JUSTIFICATION SHEET

DEPARTMENT: Health

TITLE: A BILL FOR AN ACT RELATING TO HOME CARE AGENCIES.

PURPOSE: To clarify that the scope of services authorized to be provided under a home care agency (HCA) license does not include services that otherwise require a license pursuant to chapter 457, Hawaii Revised Statutes (HRS).

MEANS: Amend section 321-14.8, HRS.

JUSTIFICATION: This bill is needed to clarify that the Department may take enforcement action against HCAs that provide services outside of the scope of their license. Some operators of HCAs provide skilled nursing services to clients that are not rendered by a nurse licensed pursuant to chapter 457, HRS. Because the State Board of Nursing may not have the authority to regulate unlicensed providers of nursing care employed by HCAs, providing the Department with the authority to ensure appropriate services are provided will more effectively protect patient safety.

Impact on the public: The bill will increase public safety by ensuring home care agencies do not exceed the scope of services allowed by their license.

Impact on the department and other agencies: Potential for more enforcement actions.
