

JAN 23 2025

A BILL FOR AN ACT

RELATING TO RECYCLING.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Act 151, Session
2 Laws of Hawaii 2022, amended the Electronic Device Recycling and
3 Recovery Act to make wholesale changes to the state electronic
4 waste recycling program. The purpose of Act 151 included, among
5 other things, expanding the definition of "electronic waste" to
6 cover more electronic devices, establishing manufacturer
7 recycling goals, and requiring manufacturers to pay for
8 convenient recycling options for consumers.

9 However, the changes made through Act 151 have been slow to
10 increase electronic waste collection sites and make recycling
11 more convenient for residents of the State. In addition, in the
12 implementation of Act 151, manufacturers have struggled to
13 comply with all new requirements, especially due to increased
14 weight targets and increased penalties for failing to meet the
15 electronic device collection requirements. Weight targets have
16 been particularly problematic since the weights of electronic
17 devices have decreased over time, and for that reason, many

1 other states and localities have moved away from using weight
2 requirements.

3 The legislature further finds that incentivizing more
4 permanent recycling sites and events and adding certain legacy
5 and peripheral devices to the law will expand recycling access
6 and convenience to the general public.

7 Accordingly, the purpose of this Act is to amend the
8 Electronic Device Recycling and Recovery Act by:

- 9 (1) Allowing manufacturers to coordinate activities
10 directly related to the recycling of covered
11 electronic devices;
- 12 (2) Expanding the scope of covered electronic devices to
13 include electronic device peripherals and certain
14 legacy devices; and
- 15 (3) Requiring manufacturers to provide free collection
16 service locations for residents of every zip code
17 containing twenty-five thousand or more residents, one
18 on-site collection service location on the island of
19 Molokai, and at least four collection events annually
20 on the county of Hawaii outside of Kona and Hilo.

1 SECTION 2. Chapter 339D, Hawaii Revised Statutes, is
2 amended by adding a new section to be appropriately designated
3 and to read as follows:

4 "§339D- Manufacturer coordination. A manufacturer, a
5 group of manufacturers, or a coordinating body acting in
6 accordance with this part may negotiate, enter into contracts
7 with, collaborate, coordinate, or otherwise conduct business
8 with each other and with any other entity developing,
9 implementing, operating, participating in, or performing any
10 other activities directly related to a plan to recycle covered
11 electronic devices approved pursuant to this part. The
12 manufacturer, group of manufacturers, and any entity developing,
13 implementing, operating, participating in, or performing any
14 other activities related to a plan to recycle covered electronic
15 devices approved pursuant to this part shall not be subject to
16 damages, liability, or scrutiny under federal antitrust law or
17 chapter 480, regardless of the effects of their actions on
18 competition. The supervisory activities described in this part
19 are sufficient to confirm that activities of the manufacturers,
20 a group of manufacturers, and any entity developing,
21 implementing, operating, participating in, or performing any

1 other activities related to a manufacturer plan to recycle
2 covered electronic devices that is approved are authorized and
3 actively supervised by the State."

4 SECTION 3. Section 339D-1, Hawaii Revised Statutes, is
5 amended as follows:

6 1. By amending the definition of "electronic device" to
7 read:

8 "[~~Electronic~~] Covered electronic device":

9 (1) Means:

10 (A) A computer, computer printer, computer monitor,
11 facsimile machine, videocassette recorder,
12 portable digital music player that has memory
13 capability and is battery powered, digital video
14 disc player, digital video disc recorder, router
15 designed for household use, modem designed for
16 household use, or portable computer with a screen
17 size greater than four inches measured
18 diagonally; [~~and~~]

19 (B) Any device that is capable of receiving
20 broadcast, cable, or satellite signals and
21 displaying television or video programing,

- 1 including any direct view or projection
2 television with a viewable screen of nine inches
3 or larger with display technology based on
4 cathode ray tube, plasma, liquid crystal, digital
5 light processing, liquid crystal on silicon,
6 silicon crystal reflective display, light
7 emitting diode, or similar technology; and
8 (C) Electronic device peripherals, including:
9 (i) A keyboard, mouse, or other device sold
10 exclusively for external use with a covered
11 electronic device as a wireless or corded
12 device that provides input into, or output
13 from, a covered electronic device;
14 (ii) Cords used with a covered electronic device
15 or other electronic device peripheral;
16 (iii) Power supplies and adapters designed to
17 support a covered electronic device;
18 (iv) Speakers used with a computer or television
19 and television sound bars; and
20 (v) Video game consoles; and
21 (2) Shall not include:

- 1 (A) [~~An~~] A covered electronic device that is a part
- 2 of a motor vehicle or any component part of a
- 3 motor vehicle assembled by or for a motor vehicle
- 4 manufacturer or franchised dealer, including
- 5 replacement parts for use in a motor vehicle;
- 6 (B) [~~An~~] A covered electronic device that is
- 7 functionally or physically required as a part of
- 8 a larger piece of equipment designed and intended
- 9 for use in an industrial, commercial, or medical
- 10 setting, including diagnostic, monitoring, or
- 11 control equipment;
- 12 (C) [~~An~~] A covered electronic device that is
- 13 contained within a clothes washer, clothes dryer,
- 14 refrigerator, refrigerator and freezer, microwave
- 15 oven, conventional oven or range, dishwasher,
- 16 room air conditioner, dehumidifier, or air
- 17 purifier;
- 18 (D) A telephone of any type including a mobile
- 19 telephone; or
- 20 (E) A global positioning system."

