

#### TESTIMONY OF DANIEL NĀHO'OPI'I INTERIM PRESIDENT & CEO, HAWAI'I TOURISM AUTHORITY BEFORE THE SENATE COMMITTEES ON ENERGY, ECONOMIC DEVELOPMENT, AND TOURISM AND GOVERNMENT OPERATIONS Thursday, February 1, 2024 2:00 p.m. In consideration of SB 2765 RELATING TO THE STATE CONVENTION CENTER

Aloha Chairs DeCoite and McKelvey, Vice Chairs Wakai and Gabbard, and Members,

The Hawai'i Tourism Authority (HTA) offers the following comments on SB2765 for your consideration. HTA understands the intent of this measure to transfer oversight of the Hawai'i Convention Center and its enterprise special fund from HTA to the Department of Accounting and General Services (DAGS).

Over the quarter century that the Hawai'i Convention Center has been in operation, it has hosted high-profile international convenings, national and local conferences and conventions, beloved festivals and events, athletic events attracting participants locally and from abroad, and served as an important hub for the state's response to emergencies.

HTA's oversight and management of the Hawai'i Convention Center on the state's behalf leverages our tourism expertise to integrate the center's operations, sales and marketing efforts for local events, and the work of Meet Hawai'i – HTA's global meetings, conventions and incentives marketing effort. The close integration allows Hawai'i as a destination to compete at a high level for large gatherings that attract mindful, high-spending visitors.

We are making good progress on repair projects to maintain this important state asset, including progress on the roof repair. With funding support from the Legislature this session, we will continue to keep to our timeline to complete repairs in 2026. We are also exploring new ideas to contribute to future repair and maintenance needs, such as supporting naming rights for the center.

The HTA board receives monthly presentations from the Convention Center's management contractor, including a financial report, recent and upcoming events, and updates on repair and maintenance projects. The most recent presentation is attached. As shown in the attachment, the state's return on investment (for expenditures on the Convention Center as well as Meet Hawai'i) under HTA's management is **\$18.52 for every dollar spent to date in FY2024**.

For the reasons above, we believe HTA management of the Hawai'i Convention Center is working well for the state. We are poised and eager to continue in our current role, and we appreciate the opportunity to offer these comments on this measure.

### Repair, Maintenance and Replacement Projects Major Project Update

#### **Exterior Painting**

Planning work schedule around HCC events and building access logistics

#### **Exterior Planter Repair**

- Planning investigative work logistics
- Reviewing scheduling around HCC event schedule

#### **Chiller Replacement**

- Chillers received and are on island
- Construction started, cut access opening in outside wall, scaffolding to be erected

#### **House Sound Audio Upgrade**

#### LED Lighting Upgrade

- Bidders presented proposals to evaluation <u>committees</u>
- Final selection by end January

#### **Escalator Modernization**

- RFP issued mid-January, proposals due end <u>February</u>
- Site walk conducted this week

### Repair, Maintenance and Replacement Projects CUMMING GROUP Priority Projects

- Kitchen Hood Control Panel and Fire Suppression Upgrade
- Slate Tile Repair
- Chiller Replacement
- Main Kitchen Dishwasher Replacement
- Ballroom Roof Repairs
- House Sound Audio Upgrade
- Ballroom Gutter, Foyer Transom Glass and Soffit Repair
- 3<sup>rd</sup> floor and Exterior Planters Repair
- LED Lighting Upgrade
- Walk-in Refrigerator Replacement
- Main Kitchen Flooring Replacement
- Exterior Building Painting
- Kalākaua Kitchen Wall Repair and Atkinson Drywell Replacement
- Main Kitchen Freezer Repair
- Interior Building Painting
- Pot Wash Machine Replacement
- Parking Garage Equipment Upgrade and Floor Sealing

