# HOUSE CONCURRENT RESOLUTION

REQUESTING THE DEPARTMENT OF HEALTH TO CONVENE A DEMOLITION  
WASTE REDUCTION WORKING GROUP.

1           WHEREAS, Hawaii's landfills are nearing capacity, with the  
2 State facing significant community opposition to the expansion  
3 of existing facilities or the establishment of new facilities;  
4 and

5  
6           WHEREAS, according to the United States Environmental  
7 Protection Agency, construction and demolition waste constitutes  
8 approximately twenty-one to forty percent of landfill mass  
9 nationwide and represents one of the largest contributors to  
10 solid waste in Hawaii, further exacerbating landfill pressures;  
11 and

12  
13           WHEREAS, a comprehensive and coordinated cross-industry  
14 approach is critical to advancing the circular construction  
15 economy, reducing waste, and promoting sustainable practices  
16 across Hawaii's construction and demolition sectors; and

17  
18           WHEREAS, local recycling nonprofits and community-based  
19 organizations in Hawaii have made significant progress in  
20 advocating for deconstruction, reuse, and circular economy  
21 principles but face barriers in scaling these efforts to have  
22 broader policy and economic impact; and

23  
24           WHEREAS, a construction and demolition waste reduction  
25 working group could serve as a catalyst to coordinate efforts  
26 across industries, identify resources, remove systemic barriers,  
27 and recommend targeted incentives that promote sustainable  
28 practices and economic growth; and

29  
30           WHEREAS, the adoption of reclaimed and reused materials,  
31 which are often low-embodied carbon alternatives to virgin

1 materials, could significantly reduce greenhouse gas emissions  
2 and support Hawaii's carbon reduction goals, as outlined in Act  
3 15, Session Laws of Hawaii 2018, which commits the State to  
4 carbon neutrality by 2045; and

5  
6 WHEREAS, landfills have historically been located near  
7 disadvantaged communities, disproportionately exposing these  
8 communities to health risks such as air pollution, groundwater  
9 contamination, and other environmental hazards, and addressing  
10 these injustices should be a central goal of sustainable waste  
11 management policies; and

12  
13 WHEREAS, the establishment of a working group will help  
14 make actionable recommendations, including reviewing potential  
15 approaches, proposing solutions, and prioritizing actions to  
16 promote deconstruction, materials reuse, and waste reduction;  
17 and

18  
19 WHEREAS, the Department of Health, given its mandate to  
20 protect public health and the environment, would be well-suited  
21 to lead the working group to ensure representation from all  
22 relevant stakeholders and alignment with Hawaii's sustainability  
23 and equity goals; now, therefore,

24  
25 BE IT RESOLVED by the House of Representatives of the  
26 Thirty-third Legislature of the State of Hawaii, Regular Session  
27 of 2025, the Senate concurring, that the Department of Health is  
28 requested to convene a Demolition Waste Reduction Working Group;  
29 and

30  
31 BE IT FURTHER RESOLVED that the working group is requested  
32 to:

- 33  
34 (1) Identify and implement solutions to reduce  
35 construction and demolition waste statewide;  
36  
37 (2) Develop strategies to scale deconstruction and  
38 materials reuse to reduce landfill dependency;  
39  
40 (3) Support the growth of the circular construction  
41 economy by fostering public and private sector  
42 collaboration;

41  
42

- (4) Ensure alignment with Hawaii's carbon neutrality and environmental justice goals; and
- (5) Create a framework for policy and economic incentives that promote sustainable practices; and

BE IT FURTHER RESOLVED that the working group is requested to include the following members:

- (1) The Director of Health, or the Director's designee;
- (2) The Comptroller, or the Comptroller's designee;
- (3) One representative from the Department of Education;
- (4) One representative from the Department of Transportation;
- (5) One representative from the University of Hawaii System; and
- (6) Private sector leaders invited to participate as members of the working group, including:
  - (A) One representative from the construction industry;
  - (B) One representative from the demolition and deconstruction industry;
  - (C) One representative from the reuse retail industry;
  - (D) One representative from the real estate development industry;
  - (E) One representative with expertise in historic preservation;
  - (F) One representative with expertise in architecture;

(G) One representative with expertise in urban planning; and

(H) One representative from the waste management industry; and

BE IT FURTHER RESOLVED that the working group is requested to invite and involve community groups with expertise in workforce development, public policy, and environmental justice; and

BE IT FURTHER RESOLVED that the working group is requested to focus on policy innovation and cross-industry collaboration, exploring best practices from successful circular economy programs in other regions, such as those implemented in Denmark, the Netherlands, and other global leaders in circular construction; and

BE IT FURTHER RESOLVED that the working group is requested to submit annual reports of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of each regular session; and

BE IT FURTHER RESOLVED that the reports are requested to include the working group's successes and opportunities for further action in advancing the circular construction economy; and

BE IT FURTHER RESOLVED that certified copies of this Concurrent Resolution be transmitted to the Director of Health; Comptroller; Chairperson of the Board of Education; Director of Transportation; and President of the University of Hawaii.
