Comments:

Because of the increase in the amount of recreational water activities and the tourists that are involved with them, it is only fitting that the Ocean Safety and Lifeguard Services division become their own entity.

Comments:

Aloha Chair, Vice Chair, and Members of the Committe,

I am in strong support of HCR21\_HR12 which urges the City and County of Honolulu to work with the Department of Transportation on the Department of Transportation services to plan and implement options for alternative ingress and egress in Mililani Mauka.

We urgently need an emergency access road for safe egress in the event of a disaster. Currently, there is only one way in and one way out on Meheula Parkway. The community of the village in Waikoloa (on Hawaii island) has an emergency access road that is only used during an emergency. 2 years ago they had a brush fire that threatened the village and that access road was used to allow residents to evacuate. Otherwise, they only have one way in and one way out. I recommend that you study that community's emergency egress plan.

In 2021, Mililani Mauka had a recorded population of 21,700 people and I suspect it is a greater number in 2024. We also have 2 elementary schools, 1 middle school, 2 preschools, and Olaloa Retirement Community.

My husband and I have been residents of Mililani for 36 years and we currently reside in Mililani Mauka. My husband is a retired Honolulu Fire Department Captain and often comments about the need for safe egress out of Mauka in the event of a disaster.

Please support HCR21\_HR12 for the Mililani Mauka Emergency Access Road.

Thank you for this opportunity to testify.

Respectfully,

Jamie Detwiler, President, Hawaii Federation of Republican Women

I am in support of the HCR 21 Mililani Mauka emergency Road.

Thank you!

Claudia Parker's Testimony in Support of HCR21/HR12:

We live in Mililani Mauka. Fortunately, our house was not threatened by the Mililani Mauka wildfires of a few months ago, but it could have. We only have one way in and out of Mililani Mauka. We need an alternative route should we have to flee. With the Maui wildfires in mind, please work to plan and expeditiously implement an alternative ingress/egress.

Comments:

I SUPPORT this bill and others like it including the bill for Pacific Palisades. No one in this modern age should only have one access in/out. If we don't learn lessons from Lahaina, the people died for nothing. Thank you.

Comments:

With recent fires in Mililani it would help to build alternative routes for emergency situations.
