrative, technical, and physical data security
17 practices to protect the confidentiality, integrity,
18 and accessibility of personal data. The data security
19 practices shall be appropriate to the volume and
20 nature of the personal data at issue;

- 1 (4) Provide an effective mechanism for a consumer to
2 revoke the consumer's consent under this section that
3 is at least as easy to use as the mechanism by which
4 the consumer provided the consumer's consent and, upon
5 revocation of the consumer's consent, cease to process
6 the data as soon as practicable, but not later than
7 fifteen days after the receipt of the request;
- 8 (5) Not process the personal data of a consumer for
9 purposes of targeted advertising, or sell the
10 consumer's personal data without the consumer's
11 consent, under circumstances in which a controller has
12 actual knowledge, and willfully disregards, that the
13 consumer is at least thirteen years of age but younger
14 than sixteen years of age; provided that no controller
15 shall discriminate against a consumer for exercising
16 any of the consumer rights contained in this chapter,
17 including denying goods or services, charging
18 different prices or rates for goods or services, or
19 providing a different level of quality of goods or
20 services to the consumer;

1 (6) Not process personal data in violation of state and
2 federal laws that prohibit unlawful discrimination
3 against consumers; and

4 (7) Not process sensitive data concerning a consumer
5 without obtaining the consumer's consent, or, in the
6 case of the processing of sensitive data concerning a
7 known child, without processing the data in accordance
8 with the Children's Online Privacy Protection Act (15
9 U.S.C. chapter 91);

10 provided that nothing in this subsection shall be construed as
11 requiring a controller to provide a product or service that
12 requires the personal data of a consumer that the controller
13 does not collect or maintain, or prohibit a controller from
14 offering a different price, rate, level, quality or selection of
15 goods or services to a consumer, including offering goods or
16 services for no fee, if the offering is in connection with a
17 consumer's voluntary participation in a bona fide loyalty,
18 rewards, premium features, discounts or club card program.

19 (b) Any provision of a contract or agreement that purports
20 to waive or limit in any way consumer rights pursuant to

1 section -3 shall be deemed contrary to public policy and
2 shall be void and unenforceable.

3 (c) Controllers shall provide consumers with a reasonably
4 accessible, clear, and meaningful privacy notice that includes:

5 (1) The categories of personal data processed by the
6 controller;

7 (2) The purpose for processing personal data;

8 (3) How consumers may exercise their consumer rights
9 pursuant to section -3, including how a consumer
10 may appeal a controller's decision with regard to the
11 consumer's request;

13 shares with third parties, if any;

15 controller shares personal data; and

17 mechanism that the consumer may use to contact the
18 controller.

19 (d) If a controller sells personal data to third parties
20 or processes personal data for targeted advertising, the
21 controller shall clearly and conspicuously disclose the

1 processing, as well as the manner in which a consumer may
2 exercise the right to opt-out of the processing.

3 (e) A controller shall establish, and shall describe in a
4 privacy notice, one or more secure and reliable means for
5 consumers to submit a request to exercise their consumer rights
6 under this chapter. Those means shall take into account the
7 ways in which consumers normally interact with the controller,
8 the need for secure and reliable communication of the requests,
9 and the ability of the controller to authenticate the identity
10 of the consumer making the request. Controllers shall not
11 require a consumer to create a new account in order to exercise
12 consumer rights pursuant to section -3 but may require a
13 consumer to use an existing, active account.

14 (f) A controller shall not discriminate against a consumer
15 for exercising any of the consumer rights contained in this
16 chapter, including denying goods or services, charging different
17 prices or rates for goods or services, or providing a different
18 level of quality of goods and services to the consumer; provided
19 that nothing in this chapter shall be construed to require a
20 controller to provide a product or service that requires the
21 personal data of a consumer that the controller does not collect

1 or maintain or to prohibit a controller from offering a
2 different price, rate, level, quality, or selection of goods or
3 services to a consumer, including offering goods or services for
4 no fee, if the consumer has exercised the consumer's right to
5 opt-out pursuant to section -3 or the offer is related to a
6 consumer's voluntary participation in a bona fide loyalty,
7 rewards, premium features, discounts, or club card program.

