

The Judiciary, State of Hawai'i

**Testimony to the Thirty-Second State Legislature
2023 Regular Session**

Senate Committee on Judiciary
Senator Karl Rhoads, Chair
Senator Mike Gabbard, Vice Chair

Thursday, February 23, 2023, 9:45 a.m.
Conference Room 016 & Videoconference

WRITTEN TESTIMONY ONLY

By:

Michelle D. Acosta
Deputy Chief Court Administrator
District Court of the First Circuit

Bill No. and Title: Senate Bill No. 224, S.D. 1, Relating to Noise Control.

Purpose: Allows for noise control infractions to be processed under the traffic and emergency period infractions adjudication process. Grants the district court concurrent jurisdiction over noise control infractions committed by minors. Effective 7/1/2050 (SD1)

Judiciary's Position:

The Judiciary takes no position on the intent of this measure. There are operational concerns regarding this bill that may impact the courts. This bill would allow counties to designate noise-related ordinances as "noise control infractions" that would be processed by the courts as a traffic infraction under Chapter 291D, Hawaii Revised Statutes. The Judiciary understands that excessive noise pollution is a serious problem, especially in urban areas, however as there are currently no ordinances designated as noise control infractions, the Judiciary is concerned that the designation of vast numbers of ordinances would overwhelm the traffic violations bureaus throughout the state. If this were to happen, the Judiciary may need additional resources from the legislature.

It should be noted that many of the current noise control ordinances enacted by the counties are criminal violations in which a citation is issued to the person. Although violations follow the same process as a criminal case, the penalty is a fine and the violation does not appear on a person's criminal record. The Judiciary has established procedures to process these citations.

The Judiciary would be open to participating in a working group to determine how the designation of noise control ordinances would impact the courts and how the process should be created.

If this legislation proceeds, the Judiciary respectfully requests a technical amendment to this measure in Section 6, page 15, lines 17-21:

“There shall be included with the notice of traffic infraction [~~or~~], notice of emergency period infraction, or notice of noise control infraction a preaddressed envelope directed to the traffic [~~and~~], ~~emergency period, and noise control~~ violations bureau of the applicable district court.”

The Judiciary requests that the envelope remain directed to the traffic violations bureau as there is no need for this change. The Judiciary also request that the effective date be January 1, 2024 to allow the Judiciary time to prepare the necessary changes to the Judiciary Information Management System which will be required to design, code and test a new type of infraction.

Thank you for the opportunity to testify on this measure.

The Honorable Karl Rhoads, Chair
and Members
Committee on Judiciary
State Senate
Hawaii State Capitol
415 South Beretania Street, Room 016
Honolulu, Hawaii 96813

Dear Chair Rhoads and Members:

SUBJECT: Senate Bill No. 224, S.D. 1, Relating to Noise Control

I am Randall Platt, Major of District 6 of the Honolulu Police Department (HPD), City and County of Honolulu.

The HPD supports Senate Bill No. 224, S.D. 1, Relating to Noise Control. This bill allows for noise control infractions to be processed under the traffic and emergency period infractions adjudication process. It also grants the district court concurrent jurisdiction over noise control infractions committed by minors.

The HPD supports adding "noise control infractions" to Chapter 291D of the Hawaii Revised Statutes as a means of expeditiously processing these infractions through the judicial system.

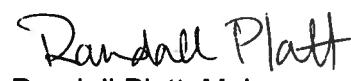

The HPD urges you to support Senate Bill No. 224, S.D. 1, Relating to Noise Control.

Thank you for the opportunity to testify.

APPROVED:

Sincerely,

Arthur J. Logan
Chief of Police

Randall Platt, Major

Honolulu, HI 96813

Dear Chair Rhoads, Vice Chair Gabbard, and Members of the Committee:

SUBJECT: SB 224 Relating to Noise Control

The City and County of Honolulu ("City") is in strong support of SB 224, which would allow for noise control infractions to be processed under the traffic and emergency period infractions adjudication process and grant the district court concurrent jurisdiction over noise control infractions committed by minors.

The City has many urban and high-density areas. As a result, legitimate noise complaints are reported quite frequently. The use of citations would be an extra tool for our officers to maintain acceptable living situations for our residents.

For the above reasons, the City is in strong support of this measure. Thank you for the opportunity to testify on this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "M. Formby", written over a horizontal line.

RE: S.B. 224, S.D. 1; RELATING TO NOISE CONTROL.

Chair Rhoads, Vice-Chair Gabbard and members of the Senate Committee on Judiciary, the Department of the Prosecuting Attorney, City and County of Honolulu (“Department”), submits the following testimony in **strong support** of S.B. 224, S.D. 1. This measure is part of the Department’s 2023 legislative package, and we thank you for hearing it.

The purpose of S.B. 224, S.D. 1 is to establish a means by which “noise control infractions”—if any are enacted by the State or counties, in the future—could be enforced, by expanding the existing adjudication process that is used for traffic and emergency period infractions.

Due to the number of high-density areas and urbanization on Oahu—and the frequency of legitimate noise complaints that occur all over the island—it is our understanding that the City & County of Honolulu would like to enact and enforce noise-control *infractions*, when it is determined that the matter does not rise to the level of a (criminal) petty misdemeanor offense under existing laws. Using this approach, citations could be issued for noise control infractions, then paid (online or via mail) *or* contested via civil adjudication, the way traffic tickets are currently handled.

Not only would this provide another tool for graduated levels of enforcement, it would also provide an expedited and less resource-intensive enforcement mechanism when appropriate. Like traffic tickets, the Department (and other county prosecutors) would only get involved if the court makes a finding in favor of the State, and the defendant requests a “trial de novo,” which can be likened to a small-scale criminal trial with a lower standard of proof.

For all of the foregoing reasons, the Department of the Prosecuting Attorney of the City and County of Honolulu **strongly supports** the passage of S.B. 224, S.D. 1. Thank you for the opportunity to testify on this matter.

Comments:

I, Johnnie-Mae L. Perry SUPPORT SB 224 Relating To Noise Control. I understand it may cause a back-log in the Judiciary system, in addition the lack of enforcement, but "it is very disturbing for people with sensitive hearing to loud sounds."
