JAN 19 2024

A BILL FOR AN ACT

RELATING TO CAMPS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

- 1 SECTION 1. The legislature finds that in March 2023, the
- 2 Hawaii Supreme Court ruled that the specific exclusion of
- 3 overnight camps from the list of permitted uses in agricultural
- 4 districts means that special permits cannot be issued for
- 5 overnight camps in agricultural districts. This ruling reverses
- 6 a prior Hawaii Supreme Court opinion that allowed for uses, such
- 7 as overnight camps, to be approved via special permits if they
- 8 were deemed to be an "unusual and reasonable" use in the
- 9 agricultural district.
- 10 The legislature further finds that on Maui, there are four
- 11 campgrounds in agricultural districts each established before
- 12 the adoption of the state land use law and considered
- 13 grandfathered uses. Two campgrounds have special permits
- 14 expiring in the next year and a half. Based on the Hawaii
- 15 Supreme Court's ruling, these two campgrounds would need to
- 16 obtain a district boundary amendment to change the land use
- 17 classification from agricultural to urban. Changing the land

- 1 use classification to urban would be a type of spot zoning since
- 2 the campgrounds are in rural, country type settings with no
- 3 urban uses in the nearby vicinity.
- 4 The legislature additionally finds that camps on other
- 5 islands, including two on Oahu, are also potentially impacted by
- 6 the Hawaii Supreme Court's ruling. Accordingly, the purpose of
- 7 this Act is to repeal the prohibition on overnight camps in
- 8 agricultural districts in order to allow overnight camps to be
- 9 regulated via the special permit process.
- 10 SECTION 2. Section 205-4.5, Hawaii Revised Statutes, is
- 11 amended by amending subsection (a) to read as follows:
- "(a) Within the agricultural district, all lands with soil
- 13 classified by the land study bureau's detailed land
- 14 classification as overall (master) productivity rating class A
- 15 or B and for solar energy facilities, class B or C, shall be
- 16 restricted to the following permitted uses:
- 17 (1) Cultivation of crops, including crops for bioenergy,
- 18 flowers, vegetables, foliage, fruits, forage, and
- 19 timber;
- **20** (2) Game and fish propagation;

1	(3)	Raising of livestock, including poultry, bees, fish,
2		or other animal or aquatic life that are propagated
3		for economic or personal use;
4	(4)	Farm dwellings, employee housing, farm buildings, or
5		activities or uses related to farming and animal
6		husbandry. ["Farm] For the purposes of this
7		paragraph, "farm dwelling"[, as used in this
8		paragraph, means a single-family dwelling located on
9		and accessory to a farm, including clusters of single-
10		family farm dwellings permitted within agricultural
11		parks developed by the State, or where agricultural
12		activity provides income to the family occupying the
13		dwelling;
14	(5)	Public institutions and buildings that are necessary
15		for agricultural practices;
16	(6)	Public and private open area types of recreational
17		uses, including day camps, picnic grounds, parks, and
18		riding stables, but not including dragstrips,

airports, drive-in theaters, golf courses, golf

driving ranges, and country clubs[, and overnight

2024-0539 SB HMSO-1

camps];

19

20

21

1	(7)	Public, private, and quasi-public utility lines and
2		roadways, transformer stations, communications
3		equipment buildings, solid waste transfer stations,
4		major water storage tanks, and appurtenant small
5		buildings such as booster pumping stations, but not
6		including offices or yards for equipment, material,
7		vehicle storage, repair or maintenance, treatment
8		plants, corporation yards, or other similar
9		structures;
10	(8)	Retention, restoration, rehabilitation, or improvement
11		of buildings or sites of historic or scenic interest;
12	(9)	Agricultural-based commercial operations as described
13		in section 205-2(d)(15);
14	(10)	Buildings and uses, including mills, storage, and
15		processing facilities, maintenance facilities,
16		photovoltaic, biogas, and other small-scale renewable
17		energy systems producing energy solely for use in the
18		agricultural activities of the fee or leasehold owner
19		of the property, and vehicle and equipment storage

areas that are normally considered directly accessory

20

1		to the above-mentioned uses and are permitted under			
2		section 205-2(d);			
3	(11)	Agricultural parks;			
4	(12)	Plantation community subdivisions, which as used in			
5		this chapter means an established subdivision or			
6		cluster of employee housing, community buildings, and			
7		agricultural support buildings on land currently or			
8		formerly owned, leased, or operated by a sugar or			
9		pineapple plantation; provided that the existing			
10		structures may be used or rehabilitated for use, and			
11		new employee housing and agricultural support			
12		buildings may be allowed on land within the			
13		subdivision as follows:			
14		(A) The employee housing is occupied by employees or			
15		former employees of the plantation who have a			
16		property interest in the land;			
17		(B) The employee housing units not owned by their			
18		occupants shall be rented or leased at affordable			
19		rates for agricultural workers; or			