8 **§ -6 Responsibility according to role; controller and**
9 **processor.** (a) In meeting its obligations under this chapter,
10 a processor shall adhere to the instructions of a controller and
11 shall assist the controller. The assistance shall include:

12 (1) Consideration of the nature of processing and the
13 information available to the processor, by appropriate
14 technical and organizational measures, insofar as this
15 is reasonably practicable, to fulfill the controller's
16 obligation to respond to consumer rights requests
17 pursuant to section -3;

18 (2) Consideration of account the nature of processing and
19 the information available to the processor, by
20 assisting the controller in meeting the controller's

2 security breach pursuant to section 487N-2 in order to
3 meet the controller's obligations; and

4 (3) The provision of necessary information to enable the
5 controller to conduct and document data protection
6 assessments pursuant to section -7.

7 (b) A contract between a controller and a processor shall
8 govern the processor's data processing procedures with respect
9 to processing performed on behalf of the controller. The
10 contract shall be binding and clearly set forth instructions for
11 processing data, the nature and purpose of processing, the type
12 of data subject to processing, the duration of processing, and
13 the rights and obligations of both parties. The contract shall
14 also include requirements that the processor shall:

16 subject to a duty of confidentiality with respect to
17 the data;

19 personal data to the controller as requested at the
20 end of the provision of services, unless retention of
21 the personal data is required by law;

2 available to the controller all information in its
3 possession necessary to demonstrate the processor's
4 compliance with the obligations in this chapter;
- 5 (4) Allow, and cooperate with, reasonable assessments by
6 the controller or the controller's designated
7 assessor; alternatively, the processor may arrange for
8 a qualified and independent assessor to conduct an
9 assessment of the processor's policies and technical
10 and organizational measures in support of the
11 obligations under this chapter using an appropriate
12 and accepted control standard or framework and
13 assessment procedure for the assessments. The
14 processor shall provide a report of the assessment to
15 the controller upon request; and
- 16 (5) Engage any subcontractor pursuant to a written
17 contract in accordance with subsection (c) that
18 requires the subcontractor to meet the obligations of
19 the processor with respect to the personal data.
- 20 (c) Nothing in this section shall be construed to relieve

2 processor's role in the processing relationship as defined by
3 this chapter.

4 (d) A determination regarding whether a person is acting

8 person who is not limited in the processing of personal data
9 pursuant to a controller's instructions, or who fails to adhere
10 to these instructions, shall be deemed to be a controller and
11 not a processor with respect to the specific processing of data.
12 A processor that continues to adhere to a controller's
13 instructions with respect to a specific processing of personal
14 data shall remain a processor. If a processor begins, alone or
15 jointly with others, determining the purposes and means of the
16 processing of personal data, the processor shall be deemed to be
17 a controller.

18 **§ -7 Data protection assessments.** (a) The data
19 protection assessment requirements of this section shall apply
20 to processing activities created or generated after January 1,
21 2025.

1 (b) A controller shall conduct and document a data
2 protection assessment of each of the following processing
3 activities involving personal data:

4 (1) The processing of personal data for purposes of
5 targeted advertising;

6 (2) The sale of personal data;

7 (3) The processing of personal data for purposes of
8 profiling, where the profiling presents a reasonably
9 foreseeable risk of:

10 (A) Unfair or deceptive treatment of, or unlawful
11 disparate impact on, consumers;

12 (B) Financial, physical, or reputational injury to
13 consumers;

14 (C) A physical intrusion or other intrusion upon the
15 solitude or seclusion, or the private affairs or
16 concerns, of consumers, where the intrusion would
17 be offensive to a reasonable person; or

18 (D) Other substantial injury to consumers;

19 (4) The processing of sensitive data; and

20 (5) Any processing activities involving personal data that
21 present a heightened risk of harm to consumers.

