MAR 25 , 2024

RE: H.R. No. 150

Honorable Scott K. Saiki  
Speaker, House of Representatives  
Thirty-Second State Legislature  
Regular Session of 2024  
State of Hawaii

Sir:

Your Committee on Agriculture & Food Systems, to which was referred H.R. No. 150 entitled:

"HOUSE RESOLUTION REQUESTING STATE AND COUNTY AGENCIES TO NOTIFY ANIMAL WELFARE ORGANIZATIONS OF DECEASED CATS AND DOGS THAT ARE PICKED UP ALONG STATE AND COUNTY ROADWAYS,"

begs leave to report as follows:

The purpose of this measure is to request:

- (1) State and county agencies to check and scan the microchip of a deceased dog or cat found on a public roadway; and
- (2) Request any information found to be timely passed along to county animal services.

Your Committee has received testimony in support of this measure from nine individuals.

Your Committee finds that the loss of pet cats and dogs in creates a significant emotional impact, and that closure for such losses can help mitigate the impact. Your Committee notes that many pets are killed on state or county roadways and disposed of without any effort to identify their owners. Your committee further finds that since January 1, 2022, pet owners have been required to microchip their pets, facilitating easier identification. Accordingly, this measure urges state and county

agencies to scan deceased pets for microchips and record relevant information, enabling the notification of owners and facilitating reunions.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 150 and recommends its adoption.

Respectfully submitted on  
behalf of the members of the  
Committee on Agriculture & Food  
Systems,

---

CEDRIC ASUEGA GATES, Chair