1		(C) The agricultural support buildings shall be			
2		rented or leased to agricultural business			
3		operators or agricultural support services;			
4	(13)	Agricultural tourism conducted on a working farm, or a			
5		farming operation as defined in section 165-2, for the			
6		enjoyment, education, or involvement of visitors;			
7		provided that the agricultural tourism activity is			
8		accessory and secondary to the principal agricultural			
9		use and does not interfere with surrounding farm			
10		operations; [and] provided further that this paragraph			
11		shall apply only to a county that has adopted			
12		ordinances regulating agricultural tourism under			
13		section 205-5;			
14	(14)	Agricultural tourism activities, including overnight			
15		accommodations of twenty-one days or less, for any one			
16		stay within a county; provided that this paragraph			
17		shall apply only to a county that includes at least			
18		three islands and has adopted ordinances regulating			
19		agricultural tourism activities pursuant to section			
20		205-5; provided further that the agricultural tourism			
21		activities coexist with a bona fide agricultural			

1		activity. For the purposes of this paragraph, "bona
2		fide agricultural activity" means a farming operation
3		as defined in section 165-2;
4	(15)	Wind energy facilities, including the appurtenances
5		associated with the production and transmission of
6		wind generated energy; provided that the wind energy
7		facilities and appurtenances are compatible with
8		agriculture uses and cause minimal adverse impact on
9		agricultural land;
10	(16)	Biofuel processing facilities, including the
11		appurtenances associated with the production and
12		refining of biofuels that is normally considered
13		directly accessory and secondary to the growing of the
14		energy feedstock; provided that biofuel processing
15		facilities and appurtenances do not adversely impact
16		agricultural land and other agricultural uses in the
17		vicinity.
18		For the purposes of this paragraph:
19		"Appurtenances" means operational infrastructure
20		of the appropriate type and scale for economic
21		commercial storage and distribution, and other similar

3

4

5

6

7

9

handling of feedstock, fuels, and other products ofbiofuel processing facilities.

"Biofuel processing facility" means a facility
that produces liquid or gaseous fuels from organic
sources such as biomass crops, agricultural residues,
and oil crops, including palm, canola, soybean, and
waste cooking oils; grease; food wastes; and animal
residues and wastes that can be used to generate
energy;

10 Agricultural-energy facilities, including (17)11 appurtenances necessary for an agricultural-energy 12 enterprise; provided that the primary activity of the 13 agricultural-energy enterprise is agricultural 14 activity. To be considered the primary activity of an 15 agricultural-energy enterprise, the total acreage 16 devoted to agricultural activity shall be [not] no 17 less than ninety per cent of the total acreage of the 18 agricultural-energy enterprise. The agricultural-19 energy facility shall be limited to lands owned, 20 leased, licensed, or operated by the entity conducting 21 the agricultural activity.

1		As used in this paragraph:
2		"Agricultural activity" means any activity
3		described in paragraphs (1) to (3) of this subsection.
4		"Agricultural-energy enterprise" means an
5		enterprise that integrally incorporates an
6		agricultural activity with an agricultural-energy
7		facility.
8		"Agricultural-energy facility" means a facility
9		that generates, stores, or distributes renewable
10		energy as defined in section 269-91 or renewable fuel
11		including electrical or thermal energy or liquid or
12		gaseous fuels from products of agricultural activities
13		from agricultural lands located in the State.
14		"Appurtenances" means operational infrastructure
15		of the appropriate type and scale for the economic
16		commercial generation, storage, distribution, and
17		other similar handling of energy, including equipment,
18		feedstock, fuels, and other products of agricultural-
19		energy facilities;
20	(18)	Construction and operation of wireless communication
21		antennas, including small wireless facilities;

