Re: H.B. No. 302 RELATING TO WORKFORCE DEVELOPMENT

DLIR supports the intent of the measure provided that it does not conflict with the priorities as identified in the Governor's Biennium Budget request.

HB302 proposes to establish and codify a YouthBuild program in the DLIR and require the DLIR to establish program requirements that are similar to the ones administered by the U.S. Department of Labor.

DLIR notes that the intent of the measure involves expanding a federal program at the State level. If the intent is to match the federal grant requirements under the discretionary Workforce and Innovation Opportunity Act (WIOA) grants, then the administrative burden would be lower than if they differed. Currently, the federal grants allocate 10% for administration. Any deviation from federal grant requirements would necessitate even greater resources for administration.

Currently, the Department is aware of two entities receiving these discretionary WIOA grants in the State, both on Oahu. The discretionary WIOA YouthBuild grants require a 25% match, which can include non-cash, in kind contributions.

The DLIR believes that with that there are a number of variables, including the number of entities applying and awarded, the award amount(s), and application time frame, that would cause difficulty in estimating the appropriation required to fund the State's matching and administrative costs for this measure.
