## HOUSE CONCURRENT RESOLUTION

REQUESTING THAT THE HAWAII STATE FIRE CODE CLEARLY DEFINE STAGES  
OF WILDFIRE SUPPRESSION AND RELATED EFFORTS.

1           WHEREAS, some of our nation's most devastating fires have  
2 been the result of lingering hotspots reigniting; and  
3

4           WHEREAS, the Oakland Hills fire of 1991 which destroyed  
5 over 2,500 structures, the 2021 Boulder County fire which was  
6 the most destructive fire in Colorado's history, and the 2023  
7 Lahaina fire which was the deadliest fire in the United States  
8 in over a century, were each caused by the reignition of  
9 earlier, seemingly quelled blazes; and  
10

11           WHEREAS, worsening drought conditions and more severe  
12 weather events associated with strong wind gusts intensify the  
13 risk of wildfire and increase the difficulty of firefighting  
14 efforts; and  
15

16           WHEREAS, having clear definitions related to wildfire  
17 stages when communicating with the public and for internal  
18 guidelines for fire operations and suppression actions, formal  
19 reporting, and fire safety regulations would allow for cohesion  
20 in understanding of terminology and the execution of appropriate  
21 protocols; now, therefore,  
22

23           BE IT RESOLVED by the House of Representatives of the  
24 Thirty-third Legislature of the State of Hawaii, Regular Session  
25 of 2025, the Senate concurring, that the Hawaii State Fire Code  
26 clearly define stages of wildfire suppression and related  
27 efforts; and  
28

29           BE IT FURTHER RESOLVED that the following terms are  
30 included in defined terminology: "uncontrolled", "contained",  
31 "controlled", "extinguished", and "fully extinguished"; and

# H.C.R. NO. 168

1  
2  
3  
4  
5  
6  
7  
8  
9  
10  
11  
12  
13  
14  
15

BE IT FURTHER RESOLVED that the definition of "fully extinguished" include the necessitation of constant monitoring to ensure the absence of hotspots or smoke for a minimum of forty-eight hours, and under red flag warning or drought conditions, ninety-six hours; and

BE IT FURTHER RESOLVED that certified copies of this Concurrent Resolution be transmitted to the State Fire Marshal, State Fire Council, county fire chiefs, each county's Fire Prevention Bureau, President of the Hawaii State Senate, and Speaker of the Hawaii State House of Representatives.
