JUSTIFICATION SHEET

DEPARTMENT: Human Services

TITLE: A BILL FOR AN ACT RELATING TO SAFE SPACES FOR YOUTH PROGRAM.

PURPOSE: To make the Safe Spaces for Youth Pilot Program a permanent program within the Office of Youth Services.

MEANS: Add a new section to chapter 352D, Hawaii Revised Statutes.

JUSTIFICATION: Act 130, Session Laws of Hawaii (SLH) 2022 (Act 130), established the Safe Spaces for Youth Pilot Program in the Department and provided appropriations. The Office of Youth Services (OYS) is the lead in planning and implementing the pilot program. Act 130 will be repealed on June 30, 2025.

Since Act 130, OYS has gathered research, established an interagency workgroup, developed a program plan, and contracted with the Hawaii Youth Services Network and other agencies to implement the National Safe Place Network program.

Act 130 provided \$868,000 in fiscal year (FY) 2023-2024 for OYS to establish homeless youth shelters in each county and a program specialist position. Act 164, SLH 2023 (Act 164), and Act 230, SLH 2024 (Act 230), provided \$800,000 in FY 2024-2025 for program planning and implementation. Act 164 also provided for a temporary program specialist position.

To implement the program as intended by Act 130 and provide youth with Safe Spaces, shelter, and Safe Place Network access points, the program should be made permanent within OYS. The consequences faced by homeless youth and young adults are significant and require a permanent and significant response. The forthcoming Act

130 report to the legislature will include these recommendations.

The initial recommendation from the pilot program is to establish a shelter for young adults ages 18 to 24 on Hawaii island. Currently, the only dedicated shelter for young adults ages 18-24 in the state is on Oahu. There are existing emergency shelters for youth under the age of 18, as youth under the age of 18 are not sheltered with young adults ages 18-24. With a Safe Spaces emergency shelter established in Hawaii island, young adults 18 to 24 at risk of homelessness will have a safe place to go to receive shelter and assistance. The Safe Spaces shelter will work with the Safe Place Network access points, which are locations identified by signage where youth and young adults up to the age of 24 can enter and ask for assistance.

Impact on the public: Making the pilot program permanent will allow OYS to address the needs of unsheltered youth and young adults or those at risk of homelessness with a permanent response. Initially, opening one shelter on Hawaii island will provide those Hawaii island youth and young adults with a Safe Spaces program shelter, reducing their risk of being victims of crime, becoming involved in the criminal justice system, and becoming chronically homeless. The long-term fiscal impact may be positive if youth and young adults remain out of other systems of care.

Impact on the department and other agencies: OYS anticipates working with other agencies that interact with unsheltered youth and young adults and youth at risk of homelessness to collaborate on referrals to the Safe Spaces program shelters so that fewer youth and young adults will enter other systems of care. Making the program permanent in OYS will create an additional

resource for the Departments of Education, Corrections and Rehabilitation, Health, Land and Natural Resources, Law Enforcement, State Office of Homelessness and Housing Solutions, and county and community-based organizations that serve vulnerable youth at risk of homelessness or experiencing homelessness, and the Judiciary. The Act will also impact the Department of the Attorney General due to the need to assist with the drafting of administrative rules and contracts.
