## A BILL FOR AN ACT

RELATING TO THE HAWAII TECHNOLOGY DEVELOPMENT CORPORATION.

#### BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

#### 1

### PART I

SECTION 1. The legislature finds that, in light of the
State's ongoing economic recovery from the outbreak of the
coronavirus disease 2019 (COVID-19), the State must accelerate
its economic diversification efforts through substantial,
strategic, coordinated investments.

This Act establishes a policy framework for Hawaii 7 8 technology development corporation projects that will ensure 9 economic success. The legislature finds that the implementation 10 of this framework will not require a significant additional 11 investment in overhead resources but will require funds for 12 specific projects that are identified collaboratively by the legislature and the Hawaii technology development corporation. 13 14 The implementation will also require the establishment of 15 specific goals that these projects shall address and reports to 16 the legislature that assess the effectiveness of the projects in 17 meeting those goals.