1 (c) Data protection assessments conducted pursuant to
2 subsection (b) shall identify and evaluate the benefits, direct
3 or indirect, that a controller, consumer, other stakeholders,
4 and the public may derive from processing against the potential
5 risks to the rights of consumers associated with the processing,
6 as mitigated by safeguards that can be employed by the
7 controller to reduce the risks. The use of de-identified data
8 and the reasonable expectations of consumers, as well as the
9 context of the processing and the relationship between the
10 controller and the consumer whose personal data is processed,
11 shall be factored into this assessment by the controller.

12 (d) The department may request, pursuant to a civil
13 investigative demand, that a controller disclose any data
14 protection assessment that is relevant to an investigation
15 conducted by the department, and the controller shall make the
16 data protection assessment available to the department. The
17 department may evaluate the data protection assessment for
18 compliance with the responsibilities set forth in section -5.
19 Data protection assessments shall be confidential and exempt
20 from public inspection and copying under chapter 92F. The
21 disclosure of a data protection assessment pursuant to a request

1 from the department shall not constitute a waiver of
2 attorney-client privilege or work product protection with
3 respect to the assessment and any information contained in the
4 assessment.

5 (e) A single data protection assessment may address a
6 comparable set of processing operations that include similar
7 activities.

8 (f) Data protection assessments conducted by a controller
9 for the purpose of compliance with other laws may comply under
10 this section if the assessments have a reasonably comparable
11 scope and effect.

12 **§ -8 Processing de-identified data; exemptions.** (a)

13 The controller in possession of de-identified data shall:

- 14 (1) Take reasonable measures to ensure that the data
15 cannot be associated with a natural person;
- 16 (2) Publicly commit to maintaining and using de-identified
17 data without attempting to re-identify the data; and
- 18 (3) Contractually obligate any recipients of the
19 de-identified data to comply with all provisions of
20 this chapter.

1 (b) Nothing in this chapter shall be construed to require
2 a controller or processor to:

3 (1) Re-identify de-identified data or pseudonymous data;
4 or

5 (2) Maintain data in identifiable form, or collect,
6 obtain, retain, or access any data or technology, in
7 order to be capable of associating an authenticated
8 consumer request with personal data.

9 (c) Nothing in this chapter shall be construed to require
10 a controller or processor to comply with an authenticated
11 consumer rights request pursuant to section -3 if all of the
12 following are true:

13 (1) The controller is not reasonably capable of
14 associating the request with the personal data or it
15 would be unreasonably burdensome for the controller to
16 associate the request with the personal data;

17 (2) The controller does not use the personal data to
18 recognize or respond to the specific consumer who is
19 the subject of the personal data, or associate the
20 personal data with other personal data about the same
21 specific consumer; and

1 (3) The controller does not sell the personal data to any
2 third party or otherwise voluntarily disclose the
3 personal data to any third party other than a
4 processor, except as otherwise permitted in this
5 section.

6 (d) The consumer rights specified in section -3(a)(1)
7 to (4) and section -5 shall not apply to pseudonymous data in
8 cases in which the controller is able to demonstrate that any
9 additional information necessary to identify the consumer is
10 kept separately and is subject to effective technical and
11 organizational controls that:

12 (1) Ensure that the personal data is not attributed to an
13 identified or identifiable natural person; and

14 (2) Prevent the controller from accessing the information.

15 (e) A controller that discloses pseudonymous data or
16 de-identified data shall exercise reasonable oversight to
17 monitor compliance with any contractual commitments to which the
18 pseudonymous data or de-identified data is subject and shall
19 take appropriate steps to address any breaches of those
20 contractual commitments.

