# A BILL FOR AN ACT

RELATING TO CRISIS SERVICES.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that Act 86, Session Laws  
2 of Hawaii 2024, established a crisis intervention and diversion  
3 services program within the department of health to expand  
4 existing services and divert those with mental health issues to  
5 appropriate health care services. This program, along with the  
6 new behavioral health crisis center at the Iwilei resource  
7 center, connects individuals, including those who are homeless  
8 or at risk of homelessness, to appropriate crisis services and  
9 other community resources. While these programs have proven  
10 successful, often the scope of the programs is not enough to  
11 cover all areas of the State.

12           The legislature further finds that homelessness is a  
13 significant issue in Oahu, with a noticeable presence of  
14 unsheltered individuals, some of whom suffer from issues  
15 relating to drugs, alcohol, or mental illness and do not have  
16 access to the appropriate services for help.

1           Therefore, the purpose of this Act is to expand the crisis  
2 intervention and diversion services program by establishing two  
3 crisis intervention and diversion services sites on Oahu.

4           SECTION 2. Section 334-171, Hawaii Revised Statutes, is  
5 amended by amending subsection (a) to read as follows:

6           "(a) There shall be established within the department [a]  
7 crisis intervention and diversion services program to redirect  
8 persons experiencing mental health disorders and co-occurring  
9 mental health and substance use disorders who are at risk for  
10 involvement, or currently involved, with the criminal justice  
11 system to the appropriate health care system and services[-];  
12 provided that the department shall establish at least two crisis  
13 intervention and diversion services sites on the island of Oahu;  
14 provided further that of the two sites on Oahu, one site shall  
15 be located in an area that data shows to be affected by  
16 disproportionate numbers of individuals with mental health  
17 conditions, substance use disorders, or homelessness. The  
18 department shall collaborate with law enforcement agencies,  
19 courts, mental health providers, and the community for the  
20 execution and implementation of these services."

1 SECTION 3. Statutory material to be repealed is bracketed  
2 and stricken. New statutory material is underscored.

3 SECTION 4. This Act shall take effect on July 1, 3000.

**Report Title:**

Crisis Intervention and Diversion Services Program; Department of Health

**Description:**

Expands the Crisis Intervention and Diversion Services Program to include at least two sites on the island of Oahu, including one program in an area with a disproportionate number of individuals with mental health conditions, substance use disorders, or homelessness. Effective 7/1/3000. (HD1)
