Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

HB1800

RELATING TO THE STATE BUDGET

Mahalo,

Josh Green, M.D.
Governor, State of Hawai'i

EXECUTIVE CHAMBERS

HONOLULU

July 8, 2024

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1800

Honorable Members
Thirty-Second Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1800, entitled "A Bill for an Act Relating to the State Budget."

The purpose of this bill, the Supplemental Appropriations Act of 2024, is to adjust and request appropriations for the fiscal biennium 2023-2025 to fund the operations and capital improvement projects of Executive Branch agencies and programs by amending the General Appropriations Act of 2023, Act 164, Session Laws of Hawaii 2023.

While the bill as a whole has merit, the use of general fund moneys must be reprioritized due to: (a) the change in the Council on Revenues' general fund tax revenue projection in May 2024 that necessitates that the State's financial plan be rebalanced through line-item vetoes and reductions to the budget; and (b) the need to maintain healthy financial reserves so that the State can meet its reserve policy requirements. Because of this, the following general fund appropriations were subject to: (a) an assessment of items that require additional planning, public input, and clarity on the use of moneys; (b) an evaluation of each expending agency's ability and capacity to spend down the moneys efficiently within the authorized appropriation period; and (c) an appraisal to determine if other funds or financing mechanisms could support the programs or projects.

Section 16 of Article III of the Hawaii Constitution provides that, "[e]xcept for items appropriated to be expended by the judicial and legislative branches, the governor may veto any specific item or items in any bill which appropriates money for

STATEMENT OF OBJECTIONS
HOUSE BILL NO. 1800
Page 2

specific purposes by striking out or reducing the same." Consequently, I object to the expenditure of some of the appropriations in this bill, for the reasons indicated.

A. For those general fund program appropriations in section 3 of Act 164, Session Laws of Hawaii (SLH) 2023, as set forth in section 4 of this bill, I object to their expenditure due to (a) the change in the Council on Revenues' general fund tax revenue projection in May 2024 that necessitates that the State's financial plan be rebalanced through line-item vetoes and reductions to the budget; and (b) the need to maintain healthy financial reserves so that the State can meet its reserve policy requirements. The specific generally funded program appropriation items I have objected to are listed below in the order in which they appear in the bill.

B. For those general fund appropriations for capital improvement projects in section 7 of Act 164, SLH 2023, as set forth in section 7 of this bill, I object to their expenditure due to (a) the change in the Council on Revenues' general fund tax revenue projection in May 2024 that necessitates that the State's financial plan be rebalanced through line-item vetoes and reductions to the budget; and (b) the need to maintain healthy financial reserves so that the State can meet its reserve policy requirements. The specific generally funded capital improvement project appropriation items I have objected to are listed below in the order in which they appear in the bill.

C. For those general obligation bond appropriations for capital improvement projects, in section 7 of Act 164, SLH 2023, as set forth in section 7 of this bill, I object to their expenditure because, although these projects are desirable, they are not essential at this time. The specific general obligation bond funded capital improvement project appropriation items I have objected to are listed below in the order in which they appear in the bill.

Specific Items Vetoed

Because of the foregoing objections, I have taken the following actions on specific appropriation items in sections 3 and 7 of Act 164, SLH 2023, as set forth in