21 2. By amending the definition of "manufacturer" to read:

1 ""Manufacturer":
2 (1) Means any person:
3 (A) Who manufactures or manufactured covered
4 electronic devices under a brand that it owns or
5 owned or is or was licensed to use, other than a
6 license to manufacture covered electronic devices
7 for delivery exclusively to or at the order of
8 the licensor;
9 (B) Who sells or sold covered electronic devices
10 manufactured by others under a brand that the
11 seller owns or owned or is or was licensed to
12 use, other than a license to manufacture covered
13 electronic devices for delivery exclusively to or
14 at the order of the licensor;
15 (C) Who manufactures or manufactured covered
16 electronic devices without affixing a brand;
17 (D) Who manufactures or manufactured covered
18 electronic devices to which it affixes or affixed
19 a brand that it neither owns or owned nor is or
20 was licensed to use; or

1 (E) For whose account covered electronic devices
2 manufactured outside the United States are or
3 were imported into the United States; provided
4 that if at the time those covered electronic
5 devices are or were imported into the United
6 States and another person has registered as the
7 manufacturer of the brand of the covered
8 electronic devices, this subparagraph shall not
9 apply; and

10 (2) Shall not include persons [~~who~~]:

11 (A) Who sold fewer than one hundred covered
12 electronic devices in the State during the
13 previous calendar year[-];

14 (B) With a license to manufacture covered electronic
15 devices for delivery exclusively to or at the
16 order of the licensor; or

17 (C) Who manufacture only electronic device
18 peripherals and no other covered electronic
19 devices."

20 3. By amending the definition of "reuse" to read:

1 ""Reuse" means any operation by which [~~an~~] a covered
2 electronic device changes ownership and is used for the same
3 purpose for which it was originally purchased."

4 SECTION 4. Section 339D-23, Hawaii Revised Statutes, is
5 amended to read as follows:

6 "**§339D-23 Manufacturer responsibility.** (a) Beginning
7 January 1, 2023, a manufacturer shall recycle or arrange for the
8 recycling or reuse of any covered electronic device sold in the
9 State. Manufacturers shall fully fund their recycling plan,
10 including the collection, transportation, and recycling of all
11 covered electronic devices in the State.

12 (b) By September 1, 2022, and annually thereafter, each
13 manufacturer shall submit a plan to the department to establish,
14 conduct, and manage a program for the recycling of covered
15 electronic devices sold in the State, which shall be subject to
16 the following conditions:

17 (1) The plan shall not permit the charging of a fee at the
18 point of collection if the covered electronic device
19 is brought by the covered electronic device owner to a
20 central location for recycling; provided that the plan
21 may include a reasonable transportation fee if the

1 manufacturer or manufacturer's agent removes the
2 covered electronic device from the owner's premises at
3 the owner's request and if the removal is not in
4 conjunction with delivery of a new covered electronic
5 device to the owner;

6 (2) The plan shall include a description of the methods
7 for the convenient collection of covered electronic
8 devices at no cost to the owner, except as provided in
9 paragraph (1). The recycling plan shall provide for
10 collection services of covered electronic devices in
11 each county and zip code tabulation area, as defined
12 by the United States Census Bureau, with a population
13 greater than twenty-five thousand. The recycling plan
14 shall include at least one of the following:

15 (A) Staffed drop-off sites;

16 (B) Alternative collection services, including on-
17 site pick-up services; or

18 (C) Collection events held at an easily accessible,
19 central location;

20 (3) The plan shall provide collection services at a
21 minimum of once per month;

- 1 (4) The plan shall not contain only a mail-back option;
- 2 (5) The plan shall specify the use of only collectors
3 registered with the State pursuant to section 339D-28;
4 and
- 5 (6) The plan shall specify the use of recyclers that have
6 achieved and maintained third-party accredited
7 certification from the Responsible Recycling Standard
8 for Electronics Recyclers (R2), Standard for
9 Responsible Recycling and Reuse of Electronic
10 Equipment (e-Stewards), or an internationally
11 accredited third-party environmental management
12 standard for the safe and responsible handling of
13 covered electronic devices.
- 14 (c) The department shall review each manufacturer's plan
15 and, within sixty days of receipt of the plan, determine whether
16 the plan complies with this part. If the plan is approved, the
17 department shall notify the manufacturer or group of
18 manufacturers. If the plan is rejected, the department shall
19 notify the manufacturer or group of manufacturers and provide
20 the reasons for the plan's rejection. Within thirty days after
21 receipt of the department's rejection, the manufacturer or group

1 of manufacturers may revise and resubmit the plan to the
2 department for approval.

