A BILL FOR AN ACT

RELATING TO HOUSING.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the State is facing
2 a housing crisis. A 2019 study commissioned by the department
3 of business, economic development, and tourism found that the
4 State will require an additional 50,156 homes by the year 2025,
5 with the city and county of Honolulu requiring 22,168 new units,
6 Hawaii county requiring 13,303 new units, Maui county requiring
7 10,404 new units, and Kauai county requiring 4,281 new units.

8 The legislature further finds that a more targeted approach
9 is needed to engage the private sector to increase the inventory
10 of housing in the State. During the Regular Session of 2022,
11 the legislature passed a series of measures that allocated
12 nearly \$1,000,000,000 in the aggregate to assist homeless, very
13 low-income, moderate-income, and working families with rent
14 relief and housing. Developers may apply for a portion of these
15 funds to develop new rental and for-sale affordable housing
16 throughout the State; however, the legislature recognizes that

1 two of the largest obstacles for developers to construct more
2 housing in the State are:

3 (1) A lack of areas with the proper zoning for residential
4 dwellings to be constructed; and

5 (2) A lack of infrastructure to support newly developed
6 residential dwellings.

7 The legislature notes that infrastructure exists in urban areas
8 that are zoned for industry, trade, and business use, therefore
9 developing housing in these areas will be faster and may create
10 more housing opportunities since less funding is required to
11 construct infrastructure. The legislature further notes that
12 the existing businesses in these urban areas may benefit from
13 increased residential density, which could provide more foot
14 traffic and customers for those businesses.

15 Accordingly, the purpose of this Act is to allow the
16 construction of multi-family dwelling units on any lot within
17 certain designated county zoning districts, subject to
18 reasonable standards that each county may adopt.

19 SECTION 2. Section 46-4, Hawaii Revised Statutes, is
20 amended to read as follows:

1 "§46-4 County zoning. (a) This section and any
2 ordinance, rule, or regulation adopted in accordance with this
3 section shall apply to lands not contained within the forest
4 reserve boundaries as established on January 31, 1957, or as
5 subsequently amended.

6 Zoning in all counties shall be accomplished within the
7 framework of a long-range, comprehensive general plan prepared
8 or being prepared to guide the overall future development of the
9 county. Zoning shall be one of the tools available to the
10 county to put the general plan into effect in an orderly manner.
11 Zoning in the counties of Hawaii, Maui, and Kauai means the
12 establishment of districts of such number, shape, and area, and
13 the adoption of regulations for each district to carry out the
14 purposes of this section. In establishing or regulating the
15 districts, full consideration shall be given to all available
16 data as to soil classification and physical use capabilities of
17 the land to allow and encourage the most beneficial use of the
18 land consonant with good zoning practices. The zoning power
19 granted herein shall be exercised by ordinance, which may relate
20 to:

S.B. NO. 2011

2 industry, trade, and business may be conducted;

8 buildings may be prohibited or restricted;

10 special restrictions;

6 This section shall not be construed to limit or repeal any
7 powers of any county to achieve these ends through zoning and

11 this section shall prohibit the continued lawful use of any
12 building or premises for any trade, industrial, residential,

16 elimination of nonconforming uses as the uses are discontinued,
17 or for the amortization or phasing out of nonconforming uses or
18 signs over a reasonable period of time in commercial,
19 industrial, resort, and apartment zoned areas only. In no event
20 shall ~~such~~ the amortization or phasing out of nonconforming
