
A BILL FOR AN ACT

RELATING TO THE PESTICIDE USE REVOLVING FUND.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the department of
2 agriculture administers the pesticide use revolving fund to
3 support the pesticide program's registration and licensing,
4 certification and education, and compliance monitoring
5 activities; to establish pesticide training workshops and
6 educational programs, including, but not limited to, eradication
7 and control programs for pests; and to develop integrated pest
8 management strategies and various other services for pesticide
9 users. The legislature further finds that increasing the
10 \$1,000,000 ceiling on the fund would provide the department of
11 agriculture an increased ability to fund technical pesticide
12 projects, complete costly environmental studies, and generally
13 enhance resources dedicated to pesticide compliance and
14 enforcement and biosecurity.

15 Therefore, the purpose of this Act is to increase the
16 ceiling on the pesticide use revolving fund to support the
17 purposes of the pesticide use revolving fund.

6 fund."

7 SECTION 3. Statutory material to be repealed is bracketed
8 and stricken. New statutory material is underscored.

9 SECTION 4. This Act, upon its approval, shall take effect
10 on July 1, 2025.

PURPOSE: To increase resources dedicated to pesticide compliance and enforcement and biosecurity.

MEANS: Amend section 149A-13.5(e), Hawaii Revised Statutes.

JUSTIFICATION: The Department is responsible for ensuring pesticides are used correctly and lawfully in Hawaii. Impact on the public: Increased food safety via an increase in proper pesticide use on production of agricultural commodities. Safer environment due to the Department's increased fiscal ability to contract specialized and technical work related to monitoring of pesticides in the environment.