- 1 **§ -9 Limitations.** (a) Nothing in this chapter shall be
2 construed to restrict a controller's or processor's ability to:
- 3 (1) Comply with federal, state, or local laws, rules, or
4 regulations;
- 5 (2) Comply with a civil, criminal, or regulatory inquiry,
6 investigation, subpoena, or summons by federal, state,
7 county, or other governmental authorities;
- 8 (3) Cooperate with law enforcement agencies concerning
9 conduct or activity that the controller or processor
10 reasonably and in good faith believes may violate
11 federal, state, or county laws, rules, or regulations;
- 12 (4) Investigate, establish, exercise, prepare for, or
13 defend legal claims;
- 14 (5) Provide a product or service specifically requested by
15 a consumer, perform a contract to which the consumer
16 is a party, including fulfilling the terms of a
17 written warranty, or take steps at the request of the
18 consumer before entering into a contract;
- 19 (6) Take immediate steps to protect an interest that is
20 essential for the life or physical safety of the
21 consumer or of another natural person, and where the

1 processing cannot be manifestly based on another legal
2 basis;

3 (7) Prevent, detect, protect against, or respond to
4 security incidents, identity theft, fraud, harassment,
5 malicious or deceptive activities, or any illegal
6 activity; preserve the integrity or security of
7 systems; or investigate, report, or prosecute those
8 responsible for any of those actions;

9 (8) Engage in public or peer-reviewed scientific or
10 statistical research in the public interest that
11 adheres to all other applicable ethics and privacy
12 laws and is approved, monitored, and governed by an
13 independent oversight entity that determines:

14 (A) If the deletion of the information is likely to
15 provide substantial benefits that do not
16 exclusively accrue to the controller;

17 (B) The expected benefits of the research outweigh
18 the privacy risks; and

19 (C) If the controller has implemented reasonable
20 safeguards to mitigate privacy risks associated

1 with research, including any risks associated
2 with reidentification;

3 (9) Assist another controller, processor, or third party
4 with any of the obligations under this subsection; or

5 (10) Process personal data for reasons of public interest
6 in the area of public health, community health, or
7 population health, but only to the extent that
8 processing is:

9 (A) Subject to suitable and specific measures to
10 safeguard the rights of the consumer whose
11 personal data is being processed; and

12 (B) Under the responsibility of a professional
13 subject to confidentiality obligations under
14 federal, state, or local law.

15 (b) The obligations imposed on controllers or processors
16 under this chapter shall not restrict a controller's or
17 processor's ability to collect, use, or retain data to:

18 (1) Conduct internal research to develop, improve, or
19 repair products, services, or technology;

20 (2) Effectuate a product recall;

1 (3) Identify and repair technical errors that impair
2 existing or intended functionality; or
3 (4) Perform internal operations that are reasonably
4 aligned with the expectations of the consumer,
5 reasonably anticipated based on the consumer's
6 existing relationship with the controller, or are
7 otherwise compatible with processing data in
8 furtherance of the provision of a product or service
9 specifically requested by a consumer or the
10 performance of a contract to which the consumer is a
11 party.

12 (c) The obligations imposed on controllers or processors
13 under this chapter shall not apply where compliance by the
14 controller or processor with this chapter would violate an
15 evidentiary privilege under state law. Nothing in this chapter
16 shall be construed to prevent a controller or processor from
17 providing personal data concerning a consumer to a person
18 covered by an evidentiary privilege under state law as part of a
19 privileged communication.

20 (d) A controller or processor that discloses personal data
21 to a third-party controller or processor in compliance with the

1 requirements of this chapter shall not be deemed to be in
2 violation of this chapter if the third-party controller or
3 processor that receives and processes the personal data is in
4 violation of this chapter; provided that, at the time of the
5 disclosure of the personal data, the disclosing controller or
6 processor did not have actual knowledge that the recipient
7 intended to commit a violation. A third-party controller or
8 processor that receives personal data from a controller or
9 processor in compliance with the requirements of this chapter
10 shall not be deemed to be in violation of this chapter if the
11 controller or processor from which the third-party controller or
12 processor receives the personal data is in violation of this
13 chapter.

