# A BILL FOR AN ACT

RELATING TO MOTOR VEHICLE TIRES.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that tire dumping in the  
2 State creates serious health and environmental concerns. The  
3 abandonment of motor vehicle tires on private and public  
4 properties is prohibited, yet tires are still often illegally  
5 dumped.

6           The purpose of this Act is to discourage tire dumping in  
7 Hawaii by tracking motor vehicle tires and holding people who  
8 dump tires liable.

9           SECTION 2. Chapter 342I, Hawaii Revised Statutes, is  
10 amended by adding a new section to part II to be appropriately  
11 designated and to read as follows:

12           "S342I-       Tire inventory database. (a) For each motor  
13 vehicle tire sold by a tire retailer, the tire retailer shall  
14 collect and submit to the department of health the following  
15 information:

16           (1) The purchaser's name;

1       (2) The model and serial number of each motor vehicle tire  
2               sold; and

3       (3) The date of sale.

4       (b) The department of health shall establish and maintain  
5 a database containing the information reported pursuant to  
6 subsection (a). Each record shall be kept in the database for  
7 at least        years.

8       (c) Any tire retailer violating the requirements of  
9 subsection (a) shall be fined                for each offense."

10       SECTION 3. This Act does not affect rights and duties that  
11 matured, penalties that were incurred, and proceedings that were  
12 begun before its effective date.

13       SECTION 4. New statutory material is underscored.

14       SECTION 5. This Act shall take effect upon its approval.

15

INTRODUCED BY: Kurt Fevelh

# S.B. NO. 652

**Report Title:**

DOH; Tires; Tire Retailers; Inventory; Database

**Description:**

Requires tire retailers to collect and submit to the Department of Health certain information relating to tires sold by the retailer. Requires the Department of Health to establish and maintain a database containing this information.
