
A BILL FOR AN ACT

RELATING TO AMERICAN SIGN LANGUAGE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that American Sign
2 Language (ASL) interpreters provide a critical service to deaf,
3 hard of hearing, deaf-blind, and hearing individuals, and to
4 public agencies in the State, that wish to effectively
5 communicate with each other in a variety of settings and
6 circumstances. Despite the increase in requests for ASL
7 interpreting services, there has been increased difficulty in
8 the recruitment of individuals who are qualified to serve as ASL
9 interpreters.

10 The legislature further finds that there remains a critical
11 need to develop an ASL interpreter workforce and that acquiring
12 additional information on the current condition of ASL
13 interpreting in Hawaii would help provide a firm foundation to
14 ensure greater access for individuals to receive ASL
15 interpretation services in the State during emergencies and
16 daily life activities and address other current and future
17 issues relating to this critical service.

1 Accordingly, the purpose of this Act is to require the
2 disability and communication access board to convene a working
3 group to study the state of American Sign Language
4 interpretation services in Hawaii.

5 SECTION 2. (a) The disability and communication access
6 board shall convene a working group to:

- 7 (1) Study the state of American Sign Language
8 interpretation services in Hawaii; and
9 (2) Investigate and study any means, methods, processes,
10 or systems that might improve the provision of
11 American Sign Language interpretation services in the
12 State.

13 (b) The working group shall consist of the following
14 members:

- 15 (1) A representative from the disability and communication
16 access board, who shall serve as chairperson of the
17 working group;
18 (2) A representative from the department of human services
19 division of vocational rehabilitation;
20 (3) A representative from the department of education;

1 (4) A professor from the university of Hawaii who teaches
2 American Sign Language;

3 (5) A member of the deaf and blind task force;

4 (6) An individual who currently serves as an American Sign
5 Language interpreter, who shall be invited by the
6 chairperson of the working group; and

7 (7) Any additional members deemed necessary by the
8 chairperson of the working group.

9 (c) The working group, with the assistance of the
10 department of health, shall submit a report of its findings and
11 recommendations, including any proposed legislation, to the
12 legislature no later than December 31, 2024.

13 (d) The working group shall be dissolved on June 30, 2025.

14 (e) The invited members of the working group shall serve
15 without compensation, but shall be reimbursed for reasonable
16 expenses incurred, including travel expenses.

17 SECTION 3. This Act shall take effect on July 1, 3000.

Report Title:

DCAB; DOH; ASL; Working Group; Interpreters; Interpretation Services; Report

Description:

Requires the Disability and Communication Access Board to convene a working group to study the state of American Sign Language interpretation services in Hawaii. Requires a report to the Legislature. Effective 7/1/3000. (HD1)