- 14 (e) Nothing in this chapter shall be construed to:
- 15 (1) Impose an obligation on controllers and processors
16 that adversely affects the rights or freedoms of any
17 person, including the right of free expression
18 pursuant to the First Amendment to the Constitution of
19 the United States; or

1 (2) Apply to the processing of personal data by a person
2 in the course of a purely personal or household
3 activity.

4 (f) Personal data processed by a controller pursuant to
5 this section shall not be processed for any purpose other than
6 those expressly listed in this section unless otherwise allowed
7 by this chapter. Personal data processed by a controller
8 pursuant to this section may be processed to the extent that the
9 processing is:

10 (1) Reasonably necessary and proportionate to the purposes
11 listed in this section; and

12 (2) Adequate, relevant, and limited to what is necessary
13 in relation to the specific purposes listed in this
14 section. Personal data collected, used, or retained
15 pursuant to subsection (b) where applicable, shall
16 consider the nature and purpose or purposes of the
17 collection, use, or retention. The data shall be
18 subject to reasonable administrative, technical, and
19 physical measures to protect the confidentiality,
20 integrity, and accessibility of the personal data and
21 to reduce reasonably foreseeable risks of harm to

1 consumers relating to the collection, use, or
2 retention of personal data.

3 (g) If a controller processes personal data pursuant to an
4 exemption in this section, the controller bears the burden of
5 demonstrating that the processing qualifies for the exemption
6 and complies with subsection (f).

7 (h) An entity's processing of personal data for the
8 purposes expressly identified in subsection (a) shall not be the
9 sole basis for the department to consider the entity as a
10 controller with respect to the processing.

11 **§ -10 Investigative authority; civil investigative**
12 **demand.** (a) Whenever the department has reasonable cause to
13 believe that any person has engaged in, is engaging in, or is
14 about to engage in any violation of this chapter, the department
15 may either require or permit the person to file with the
16 department a statement in writing or otherwise, under oath, as
17 to all facts and circumstances concerning the subject matter.
18 The department may also require any other data and information
19 as the department may deem relevant to the subject matter of an
20 investigation of a possible violation of this chapter and may

1 make such special and independent investigations as the
2 department may deem necessary in connection with the matter.

3 (b) In connection with the investigation, the department
4 may issue a civil investigative demand to witnesses by which the
5 department may:

6 (1) Compel the attendance of the witnesses;

7 (2) Examine the witnesses under oath before the department
8 or a court of record;

9 (3) Subject to subsection (d), require the production of
10 any books or papers that the department deems relevant
11 or material to the inquiry; and

12 (4) Issue written interrogatories to be answered by the
13 witness served or, if the witness served is a
14 corporation, partnership, association, governmental
15 agency, or any person other than a natural person, by
16 any officer or agent, who shall furnish the
17 information as is available to the witness.

18 The investigative powers of this subsection shall not abate
19 or terminate by reason of any action or proceeding brought by
20 the department under this chapter.

1 (c) When documentary material is demanded by a civil
2 investigative demand, the demand shall not:

3 (1) Contain any requirement that would be unreasonable or
4 improper if contained in a subpoena duces tecum issued
5 by a court of the State; or

6 (2) Require the disclosure of any documentary material
7 that would be privileged, or production of which for
8 any other reason would not be required by a subpoena
9 duces tecum issued by a court of the State.