3 (d) Each manufacturer may develop its own recycling plan
4 or may collaborate with other manufacturers [~~provided that the~~
5 ~~plan is implemented and fully operational by January 1, 2023~~].
6 Manufacturers who collaborate on plans designed to comply with
7 the requirements in section 339D-23.1(f) may coordinate such
8 plans in any program year.

9 (e) The obligations under this chapter for a manufacturer
10 that manufactures or manufactured covered electronic devices, or
11 who sells or sold covered electronic devices manufactured by
12 others, under a brand that was previously used by a different
13 person in the manufacture of covered electronic devices, shall
14 extend to all covered electronic devices bearing that brand."

15 SECTION 5. Section 339D-23.1, Hawaii Revised Statutes, is
16 amended to read as follows:

17 "[~~§~~339D-23.1] **Manufacturer recycling goals.** (a) The
18 department shall use the best available information to establish
19 the weight of all covered electronic devices sold in the State,
20 including the reports submitted pursuant to section 339D-23.3,

1 state and national sales data, and other reliable commercially
2 available, supplemental sources of information.

3 (b) No later than October 1, 2022, and annually
4 thereafter, the department shall notify each manufacturer of its
5 recycling obligation pursuant to subsection (c).

6 (c) Each manufacturer shall collect and recycle covered
7 electronic devices according to the following:

8 (1) Beginning January 1, 2023, the equivalent of fifty per
9 cent, by weight, of the manufacturer's covered
10 electronic devices sold in the State two years prior,
11 unless amended by rule pursuant to chapter 91;

12 (2) Beginning January 1, 2024, the equivalent of sixty per
13 cent, by weight, of the manufacturer's covered
14 electronic devices sold in the State two years prior,
15 unless amended by rule pursuant to chapter 91; and

16 (3) Beginning January 1, 2025, the equivalent of seventy
17 per cent, by weight, of the manufacturer's covered
18 electronic devices sold in the State two years prior,
19 unless amended by rule pursuant to chapter 91.

20 (d) A manufacturer may collect any covered electronic
21 device to meet its recycling goal.

1 (e) A manufacturer may consider reused covered electronic
2 devices toward achieving its recycling goals.

3 (f) A manufacturer shall be considered to have satisfied
4 the recycling obligations under subsection (c) if the
5 manufacturer meets the requirements of section 339D-23(b)(2) by
6 providing:

7 (1) On-site collection service locations for recycling at
8 no cost in each county and zip code tabulation area,
9 as defined by the United States Census Bureau, with a
10 population greater than twenty-five thousand;

11 (2) One on-site collection service location on the island
12 of Molokai; and

13 (3) Four or more collection events in the county of Hawaii
14 outside of Kona and Hilo.

15 (g) A manufacturer may collaborate to provide collection
16 locations under subsection (f) collectively through a
17 coordinating body designated by manufacturers for this purpose
18 or as individual manufacturers; provided that:

19 (1) If actual collection for a manufacturer under this
20 section differs from the manufacturer-specific
21 recycling goals established by the department, a

1 coordinating body may use the proportional obligations
2 reflected in those department-calculated goals to
3 reconcile each participating manufacturer's
4 obligation; and

5 (2) A manufacturer choosing to collaborate to provide
6 collection locations under subsection (f)
7 collectively, pursuant to this subsection, shall
8 disclose to the department its intent to do so and
9 specify the designated coordinating body in its annual
10 plan to be submitted pursuant to section 339D-23(b)."

11 SECTION 6. Sections 339D-8, 339D-10, 339D-21, 339D-22,
12 339D-23.3, 339D-24, 339D-25, and 339D-27, Hawaii Revised
13 Statutes, are amended by substituting the phrase "covered
14 electronic device", or similar term, wherever the phrase
15 "electronic device", or similar term, appears, as the context
16 requires.

17 SECTION 7. Statutory material to be repealed is bracketed
18 and stricken. New statutory material is underscored.

19 SECTION 8. This Act shall take effect upon its approval.

S.B. NO. 1298

1

INTRODUCED BY:

Lyn DeCota

S.B. NO. 1298

Report Title:

Covered Electronic Devices; Collection; Recycling; Manufacturers

Description:

Allows manufacturers to coordinate activities directly related to the recycling of covered electronic devices. Expands the scope of covered electronic devices to include electronic device peripherals and certain legacy devices. Requires manufacturers to provide free collection service locations and collection events.
