# A BILL FOR AN ACT

RELATING TO ELECTIONS.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that although artificial  
2 intelligence (AI) technology can greatly benefit certain aspects  
3 of society, it can also have dangerous consequences if applied  
4 maliciously. For example, the use of deepfakes or generative AI  
5 in elections can be a powerful tool used to spread  
6 disinformation and misinformation, which can increase political  
7 tensions and result in electoral-related conflict and violence.  
8 Several states, including Michigan, Minnesota, and Washington,  
9 have enacted legislation governing the use of AI in elections.  
10 The legislature believes that regulating the use of deepfake and  
11 generative AI technologies to influence elections is necessary  
12 to protect the democratic process in the State.

13           Accordingly, the purpose of this Act is to:

14           (1) Prohibit a person from recklessly distributing, or  
15           entering into an agreement with another person to  
16           distribute, materially deceptive media with  
17           exceptions;

1 (2) Establish criminal penalties for distributing  
2 materially deceptive media; and

3 (3) Establish remedies for parties injured by the  
4 distribution of materially deceptive media.

5 SECTION 2. Chapter 11, Hawaii Revised Statutes, is amended  
6 by adding two new sections to part XIII to be appropriately  
7 designated and to read as follows:

8 **"§11-A Distribution of materially deceptive media;**  
9 **prohibited; penalties.** (a) Except as provided in subsections  
10 (b) and (c), no person shall recklessly distribute, or enter  
11 into an agreement with another person to distribute, between the  
12 first working day of February in every even-numbered year  
13 through the next general election, materially deceptive media in  
14 reckless disregard of the risk of harming the reputation or  
15 electoral prospects of a candidate in an election or changing  
16 the voting behavior of voters in an election.

17 (b) Subsection (a) shall not apply to:

18 (1) A broadcaster, cable operator, or direct-to-home  
19 satellite provider unless it was involved in the  
20 creation of the materially deceptive media; or

2       provider, or streaming service for content provided by  
3       another person or a developer or provider of any  
4       technology used in the creation of materially  
5       deceptive media, unless the interactive computer  
6       service, cloud service provider, or streaming service  
7       has knowledge that the content is deceptive and  
8       intends to deceive a resident of the State.

9       (c) Subsection (a) shall not apply if the media includes a  
10      disclaimer informing the viewer that the media has been  
11      manipulated by technical means and depicts appearance, speech,

21       (2) If the media is an image, the disclaimer shall:

- 1            (A) Be clearly visible to and readable by the
- 2            observer;
- 3            (B) Be in letters at least as large as the largest
- 4            text in the image if the media contains other
- 5            text; and
- 6            (C) Be in the same language as the language used in
- 7            the image media;
- 8            (3) If the media consists of only audio and contains no
- 9            video or image, the disclaimer shall be read:
- 10           (A) At the beginning and end of the media in a
- 11           clearly spoken manner;

- 13           listener; and

- 15           (4) If the media was generated by editing or creating new
- 16           media from an existing video, image, or audio, the
- 17           media shall include a citation directing the viewer or
- 18           listener to the original sources from which the
- 19           unedited version of the existing videos, images, or

2 who violates this section shall be guilty of a petty