10 (d) Where the information requested pursuant to a civil
11 investigative demand may be derived or ascertained from the
12 business records of the party upon whom the interrogatory has
13 been served or from an examination, audit, or inspection of the
14 business records, or from a compilation, abstract, or summary
15 based therein, and the burden of deriving or ascertaining the
16 answer is substantially the same for the department as for the
17 party from whom the information is requested, it shall be
18 sufficient for that party to specify the records from which the
19 answer may be derived or ascertained and to afford the
20 department, or other individuals properly designated by the
21 department, reasonable opportunity to examine, audit, or inspect

1 the records and to make copies, compilations, abstracts, or
2 summaries. Further, the department may elect to require the
3 production pursuant to this section of documentary material
4 before or after the taking of any testimony of the person
5 summoned pursuant to a civil investigative demand, in which
6 event, the documentary matter shall be made available for
7 inspection and copying during normal business hours at the
8 principal place of business of the person served, or at any
9 other time and place, as may be agreed upon by the person served
10 and the department.

11 (e) Any civil investigative demand issued by the
12 department shall contain the following information:

13 (1) The statute alleged to have been violated and the
14 subject matter of the investigation;

15 (2) The date, place, time, and locations at which the
16 person is required to appear to produce documentary
17 material in the person's possession, custody, or
18 control; provided that the date shall not be less than
19 twenty days after the date of the civil investigative
20 demand; and

S.B. NO. 974

1 (3) If documentary material is required to be produced, it
2 shall be described by class so as to clearly indicate
3 the material demanded.

4 (f) Service of civil investigative demand of the
5 department may be made by:

6 (1) Delivery of a duly executed copy to the person served,
7 or if a person is not a natural person, to the
8 principal place of business of the person to be
9 served; or

10 (2) Mailing by certified mail, return receipt requested,
11 of a duly executed copy addressed to the person to be
12 served at the person's principal place of business in
13 the State, or if the person has no place of business
14 in the State, to the person's office.

15 (g) Within twenty days after the service of a demand upon
16 any person or enterprise, or at any time before the return date
17 specified in the demand, whichever period is shorter, the party
18 may file in the circuit court and serve upon the attorney
19 general a petition for an order modifying or setting aside the
20 demand. The time allowed for compliance with the demand in
21 whole or in part as deemed proper and ordered by the court shall

1 not run during the pendency of the petition in the court. The
2 petition shall specify each ground upon which the petitioner
3 relies in seeking relief and may be based upon any failure of
4 the demand to comply with the provisions of this chapter or upon
5 any constitutional or other legal right or privilege of the
6 party. This subsection shall be the exclusive means for a
7 witness summoned pursuant to a civil investigative demand
8 pursuant to this section to challenge the civil investigative
9 demand.

10 (h) The examination of all witnesses under this section
11 shall be conducted by the attorney general, or the attorney
12 general's designee, before a person authorized to administer
13 oaths in the State. The testimony shall be taken
14 stenographically or by a sound recording device and shall be
15 transcribed.

16 (i) Any person required to testify or to submit
17 documentary evidence shall be entitled, on payment of lawfully
18 prescribed cost, to procure a copy of any document produced by
19 the person and of the person's own testimony as stenographically
20 reported or, in the case of depositions, as reduced to writing
21 by or under the direction of a person taking the deposition.

1 Any party compelled to testify or to produce documentary
2 evidence may be accompanied and advised by counsel, but counsel
3 may not, as a matter of right, otherwise participate in the
4 investigation.

5 (j) Any persons served with a civil investigative demand
6 by the department under this chapter, other than any person
7 whose conduct or practices are being investigated or any
8 officer, director, or person in the employ of the person under
9 investigation, shall be paid the same fees and mileage as paid
10 witnesses in the courts of the State. No person shall be
11 excused from attending an inquiry pursuant to the mandate of a
12 civil investigative demand, or from producing a paper, or from
13 being examined or required to answer questions on the ground of
14 failure to tender or pay a witness fee or mileage unless demand
15 is made at the time testimony is about to be taken and as a
16 condition precedent to offering the production or testimony and
17 unless payment is not made upon the demand.

18 (k) Any natural person who shall neglect or refuse to
19 attend and testify, or to answer any lawful inquiry or to
20 produce documentary evidence, if in the person's power to do so,
21 in obedience of a civil investigative demand or lawful request

1 of the department or those properly authorized by the
2 department, pursuant to this section, shall be guilty of a
3 misdemeanor.

