REQUESTING THE DEPARTMENT OF HEALTH TO RECONVENE THE WORKING GROUP ESTABLISHED PURSUANT TO HOUSE RESOLUTION NO. 18, H.D. 1 (2024) TO CONTINUE THE EFFORTS TO ADDRESS ISSUES RELATED TO WATER AND AIR CONTAMINATION AND REMEDIATION ARISING FROM THE OPERATION OF THE PUULOA RANGE TRAINING FACILITY.

1 WHEREAS, the Puuloa Range Training Facility, located in Ewa
2 Beach on Oahu, is a shooting range that has been used by United
3 States Marine Corps for more than a century; and

4
5 WHEREAS, the Ewa Beach community has grown around it, and
6 the training facility now sits in the middle of a residential
7 neighborhood; and

8
9 WHEREAS, in conducting live-fire exercises, shooters fire
10 into impact berms, including berms that face the ocean and share
11 a coastline with the area's beach parks; and

12
13 WHEREAS, lead contamination from shooting ranges can
14 accumulate in the soil and remain there for hundreds of years;
15 and

16

19 identified high levels of lead; and

22 Puuloa Range Training Facility will leach into the ocean,
23 creating a serious risk to marine life in the area; and

24
25 WHEREAS, there is further concern that dust from lead-
26 contaminated soil will enter the atmosphere and migrate into
27 residential neighborhoods via air or stormwater; and

28

1 WHEREAS, addressing this issue will require input from
2 experts and community stakeholders; and

3
4 WHEREAS, House Resolution No. 18, H.D. 1 (2024), requested

8
9 WHEREAS, House Resolution No. 18, H.D. 1 (2024), requested
10 that the working group be ceased on June 30, 2025; and

11
12 WHEREAS, this body finds that the Department of Health
13 would be an appropriate agency to facilitate the working group
14 based on the Hazards Evaluation and Emergency Response Office's
15 authority to address contaminated sites through the
16 administration of the Brownfields Redevelopment Program and
17 Department of Defense-State Memorandum of Agreement Program
18 (DSMOA); and

19
20 WHEREAS, this body finds that the threat to the health and

22 an emergency that requires continued well-thought-out and
23 coordinated action; now, therefore,
