9 The legislature further finds that many of CTAHR's facilities

4 for the college of tropical agriculture and human  
5 resilience at the university of Hawaii at Manoa.

6 SECTION 2. There is appropriated out of the general  
7 revenues of the State of Hawaii the sum of \$11,000,000 or so  
8 much thereof as may be necessary for fiscal year 2025-2026 and  
9 the same sum or so much thereof as may be necessary for fiscal  
10 year 2026-2027 for critical repairs, maintenance, demolition,  
11 design, and construction for facilities of the college of  
12 tropical agriculture and human resilience at the university of  
13 Hawaii at Manoa; provided that the sums appropriated shall be  
14 expended as follows:

- 15 (1) \$5,000,000 for the Waimanalo research station on Oahu;
- 16 and
- 17 (2) \$6,000,000 for the Magoon research station on Oahu.

18 The sums appropriated shall be expended by the university  
19 of Hawaii for the purposes of this Act.

20 SECTION 3. There is appropriated out of the general  
21 revenues of the State of Hawaii the sum of \$2,083,334 or so much

1 thereof as may be necessary for fiscal year 2025-2026 and the  
2 same sum or so much thereof as may be necessary for fiscal year  
3 2026-2027 to establish eight full-time equivalent (8.0 FTE)  
4 agricultural technician positions, four full-time equivalent  
5 (4.0 FTE) community coordinator positions, and eight full-time  
6 equivalent (8.0 FTE) administrative professional technical  
7 positions within the university of Hawaii for the college of  
8 tropical agriculture and human resilience.

9 The sums appropriated shall be expended by the university  
10 of Hawaii for the purposes of this Act.