4 (l) Any natural person who commits perjury or false
5 swearing or contempt in answering, failing to answer, producing
6 evidence, or failing to produce evidence in accordance with a
7 civil investigative demand or lawful request by the department,
8 pursuant to this section, shall be guilty of a misdemeanor.

9 (m) In any investigation brought by the department
10 pursuant to this chapter, no person shall be excused from
11 attending, testifying, or producing documentary material,
12 objects, or intangible things in obedience to a civil
13 investigative demand or under order of the court on the ground
14 that the testimony or evidence required of the person may tend
15 to incriminate the person or subject the person to any penalty;
16 provided that no testimony or other information compelled either
17 by the department or under order of the court, or any
18 information directly or indirectly derived from the testimony or
19 other information, may be used against the individual or witness
20 in any criminal case. A person may be prosecuted or subjected
21 to penalty or forfeiture for any perjury, false swearing, or

1 contempt committed in answering, or failing to answer, or in
2 producing evidence or failing to do so in accordance with the
3 order of the department or the court. If a person refuses to
4 testify or produce evidence after being granted immunity from
5 prosecution and after being ordered to testify or produce
6 evidence, the person may be adjudged in contempt by a court of
7 pursuant to section 710-1077. This subsection shall not be
8 construed to prevent the department from instituting other
9 appropriate contempt proceedings against any person who violates
10 this section.

11 (n) Any state or county public official, deputy,
12 assistant, clerk, subordinate, or employees, and all other
13 persons shall render and furnish to the department, when so
14 requested, all information and assistance in the person's
15 possession or within the person's power. Any officer
16 participating in the inquiry and any person examined as a
17 witness upon the inquiry who shall disclose to any person other
18 than the department the name of any witness examined or any
19 other information obtained upon the inquiry, except as so
20 directed by the department, shall be guilty of a misdemeanor.

1 (o) The department shall maintain the secrecy of all
2 evidence, testimony, documents, or other results of
3 investigations; provided that:

4 (1) The department may disclose any investigative evidence
5 to any federal or state law enforcement authority that
6 has restrictions governing confidentiality similar to
7 those contained in this subsection;

8 (2) The department may present and disclose any
9 investigative evidence in any action or proceeding
10 brought by the department under this chapter; and

11 (3) Any upon written authorization of the attorney
12 general, an inquiry under this section may be made
13 public.

14 Violation of this subsection shall be a misdemeanor.

15 **§ -11 Enforcement; civil penalty; expenses.** (a) The
16 department shall have exclusive authority to enforce this
17 chapter.

18 (b) Before initiating any action under this chapter, the
19 department shall provide a controller or processor a thirty-day
20 written notice that identifies the specific provisions of this
21 chapter that the controller or processor has allegedly violated.

1 If, within the thirty-day period, the controller or processor
2 cures the alleged violation and provides the department with an
3 express written statement that the alleged violation has been
4 cured and that no further violations shall occur, no action
5 shall be initiated against the controller or processor.

6 (c) If a controller or processor continues to violate this
7 chapter following the cure period in subsection (b) or breaches
8 the express written statement provided to the department
9 pursuant to subsection (b), the department may:

- 10 (1) Initiate an action in the name of the State;
- 11 (2) Seek an injunction to restrain any violations of this
12 chapter; and
- 13 (3) Seek to impose civil penalties of up to \$7,500 for
14 each violation under this chapter.

15 (d) For any action initiated under this chapter, the
16 department may recover reasonable expenses, including attorney
17 fees, that the department incurred in the investigation and
18 preparation of the case.

19 (e) Nothing in this chapter shall be construed as
20 providing the basis for, or be subject to, a private right of
21 action for violations of this chapter or under any other law.

6 matured, penalties that were incurred, and proceedings that were
7 begun before its effective date.