### Repair, Maintenance and Replacement Projects Completed (since 2020)

#### **COMPLETED 2020**

- Gutter Trough, Roof Repairs; \$8.3M
- Boiler Replacement; \$585k
- Ala Wai Waterfall Repairs; \$185k
- Chiller 4 Repairs; \$55k
- #320 Roof Repairs; \$1.4M
- Banquet Chairs/Tables Upgrade; \$2.25M

#### COMPLETED 2021

- Cooling Tower Replacement; \$3.2M
- Theatre LED Lighting Upgrade; \$77k
- Roof Overflow Drain Repairs; \$16k
- Jockey Chiller Repairs; \$28k
- ADA Lift Replacement; \$71.5k
- Emergency Generator Repairs; \$32k
- Window Repairs Vandalism; \$177k

#### **COMPLETED 2022**

- Leak Repairs 12/21-1/22; \$396k
- Chiller Repairs; \$69.3k
- Trellis Renovation; \$4.7M
- Lobby Glass Replacement; \$25k
- New Security Camera, Access Control; \$1.56M
- Kitchen AC Compressor Replacement; \$16.5k

#### **COMPLETED 2023**

- Event Stage ADA Ramp; \$41k
- Escalator #1 Handrail Replacement; \$64k
- Exterior Sign Refurbishment; \$50k
- Leak Repair Remediation; \$168k
- Forklift Replacement; \$175k

#### **COMPLETED 2024**

• Water Intrusion Remediation; \$400k

WRITTEN TESTIMONY OF KEITH A. REGAN, COMPTROLLER DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES TO THE COMMITTEES ON

#### ENERGY, ECONOMIC DEVELOPMENT, AND TOURISM GOVERNMENT OPERATIONS

FEBRUARY 1, 2024, 2:00 P.M. CONFERENCE ROOM 229 AND VIA VIDEOCONFERENCE, STATE CAPITOL

S.B. 2765

RELATING TO THE STATE CONVENTION CENTER.

Chairs DeCoite and McKelvey, Vice Chairs Wakai and Gabbard, and Members of the Committees, thank you for the opportunity to testify on S.B. 2765.

The Department of Accounting and General Services (DAGS) offers **comments** on S.B. 2765, which transfers oversight of the Hawai'i Convention Center (HCC) and the Hawai'i Convention Center Enterprise Special Fund from the Hawai'i Tourism Authority to the DAGS.

DAGS recognizes the importance of properly maintaining the HCC. If it is the legislature's intent to transfer oversight of the maintenance of the HCC, DAGS has the expertise in construction and facilities management to properly maintain this facility. However, we believe that marketing and management should remain with the Hawai'i Tourism Authority.

Thank you for the opportunity to comment on this matter.

January 31, 2024

To: The Honorable Lynn DeCoite Chair, The Hawai'i State Senate Committee on Energy, Economic Development and Tourism

&

The Honorable Angus McKelvey Chair, The Hawai'i State Senate Committee on Government Operations

From: Kekoa McClellan on behalf of the Hawai'i Hotel Alliance

#### Offering Comments on SB2765, Relating to The State Convention Center

Aloha Chair DeCoite, Chair McKelvey and Honorable members of the joint committee. Please accept this testimony on behalf of the Hawai'i Hotel Alliance offering **Comments to SB2765, relating to the State Convention Center.** 

The Hawai'i Convention Center serves as an integral part of our State's tourism infrastructure. Group travel at the convention center concentrates visitors within our resort district, enables pre-arrival communication and education with convention goers, enhances revenue opportunities for tourism adjacent business, and the average daily spend of convention goers often outpaces that of leisure travel. City-wide bookings at the convention center - larger events that require event planners to coordinate room blocks with multiple hotel operators throughout the City - are an important component to meeting the revenue needs for many of our member properties. The average hotel needs north of 70% blended average annual occupancy to meet their operational costs, debt service, deferred maintenance, and capital improvement targets. Because of this, many of our members factor in a robust calendar of bookings at the convention center to hit their booking targets for any given year.

