Report Title:

DOH; Office of the Director of Health; Developmental Disabilities Division; Emergency Medical Services and Injury Prevention System Branch; Hawaii State Hospital; Civil Service; Exemptions

Description:

Exempts certain positions in the Department of Health, including the Hawaii State Hospital, from civil service.

The summary description of legislation appearing on this page is for informational purposes only and is not legislation or evidence of legislative intent.

JUSTIFICATION SHEET

DEPARTMENT: Health

TITLE: A BILL FOR AN ACT RELATING TO EXEMPTIONS FROM CIVIL SERVICE FOR CERTAIN POSITIONS IN THE DEPARTMENT OF HEALTH.

PURPOSE: To exempt from the civil service several positions in the Department of Health (DOH), including the Hawaii State Hospital (HSH), to improve public health services, behavioral health care services, emergency medical services, and developmental disabilities services.

MEANS: Amend sections 76-16(b) and 334-4, Hawaii Revised Statutes (HRS).

JUSTIFICATION: The DOH Public Information Officer (PIO) is a vital component of a robust public health system. The communication of guidance, guidelines, and advisories is essential to increase the health literacy and guide the behavior of Hawaii's residents in emergency and non-emergent situations. For more than a decade, the DOH PIO has occupied an Administrative Assistant position, the salary for which is uncompetitive with exempt PIOs in other state agencies and the private sector.

The Developmental Disabilities Division (DDD) is the operating agency for the Medicaid 1915(c) Home and Community Based Services Waiver (HCBS Waiver) for Individuals with Intellectual and Developmental Disabilities in Hawaii by virtue of a Memorandum of Agreement with the Department of Human Services, Med-QUEST Division). DDD must meet all federal requirements for operating the HCBS Waiver or risk the loss of federal matching funds. The federal share of funding in FY2004 for HCBS Waiver Services was \$114,401,884. Compliance with federal regulations requires a clear interpretation of requirements,

analysis of changes that must be recommended at the state policy and operational levels, analysis of resource needs, and management of operational planning and implementation accountability. The Federal Initiatives Operations Coordinator will ensure that the DDD remains compliant with federal requirements.

The Medical Directors of the Emergency Medical Services and Injury Prevention System Branch coordinate the statewide emergency medical services system to assure equity, parity, and quality of services in rural counties. The in-depth knowledge of medicine, health care, transportation infrastructure and geography, training and education, and technology required to effectively coordinate services for over 1.3 million residents is sufficiently specialized and uncommon that existing civil service physician positions and salaries are unable to compete with the private sector. Therefore, an exemption from civil service for two additional Medical Directors will make these positions more flexible and competitive for retention and recruitment purposes in rural areas.

For the Hawaii State Hospital, the establishment of one Associate Administrator Chief of Staff, one Associate Administrator of Operations, and two project managers were recommendations from a security review conducted after the fatal incident at HSH in November 2023. The Legislature appropriated funds in the 2024 regular session to establish these new permanent positions, all intended to be exempt from civil service to compete with the private sector.
