JUSTIFICATION SHEET

DEPARTMENT: Human Services

TITLE: A BILL FOR AN ACT RELATING TO THE HAWAII PUBLIC HOUSING AUTHORITY.

PURPOSE: To provide the Hawaii Public Housing Authority (HPHA) with greater ability to dispose of abandoned or seized property in and around federal public housing projects.

MEANS: Add a new section to part II of chapter 356D, Hawaii Revised Statutes.

JUSTIFICATION: When the HPHA has abandoned property at the HPHA's federal public housing projects, such possessions are of little value. Having to store the abandoned property creates a great administrative burden and cost on the agency, which does not possess storage facilities on site and is unlikely to recover sufficient costs from the abandoned property.

This proposal would enable the HPHA to expeditiously dispose of abandoned property. Further, it provides for the HPHA to follow different processes based on the estimated value of the abandoned property, by not requiring a public auction where the estimated value of the abandoned property falls below \$500 per item. This would save the HPHA all costs related to storage, notice, and disposition for abandoned property.

Impact on the public: There should be a positive impact on the public as the HPHA will be able to reduce costs resulting from the storage of abandoned property that are typically unrecoverable, which are statutorily imposed but unfunded.

Impact on the department and other agencies: None.

GENERAL FUNDS: None.

OTHER FUNDS: Special.