With Hawai'i at an inflection point in our relationship with tourism, SB2765 offers us an important opportunity to separate what we are doing right from what we can improve on. The convention center has the ability to attract the kinds of visitors that our tourism industry and our communities covet: well-informed guests who stay in the resort district and who are encouraged to participate in authentic engagements with our host culture and our unique island home. And while our local communities have made clear that the impact of short-term rentals on our communities must be curtailed, the vast majority of convention center goers do not utilize short-term rentals. In short, reinvesting in the convention center is an opportunity to merge the themes of regenerative tourism with maximizing revenue opportunities for our hotel and lodging industry.

SB2765 appears to support this philosophy by ensuring that the convention center will be adequately supported with resources for management, maintenance and marketing by the Department of Accounting and General Services. As a critical asset to our State's largest industry and a key tool in attracting the kinds of visitors we want in Hawai'i, the full funding of the convention center's management, maintenance and marketing are critical to meeting our obligations to our State's revenue targets and commitments to our communities.

Placing the convention center under DAGS may ensure that deferred maintenance costs do not go unfunded resulting in costly repairs down the line. An example of this being the extreme delay in repairing the roof at the convention center. Roof repairs at the convention center ultimately cost the State more to fix in the long run and resulted in the loss of bookings when whole event spaces were rendered unusable due to flooding through the convention center's ceiling. From a physical asset standpoint, DAGS appears to be a great fit for the convention center, ensuring the long term maintenance of this critical asset.

Marketing and management of the convention center under DAGS could prove more nuanced. Marketing of the convention center has been going well at the moment, and convention sales, working long leads, and preparing for events that are sometimes years out are not activities that can be easily handed off. Should the State move stewardship of the convention center to DAGS, special consideration should be given to the good work of the existing marketing and management of the events at the center to ensure continuity in relationships concomitant to future bookings.

Mahalo again Chair DeCoite, Chair McKelvey and committee members for your time and consideration of this testimony offering comments to SB2765. Special thanks to the Bill's sponsors for acknowledging the critical need to ensure the convention center's long-term maintenance, its role in supporting our State's economic engine, and the center's role in promoting regenerative tourism.

Me ka ha'aha'a,

~--

Testimony of Mufi Hannemann President & CEO Hawai'i Lodging & Tourism Association

Committee on Energy, Economic Development, and Tourism Committee on Government Operations Thursday, February 1, 2024 Senate Bill 2765: Relating to the State Convention Center

Aloha Chairs DeCoite and McKelvey and Members of the Committees,

On behalf of the Hawai'i Lodging & Tourism Association, the state's oldest and largest private sector tourism organization, representing 700 members, nearly 50,000 hotel rooms, and 40,000 lodging workers, we would like to provide comments on Senate Bill 2765 concerning the transfer of oversight for the Hawai'i Convention Center from the Hawai'i Tourism Authority (HTA) to the Department of Accounting and General Services (DAGS).

We acknowledge that the intent behind the proposed transfer may be driven by concerns over the prolonged duration of rooftop repairs. We believe, however, that in regard to balance, the Convention Center is better suited within the purview of the HTA.

Our primary concern lies in the potential shift of sales and marketing responsibilities for the Hawai'i Convention Center away from HTA to DAGS. We perceive this as a challenging role for DAGS, considering their overall capacity. Moreover, we believe that managing sales and marketing is a role ideally suited for the Hawai'i Tourism Authority. This alignment would enable HTA to seamlessly integrate global marketing contracts, leveraging citywide events, including major meetings, incentives, conventions, and exhibitions. This strategic approach not only promotes a high return on investment but also attracts a desirable visitor demographic. There is also a naming rights measure currently before the legislature, supported by HTA, which holds the potential to generate additional revenues.

On a local front, HTA also has the ability to oversee the Convention Center's operations and foster relationships with local festivals, conferences, events, and shows supported by the Authority and the State. This synergistic approach ultimately contributes to a more comprehensive and effective tourism strategy.

Mahalo for providing us with the opportunity to share our comments.
