
A BILL FOR AN ACT

RELATING TO HISTORIC PRESERVATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that comprehensive
2 statewide inventories of historic properties and burial sites
3 are critical to managing and protecting these properties and
4 sites in the State. The absence of comprehensive statewide
5 inventories delays project planning because developers,
6 planners, and state and county agencies lack key information on
7 the locations of historic properties and burial sites. The
8 missing data can impact planning processes by requiring projects
9 to be redesigned or delayed after significant resources have
10 already been expended.

11 The legislature further finds that a lack of key
12 information on historic property and burial site locations
13 hampers the state historic preservation division's ability to
14 perform its responsibilities. The state historic preservation
15 division relies on submitted documentation and knowledgeable
16 individuals contributing new information to existing databases
17 and inventories when conducting its surveys and inventory.

1 Because some historic buildings and burial sites are located
2 within restricted or undeveloped areas of the State, the data
3 collected is often neither accurate nor comprehensive.

4 The legislature further finds that while the state historic
5 preservation division of the department of land and natural
6 resources is required to create and maintain inventories, the
7 department does not receive funding to fulfill this mandate.

8 Therefore, the purpose of this Act is to appropriate funds
9 to the state historic preservation division of the department of
10 land and natural resources to expedite development of a
11 comprehensive inventory of historic properties and burial sites
12 located in the State and conduct relevant archaeological surveys
13 necessary to compile the inventory.

14 SECTION 2. There is appropriated out of the general
15 revenues of the State of Hawaii the sum of \$ or so
16 much thereof as may be necessary for fiscal year 2025-2026 and
17 the same sum or so much thereof as may be necessary for fiscal
18 year 2026-2027 to be deposited into the Hawaii historic
19 preservation special fund established by section 6E-16, Hawaii
20 Revised Statutes.

1 SECTION 3. There is appropriated out of the Hawaii
 2 historic preservation special fund the sum of \$ or so
 3 much thereof as may be necessary for fiscal year 2025-2026 and
 4 the same sum or so much thereof as may be necessary for fiscal
 5 year 2026-2027 for the state historic preservation division to
 6 develop a comprehensive inventory of historic properties and
 7 burial sites located in the State and conduct relevant
 8 archeological surveys necessary to compile the inventory;
 9 provided that the sums shall be expended as follows:

10 (1) \$ for state-of-the-art archaeological
 11 surface surveys utilizing remote sensing, aerial, and
 12 satellite imagery;

13 (2) \$ for the collection of data regarding the
 14 locations of burial sites; and

15 (3) \$ for the development of an inventory of
 16 historic buildings, structures, and other properties.

17 The sums appropriated shall be expended by the department
 18 of land and natural resources for the purposes of this Act.

19 SECTION 4. This Act shall take effect on July 1, 2050.

Report Title:

SHPD; Inventory; Burial Sites; Historic Properties; Hawaii
Historic Preservation Special Fund; Appropriations

Description:

Appropriate funds into and out of the Hawaii Historic
Preservation Special Fund for the State Historic Preservation
Division to inventory historic properties and burial sites in
the State, collect data on burial site locations, and conduct an
archaeological survey necessary to compile the inventory.
Effective 7/1/2050. (SD1)
