6 The purpose of this Act is to establish and specify
7 protections for information that is received or maintained by
8 the office of homeland security regarding the security of
9 critical infrastructure and protected systems, analysis,
10 warning, interdependency study, recovery, reconstitution, or
11 other informational purposes.

12 SECTION 2. Chapter 128A, Hawaii Revised Statutes, is
13 amended by adding a new section to part I to be appropriately
14 designated and to read as follows:

15 **"§128A- Confidentiality of critical infrastructure**
16 **information.** (a) Notwithstanding section 92F-11 and any other
17 law to the contrary, critical infrastructure information

4 not be disclosed, except as provided for in subsection (b).

5 (b) The office of homeland security may share confidential

11 by the receiving agency to the public.

12 (c) Nothing contained in this section shall be construed
13 to alter existing rights to access government records subject to
14 chapter 92F from an agency other than the office of homeland
15 security and state and county agencies receiving confidential
16 critical infrastructure information pursuant to subsection (b)."

17 SECTION 3. Section 128A-2, Hawaii Revised Statutes, is
18 amended by adding a new definition to be appropriately inserted
19 and to read as follows:

20 "Critical infrastructure information" means information
21 that is not customarily in the public domain and is related to

1 the security of critical infrastructure or protected systems,
2 including documents, records, or other information concerning:

3 (1) Actual, potential, or threatened interference with,
4 attack on, compromise of, or incapacitation of
5 critical infrastructure or protected systems by either
6 physical or computer-based attack or other similar
7 conduct, including the misuse of or unauthorized
8 access to all types of communications and data
9 transmission systems, that violates federal, state,
10 local, or tribal law, harms interstate commerce of the
11 United States, or threatens public health or safety;

12 (2) The ability of any critical infrastructure or
13 protected system to resist such interference,