1		provided that, for the purposes of this paragraph,
2		"wireless communication antenna" means communications
3		equipment that is either freestanding or placed upon
4		or attached to an already existing structure and that
5		transmits and receives electromagnetic radio signals
6		used in the provision of all types of wireless
7		communications services; provided further that "small
8		wireless facilities" shall have the same meaning as in
9		section 206N-2; provided further that nothing in this
10		paragraph shall be construed to permit the
11		construction of any new structure that is not deemed a
12		permitted use under this subsection;
13	(19)	Agricultural education programs conducted on a farming
14		operation as defined in section 165-2, for the
15		education and participation of the general public;
16		provided that the agricultural education programs are
17		accessory and secondary to the principal agricultural
18		use of the parcels or lots on which the agricultural
19		education programs are to occur and do not interfere
20		with surrounding farm operations. For the purposes of
21		this paragraph, "agricultural education programs"

1		means activities or events designed to promote			
2		knowledge and understanding of agricultural activities			
3		and practices conducted on a farming operation as			
4		defined in section 165-2;			
5	(20)	Solar energy facilities that do not occupy more than			
6		ten per cent of the acreage of the parcel, or twenty			
7		acres of land, whichever is lesser or for which a			
8		special use permit is granted pursuant to section 205-			
9		6; provided that this use shall not be permitted on			
10		lands with soil classified by the land study bureau's			
11		detailed land classification as overall (master)			
12		productivity rating class A;			
13	(21)	Solar energy facilities on lands with soil classified			
14		by the land study bureau's detailed land			
15		classification as overall (master) productivity rating			
16		B or C for which a special use permit is granted			
17		pursuant to section 205-6; provided that:			
18		(A) The area occupied by the solar energy facilities			
19		is also made available for compatible			
20		agricultural activities at a lease rate that is			

1	at least fifty per cent below the fair market
2	rent for comparable properties;
3	(B) Proof of financial security to decommission the
4	facility is provided to the satisfaction of the
5	appropriate county planning commission [prior to]
6	before date of commencement of commercial
7	generation; and
8	(C) Solar energy facilities shall be decommissioned
9	at the owner's expense according to the following
10	requirements:
11	(i) Removal of all equipment related to the
12	solar energy facility within twelve months
13	of the conclusion of operation or useful
14	life; and
15	(ii) Restoration of the disturbed earth to
16	substantially the same physical condition as
17	existed [prior to] before the development of
18	the solar energy facility.
19	For the purposes of this paragraph, "agricultural
20	activities" means the activities described in
21	paragraphs (1) to (3);

1	(22)	Geotherma.	resources exploration and geothermal
2		resources	development, as defined under section 182-1;
3	(23)	Hydroelec	tric facilities, including the appurtenances
4		associate	d with the production and transmission of
5		hydroelec	tric energy, subject to section 205-2;
6		provided ·	that the hydroelectric facilities and their
7		appurtena	nces:
8		(A) Shal	l consist of a small hydropower facility as
9		defi	ned by the United States Department of
10		Ener	gy, including:
11		(i)	Impoundment facilities using a dam to store
12			water in a reservoir;
13		(ii)	A diversion or run-of-river facility that
14			channels a portion of a river through a
15			canal or channel; and
16		(iii)	Pumped storage facilities that store energy
17			by pumping water uphill to a reservoir at
18			higher elevation from a reservoir at a lower
19			elevation to be released to turn a turbine
20			to generate electricity;
21		(B) Comp	ly with the state water code, chapter 174C;

1		(C)	Shall, Il over live nundred kilowatts in
2			hydroelectric generating capacity, have the
3			approval of the commission on water resource
4			management, including a new instream flow
5			standard established for any new hydroelectric
6			facility; and
7		(D)	Do not impact or impede the use of agricultural
8			land or the availability of surface or ground
9			water for all uses on all parcels that are served
10			by the ground water sources or streams for which
11			hydroelectric facilities are considered; or
12	(24)	Notw	ithstanding any other law to the contrary,
13		comp	osting and co-composting operations; provided that
14		oper	ations that process their own green waste and do
15		not	require permits from the department of health
16		shal	l use the finished composting product only on the
17		oper	ation's own premises to minimize the potential
18		spre	ad of invasive species."
19	SECT	ION 3	. Statutory material to be repealed is bracketed
20	and stric	ken.	New statutory material is underscored.
21	SECT	ION 4	. This Act shall take effect upon its approval.

1

INTRODUCED BY: THE INTERPRETATION OF THE PROPERTY OF THE PROPE

Report Title:

Overnight Camps; Agricultural Districts

Description:

Repeals the prohibition on overnight camps in agricultural districts.
