
A BILL FOR AN ACT

RELATING TO PLANT-BASED FOOD AND DRINKS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that in 2021, the State
2 became the first state to declare a climate emergency. In a
3 press release on December 8, 2023, the United Nations
4 Environment Programme reported that "[t]he animal agriculture
5 industry is a major driver of climate change," accounting for up
6 to twenty per cent of global greenhouse gas emissions.

7 The legislature further finds that jurisdictions that have
8 adopted plant-based-by-default policies have reported
9 significant reductions in their negative impacts to climate
10 change. Accordingly, the State can more efficiently respond to
11 climate change and the climate emergency by reducing
12 governmental preferences for animal-based food and drinks and by
13 establishing plant-based food and drinks as the default choices
14 at state-operated prisons, state-licensed hospitals, and
15 government-sponsored events.

16 The legislature believes that a plant-based-by-default
17 policy for state-operated prisons, state-licensed hospitals, and

1 government-sponsored events provides many additional benefits to
2 the State, including:

- 3 (1) Significant savings of taxpayer money;
- 4 (2) The promotion of traditional Hawaiian environmental,
5 dietary, and cultural practices;
- 6 (3) The advancement of public health, including reduction
7 in dietary risk factors for diabetes, cardiovascular
8 disease, and cancer; and
- 9 (4) An increase in the demand for and consumption of local
10 fruits and vegetables, which supports economic
11 opportunities for farmers throughout the State.

12 Accordingly, the purpose of this Act is to is to establish
13 a plant-based-by-default policy for state-operated prisons,
14 state-licensed hospitals, and government-sponsored events.

15 SECTION 2. Chapter 353, Hawaii Revised Statutes, is
16 amended by adding a new section to part I to be appropriately
17 designated and to read as follows:

18 "§353- Food and drinks for committed persons; plant-
19 based-by-default program. (a) The director shall establish a
20 plant-based-by-default program for committed persons' food and
21 drinks.

1 (b) Under the program, the department shall offer
