
A BILL FOR AN ACT

RELATING TO THE DEPARTMENT OF EDUCATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the department of
2 education is responsible for submitting an annual computer
3 science legislative report every year by June 30th. However,
4 the current June 30th due date for the legislative report
5 provides too tight of a submission time to include quarter four
6 computer science data from schools into the report. The
7 legislature believes that delaying the due date for the
8 department of education's computer science legislative report to
9 the end of the calendar year would provide the legislature and
10 the public a more robust computer science report.

11 Accordingly, the purpose of this Act is to change the due
12 date of the department of education's annual computer science
13 legislative report from June 30 to twenty days prior to the
14 start of each regular session of the legislature.

15 SECTION 2. Section 302A-323, Hawaii Revised Statutes, is
16 amended by amending subsection (e) to read as follows:

1 " (e) [~~By June 30, 2022, and by each June 30 thereafter,~~]

2 At least twenty days prior to the convening of each regular

3 session of the legislature, the superintendent shall submit to

4 the board and legislature a report of the computer science

5 courses and computer science content offered during the previous

6 school year at the schools in each complex area. The report

7 shall include:

8 (1) The names and course codes of the computer science

9 courses offered at each school;

10 (2) The number and percentage of students enrolled in each

11 computer science course and computer science content,

12 disaggregated by:

13 (A) Gender;

14 (B) Race and ethnicity;

15 (C) Special education status, including students

16 eligible for special education under the federal

17 Individuals with Disabilities Education Act, as

18 amended, or section 504 of the federal

19 Rehabilitation Act of 1973, as amended;

20 (D) English language learner status;

1 (E) Eligibility for the free and reduced price lunch
2 program; and

3 (F) Grade level;
4 provided that if a category contains one to five
5 students, or contains an amount that would allow the
6 amount of another category that contains one to five
7 students to be determined, the number of students
8 shall be replaced with a symbol indicating that one to
9 five students fulfilled that particular category;

10 (3) The names and course codes of the courses containing
11 computer science content and a description of the
12 computer science standards and content that are
13 covered by those courses; and

14 (4) The number of computer science instructors at each
15 school, disaggregated by:

16 (A) Any applicable certification;

17 (B) Gender;

18 (C) Race and ethnicity; and

19 (D) Highest academic degree earned."

20 SECTION 3. Statutory material to be repealed is bracketed
21 and stricken. New statutory material is underscored.

1 SECTION 4. This Act shall take effect on July 1, 3000.
