THE SENATE THIRTY-SECOND LEGISLATURE, 2024 STATE OF HAWAII

## A BILL FOR AN ACT

ACT 158

S.D. 2 H.D. 2

CD. 1

S.B. NO.

RELATING TO MISSING PERSONS.

### BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

SECTION 1. The legislature finds that the State must
 protect vulnerable kupuna and persons with cognitive impairments
 or developmental disabilities who are missing. More than half
 of states nationwide have established silver alert programs
 modeled after the AMBER Alert program.

Broadcasters use systems like the emergency alert system,
formerly known as the emergency broadcast system, or wireless
emergency alert, to communicate emergency alerts and warning
messages to the public.

10 There are many emergency situations where the use of these 11 broadcast systems could save lives by helping to identify 12 missing elderly individuals or persons with cognitive 13 impairments or developmental disabilities. However, there is no 14 statutory process that requires its use.

15 The purpose of this Act is to establish a silver alert 16 program within the department of law enforcement to alert the 17 public of missing persons for whom there is a credible threat to 18 their health and safety. To the greatest extent possible, the 2024-2648 SB2305 CD1 SMA-2.docx

1	alert shall provide protection of the privacy, dignity, and
2	independence of the missing person by including standards aimed
3	at preventing the inadvertent or unnecessary broadcasting or
4	dissemination of sensitive health and diagnostic information.
5	SECTION 2. Chapter 353C, Hawaii Revised Statutes, is
6	amended to read as follows:
7	"§353C- Silver alert program; missing vulnerable
8	<b>persons.</b> (a) The department shall develop and implement a
9	silver alert program to rapidly disseminate information about a
10	person subject to the silver alert.
11	(b) If a person is reported missing to a law enforcement
12	agency and that agency determines that the conditions of
13	subsection (g) are met, the agency may request the department to
14	activate a silver alert. If the department concurs that the
15	conditions of subsection (g) are met, the department shall
16	activate a silver alert within the geographical area requested
17	by the investigating law enforcement agency.
18	(c) Radio, television, cable, and satellite systems are
19	encouraged to, but not required to, cooperate with disseminating
20	the information contained in a silver alert.
